Onalee Cote, Sgt. Bill Chandler to Wed

Home and happy is Sgt. Bill J. Chandler after a harrowing experience in Vietnam. The engagement of Onalee Cote to Sgt. Chandler is the reason for his extreme happiness and also the knowledge that now his folks are aware of his good health.

Sgt. Chandler joined the army in February, 1967, was trained at Ft. Knox, Ky., and Ft. Polk, La., before going to Vietnam last July 13.

After seven months there, he was wounded and taken to Camp Drake Hospital in Tokyo, Japan.

This fact was not known to his parents, Mr. and Mrs. Edward Brown, Holloway Rd., or his fiancee until he was able to write a brief note.

Appealing to the Red Cross with no results, Mr. Brown asked Mrs. Frank Becker of the Britton Police if there was any way that she could help them.

She, in turn, mentioned the situation to Mrs. Albert Caesar, who proved to have a key to the solution. Mr. Caesar, who is general manager and vice-president of the Gray Faraday Co., was scheduled to go to Japan the next day.

Armed with the serial number and other available information about the wounded soldier, he gave it to Ron Fleming, the Gray representative in Tokyo, who contacted a naval doctor at the Yokohama Air Base. Soon Mr. Caesar was able to telephone Chandler and get the news of his recovery and expected return to the states back to the family.

Miss Cote is the daughter of Mr. and Mrs. Lawrence Cote, 4393 Comfort Rd. She is a 1967 graduate of Tecumseh High School and is employed at Herrick Memorial Hospital as a receptionist.

Home on convalescent leave, her fiance expects to return to Valley Forge Hospital, Pa., by March 15. The couple plan a July 27 wedding at St. Elizabeth Church.

What's Going on at BOYSVILLE

By GREG KOVACS

Ronald Klos, a 1965 graduate of Boysville of Michigan, was honored by the students of Thomas More High School for his efforts for his country in Vietnam. Ron was killed in action on February 14. The juniors and seniors of Thomas More attended his funeral Mass which was held in Santa Maria Parish in Detroit on Feb. 28. A Mass was held on the Boysville campus in his memory in the Holy Rosary Chapel with offerings by the students. After the Mass the students proceeded out of Chapel to the sound of "Taps" as the solemn Requiem Mass ended.

Ron established himself as an outstanding individual while here in Boysville. He was an individual whom all students can look up to and be proud that he gave his life for our great country.

★

The seniors of Thomas More High School were invited up to the Photo Club here on the Boysville campus to pose for pictures that would be used for the Class of 1968 composite.

A comment was made that if everyone's picture was taken the camera would break, and much to the amazement of the posing victims, it did break. The fault was found to be the camera's lens was leaking light. Well, better luck next time, seniors . . .

★

The members of the Junior class received their class rings early this month. They are proud to be wearing an inscription that shows that they are on their way to graduation.

★

Four girls from the campus of Siena Heights College in Adrian are going to engage themselves in tutoring failing English students. The girls are working toward a degree in teaching and are getting their student teaching requirements filled at Thomas More.

Two of the girls are seniors and two of them are juniors. They are: T. C. Luke, Mary Kulish, Bernie Kramer and Sylvia Swindlehurst. The girls claim that they like working at Boysville amidst the friendly atmosphere of the students.

★

The Thomas More High School's weekly newspaper, the "Campus Info" has added to its entries a column entitled "Flashback."

Flashback takes its readers back into the earlier years of Boysville. The students reacted enthusiastically toward the column as they were interested in the beginning of Boysville.

The past two Sundays the underclassmen of Thomas More High School have traveled to Adrian Roller Skating Arena for an evening of enjoyment.

Later in the month it is planned that the upperclassmen will enjoy an evening of skating with partners from St. Joseph Academy in Adrian.

★

Seventeen of the Thomas More High School students traveled to Ann Arbor to view the play entitled "Impossible Years." The play was presented by the students of the University of Michigan. The play is about a young girl trying to understand the older generation, and whether or not they really care about her.

The students that attended commented that the play was enjoyable and that it kept their interest throughout. It is hoped that they can view many more of the U of M's productions because of the fine portrayal of the characters by the students.

★

Phillip Micun, a senior, enlisted into the Army during the March 1 weekend. Phil will enter the Army upon graduation and will take up a course in Special-ist Graduate Training.

★

During the Lenten season students will be able to attend Benediction in the Holy Rosary Chapel on the Campus of Boysville. The offering will be an optional basis and will give the students a chance to better themselves spiritually for the upcoming Rising of Christ known as "Easter". The Benediction will be held every Sunday evening at 9:15 p.m. during the Lenten Season.

★

Christopher Jordan, a member of the Varsity Cheerleading squad, sustained a fractured ankle while cheering the Fighting Knights on to victory during the Ida-Boysville contest.

Chris was performing one of the cheerleaders' stunts during the game when he landed short of the mat and twisted his ankle. He spent five days in Herrick Memorial Hospital in Tecumseh and will be wearing his "plaster foot" for approximately six weeks. The student body thanked Chris for his efforts in cheering the team on to another victory.

★

The 1968 Varsity Track season officially started on March 7 for the Thomas More High School trackmen under the new coaching of Mr. Alan Burnett. On the first day of practice the runners were introduced to some light running in the form of a six-mile jog.

Mr. Burnett stated that the Track Team has good potential and hopes that through the year it can be developed.

Suzanne Elaine Wellman, daughter of Mr. and Mrs. Frank R. Wellman, of Parma, and Seaman Douglas R. Huber, son of Mrs. Marilyn Huber, of Tecumseh, were united in marriage March 2 in the Parma United Church.

The Rev. Carroll Moore officiated at the double ring ceremony.

The bride was given in marriage by her father. She wore an off-white peau-de-soie gown trimmed with antique lace with train. Her veil was held in place by tiara of beaded pearls.

The bride's bouquet was a cascade of white roses, pompons, carnations and chrysanthemums.

Maid of honor, Karen Cross, of Kalamazoo, and Jacklyn Wellman of Parma, sister of the bride, and Jimmie Noe, of Parma, were the bridesmaids, gowned alike in maroon velvet with headpieces of pink net with maroon bows. Their bouquets were of white chrysanthemums, carnations and roses.

Jeff Ward of Jackson, served as best man and Dennis Wellman, of Parma, brother of the bride, and Kenneth Huber, Tecumseh, brother of the groom, were the ushers.

Christine Fairbanks'

OFF the TOP

There is a fleeting moment of emptiness which comes after the conclusion of a long, striving effort, and the final goal is either attained or slips through your grasp, and so it is at the end of a long basketball season, in families with a player-son.

Friday nights, which have been set aside and eagerly awaited for many long weeks, will now be free, and some other activity must be planned.

Thinking back over the past season, as you wash out the colorful suits for the last time, these are some of the things to remember:

The hasty suppers on game nights, when no one is very hungry.

The excited journeys to the games, sometimes miles away to strange gymnasiums, and many times on cold and snowy winter evenings.

The thrill you always feel when the home-town team comes out on the floor.

The mounting anticipation just before the opening tip-off.

The roar of the fans, and the cheerleaders, encouraging the players with the familiar yells.

The aroma of hot pop corn in the halls.

The excitement of the game itself — watching the plays and moves — the tension during close contests.

The would-be coaches in the stands, yelling instructions to the players, which they can't hear anyway.

The maternal feeling you develop toward all the local players — they become "our boys" as the season rolls on.

The elation after a victory.

Trying to cheer a disconsolate son after a defeat, when the gloom is so thick you could cut it with a knife.

The unmistakable odor of your son's gym bag the next morning —especially if it remained unopened overnight.

The players have their own memories—

The long hours of practice after school.

The bus rides to and from opponents' gyms. The fun on the ride home after a victory; the stillness after a defeat.

The coach's half-time pep talks.

The praise from the spectators when you're winning—the gripes when you're not.

The sinking feeling you get when you foul out — and you know that no matter what happens, you can't help your team any more that night.

The friendships you form.

The good feeling which comes from giving your all in a cause you believe in, even if you ache all over.

Hearing "good game" from your coach.

★

AND FOR THE coaches, it's all this and more:

The thrill of seeing a player improving through hard work and concentrated effort.

Handling the second-guessers who want to give you "friendly" advice.

Developing team spirit among your players.

Beating another coach you don't like anyway.

The disappointment when your kids make silly mistakes — the pride when they make good plays.

These are the things to be remembered, until another season rolls around.

LEAGUE HONOREE — All-League, Third Team player, Dave Rockwell, nets two for the Fighting Knights in the Manchester-Boysville game in the Class "C" Districts. Boysville whipped Manchester, 70-59.

Fighting Knights Lose To 'Skins

By GREG KOVACS

The Fighting Knights of Boysville traveled to Napoleon High School last week to meet their first foe in tournament action, the Dutchmen of Manchester High School in the Class "C" Districts.

The first quarter began well for the Fighting Knights as they had good ball control and handling. Manchester tried a backcourt press which did not seem effective against the power of the Fighting Knights and Manchester was left trailing by the score of 14-10.

In the second quarter the Dutchmen became a serious threat to the lead that the Fighting Knights had obtained. As the Dutchmen became stronger the Fighting Knights began to fall apart. The Dutchmen became the leaders as they capitalized on the weak control of the Fighting Knights. As the quarter progressed the Knights began to shape into a good ball club, but they could not make up for the mistakes made earlier as the Dutchmen remained on top, 35-30.

The Fighting Knights were cold coming into the third quarter and again they found that they were on the bottom of the scoreboard. The Fighting Knights did manage to stay up with the Dutchmen during the third period of play but could not outscore them. During this third quarter the teams were evenly matched as both scored 17 points. At the end of the quarter the Fighting Knights were down by five points with a score of 47-42.

The Fighting Knights came onto the floor looking for victory in the fourth quarter, but Manchester was not about to give up their lead. Being determined not to let the Dutchmen get the best of them, the Fighting Knights began to fight. The Fighting Knights came on strong and brought the score to a tie in a matter of two minutes.

The scoreboard showed that each team had earned 48 points and Manchester began to fall apart when they realized what power the Fighting Knights had saved for the last.

In a matter of seconds the Fighting Knights obtained a three point lead which left the Dutchmen stunned. As the quarter progressed the Fighting Knights had turned an eleven point trail to an eleven point lead.

At the sound of the final horn the Fighting Knights had proved to the newspapers that they could be wrong in their predictions as they had defeated the favored team by the score of 70-59.

Score by quarters:

Boysville	..	14	16	12	28—70
Manchester	..	10	25	12	12—59

Boysville, after beating Manchester in the Class "C" Districts, were allowed to come back on Thursday evening to oppose the Redskins of Clinton.

Clinton was the first to score as the Fighting Knights could not get started. The Redskins of Clinton overpowered the floor leaving the Knights behind by the score of 21-11 for the first quarter of play.

The second quarter found the Fighting Knights coming onto the floor looking as though the short rest had done them some good. Although the Knights had become a little stronger, they still could not manage to overcome the deficit that was set earlier in the game. At the end of the first half of play they trailed, 40-30.

The second half opened with the Fighting Knights getting loose control of the scoreboard, but they still could not manage to get into the lead. Although the Fighting Knights had outscored the Redskins of Clinton, they still could not get the lead of the game as they were still behind at the end of the third quarter by a score of 53-48.

The fourth quarter found the Fighting Knights coming onto the floor ready to take on anyone that Clinton would put into the game as they became stronger than ever. With 5:13 showing on the official clock, the Fighting Knights had finally gotten up enough power to get even with Clinton. The scoreboard read that both teams were even with 59 points. The score began to teeter and then trouble set in for the Fighting Knights when Clinton took advantage of the bad breaks that the Knights were enduring. Although the Fighting Knights had looked very impressive, they saw the game go down the drain in a matter of seconds as Clinton became the controllers with a 5 point lead. At the sound of the final horn of the game, the Fighting Knights had found that although they had played their best game of the '67-'68 basketball season, they lost their hardest fought game to the favored Redskins of Clinton by the score of 74-65.

Henry Bell, sophomore, starred for the Fighting Knights with 26 netters for his teammates. Four of the five starters for Boysville hit in double figures as the Fighting Knights played their most impressive game of the season. Coach Tom Smith commented that, "Although we lost, we still played a good game."

Score by quarters:

Boysville	..	11	19	18	17—65
Clinton	..	21	19	13	21—74

The Fighting Knights of Boysville broke even for the '67-'68 basketball season bringing in 9 wins and 9 losses. The Fighting Knights finished 5th in rank in the River Raisin Conference.

Elbert Neal and Dave Rockwell, both juniors and scoring leaders of the Fighting Knights, earned honors on the third team in the River Raisin Conference.

Clinton Posts Regional Win

By GINA GREEN

Clinton's Redskins earned a shot at Homer this Thursday night after defeating Vandercook Lake, 77-70, in a regional tournament game at Jackson Parkside, Tuesday.

It was the first quarter that decided the game for the Redskins as they scored 18 points before a Vandercook Lake shot found its mark.

Paul Papsdorf hit for 11 points in the first quarter to spark the Clinton onslaught. With a halftime lead of 16 points, the Redskins relaxed, which showed up in the scorebooks, as the Jayhawks outscored Clinton in the final three quarters.

The Jayhawks fired 50% from the floor to Clinton's 44%, but the Redskins held a 40-32 edge on rebounds.

Leading the Redskins was Butch Hoelzer, who netted 24 points. Papsdorf, though he ran into foul trouble and played only two full quarters, tossed in 15 points.

All five Redskin starters were in double figures as Jim Schuler sank 12 points, and Jake Schwab and Mike Jurasek, 11 each.

High School Wrestlers End Impressive Season

The THS wrestlers ended their 1967-68 season participating in the state Regional Tournament at Parma Western High School.

The Indians finished eighth in a field of 16 teams. Two other first-year teams entered in the tournament finished 14th and 16th.

Three local wrestlers were awarded medals for their performance in the tournament. Herb Bagby, weighing 127 lbs., Dan Anderson at 165 lbs, and Jim Parros at Heavyweight, all won fourth place medals.

The Indian matmen finished their regular season with a record of 8 wins and 5 losses. All of the losses came at the hands of schools that have established wrestling programs for several years.

In building an 8 and 5 record team, several of the wrestlers also built impressive individual records. Senior Herb Bagby won 15 matches while losing seven.

Herb, along with John Baldon and Doug Schwartz, are the only seniors on the team. They will be missed when the mats are rolled out next winter.

Juniors Carlo Mobley, Dan Anderson and Jim Parros all won 14 or more matches. These boys, along with sophomore standouts, Marv Maynard, Abel Valdez, Steve Hinkleman and Bob Hackett, will give the team an excellent start next year.

Coach Pat Connors stated that he was very pleased with the showing the team made in its first year. He attributes much of the team's success to the toughness of the Tecumseh wrestlers. He said, "The boys just didn't know how to quit, as a result, they often came on and won matches when they should have been defeated." He predicted, "We will be a more experienced, stronger and better prepared team next fall, and are eagerly looking forward to next season."

Redskins Win Tournament

CLINTON—The Redskins won their second championship of the year as they took two other District C teams, Boysville and Grass Lake, Thursday and Saturday nights.

First, it was Boysville's Fighting Knights who fell to the state's 11th ranked Class C team, but not without a battle.

Clinton took an early lead and held a 40-30 halftime margin.

The Knights managed a tie in the third quarter and forced the Redskins to hustle to pull out the victory.

Butch Hoelzer sparked the Clinton attack with 30 points, followed by Paul Papsdorf with 17 tallies and Jacob Schwab and Jim Schuler added 11 and 10 points respectively. Henry Bell led Boysville with 23 points.

Score by quarters:

Clinton	21	19	13	21	—74
Boysville	11	19	18	17	—65

Saturday, Clinton met a scrappy Grass Lake team but were never equalled as they came away with a 66-57 victory and the District 16 championship trophy.

Butch Hoelzer again led all scorers with 20 points, also pulling off 23 rebounds.

Jake Schwab swished 10 free free throws to make his total 16 points, and Jim Schuler added 12. John Schroen had 19 markers for the Warriors, followed by Dave Kimball with 16.

Score by quarters:

Clinton	16	16	19	15	—66
Grass Lake	13	11	15	18	—57

The Redskins were scheduled to meet Vandercook Lake in regional play at Jackson Parkside High School, Tuesday.

A victory over Vandercook would enable Clinton to go to the second regional contest at Parkside, Thursday, at 7 p.m. The final game will be Friday at 7:30 p.m.

Indians Bow, End Season At Dundee

The Tecumseh High School Indians ended their long season Thursday night on a losing note, dropping a 72-64 game to Milan in District Tournament play at Dundee.

The team shouldn't feel too badly about it as Milan went on to capture the district crown, upsetting Blissfield Saturday.

The tribe stayed close with Milan and after three quarters of play, trailed by only one. Jim Mobley tied the score at 54-54 early in the fourth quarter, but the Big Reds held the hot hand and opened a six-point gap over the local team.

The Indians managed to close within four with 30 seconds left in the game, however, that was as close as they could come to victory as Milan forced Tecumseh to foul and capitalized on the charity shots to mount the eight-point victory.

Gene Schultz, of Milan, paced all scorers with 16 points.

Steve Dalton and Jim Hunt scored 14 for Tecumseh and Jim Upell followed with 13.

Our Readers Write

TO THE EDITOR:

We would like you to discontinue our Herald for a short time. We will be leaving Anchorage next week, after five years here, to spend a month in Michigan. From there, Bill will be leaving for Tan San Nhut Air Force Base and as soon as he learns his new address he will want The Herald sent on to him. We have thoroughly enjoyed getting The Herald each week and after reading them, we have passed them on to the Renner families (from near Onsted formerly) to enjoy. They sure have helped to keep us in touch with the happenings of our area.

We'll let you know Bill's address as soon as possible. Thank you.

TO THE EDITOR:

I've finally landed at a permanent address in my rovings with Uncle Sam and so I thought it might be prudent if I wrote to give you the address. The address which I left several weeks ago with Mrs. Calhoun was in error and so I assume that the issues of The Herald are resting in New York while I'm "resting" in South Korea. What is it the Romans used to say — que sera, sera? So be it.

I hope that this finds you and yours healthy and happy and eagerly awaiting the first breath of spring. It snowed here all day . . . . So you may get that "breath" before I do.

Best wishes—
Mike.

Heart Tag Day Set

By MARIE YOUNG

Two big events the Herrick Memorial Hospital Auxiliary are planning and working on are "Open House" at the hospital for the Intensive Coronary Care Unit and "Tag Day".

The first event, "Open House" for the ICC Unit, as it is termed, will be held Sunday, March 17, from 2 to 4 p.m. Anyone and everyone wishing to view the unit and equipment or to ask questions are welcome to do so. Some auxilians will be at the hospital as hostesses and the Candy Stripers will be there to guide visitors.

Many questions have already been asked about the unit and one, namely, the higher cost of a patient per day in the unit has been questioned. This higher cost is primarily due to the heavy staffing ratio and the cost of maintaining the equipment.

Even though the equipment and unit were or are being donated, these expenses will continue to go on and have to be met to be able to offer the facilities and give the best medical care to the patients in the unit.

A registered nurse and a nurses' aide are in the unit each shift, and the patient is constantly watched and cared for.

In comparison then if a patient in the unit is charged $65 for a 24-hour period or if he were in a private room at the present rate of $34 and had private duty nurses around the clock at a cost of $90, a total of $124, it is less expensive for him, yet he receives the care and treatment necessary for his specific condition during the period needed.

So all are urged to see the facilities we in this community are fortunate to have at our disposal.

The other event, which is closely related to the first, is "Tag Day", which will be held Friday, March 22, with the profits helping to reduce the pledge for the Intensive Coronary Care Unit. On that day the auxilians will be out in great numbers on all the prominent corners, by the banks and chain groceries throughout Tecumseh from 9 a.m. to 5 p.m., with the little red and white tags and the canisters with the red hearts on them. They will also be at the gates of some of the factories at the change of shifts.

Members will also cover Clinton under the direction of Mrs. William Driscoll and Mrs. Ben Mahrle. Mrs. Lawrence Hoagland will see to it that Britton is taken care of.

A heated trailer will serve as "headquarters" for the day, donated by Paul's Trailer Sales Corp., and will be parked in front of the D & C store again this year.

The event is mainly under the direction of Herrick Memorial Heart Fund Committee with Mrs. Neville Hart as chairman in anticipation of just as successful a "Tag Day" as was realized before.

—HERALD PHOTO BY ALMINA HUNT

TAG DAY FOR HEARTS — Mrs. Lawrence Hoagland of Britton, left, Mrs. William Driscoll, Clinton, and Mrs. Donald Young, Tecumseh, make preparations for Heart Fund Tag Day March 22. Members of the Herrick Memorial Hospital Auxiliary will be on the streets selling little red and white tags to reduce their pledge for the intensive Coronary Care Unit. Others on the Heart Fund Committee, chaired by Mrs. Neville Hart, are Mrs. David Criss, Mrs. Lester Proctor and Mrs. Richard Dustin.

Detroit Clergyman To Speak On Urban Crisis At UCC

CLINTON—Sunday, March 17, at 7:30 p.m., the second Clinton Community Lenten presentation will be held in the dining room of the United Church of Christ. The speaker will be the Rev. William Logan, Executive Director of the Department of Program of the Episcopal Diocese of Michigan.

During last summer's Detroit riot, Mr. Logan headed up the Inner-Faith Emergency Council, an organization that was responsible for aiding countless numbers who were without food, clothing, shelter and medicine.

The Rev. Logan will be in Clinton to expain what an important role the Institutional Church played in assisting the riot victims. He will also give us some idea what can be expected this summer. This should be of real concern to everyone in this country.

There will be an opportunity to ask questions and discuss issues concerning the urban crisis.

This program is open to all.

Community Center Reconstruction

CLINTON — Edward Samson of Nordstrom-Samson Associates, Dearborn, architects, has been engaged by the Village Council to design the reconstruction of the Smith-Kimball Community Center.

Mr. Samson was present at the meeting Wednesday. The architectural firm will make arrangements for the clearing of the debris in the near future.

Bids were accepted for summer street paving.

It was announced that Lenawee County will assume maintenance and supervision of Tecumseh Rd., south from Clinton-Macon Rd., with a 50-mile speed limit enforced. The village will enforce a 25-mile speed limit on Tecumseh Rd. south to Macon Rd., then 35-mile limit from Macon Rd. to the south village limits. Enforcement will be by State Police and the Deputy Sheriff.

The light department purchased a new pickup service truck from Underwood Chevrolet-Pontiac.

Junk cars parked on village streets again came under discussion.

A representative of a Toledo nursery was present to explain the costs for various trees under consideration by the council for replacement planting. Action was deferred.

It was learned that the town of Dugget, named for Mayor Exchange Day with Clinton, has requested a change, since it is located at too great a distance, in the Upper Peninsula. Another village will be named for exchange with Clinton.

The Rev. Charles Sturm of St. John's Episcopal Church gave the opening prayer, and the Rev. Paul McKenna, of the host church, made the introduction.

The vivacious nun, Sister Ann Joachim, was the first person of a religious order to visit Russia, wearing the robes of her order, since 1917, and she obtained a large quantity of slides of the people and their way of life, completely disarming the Russian guides.

A time for socializing was provided at the conclusion of the program, while the deaconesses of the host church served coffee and cookies. Mrs. Harry Werth and Mrs. Allen Wise poured coffee.

"The Urban Crisis" will be the subject for the second Lenten program, Sunday at 7:30 p.m. in the same church.

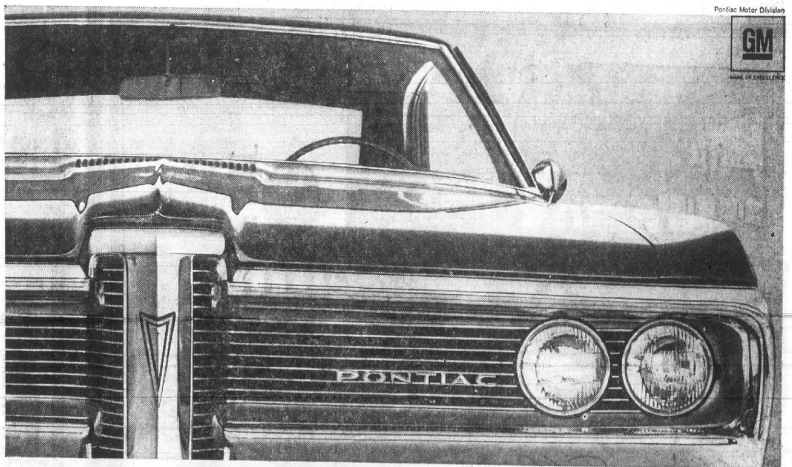
THE GREAT WIDE-TRACK DRIVE IS ON!



There's very little difference between Wide-Tracking in a Pontiac and ordinary driving...in dollars. A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. A&P

What Quality Beef Does A&P Sell?

That's a fair question. But not an easy one to answer because we have our own quality standards, different from any other meat merchant.

These standards don't fit exactly the familiar terms you know for grades of meat. As an example, did you know that some beef, graded U.S. Choice, just doesn't meet our "Super-Right" specifications? It's true! You see . . . we don't buy by grade. We use our own high standards to bring you the best values.

That doesn't mean we don't approve of such grading . . . not at all. It just means we're very fussy about the beef we label "Super-Right." It stands to reason we have to be or A&P wouldn't be America's number one meat merchant.

Try "Super-Right" Beef. We unconditionally guarantee you'll be pleased or your money back.

Are "Super-Right" Meats a good reason for shopping A&P?

They're one of many!

VFW Sponsors Lite A Bike'

The Veterans of Foreign Wars Auxiliary to Post 4187 is sponsoring a "Lite-a-Bike" program to include bike riders from two to 82. With spring just around the corner they believe this program is most appropriate.

The Community Service chairman, Mrs. Junior Fouts, relates that only recently, during the brief warm spell, she noted two persons bike riding after dark without any reflectors to warn motorists coming up behind them.

In a typical year, some 600 persons are killed and another 30,000 injured in bicycle-motor vehicle collisions in the United States.

Figures show 65 per cent of those injured on bikes are between the ages of five and 15, and four out of five fatal accidents occur at dusk or after dark.

The "Lite-a-Bike" program will be held Saturday, March 23, starting at 10 a.m. and continuing until 3 p.m., at the City Hall with the cooperation of the Police Department.

This service is free to anyone wishing to have their bicycle taped.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees.

As many as half the trainees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

Bethel Baptist Church Holds Quarterly Meeting

BRITTON — The Quarterly meeting of the Bethel Baptist church was held Friday evening with the Rev. Duane McNeil presiding.

Because of the continued growth in attendance at all the services it is deemed necessary to look into the possibility of expansion.

A committee will be appointed by the board in the near future to explore all avenues for additional space. They will determine the feasibility of an addition or a new building for educational facilities.

The members also voted to construct a building for storage purposes on the church grounds.

Reports of the various committees were read and accepted.

A contribution of $50 is being sent to the Baptist Camp at Lake Ann to aid in the purchase of new tables.

Along with an all time high in attendance is an all time high in contributions with this quarter exceeding $5,400.

"The Lord is blessing us real good," said Pastor McNeil, "and we must be ever mindful to give Him the credit."

John Rowe, a junior at Britton-Macon High School and the son of Mr. and Mrs. Walter Rowe, 9990 Ridge Rd., has been chosen by the high school faculty to be Britton's representative to Boys' State this summer. The event will be held on the Michigan State University campus, June 12-19.

Cradle Shower Is A Surprise To Mrs. Murphy

The refreshment table was centered with a white floral arrangement in a pink and blue container.

Twenty-four guests were present from Inglewood, Calif., Toledo, Belleville, Onsted, Tipton, Dundee, Tecumseh and Britton.

Games were played, and the winners were Debbie Figy, Barbara Close, Mrs. Harold Stewlow and Nora Murphy. Laura Murphy won the door prize. The guest of honor opened many lovely gifts.

Mrs. Wade was assisted by Barbara Close.

Junior Play In Rehearsal

BRITTON — Practices have begun for the Junior class play, "The Stuck Pot," to be presented at Britton-Macon High School April 4 and 5.

The three-act comedy gets its unusual title from the plot, which is, that a group of boys collect money for a "pot", to go to the guy who gets stuck for the longest time with the worst-looking girl at a dance. Needless to say, the girls are upset!

Some of the leading characters are portrayed by Dennise Ivan, Nancy Vreeland and John Rowe.

Directors are Don Morrill and Jim Landfair.

Tories Lose In Districts

BRITTON — "Wait 'til next year!" might well be the parting cry of the Britton basketball team and their young coach Jim Landfair, after losing out in the district tournament finals to Adrian Catholic Central Friday night in a thrilling contest, 44-46.

The Tories had an easy 86-60 win over Ann Arbor University High in the preliminary game Wednesday night, while A.C.C. trounced Deerfield High 80-55 the same night, setting the stage for Friday's showdown battle.

And battle it was, as the Tories gave everything they had in an all-out effort to upset A.C.C., and the Irish would be the first to admit that Britton almost pulled it off. The game was close all the way, and the lead changed hands several times.

Both teams were off in their shooting percentages, although Britton did connect on 37% compared to 24% for A.C.C. The Irish connected on 12 at the free throw line, compared to Britton's eight, which proved to be the difference in the game.

★

But next year might well prove to be a different story.

At first glance, the Tories' 9-and-11 mark over the past season might not look very impressive. But coming as it does after a three-year slump in basketball, when Tory teams only mustered nine wins in three years, it looks more respectable.

Britton rose from the basement to 4th place in the River Raisin League, beating each team once and ending with a 6-and-6 league mark; and they battled the state's second-ranked Class D team right down to the wire in District tournament play.

Led by 22-year-old Jim Landfair, a graduate of Michigan State University in his first coaching assignment, the Tories have shown a rekindling of competitive spirit and the desire to win.

Also, the Tories are still a young team. Coach Landfair has had three 16-year-olds in the starting lineup all season: 6'5" junior center Dave Fairbanks, who averaged 20 points per game and is the team's leading rebounder; 6'2" junior forward Jim Skelton, the team's second highest scorer with a 12-point-plus average; and sophomore guard Jim Brown, averaging 9 points per game, who now has a year's valuable experience in varsity competition under his belt.

Fairbanks and Skelton will be in their third year of varsity play next year, as they were starters a year ago.

Landfair will lose two starters in 6'4" senior forward Jerry Korican, who has been a consistent rebounder for the Tories, and reliable guard Gordon Henning. Also lost through graduation will be the bench strength of Jim Henry, Tom Schroeder and Lynn Palmer.

Landfair will have some returning juniors and several new faces up from a scrappy reserve team to vie for starting positions next season.

"We are looking forward to next year," commented Coach Landfair. And you can believe that.

So watch out, world — the Tories will be back!

Candle Parable Is Devotion Topic

BRITTON — Mrs. Dale Monagin presented the devotions at the meeting of the Woman's Missionary Society Thursday evening at the Bethel Baptist Church.

She spoke on the parable of the candle found in Mark 4:21.

While telling of the work of each of the church-supported missionaries and their need for our prayers, she lit candles.

Reminding the 23 women present that they were missionaries on the home front, she lit another candle and explained that their candle should burn for Christ at home as the missionaries' candle burns for Christ on the foreign fields.

The president, Mrs. Jack Hintz, called the meeting to order and Mrs. Blaine Bryant gave the secretary's report.

The treasurer, Mrs. Ruth Baugh, gave the financial report and Mrs. Alva Clark announced the finishing of some old business.

Mrs. George Rendel, missionary to Nigeria, Africa, is to be the recipient of several aprons made by the women present.

Mrs. Bernard Bishop made a covering for the lectern used by the young people in their meetings.

Mrs. Alva Clark purchased the roll baskets to be used at the fellowship suppers.

Mrs. Milburn Preston agreed to paint a mural above the baptistry.

Mrs. Duane McNeil told of sending two quilts each to the Baptist Children's Home in St. Louis and the Shepherd Home in Union Grove, Wis.

Work projects undertaken were the sewing of oven mitts for the camp, cutting and sewing of quilt pieces and binding and repairing of the hymnals.

Mrs. Iva Caswell suggested that each member donate a serving bowl at the next meeting, to be used at fellowship suppers.

Mrs. Preston presided at the refreshment table.

The next meeting will be April 4 at the church at which time a date will be set for cleaning the church.

Goodwill Program

BRITTON — Miss Iola Morningstar of Adrian presented a slide showing and informative talk on the various departments and achievements of the Adrian Goodwill Industries for the quarterly meeting of the Woman's Fellowship at the Congregational Christian Church last Wednesday noon.

Most of those present in the audience were unaware of the scope of the Goodwill program, and were very interested in hearing Miss Morningstar's report.

Miss Morningstar was introduced by the program chairman, Mrs. Douglas Fairbanks, who also gave the devotions from 1 Corinthians, Chapter 13.

Mrs. Gerald Benedict, president of the Woman's Fellowship, presided over the business meeting which followed.

The group voted to share with the church the expense of replacing the carpeting in the parsonage.

A sum of $5 was voted to Michigan C.R.O.P.

Plans for the Father-Son banquet, which will be March 15 at 6:30 p.m., were discussed. Tickets will be priced at $1.50 for men and older boys, and $1 for boys under 12 years of age.

Reservations may be made by calling Mrs. Richard Bruce, Jr., or Mrs. Earl Taylor.

Mrs. Bruce and Mrs. Taylor led the planning committee which met after the regular meeting to plan the menu.

Helping Hand Families

Mrs. John Day, assisted by Mrs. Sydney Adams, of the Jaycee Auxiliary, have organized the Helping Hand program in the city for the protection of children en route to and from school each day.

Children frightened by bullies, susnicious strangers, angry dogs or those that are lost, may get help by going to the entrance of a home displaying the blue hand sign in the window.

Mrs. Day obtained the support of School Superintendent James McDowell and Mayor Harold Easton as well as the school principals and parents.

Letters were sent home with students asking for parent volunteers. Those returned were sorted into neighborhoods and snaced to provide the most protection.

A list of the volunteer homes was provided to the Police Department and Mrs. Dav suggests that parents save the list of helpers and point out to their children the blue hands on their school route.

More information about the statewide program of the Jaycee Auxiliaries in Michican may be had by calling Mrs. Day, 423-2818 or Mrs. Adams, 423-3600.

The volunteers are listed by school areas and West Branch is covered by an overlapping of the areas.

Scout Court of Honor

Boy Scout Troop 32 held a Court of Honor March 5 at the Lenawee County Conservation Clubhouse. The color guard composed of Steve James, Doug Schneider, Robert Frank and Bill Sauter brought in the flags and, the Pledge of Allegiance was given to open the program.

Senior Patrol Leader Dennis James conducted inspection of the troop and led the traditional candle lighting, using a red candle, the symbol of the "Spirit of Scouting."

With this he lit the tall white candle representing "God," red — "Country" and the blue symbolic of "Self."

Twelve members of the Troop stepped forward receiving a light for their candle, each reciting one of the 12 Scout Laws until the entire candelabra shone brightly.

It is the policy of the Troop to award a boy his earned rank immediately but to hold Court of Honor several times a year so a boy may give a miniature pin of his rank to his mother.

Only parents interested enough in a boy's scouting career to attend are given pins by their sons. The other pins are held until they do attend a meeting.

Eleven boys received miniature pins for their mothers from Scoutmaster Dick James. They were Jakie Robinson, Dan Gushard, Brad Dillon, Vito Guana, Kevin Skinner, George Gartee, Rick Holland, Bill Sauter, Greg Dillon, David Yoder and Robert Frank.

The boys recited the Scout Oath in unison. Robert Cissney presented two pins from ranks earned to his mother while Danny Sprow pinned the Star pin on his mother.

On the road to Eagle, Swimming Merit badges were earned by Randy Richard and John James through the Troop's winter swim sessions at the Adrian Junior High pool. A warrant office, troop Quartermaster, was given to Allen Breckel.

Parents were then entertained with several skits by the White Dragon patrol using some of the brothers and sisters of the scouts from the audience.

The final skit they presented involved displaying a small, white and olive mouse. Mrs. Jerry Dillon, Mrs. Bob Cissney and Mrs. Chuck Skinner were then asked to place their hands into three different covered cans with a prize in two and a mouse in the third.

To the amusement of the crowd the ladies cringed, reaching for the unknown contents. This was accomplished amid shrieks from the ladies and produced two statues and a piece of fluffy, white cotton — the mouse being securely back in his box.

The Eagle Patrol then displayed an example of such concentration by "Hodumpty" alias Rick James that his hapless victim, Greg Dillon, unwittingly covered his face with black soot. He was astonished upon being presented with a mirror and chided about a Scout always being clean.

Refreshments were served to top the evening off by the Scout Moms.

Five Injured In Accident

Five persons were injured Saturday afternoon in a two-car collision at the intersection of M-50 and Onsted Hwy., when the brakes failed on one vehicle.

Donald Lindeman, 18, of Brooklyn, was southbound on Onsted Hwy., when his brakes failed as he attempted to stop at the intersection. His car ran into the intersection and was struck by the eastbound car driven by Bernice C. Wallace, 61, of Onsted.

The injured were taken to Herrick Memorial Hospital.

Bradley Wells, 6, of Norvell, a passenger in the Lindeman car, was treated for head injuries and transferred to University Hospital, Ann Arbor.

Other passengers in the Lindeman car, Connie Wells, 31, of Norvell, received a broken clavical, cuts and bruises; Renee Wells, 11, cuts and bruises; and Donald Lindeman, a possible broken right arm and cut and bruises. Mrs. Wallace was treated for cuts and bruises and released.

Lindeman was given a summons for defective brakes, by Clinton State Police.

"VACANCY" AND "APARTMENT FOR RENT" SIGNS

Last week we discussed, in a general way, a few of the things which could be done to help and encourage birds during the nesting season. Bird houses are a two-way boon — good for the birds and great fun for people. One of the features of a good house is, of course, design and, since certain birds prefer certain designs, today, perhaps, we should go into a little detail about these likes and dislikes.

Oh, yes, our information is still snatched from the pages of "The New Handbook of Attracting Birds."

Probably the bird that comes most often to mind when birdhouses are mentioned would be the tiny little wren. They love a man-made house and to quote directly from the book "are the easiest of all birds to attract."

Please remember that these are their words, not mine. But seriously, wrens are really not too fussy and almost everyone has a favorite story about an odd site some wren selected for her family-raising. Today, however, we are concerning ourselves with the ideal.

The floor of the wren's house should be 4" x 4"; box should be 6" to 8" deep; doorway should be 4" to 6" from the floor and the house may be mounted almost according to one's own preference.

Position it where it can be easily seen because, in addition to the joy of hearing the wrens, they are oh, so such great fun to watch.

As for the doorway of the house, an oblong entrance is good. ⅞" x 2" is about right. This type of front door discourages sparrows, helps wrens in their house building and also makes feeding the kids handier.

★

BLUEBIRDS ARE always in need of man-made homes. They are birds of the country, though, and seldom become big city dwellers. We have friends who regularly entice bluebirds into their yards but they are the exceptions rather than the rule.

In case anyone is interested, the floor of a bluebird house should be 4½" x 4½"; depth of box, 8½"; entrance 6" from the floor; entrance hole 1½" in diameter. Sometimes a smaller box is used but these, if perchance a tree swallow should investigate, becomes death-traps as the swallows are unable to get out. A bluebirds house mounted rather low on a post in an open field or at the edge of an orchard or garden should be most attractive to a bluebird and least attractive to an unwanted sparrow.

WOODPECKERS, nuthatches and titmice will all be coaxed into using houses and shouldn't this be fun! They prefer a log-type house — the handbook described how these are built and I am sure anyone handy with a hammer and saw would find the instructions not nearly as confusing as I do.

Dimension-wise the downy woodpecker, the white-breasted nuthatch and the tufted titmouse prefer a cavity 4" in diameter and 8" to 10" deep, an entrance 1½" in diameter and 6' to 10" above the floor; the hairy and red-headed woodpecker like a 6" cavity from 12" to 15" deep with an entrance 1½" to 2" in diameter some 9" to 12" above the floor.

The log cabins should be mounted some 6' to 20' high and on the stump of a dead tree in the woods or an old orchard.

All these birds prefer woodsy home sites, after all they are woodsy birds. The red-headed will sometimes accept a house placed high on a utility pole. Ditto the flicker. Oh, by the way, in these log houses it is advisable to put an inch or so of sawdust or fine chips in the bottom of the nesting cavity. The birds like a "pillow" for their eggs.

So it is that now is the time to get bird houses ready — wonder where we should put the "Vacancy" and "Apartment For Rent" signs.

"The Stage Is Being Set."

Protestant and Catholic Dialogue

Mrs. Robert Laidlaw and Mrs. Donald Porteous presented a program "Dialogue — Protestant and Catholic" at the March meeting of the Woman's Society of Christian Service at the Tecumseh Methodist Church.

They led an informal discussion concerning the similar and contrasting beliefs of Protestants and Roman Catholics. Such subjects as the sacraments and Lenten customs were compared. The program centered around questions asked by various members of the group.

Mrs. William Steele conducted the business meeting. She introduced Mrs. Roland Liesman, from Hudson, who is vice-president of the Ann Arbor District of WSCS.

The Woman's Society has planned a field trip to St. Elizabeth's Church. The annual White Breakfast will be held this year on April 2 at 9:30 a.m.

Greeters for the meeting were Mrs. Franklin Bock and Mrs. William Schooley. Mrs. Gerald Rendell, Mrs. William Norris and Mrs. Raymond Nichols were hostesses.

Mrs. Earl Lindsley came home with her daughter, Mrs. Barbara Pfalz, from Lodi, N. Y., after spending several months in Florida with Mr. and Mrs. Darwin Smith. Mrs. Pfalz is a house-guest of her mother and also her sister and husband, Mr. and Mrs. Jack Harrison, in Clinton.

FFA Attends Convention At MSU

Members of the Tecumseh Chapter of Future Farmers of America will be part of some 1,500-1,700 persons attending the 40th Annual FFA State Convention at Michigan State University, East Lansing, on March 20, 21, and 22.

Special awards will be made for chapter educational exhibits. Agricultural Proficiency Awards presentations will be a new feature of this year's convention.

Some 1,000 persons will attend the annual delegates' banquet. A special noon luncheon for chapter advisors will be provided by the Michigan Electric Power Suppliers. Vocational Agriculture Teacher Paul Burns is the advisor of the Tecumseh chapter.

Local officers are: Gary Ries, president; Bob Haines, vice-president; Kathy Kopke, secretary; Charles Wagner, treasurer; Bill Cordray, reporter and Ed Schefler, sentinel.

Tom Neill Is Elected

The annual banquet and membership meeting of the Buckskin Breeders Association of Michigan was held Feb. 24, in Williamston. Attending the meeting from Tecumseh was T. L. Neill and one of his sons. Mr. Neill was elected to serve on the Board of Directors for 1968. Mr. Neill is the owner of My Three Sons Stables, 9555 Newburg Rd. Among the fine horses he owns is the ABRA registered mare, Candy Cathmar.

This year's Buckskin show calendar is beginning to fill and it looks as if there is going to be a lot of activity for the registered Buckskin horses and their owners this year. Anyone with a Buckskin, Dun or Grulla horse they would like to have registered, should contact Mrs. Marilyn Wightman, ABRA inspector for Michigan, by writing her at R. 1, Williamston, Michigan. Anyone desiring membership in BBAM can contact Mr. Neill for details.

Products Sales Hit New Peak - $314 Million

Sales and earnings of the Tecumseh Products smashed all previous marks during 1967 when the company's sales totaled $314,544,255, and the net earnings topped $15,700,000.

In its annual report to shareholders, the Products reports an increase of $22,863,597 over 1966, for an 8% increase over the '66 figure of $291,680,658.

Net earnings jumped $2 million from $13,732,465 in 1966, and equalled $8.61 per share, compared to $7.60 per share for the previous year.

Expansion and modernization of facilities were not neglected as the company spent in excess of $8,500,000 for capital improvements.

In the annual report, Kenneth Herrick, president, says, "Two new lines of compressors at the Marion plant, one air conditioning and the other household, were completed and in full production during 1967."

A third line at the Marion plant for both household and air conditioning compressors was in the process of installation at the end of the year with limited production scheduled for early 1968. A fourth new line for larger air conditioning compressors is scheduled for production late this year.

New machinery and equipment, plus other improvements, were enacted at the Tecumseh plant for small window air conditioners.

Facilities were expanded and improved at three Wisconsin plants and a 21% increase in floor space was noted at the Peerless Gear Division in Clinton.

In viewing 1968, Mr. Herrick says, "Our schedules at the present time indicate an optimistic attitude on the part of our customers for business in 1968."

Since Tecumseh Products was founded here in 1934 and becoming the world's largest producer of compressors, the company's figures show that it has produced overall 4.3 compressors every minute, 24 hours a day for 33 years, totalling 75,000 Tecumseh compressors.

Last year marked the first time the Products exceeded $300 million in sales, and more than twice the sales of just 10 years ago.

Besides Tecumseh, Clinton and Marion, the company has domestic plants at Toledo, Elkhart, three in Wisconsin — New Holstein, Sheboygan Falls, and Grafton — and a research laboratory at Ann Arbor.

A Canadian subsidiary is located at London, Ontario, and there are sales offices in seven states other than Michigan, plus one at the Canadian subsidiary.

Foreign licenses total 16.

The annual meeting of the company will be held next Wednesday afternoon at the Tecumseh Country Club.

Mike Green's Tragic Death Shocks Entire Community

Funeral services were held Monday afternoon for Michael H. Green, 24-year-old Tecumseh businessman, who drowned late last Thursday night in Sand Lake.

The tragedy shocked Tecumseh here Friday when word of his death was learned. People simply could not believe it, or wanted to believe it. Information that an unidentified man had gone through the ice was known earlier in the day, but folks did not learn his identity until about mid-morning.

Mike belonged to a group of young, upcoming businessmen. He had worked with his father, Harold Green, in his clothing store for the past six years.

A personable young man, liked by everyone, Mike first gained local notoriety as fullback and linebacker for the Tecumseh Indians in the fall of 1959.

As one Tecumseh coach put it, he was the finest all-around football player the Indians ever boasted — and he probably was. Although short in stature, he packed 170 pounds then and was tremendously strong.

An instructor at THS rated him the strongest boy to pass through school during the 15 or so years he has been associated with the schools.

Mike was the darling of the Duncan Leckta teams during the 1959-60 seasons. His explosive runs electrified crowds, his tackles at the linebacking post were crushing. He literally ran over tacklers.

He received many league, area and state honors.

The '59 club was possibly the strongest and finest in the school's history.

*

ACCORDING TO sources close to the family, Mike and his father had left their homes on Sand Lake to get a pizza, then return to share it with their wives. This was about 11 p.m.

Shortly thereafter, he decided to show a new garden tractor to his brother-in-law and family, the Ron Baxters. They live on the east side of the lake.

According to tracks on the ice, he apparently drove right off the ice into open, frigid water. The tractor did not have lights. He was heavily dressed, wearing winter clothing he had on earlier in the evening.

After he left for the Baxters and didn't return, a search was started.

Lights were seen by a neighbor, Kenneth Sherman, who thought something was wrong and called the Lenawee County sheriff's department.

Skin divers from Jackson were called, and they found his body under a shelf of ice. The tractor was on the bottom, 12 feet down, in open water.

Mike was born May 18, 1943, in Goshen, Ind., son of Mr. and Mrs. Harold Green. The family moved to this area shortly afterwards. He graduated from high school here in 1961.

On Oct. 13, 1962, he married Meredith Munger in the Tipton Community Church. They had two sons, Michael, 3, and Raymond, 2.

He was an associate member of the Tipton Church and also attended the First Baptist Church in Tecumseh, where services were conducted Monday afternoon.

After graduating from high school, he attended the Wolverine School of Trade in Detroit. He then worked for a few months at Schneider Chevrolet-Buick before joining his father at the clothing store.

Other survivors, besides his wife, two sons and parents, are: sisters, Mrs. Ron (Sharon) Baxter, and Ruthann, at home; grandmother, Mrs. Ruth Green, Adrian; uncle, James Green, Adrian; and other relatives.

The Rev. Blair O. Bashore officiated at the services, and burial was in Brookside Cemetery. Proctor Funeral Home was in charge.

County Board To Study Area Ambulance Needs

By BILL SANFORD

A meeting has been arranged for March 28 with the Superior Ambulance Co. for study by the Lenawee Board of Supervisors in an attempt to solve the problem of ambulance service to Tecumseh, Clinton and the county.

With last week's announcement that ambulance service to the Tecumseh-Clinton area would cease as of July 1, the county moved farther into a situation which is troubling many parts of the state.

Superior Ambulance services Washtenaw County at the present. There are five ambulances in that county. According to the Lenawee Sheriff's Department this is one of the possible arrangements that could be made for Lenawee.

However, E. J. Skala, chairman of the sheriff's committee of the county board, indicated that at present it is illegal to enter into an agreement of this type with Superior,

He stated that a decision by Attorney General Frank Kelley prohibits counties from making contractual agreements with private firms, or subsidizing private concerns.

The decision was reached with the idea that governmental agencies cannot compete with private individuals. All counties in the state are not plagued with the problem at the present and this fact prompted Attorney General Kelley's decision.

According to John Keller, supervisor from Fairfield, many areas of the problem are now being studied. He feels that an adequate solution can be reached by the July 1 deadline.

Keller indicated that other counties in the state, which have been troubled by this problem, were being studied and their mistakes and good points were being taken into consideration.

Skala also mentioned that the sheriff's department has purchased a station wagon which would be delivered some time this week.

New Banker Is Appointed To Post Here

Kenneth C. McElroy, one of Monroe's outstanding citizens and a vice president of the First National Bank there, has accepted an appointment as a director and vice president of United Savings Bank of Tecumseh.

He will assume his new duties here on May 1, according to J. W. Meadows, local bank president, and will work largely in commercial and installment loans and mortgages.

Tecumseh's new bank official has approximately 20 years experience in banking services, starting in Chicago in 1949. He was later transferred to Detroit, and then became assistant cashier in 1951 at Monroe.

In 1955 he was promoted to vice president and assistant cashier and four years later to vice president.

His Monroe activities include the executive board of the Wolverine Council for Boy Scouts, member and past president of Kiwanis Club, past president of the Jaycees, past chairman of March of Dimes, advisory board and past chairman for a unit of the Salvation Army, past chairman and treasurer of Monroe County Career Foundation, and memberships and positions in other organizations.

He is currently vice president of the Monroe Chamber of Commerce, and an elder of the First Presbyterian Church in Monroe.

He was born in Wichita, Kan., and graduated from high school at Aurora, Ill. After serving four years in the Navy during World War II, he attended Marietta College, Marietta, Ohio, and then transferred to the University of Illinois, where he graduated in 1949 with a degree in banking and financing.

Mr. and Mrs. McElroy have four children, Gordon, 15, Susan, 13, William, 10, and MaryEllen, 8.

They plan to move to Tecumseh next summer.

Commission Re-Evaluating 7 Townships

Rural property owners in seven townships in Lenawee County may or may not have their tax assessments hiked.

Since January, representatives of the State Tax Commission have been spot-checking rural properties to determine if assessments are according to state law — 50% of actual cash value.

John Brattin, County Equalization Director, says the Commission is simply complying with state law, which requires reviews of property valuations every five years.

In response to a question why an inspection of these seven townships, Mr. Brattin replied that help in these townships was most urgent.

Townships involved include Tecumseh, Raisin, Franklin, Macon, Clinton, Cambridge and Rollin.

Other rural sections of the county may be re-evaluated next year, according to the director.

Results of Commission's findings will be reported about the middle of April. At that time, supervisors in the townships will know if their assessments are of 50% cash value, or if a multiplying factor is needed to bring them up to the state requirement.

Mrs. B. Hammack Picked for Board

Mrs. Ben Hammack was appointed to fill the unexpired term of Robert MacLean on the Board of Canvassers by Council Monday night.

Mr. MacLean is a candidate for Council at the April 1 election.

Council Asking for 21 Feet For Park Entry

Council approved a plan Monday night to buy 21 feet off the north end of a lot adjacent to the drive to Tecumseh Park on Adrian St.

Asking price for the entire lot is $4,000, which officials said the city could not afford at this time.

The additional footage would enable the city to widen the entrance to the park.

Martin Captured in Seattle by FBI

Troy Martin, 41, accused killer and kidnaper, was captured by the FBI about 1:50 Tuesday afternoon at Seattle, Wash.

The ex-convict is charged with the slaying of J. Edward Spivey on County Line Rd., northeast of Britton, on Jan. 27. He then forced Thomas Cyr, at whose home Spivey was murdered, to drive him to Toledo.

According to the FBI, Martin had been working as a day laborer out of a manpower pool in Seattle since March 13, using the alias of Bruce Collins. Co-workers, recognizing him through circulars and his picture in papers there, informed the Federal Bureau of Investigation.

When he reported for work Tuesday afternoon, agents were waiting for him.

"When I saw my picture in the paper, I knew it was all over," he told the FBI.

After his arrest, Martin waived his hearing and was placed under $100,000 bond.

Since the Federal charge of kidnaping carries a death penalty and he's already in Federal custody, it is doubtful that he will be tried in the slaying of Spivey.

The Bureau expects him to be returned to Detroit within a week and placed in the custody of the U. S. Marshal there. Prosecution at his trial will be handled by the U. S. Attorney's office.

If convicted on the kidnaping charge and there's no recommendation of mercy from the jury, Martin could receive the death penalty, according to FBI sources.

Martin reportedly shot Spivey beneath a pickup truck in the front yard of the rural Cyr home. After the shooting, he forced Cyr to drive at gun point to Toledo.

Here, it's understood, that he boarded a bus for southern Ohio and escaped. His whereabouts since the murder and kidnaping and until his arrest in Seattle are still unknown.

Protection Is Declined

Council learned Monday night by letter from George Stewart, plant director for Stauffer Chemical, that Tecumseh's offer for fire protection did not satisfy the company's needs.

Several months ago, Stauffer officials sought Tecumseh protection and took several city officials and firemen on a tour of its facilities.

Since the plant's main buildings are covered by a sprinkler system, Stauffer sought protection only for its administrative offices in the Sutton house and for its guard house.

Tecumseh's offer was for $1,000 per year.

Since the offer apparently terminates any possible agreement with the city, the company will depend on protection services from the Raisin Township department at Holloway.

Four Mills To Expire

Monetary matters discussed at last Monday's meeting of the Tecumseh Board of Education included the four mills which will expire this year.

The operating millage will be necessary if the schools are to operate on the same amount of funds which were available during the past school year.

The district is at present operating on approximately 1.2 mills over the incoming revenue. The 1.2 mills are coming from the nearly $83,000 which the district had in balance prior to the start of the 1967-68 school year.

The actual millage needs for the district cannot be determined at the present as the state legislature presently has the bills in committee which pertain to the state aid which will be distributed to the local districts.

Fuller Property Rejected, Board OK's TP Land

At a special session last Thursday night, the Tecumseh School Board cancelled its plan to buy 75 acres from Robert Fuller and approved a motion to negotiate with the Tecumseh Products for its 40 acres along River Raisin.

The Board's somewhat surprising action apparently resulted after a study of the Products land and from results at last week's meeting with the Planning Commission.

Apparently the Commission questioned the current traffic and congestion on W. Chicago Blvd., where students would be required to cross the thoroughfare to the school site and several members of the Board openly pondered about the students' safety.

The Fuller property, costing $112,500 and originally selected primarily for its proximity to a number of walk-in students from the south — across W. Chicago Blvd. — and from the east, also would have cost more to develop than the Products site, just north of the Methodist Church.

Supt. James McDowell explained in detail engineering and architect costs for development of both sites. Cost of constructing a bridge for buses hiked total costs on the Fuller land over development costs at the other property.

Aden Mead, Board president, polled members in their preference for the sites, asking members to state advantages and disadvantages they felt existed at both properties.

The Fuller ground was liked for its location by most members and for future growth of the schools, but several pointed out the safety hazards and costs of the site, particularly in the development of city approved streets and construction of a bridge.

Dr. Harold Ocamb, Board member, stated a preference to the Products land but, in reference to previous Board action which approved a purchase agreement with Mr. Fuller, he inquired, "How can we tactfully reneg?"

Dr. Donald Phelan moved that the Board reconsider and cancel its purchase agreement. Dr. Ocamb seconded, the Board voted unanimously for the motion.

Dr. Ocamb then moved that the Board enter into negotiations with the Products for acquiring its land.

William Brown voted against the motion, saying there was no hurry and that the Board should inspect Louis Caterina's farm, just north of the Products site on the west side of N. Union St.

Mr. Caterina was present and offered the Board all the land they would need for $1,000 per acre. Tecumseh Products reportedly also is asking $1,000 per acre.

The Caterina property would provide access from both N. Union St. and from Occidental Rd.

Mr. Brown said he was not against the Products land, having spoken in favor of it over the Fuller property, but asked for more time to investigate the Caterina site.

Two members of the Board — Dr. Fred Freeman and Orville Bishop — were not present for the session.

Hearing Planned

A public hearing to change zoning from local business district to multiple dwelling on a piece of property on S. Evans St. was scheduled for April 15 at 8 p.m.

William Powell, Tecumseh real estate businessman, had asked for the change in order to erect some new apartments.

2 Businesses Re-Locating

Two Tecumseh businesses, now located in the old Strand Theatre building, expect to move around the first of April.

Thompson Loan Company, owned and managed by John Thompson, will re-locate at 120 N. Evans St., just north of the Des Ermias Furniture store.

Sunderland Insurance Agency will move directly across the street and re-locate in the Adrian Federal Savings & Loan Association building.

Don Sunderland is presently remodeling the interior for his own agency and expects to lease two other offices.

The Strand is being torn down for a large addition to the Gambles store.

County Ambulance

Continued from page one

This would be used as an emergency vehicle-patrol car combination. It would be used on a trial basis in the interim period which the board is taking to make their final decision.

The station wagon will be equipped with a folding stretcher which could be used in the event of a highway mishap or other tragedy.

Sheriff Richard Germond approves of the station wagon as he explained it would increase police protection of the county as well as provide an emergency unit when necessary.

Legislation is presently being considered in Lansing to allow counties to enter into an agreement of the sort being studied with Superior Ambulance. Increased costs of maintaining the vehicles and personnel needed have forced many private concerns to cease operation throughout the state, prompting some phase of legislation.

Next week's meeting will answer many questions, with the exception of the legality of a contract.

The county would be divided into divisions, depending upon population, accident occurrences and area.

Superior supplies the ambulance and trained personnel which is required to operate an ambulance service. Their equipment is accredited by Medicare and approved by medical people who have made recommendations in the area of emergency treatment.

In a statement last week, Dunn and Proctor Funeral Homes announced their discontinuance of ambulance service for Clinton, Tecumseh, and Onsted, effective July 1.

Both cited increased operating costs and lack of qualified personnel as a reason for their decision. Other communities in the county have lost ambulance service for the same reasons.

Tecumseh Council discussed the problem Monday night but reached no solution for services here. City Manager Cal Zorn reported the sheriff's department was already committed to service the entire county.

Board Hears William Ross

William Ross, Vocational Education director for Lenawee County spoke before the Tecumseh Board of Education Monday night outlining plans for a proposed Area Vocational-Technical Education Center.

The planned center is the object of a 1.5 millage issue which will be put before the voters in the June election.

The school, which is to serve as the vocational department for all area high schools, has been the object of a two-year study by educators and concerned citizens.

Questions were raised on the matter, however, no motions were made at the Monday meeting concerning the center.

Exchange Students Present Program

In keeping with the theme, "International Month," exchange students will present the program at the meeting of the Tecumseh Top Notchers 4-H Club March 26.

New members will be enrolled at the session to be held at the Community Center. All members planning summer projects will enroll them this month.

BAKE SALE WINNER — Jamie Danforth, center, winner of the $75 scholarship presented jointly by the Music Makers Club and the Tecumseh Music Club will use the money toward the expense of a summer music camp. Members of the Music Makers held a bake sale Saturday at Flanders' Music Store to earn funds for the scholarship. Nancy Walker And Timothy Baker Wed

Nancy Walker, daughter of Mr. and Mrs. William Walker, of Onsted, and Timothy Baker, son of Mrs. Guy Cox, of Tipton, and Robert I. Baker, in Vietnam, were united in marriage Saturday afternoon at the First Baptist Church.

The Rev. Blair Bashore performed the ceremony before the immediate families.

The bride wore a street length empire styled dress with A-line skirt made of white linen. Her veil was shoulder length.

Mrs. Thomas Walker, sister-in-law of the bride, served as matron of honor in a green linen street length dress.

Thomas Northey, of Tipton, was the best man.

Dinner for the bridal party was served at the Country House, before the couple left for a trip to Florida for one week.

The bride is a graduate of Onsted High School and is attending Cleary Business College. Her husband is a graduate of Tecumseh High School and is employed at the Ford Motor Co. plant in Saline.

A reception was held at the K of P Hall in Tipton for 150 guests.

Mrs. James Morse, sister-in-law of the bride, cut the wedding cake centering the table enhanced with yellow and white appointments.

Jackie Walker, sister of the bride, presided at the punch bowl and Cathy Cox, sister-in-law of the bride, cut the groom's cake.

The couple will live at 315 N. Union St.

6 Accidents Investigated By Police

Tecumseh's two-week lull in traffic accidents ended here during the past week when local officers investigated six mishaps.

Two accidents involved minor personal injury, but none were taken to Herrick Hospital for treatment. A resume is:

March 13 — Three cars were involved in a chain-action type accident on S. Evans St., near the H. W. Tuttle Company. Lupe Rosas, 34, Blissfield, stopped to let out a passenger. Cecil K. Downard, 61, Clayton, ran into the rear of his car, and Clyde Frederick(37, then hit Downard's vehicle. Rosas was cited for parking in a roadway, and Downard for driving too fast for conditions. Julio Rosas, 28, and Gilbert Sanchez, 36, suffered minor injuries.

March 13 — Mina A. Sisson, 9500 Newburg Rd., slid into a parked car, owned by Robert Heidenescher, Adrian, in front of Holmes Pharmacy in downtown Tecumseh.

March 14 — Dorothy Curth, 47, 305 W. Pottawatamie, was charged with improper backing after her car was struck by Keith L. Schmidt, 19, 208 W. Cummins. Accident occurred on E. Logan St.

March 14 — Betty W. Lake, 40, 607 Cairns St., was cited for leaving the scene of an accident after her vehicle sideswiped a parked pickup, owned by Carlo Mobley, 508 W. Pottawatamie.

March 15 — Martha E. Roberts, 23, Britton, attempting to turn at S. Pearl and W. Kilbuck, lost control and struck a utility pole. She was arrested for failure to have her car under control and for driving on an expired operator's license.

March 15—Shirley L. Pilbeam, 39, Tipton, was arrested and charged with failure to yield the right of way after an accident with Dianne E. Ivan, 19, Britton, at the intersection of E. Chicago Blvd. and Maumee St. Miss Ivan suffered minor injuries.

Fashion Collection

The new collection of 40 spring and summer fashions by the EvelDean couture salon will be shown at two showings in the area next week.

"A Touch of Continental Elegance" will be staged at the Arbor Hills Country Club, Jackson, at 2 p.m., March 30, following a 1 p.m. luncheon.

Co-chairmen for the show are Mrs. Vern R. Blair, Jr., and Mrs. Anthony Kruba, of Jackson.

Monday, April 1, Alpha Phi Sorority, of Adrian, will sponsor a showing of the EvelDean fashions at the Lenawee Country Club.

Mrs. K. A. Wasink and Mrs. W. K. Mayhew are co-chairmen of the event at Adrian, which will include a luncheon at 1 p.m., and the fashion show at 2 p.m. The 300 tickets have all been sold.

The couture designers are showing a new line of made-to-order fashions, in sizes 6 through 16. Only a limited reproduction will be made of each original design.

The prices for the new line range from $80 to $200, and they are completely original designs, hand-detailed at the Tecumseh salon.

The major operation of the EvelDean salon continues to be their custom-designed exclusives, with their clientele now extending to Washington, D. C.

Beginning April 2, the new collection may be seen daily at their Chicago Blvd. salon.

Some of the new ensembles will be shown on television shows during the next week.

Tuesday, March 26, at 10 a.m., on Channel 6, Lansing, on the Martha Dixon Copper Kettle show, three Tecumseh models will be wearing EvelDean ensembles in a 10-minute review, in color.

Wednesday, March 27, Channel 10, Jackson, will show one model in an ensemble, on the 9 a.m. show.

Committee Holds Planning Session For Area Center

At a training session of the committee for Vocational-Technical Education, William Ross, County Vocational Education director, told that nearly one-third of the 11th and 12th graders in the county could participate in the programs to be offered in the planned vocational education center.

The high schools will maintain final determination over which of its students may take advantage of the programs offered. Drop-out students could be admitted with the permission of their high schools.

The availability of the programs would apply to parochial students as well as for public school students as all are residents of the county and would in part be contributing to the 1.5-mill levy which will be voted upon June 10.

The approximate amount of money a person would be paying amounts to 15 cents per week on a home valued at $10,000 on the market or a $5,000 tax evaluation.

The ballot may be confusing to some, Mr. Ross stated. By law it must be separated into two parts, one for the 1.5 mills, the other for the permission to bond in the necessary amount to construct the center.

Any qualified voter may vote on the millage issue, only property owners are allowed to accept or reject the bonding measure.

A county-wide rather than local system provides many advantages to the county. Local districts are not eligible for matching funds from the federal government for vocational education.

The problem of busing students is being studied the committee was informed, that also a central location of the school would eliminate some of the problems.

You Told Us

By DOROTHY GRIGG

Herald Women's Editor

Several cases of 3-D polaroid glasses, brought back memories as we poked around among the ropes and footlights on the stage of the Strand Theatre Monday, trying to get pictures.

It seems sad even though we realize the building has to go. The place where many a Tecumseh romance was born as that freckle-faced kid took his girl to the "show." The place where Frankenstein became all too real and you couldn't sleep alone for six weeks. (Well do I remember the night I saw that blood-curdler. My bedroom window fell shut during the hot summer night and I broke all track records getting to my parents' bedroom.)

Then in late years, the citizenry has enjoyed many a Tecumseh Players' production as well as the hilarious Jaycee Follies.

We just hope the Baptist Church people in Toledo get as much satisfaction from those seats as Tecumsehites have over the years.

√

Mrs. Bert Creger spent Sunday at the home of her brother and wife, Mr. and Mrs. Edward L. Handy, near Manchester. Other guests were Mr. and Mrs. John Wentz, of Jackson; Mr. and Mrs. William Raymond, of Tipton; Mr. and Mrs. Roger Handy and daughter, Mr. and Mrs. Leo Handy and three sons, of Sharon-Hollow Rd.; and Mr. and Mrs. Donald Handy and family, of near Manchester.

Ward Cornell brought two roommates home for the weekend from Salem Technical Institute at Penns Grove, N. J.

√

Mrs. Paul Schwanz and daughter, Victoria, have returned to their home in Cincinnati, O., after a 10-day visit here with her parents, Mr. and Mrs. Arthur June.

√

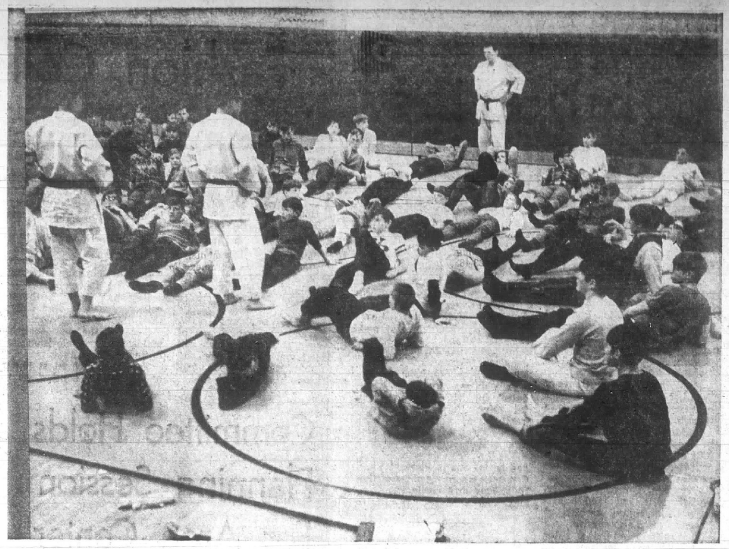
Pamela Brooks, daughter of Mr. and Mrs. Thomas Brooks, with 43 others joined the Stoic Honor Society at Eastern Michigan University. They were feted at a banquet March 16 in the Union Building. Mr. and Mrs. Brooks also attended.

Dean's List

Larry Merx, junior, son of Mrs. Irene Merx, 716 S. Occidental, and James Goodman, freshman, son of Mr. and Mrs. Byron Goodman, 413 W. Brown St., have been named to the Dean's List for the first semester.

This honor is reserved for those students who have achieved a superior scholastic average during the semester.

Both are graduates of Tecumseh High School.



JUDO BEGAN BIG — Three sessions with 140 persons attending started the Judo Club off under the direction of Shunichi Namba. All classes have been filled, and no registrations will be taken at this time. There are 38 men, 42 women and 60 boys. Observers are not welcome, the Rev. Julian Gresham stated.

CLINTON NEWCOMERS

CLINTON — Mr. and Mrs. Robert F. Werner of Mt. Clemens have purchased the new house at 102 Kathy Dr. in the new Pleasant Valley subdivision. Mr. Werner is a salesman for the University Litho Printers, Ypsilanti. There are two sons, Richard, a sophomore in high school, and Patrick, in third grade.

QUESTION:

"Is it so necessary to have all the ceremony connected with funeral services?"

ANSWER:

All important events of life are marked with ceremony: from birth to marriage and death. From the beginning of mankind to the present time, one of the characteristics of man is that he buries his loved ones with reverence and dignity.

Say You Saw It in The Herald

COMING HERE? — If enough interest is shown in Tecumseh, Hal Marshal, operator of Little League Bowling Lanes in Adrian, says similar alleys will be installed here. The lanes and balls are scaled down for youngsters six through 13, although many older girls and ladies also participate in the miniature sport.

Parents and their youngsters may inspect the Adrian facilities, report their comments to Mr. Marshal, who supervises activities there, or write The Herald. If enough favorable comments are reported, it is possible the alleys could be installed for the bowling season next fall.

Esch urged the teenagers to become informed about today's crucial problems and to become actively involved in politics.

The purpose of the conference was to inform Second District teenagers about current issues and party politics and to prepare them for taking an active role in the coming campaign.

Attending the Conference from Tecumseh were Kathy Mead, Linda Steadley, Sandy Steadley, Pam Eggleston, Nancy Ford, Mike House, Jan Snyder, Jackie Rodgers, Liz Schneider, Rick Rohrer and Tom Rohrer.

Plant Wizards' Life

Mrs. John Thompson spoke to 15 members and one guest of the Tecumseh Garden Club Friday at the home of Mrs. Marshall Coulter.

Mrs. Neil Pearson, program leader, presented Mrs. Thompson, who talked on the life of Luther Burbank.

She called him a plant wizard, a true scientist. Mr. Burbank started work in California, first producing the white potato and then following with the introduction of many varieties of fruit. He used the almond branch to graft buds to produce the plum and cherry trees and seeds first came from Japan. He used cross breeding to produce new varieties.

Burbank's first book, named "New Creations," was printed in 1893, 1895 and 1898, Mrs. Thompson said.

He had a keen sense of selections and used only the very best. Burbank started the Crimson rhubarb and was said to have been one of the greatest assistants to nature in plant life.

Mrs. Edward Klopp was a guest. Members contributed a money gift to the Cancer Fund in memory of Mrs. Archie Dunsmore, a past president of the club.

Mint ice cream was served with wafers in keeping with a St. Patrick's Day theme, by Mrs. O. L. Beagle, assisted by Mrs. Waldo Mohr.

Through My Window

THE STAGE IS BEING SET

Yes, the stage is being set and patiently waiting in the wings is the Grand Dame of our weather, Lady Spring. Supremely confident as to what her reception will be, she is biding her time and at precisely the right and most dramatic moment, will make a great and glorious entrance. The build up for her arrival is well underway and each day there are subtle little hints that scream of the exciting things to come.

First of all, isn't it marvelous how the days are lengthening? No longer does Mom whisk the drapes open on blackness — somehow, I find it much easier to start the difficult job of "prying both eyelids up" when I know the world outside, once I get focused in on it, will be a pretty early morning bright. And how about the other end of the day? Dinner by candlelight may be romantic but there is also much to be said about the joys of eating a meal in the warm glow of a low-hanging sun spilling its rays through the windows.

So far the early morning serenade is not loud enough to penetrate storm windows and doors but is working that way. When Mom returns from dropping Dad off at work, she says, especially on the warmer mornings, that there are chirps and cheeps and whistles and trills.

Later in the day, again we notice it most during sunny bright speels, the birds talk when they come to the feeders. The little upside-down nuthatches honk their funny conversations, the pert tufted titmice have a surprisingly loud and clear whistle and when our huge flock of sparrows gets together, the gossiping is shrill and scrappy sounding.

*

THE BIRDS, by the way, are beginning to pair off. Mr. and Mrs. T. Titmouse dine together on the bag of peanuts. Whereas they both wear the same trim gray, there is a decided difference in the size of the birds. When seen side by each, one is smaller and more delicate looking. There is the same size difference with our nuthatches, but, of course, with them there is also dissimilar coloring.

The trees are beginning to shed their barren mid-winter look. For some time now the willows way up the creek and around the bend back of Gertie S.'s, have looked yellow. The buds on Cliff's big white birch were surprisingly red and plump — let's see, we noticed them on our last Sunny Sunday. The sky was a beautiful blue and the sun hit the treetop at precisely the right angle. What a sight.

Most of our squirrels have about finished exchanging their heavy winter fur coats in favor of something a bit lighter in weight. They are noticeably slimmer now. The few patches of old fur must be annoying for there is still quite a lot of scratching and tail grooming.

*

NOT ALL HINTS of spring are seen, some are merely heard. An aggravating little song sparrow trills his heart out — Gertie T. and I know he is just outside the window and yet we can never catch even the slightest glimpse.

Across the creek a yellow shafted flicker laughs, he, too, can come closer anytime he wishes. The best second of all, however, was reported Wednesday, the 6th, by Mrs. Dustin. She heard a robin! Even more exciting was Clara's report on Monday, the 11th, — she saw a robin! Another happy springtime robin has been enlivening things for Pat and Dorothy.

So it is that even though the ground is snow covered today (I write this the 13th) Spring is coming—Mother Nature is planning for the grand arrival, the stage is being set.

NEXT WEEK:
"Our Best Customers."

Pack 32 Presents Charter to Sponsor

Pack 32 of Birdsall met Tuesday, March 12, for their monthly Pack Meeting at the Lenawee County Conservation League Club House.

The new charter was presented to the sponsor, The Conservation League, by Neighborhood Commissioner, George Teller. Dwight Dennis told how proud the members were to have the scouts and hopes to always sponsor the scouts in the area.

Each registered cub and adult leader received their membership cards from Cubmaster Chuck Skinner, who also gave out year pins corresponding to the years spent in scouting. Two new Bobcats, Glen Butler and Leo Pfister, were welcomed into the Pack.

David Cook became the first Webelo Scout to earn an activity badge and received a silver emblem representing athletics. Announcement was made regarding the opportunity for Webelo Scouts to earn the Aquanaut activity badge with the aid of the Eagle Scouts in Troop 32.

Ronald Pierce and Bob James were graduated from Webelos by Cubmaster Skinner, assisted by Akela, Ed Schamburger. Scoutmaster Dick James presented special troop neckerchiefs to the boys. Robert James joins his father and older brothers in Troop 32 making a total of six James boys in the Troop. Bob also received a gold arrow point and Craig Skinner received a silver arrow point.

The "Rivers of the World" was the theme for March, and the boys from Den 3 gave interesting facts about some of the large rivers of the world. Den 2 presented a humorous skit revolving around a "Fresh Fish" market, complete with bona fide frozen fish!

Several river songs, "Swanee River" and "Ol' Man River," were presented in group singing, and refreshments were served while the cub handicraft was admired.

All of the Cubs formed the living circle and gave the Cub Scout Oath to signal the closing.

Jamie Danforth Is Awarded Scholarship

Jamie Danforth, singing Old Mother Hubbard in the manner of Handel by Hutchinson, was awarded the joint scholarship of the Music Makers and the Tecumseh Music Club in try-outs Tuesday evening at the Friends Church.

Candice Christman was selected first alternate as she played on the piano Beethoven's Sonata Pathetique and James Bush, third alternate for his rendition of Allegro from Concert Piece on the sousaphone.

The $75 scholarship is used toward the expense of a music camp of the winner's choice.

Judges for the try-outs were Roger Marrison, Manchester High School vocal teacher; Mrs. H. E. Davidter, Manchester teacher of organ and piano and Richard Perkins, band instructor of Clinton High School.

Participants were most appreciative for the judges attending due to the snow storm conditions Tuesday evening.

'Flowers in the Home'

CLINTON — The beauty of spring was shown in abundance, Wednesday, as John Prible, of Kukina Flowers, exhibited a variety of flowers as he talked of "Flowers In the Home," at the meeting of the Clinton Woman's Club.

Introduced by Mrs. Ralph Reed, Mr. Pribble was assisted by Mrs. Harlon Ruhl in his presentation.

Mr. Pribble said that phychedelic colors are in vogue this spring, and however wild the combinations of color in flowers, he had seen similar arrangements at historic Williamsburg.

The florist confessed that he has come to like artificial flowers because they are inexpensive in the winter months and are durable, especially in his home shared with four Siamese cats.

Heralding the forthcoming Easter season, he exhibited an Easter bonnet trimmed in bright, multi-colored burlap ribbons and bedecked with flowers and an Easter basket to match, filled with miniature Easter eggs.

He made several arrangements in unusual containers which had been provided by members, an apple butter jar, hammered copper tea kettle, cut glass vase, and Japanese porcelain ware.

He concluded by reminding his audience, "we often fail to realize the beauty that is around us — every place you look you can find beauty."

Mrs. Hans Schmidt presided at the business meeting attended by 20 members.

Mrs. Ralph Reed was elected as the new president.

Other officers elected to serve with her are:

1st vice-pres. — Mrs. Dwight Service.

2nd vice-pres. — Mrs. Roy Bower.

Recording secretary — Mrs. John Mabry.

Corresponding secretary—Mrs. William Driscoll.

Treasurer — Mrs. George Wolf.

Parliamentarian — Mrs. John Monaghan.

Board of Directors — Mrs. Frank Fitzpatrick, Mrs. Thomas Pence, Mrs. Dan Reilly and Mrs. Viva Riker.

Mrs. Reilly of the by-laws committee read the recommended changes in the club constitution and by-laws, which will be voted on at the annual meeting in May.

Shamrocks, ferns, and pipes flanked by green twisted candles formed the St. Patrick's motif for the refreshment table. Assisting were Mrs. Dwight Service, Mrs. Paul Hoyt, Anna Heimerdinger, and Mrs. Bower.

The spring luncheon will be held at 1 p.m., April 10, at the Methodist Church. Mrs. Eve Mrock will speak on "Adventures of the Land Rovers Trailer Travel Club.

Homer Puts Clinton Out of Title Race

CLINTON — Tournament fever died a reluctant death at Clinton High School as the Redskins survived the first game of regional tournaments, but succumbed to sixth-rated Homer, 69-60, at Jackson Parkside, Thursday night.

For awhile it looked as if the Redskins might pull an upset, pressing Homer for several turnovers early in the game, taking advantage of good offensive moves and rebounding to take a slight margin.

Homer hung on for the first two stanzas and kept the game close enough that the margin at the half was down to two points.

Clinton enjoyed a brief 8-point edge in the third quarter but the Trojans quickly cut it down and took the lead, with Leon Van Valkenburg coming off the bench to contribute vital rebounds and sharpshooting.

Homer pulled the game out with an incredible 90% from the floor in the third quarter, and though the torrid pace of the game had begun to show on the Redskins, they narrowed the edge to four points behind Butch Hoelzer's outside jump shots.

It's as Redskin Coach Dick Content said, "That kind of shooting is impossible to beat."

Depth from the bench proved to be Homer's biggest asset as one starter was sidelined with four fouls in the first quarter and two others fouled out late in the contest.

Clinton's only real foul problem came when Jim Schuler, who had led the Redskins in scoring and battling for rebounds throughout three quarters, got his fifth personal in the fourth.

Hoelzer, who was virtually boxed in during the first half, ended the game with 17 points. Schuler added 14 and Jake Schwab dumped in 11.

Mike Linton led Homer with 20 markers, followed by Van Valkenburg with 15.

The Redskins finished with their finest record in Clinton history, 17-3. This was also the farthest any Clinton team had advanced in basketball tournaments in 20 years.

Score by quarters:

Board Sets School Bond At $2,280,000

CLINTON — The board of education voted at the March meeting, Wednesday, to place on the April 15 school election ballot, a proposal to issue bonds not to exceed $2,280,000 to build and equip a new high school, to remodel existing high school for use for elementary purposes, and for acquiring the site and development of same.

Walter Frazier presented results of a survey showing comparative costs of various school sites, and it was discussed.

The resignations of Mrs. Norman Bless, an elementary teacher, and Donald Quick, elementary principal, were accepted with regret. Mr. Quick will continue his graduate studies at the University of Michigan next year.

A data processing center at the Lenawee County Intermediate office was discussed.

The board formally endorsed the Lenawee Vocational Technical Center which will be voted on at the time of the annual school election, June 10. The board considers the school to be a very worthwhile extension of the curriculum of each local school in the county, and it will meet the pressing needs of all vocationally-oriented students in the county.

Urban Crisis Told at UCC

CLINTON — "The Urban Crisis" and action taken by inner-city churches during last summer's riots was described by the Rev. Bill Logan, of the Episcopal Diocese, Detroit, for the second community Lenten program in the United Church of Christ, Sunday evening.

He told how the Inter-Faith Emergency Committee was able to go into action offering relief to riot stricken residents of the area, two days before normal Civil Defense and Red Cross units arrived on the scene.

Such prompt action was possible because the churches had an actively working inter-faith organization.

Using the Episcopal Diocese offices, and maintaining a 24-hour switchboard, volunteers were able to coordinate contributions of food, clothing, and volunteer services with those who requested aid.

The greatest needs, often, were the least expected, Rev. Logan said.

Teenage volunteers showed much courage in offering to deliver needed medicines to the elderly, in strife-torn areas.

Ministers, with handsful of dimes, visited the many prisoners held in compounds on Belle Isle, and offered to make calls to notify their families of their whereabouts.

It rapidly became apparent that the usual channels of welfare aid had no provision for the sudden short-term financial plight of hundreds who had lost homes and possessions in the numerous fires, and still had jobs which they couldn't get to in the crisis. These people were aided by the cash contributions which came in to the Inter-Faith Center.

When questions from the audience indicated an interest in positive action to be taken by residents of distant communities, Rev. Logan suggested persons should become acquainted with solving the underlying causes of the riots — racial discrimination.

"Concern yourself with the stand taken by your legislators on open-housing, and make sure the provisions for cottage rental and motels in resort areas are not race discriminating," he urged.

Serving coffee and cookies to the 45 persons present were members of the Episcopal Church Women, Mrs. Charles Sturm, Mrs. Roy Richards and Mrs. Thomas Carleton.

Next Sunday, the Lenten program, in the United Church of Christ, will be concerned with "The Generation Gap," presented by Noel Miller, consulting psychologist of the Huron Child Guidance Clinic. The Methodist WSCS will be hostesses for the refreshments.

Psychologist Will Be Guest Lenten Speaker

CLINTON — Noel Miller, consulting psychologist for the Huron Child Guidance Clinic will discuss "The Generation Gap," at the community Lenten program at the United Church of Christ, Sunday, at 7:30 p.m.

His talk will deal with the lack of communication between youth and adults, and he will invite comments and discussion.

The meetings are open to anyone in the community.

The women of the Methodist Church will be hosts for the refreshments.

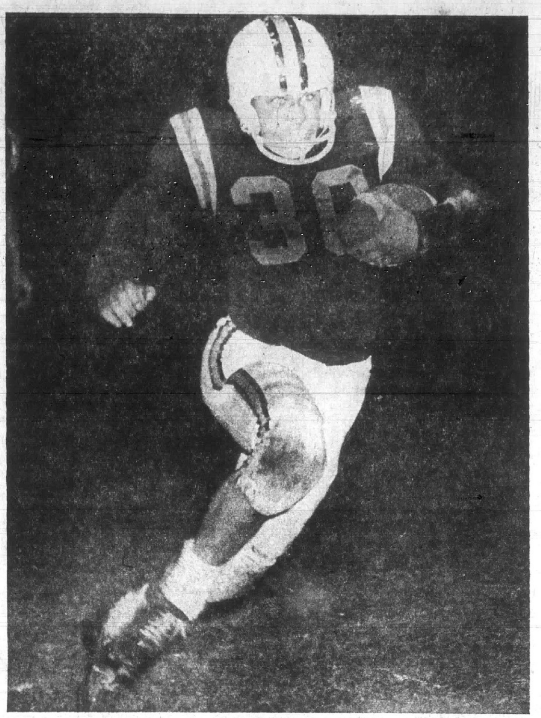
VOICE of THE HERALD



MIKE GREEN, TECUMSEH'S FINEST

Mike Lives On

Seldom has a death shocked the community as did Mike Green's last week. Young and strong, it seems nearly impossible that he succumbed in such a tragic ending.

We doubt that Mike ever knew how many friends he had made. It all started back in the fall of 1959 when the short, heavily-built youngster captivated football fans.

A young bull turned loose, he literally ran over tacklers. He was tough and explosive—and fans loved him for it. Jersey No. 30 was always dirty, often torn and ripped, it was symbolic of Mike and the game.

When he finished his playing days in 1960, he had achieved an image which will always remain. He had become a "yardstick" for past and future Tecumseh players to be judged. He was in a class all by his own.

Mike Green was the finest football player ever to represent Tecumseh on the gridiron.

And, lest we forget, he was even more. Married just over six years, he was a husband and father of two small boys, an only son, an only brother—a friend of hundreds.

As the Rev. Blair Bashore remarked at his service, "Mike lives on" — and so he will in the minds and memories of his family and friends.

Tom Shannon of radio station CKLW will be the Saline host.

To qualify for the competition band members must be between the ages of 13 and 19 and not play professionally.

Heart 'Tag Day'

By MARIE YOUNG

Friday, March 22, will be D-Day or "Tag Day" for the Herrick Memorial Hospital Auxiliary members. It is hoped that all the people of the community will be prepared to greet the auxilians that day who will be out in full force throughout Tecumseh, Britton and Clinton with their generous contributions.

Once again they will be out with the red and white heart tags and canisters working to boost the fund towards their debt for the Intensive Coronary Care Unit.

Those who visited the unit on "Open House Day," Sunday, saw and can be proud, along with the auxiliary members, to have been a large part in establishing this unit in our hospital.

Patients who have been in the unit have only praise and admiration for the unit and care given while in it. As one of the former patients stated, "she had a feeling of security and assurance she needed in knowing she was being constantly watched during her stay in the unit."

Herrick Memorial Hospital Heart Fund

GIVE HEART FUND

Visiting hours in the unit are quite different from those in the rest of the hospital. In order for the patient to rest as much as possible, one member of the family may visit for five minutes on the hour between 10 a.m. and 9 p.m.

The family may remain at the hospital if they wish using the waiting room or quiet room outside the chapel to pass the time in between visits.

The headquarters for Tag Day will be a trailer donated by Paul's Trailer Sales, Inc., parked in front of the D & C store at the four corners.

Starting workers will pick up tags and canisters there and pass them on to their relief at their assigned corner, bank or store.

Some members with their tags and heart canisters will also be at the gates of some of the plants at the change of shifts.

Many weeks of planning and much work has been done in organizing workers for another successful "Tag Day" — the aim of auxilians.

Dalton Picked For 2nd Team

Tecumseh High School basketball player, Steve Dalton, has been selected to the Huron League All-League second team. Dalton was selected in a poll of the coaches.

The 6' junior has progressed steadily as the season wore on. He was typical of the aggressiveness and hustle of a team that was much better than the record indicated.

Dalton's return next year with a little more height, will be a big help in Tecumseh's basketball fortunes.

Also selected by the coaches for honorable mention honors were Jim Hunt and Jim Upell.

Hunt, like Dalton, is a junior and eligible for next year's squad. He has also gained poise and experience as the season closed.

Upell, a senior, is finishing his career in the orange and black uniform of the Indians. His hustle, work around the backboards and scoring will be missed at next year's opening tip-off.

Heart Fund

Contributions to Herrick Memorial Auxiliary Heart Fund were reported as follows:

Donation from Tecumseh Top Notchers 4-H Club.

In memory of Charles Van Natter from the Nurses of Herrick Memorial Hospital: H. Kappler, E. Sager, G. Green, E. Wellnitz, J. Derby, M. Spohr, A. Dick, R. Delker, B. Deranek, L. Diver, A. Williams, D. Gentner, N. Connair, M. Hannevik, H. Williams, I. Merx, L. Tate, M. Porter, N. Moll, L. Baird, M. Young, B. Morris.

Mr. and Mrs. Roger Gillespie returned home Saturday night from a month's vacation in Florida. While there they visited many friends and saw many sights. Their son, Bruce, is presently home from Michigan State University for the spring term break.

Photographer To Present Travelogue

Howard Shelley, Michigan Outdoors photographer, will present a travelogue Wednesday, April 3, at the Onsted School featuring a snow-mobile expedition in the Big Sky Country of Southwest Montana.

The expedition goes into Yellowstone National Park under frigid and snowy conditions showing the falls under a blanket of snow, said to be a breath-taking sight.

Eight snow-mobiles go into the high country, 8,000 to 9,000 feet where neither white man nor Indian has been under winter time conditions.

A fun-packed weekend at the Nine Quarter Circle Ranch rounding up moose with the aid of the snow-mobiles is included in the travelogue.

The presentation is the second in a series given by the Onsted Kiwanis Club this year.

This truck is actually building a highway. One out of every three miles of Michigan's street and highway system is paid for by trucks. One large truck pays as much in highway-user taxes as do 30 automobiles. Heavy trucks (28,000 pounds or more), comprising 1% of all vehicles, pay 16% of all highway costs. Our interest in good highways is for real. We want to pay our fair share.

Highway users pay in advance, for roads yet to be built, and generally, in proportion to the use they derive from them. Highways cost the Federal government nothing; they have no effect on the Budget. If expenditures for highways are cut back, the tax paid by users still accrues in the Highway Trust Fund, which was created by Congress to finance the world's finest highway improvement system, and is by law earmarked for highway purposes only.

Interstate highways, built for reasons of national defense (but with not one penny from the Defense Budget), have been of great benefit to all motorists. The trucking industry has certainly benefited. But once and for all, let the record show:

THERE IS NO SUBSIDY FOR HIGHWAYS!

Senator Bursley's LANSING REPORT

What does it cost to send a Michigan student to college? At the University of Michigan, for example?

What does it cost the out-of-state student? What is the economic value of the out-of-state student to the State of Michigan?

If you have children in high school this concerns you. If you are a taxpayer this concerns you.

Let's review first 1967-68 tuition costs.

The Michigan resident is paying $420 tuition at the University of Michigan as an undergraduate. He pays $920 as a medical or dental student and $620 as a law student. Room and board cost him another $1000. (Michigan State and Wayne have similar costs for undergrads).

The out-of-state undergraduate student pays $1,300 at the University of Michigan, $1,200 at Michigan State, and $1,050 at Wayne State.

Out-of-state students pay only $600 in New York, $1,000 at Ohio State, $764 in New Jersey, $1,050 at Pennsylvania State, $1,000 at Iowa, $850 at the University of Illinois, $931 at Minnesota, $1,050 at Wisconsin and $1,010 at the University of California. At Purdue tuition is $950 and at Indiana $990 for non-residents.

Thus, Michigan is already charging by far the highest among the major state universities. The Senate Appropriations Committee recommended a bill now in the House of Representatives which would further increase out-of-state tuitions by $358. Understandably this is going to lead to reciprocal action in other states to raise their tuitions for those of you whose children might want to go elsewhere to college.

What we are in, is in effect, a sort of protectionist trade war where we are hoisting barriers around our state. I hope this thinking doesn't prevail in Congress where powerful special interests are seeking higher tariffs that will turn the world back from our long-established national foreign policy goal of freer trade and rising prosperity.

Look what out-of-state graduate students presently pay (this is without the proposed $358 increase). Medical students at the University of Michigan pay $1,900 — as much as the highest priced private schools. But Stanford only charges $1,750, Pennsylvania $1,850, Vanderbilt $1,660, Cornell $1,800, Yale $1,900 and Johns Hopkins $2,000.

Law students pay $1,500 at the University of Michigan, the same as Harvard. Duke's Law School charges $1,400 and California $1,020. The out-of-state dental student at the U. of M. pays $1,900 against $1,100 at Illinois, $1,000 at Iowa, $1,030 at Indiana, $1,318 at Ohio State and $1,140 at Minnesota.

Michigan has long sought tourists to bolster our economy. Our Tourist Council points out that 24 out-of-state visitors add in one day to a community's economy as much income as a $100,000 local industry. Several million tourists visit our state annually.

The tourist industry now claims to be Michigan's second best moneymaker grossing over $1 billion annually. It provides tens of thousands of jobs. We are spending hundreds of thousands of dollars to advertise and draw tourists here.

How many realize that the out-of-state student is one of our major tourist attractions? About 20,000 out-of-state students bring an average of $2,500 each into the Michigan economy (counting just room, board and tuition) for a conservative total of $56,000,000.

Economists claim a multiplier effect for each dollar spent — the velocity of money — of the number of times the dollar changes hands in a year. This may be a 4 or 5 to 1 ratio making an out-of-state student contribution to gross state product of $220,000,000.

Each out-of-state student may have an average of five days of parental visits, bringing dollars into the state. Several thousand out-of-state students are married and have wives and children who eat, live and spend in Michigan. Many own homes and pay taxes.

Half the out-of-state medical students who come here to study, stay and practice in Michigan — so some other state has paid for their primary and secondary education.

I have discused this problem from the standpoint of economics-dollars. Obviously there are many educational arguments in favor of a limited percentage of out-of-state students being blended with Michigan residents.

The cost of a college education is high — and is still going up. But there are thousands of scholarships to reduce costs for Michigan students such as our State Scholarship program. There are privately and federally supported scholarships and fellowships based on both ability and need which are available to students at all academic levels and regardless of place of residence.

All of us from the President on down work for you.

OFF the TOP

Time has a way of slipping past so swiftly and so silently, that often we are not aware of its passing until suddenly we are brought face to face with the changes which have taken place.

Like how our children seem suddenly grown up — one day it's diapers and booties, and then suddenly it's a new dress or suit for graduation.

Some of the ways you can tell if your children are growing up are:

If you own two cars, and buy the gas, oil, tires and insurance for them, yet have to make a reservation for one if you plan to go out Saturday night;

If you have forgotten the happy excitement of your youngster on his first day at school, but now you are very concerned about the rising costs of a college education;

If you hated to have your little boy's hair cut the very first time, and now you have to bribe him to go to the barber's;

If you offspring scorns the gift of a quarter, and instead is making strange sounds like, "Dad, I need five dollars;"

If you worry not about measles, mumps and chicken pox — your kids have had them all. Instead, you wish there was a sure-fire cure for acne;

If there is no one left in the family who is interested in watching Captain Kangaroo or Romper Room;

If you are constantly amazed at how many groceries it takes to keep the household going, and you have to make several trips to replenish the depleted stocks every week;

If you pass through the infant supplies and maternity wear departments in a store without so much as a casual glance;

If you have to pay more for your son's shoes than you do your own;

If, instead of stepping over toy tractors and building blocks on the floor, you can enjoy an evening of euchre with the two oldest sons;

If you used to spend sleepless nights walking a colicky baby and now you lie awake worrying about car accidents and the draft;

If your children are critical of your clothes, hair style and friends;

If every radio in the house or car seems to be on CKLW whenever you turn it on, and THAT RACKET blares forth;

If you read Dr. Spock's "Infant and Child Care" very rarely, if ever, and now search through such volumes as "Understanding Today's Teenagers;"

If you no longer attempt any sort of athletic competition with your youngsters;

If your children are taller, smarter, and quicker than you, and have bigger feet;

If you have begun to wonder if perhaps you should have done a few things differently when you were raising the children;

If you begin to think, even vaguely, about grandchildren;

Time is hurrying by, my friend; your children are growing up!

CATHY BEEVERS

Barry and Cathy Merit Top Scholastic Honors

Barry C. Lampkin, son of Mr. and Mrs. Ernest Lampkin, 505 Parkway, is the valedictorian for the Tecumseh High School class of 1968.

Although an A is equal to four points, he acquired additional points through honor courses and presently holds a 4.1071 average.

Retail Division To Reorganize

Tecumseh's long-defunct, retail division of the Chamber of Commerce may soon be activated if the group which attended Tuesday night's meeting has its way.

At a session in city hall with Don Moffatt presiding, businessmen appointed Delbert King as temporary chairman for organizing retailers in the downtown district and those on the fringe areas.

Bill Flanders, Dick Eggleston and Les Dallas were selected to assist Mr. King in formulating plans for a new businessmen's organization.

All four will meet next Tuesday in laying plans for a general meeting at which all retailers will be invited. Since Don Murphy, former secretary who resigned about five years ago, left the Chamber, local retailers have been troubled in organizing and planning promotions.

At Tuesday's meeting, Mr. Moffatt, city recreation director and part-time Chamber secretary, reported that there were 41 members in the Chamber with 13 from the service and professional division, 15 from the retailers, and eight, industrial. Dues are $50 per year.

Some of the discussion included a dues schedule which would provide the Chamber with more funds. The 1968 budget, now prepared by Mr. Moffatt, shows a considerable deficit.

It will be presented at the next Chamber board meeting.

Mike Rice Wins WMU Fellowship

Rotarians Holding 13th Safety Project

Rumors that Tecumseh will no longer have a "Safety Check Parade" have been squeched with the Rotary Club's decision to sponsor the event here again during Michigan Week.

The local club has annually gained state and national recognition through its parade and "safety check lanes" at which hundreds of vehicles are checked.

At last week's meeting, Gerald W. Shipman, executive secretary of Michigan State Safety Commission, told Rotarians that "we could afford another Detroit riot more than the annual cost of Michigan's traffic accidents."

Also on the program with Mr. Shipman was Michael LePore, executive vice-president of the Inter-Industry Highway Safety Foundation of Michigan. He discussed the need of extensive driver education and updating teaching techniques.

Charles O. Butler, chairman of the event for Rotary since its inception here, says even greater emphasis will be placed on inspection of vehicles and cooperation of motorists to have their cars checked.

He says school officials will be contacted for their cooperation with the hopes that students — and their parents — will have their cars inspected and participate in safety functions and activities.

In a recent, nationally-circulated magazine, local Rotarians were applauded for their sponsorship of the safety check program. A picture showed the Rev. B. O. Bashore crowning the queen.

In the past 12 years, Tecumseh has won firsts from 1961 through 1967 in statewide competition, and copped firsts on a national basis in 1966 and 1967.

DOME UNCOVERED — Workmen for Selders' Excavating uncovered an old dome in the Strand Theatre and very few here recall it. Clara Waldron, Tecumseh historian, vaguely remembers it, as does Fred Dickinson, who says it was there when he broke in on the old opera house's stage. Shortly after Frank Bradley bought the theatre in 1905, he installed a false ceiling, concealing the dome from the audiences below. This interior photo shows the workmanship involved in constructing the opera house back in 1878. The Strand is now giving way to demolition for a large expansion to the present Gamble store.

9 Candidates Running for Council

Four incumbents will be seeking re-election to seats presently held on the Tecumseh City Council.

Those hoping to retain their positions are Mayor Harold Easton, Councilmen Don Sunderland, Dr. Carlton Cook, and George McCombs.

Seeking to unseat the incumbents are newcomers to the local political scene: Robert MacLean, a retired union negotiator; David Schoonover, a resident agent for the Automobile Club of Michigan, and Ivan Maynard, owner-operator of a service station.

Making their second attempts for Council will be Norman Feller, an employee of Tecumseh Products and James H. Palmer, Tecumseh Fisher Body employee.

In last year's city election, only 557 of the city's 2874 registered voters turned out to voice their preference.

The number of voters has steadily declined in the past few years to the low of 19%, which voted in 1967.

The largest election to be held was in 1962 when 1,312 voters went to the polls, according to records kept by the Board of Canvassers.

Due to the lack of any big issue election officials do not expect a great turnout for next Monday's council race.

Vietnam Vet Dies Monday

Sgt. John T. Browne, 26, son of Mrs. Dean Delker, 332 N. Union St., died Monday evening in the Walter Reed Hospital, Washington, D. C.

Funeral services will be held Saturday afternoon.

Flown back from Germany on March 15, the soldier died of cancer rather than a severe neck wound he received in Vietnam in November, 1965. He was awarded the Bronze Star medal for heroism in action in a ceremony on August 24, 1966.

Despite a severe neck wound from a sniper's bullet, Sgt. Browne aided his platoon of Co. B, 7th Cavalry, an air mobil unit in the establishment of a defensive perimeter by directing artillery fire until he could be relieved. He acted as a spotter, pinpointing enemy snipers for riflemen around him for the next 24 hours, though his wound prevented him from moving his head.

Born in Monroe July 20, 1941, Sgt. Browne also lived in Ohio before coming to Tecumseh with the family in 1946. They bought the Sutton Place and lived there until 1956, when they moved to N. Union St.

A graduate of Tecumseh High School in 1959, Sgt. Browne was in sales for a while before entering the army. He would have completed nine years of service in December, 1968.

His marriage to Connie Oestrich took place in Lucky, O., on Jan. 12, 1963.

Besides his wife, he is survived by two sons, Stephen John, 4, and Mark William, 2; his mother; two brothers, William H. Browne,

SGT. JOHN T. BROWNE

Jr., 3472 Rogers Hwy., and Philip, at home; and one sister, Mrs. Arlen (Hilary) Coffman, of Westland.

He was preceded in death by his father, William Hugh Browne Sr., on August 4, 1955.

Sgt. Browne will be buried with full military honors from the Holcomb Funeral Home at Lucky, O.

QUESTION:

"Must we accept the suggestions of our friends regarding the type funeral services for our loved ones?"

ANSWER:

Too frequently friends recommend utter simplicity or a disposal arrangement as the modern way. Later, these same friends insist on a full traditional service for a member of his or her family.

He gave a resume of the various community activities of the Post and announced that Don Woods would again serve as marshal of the day for the annual Memorial Day ceremonies.

"The American Legion's destiny is community action," he remarked, "and I hope that you will give serious thought and, I hope, action to an apathetic public."

Cal's Tog Shop Welcomes In Spring

Cal's Tog Shop welcomed in the first day of spring last Wednesday evening at Siena Heights College with a Spring Fashion Show. The Newcomers Club and their guests were delighted with the various fashions worn by the models.

Cal Damon narrated the show with Mrs. Stan Steves assisting. Soft music played in the background as each model stepped onto the balcony. A short description of each fashion was presented as the models descended the stairs and proceeded through the audience.

Such styles as the continental look, the tunic, the double-breasted suit, the three-quarter length coat, capes, pant dresses, patent boots and bikinis were displayed.

Cal commented that hemlines can be stylish up or down this year, depending upon the person who wears them.

The models for the evening were Mrs. Don Smith, Mrs. Richard Purkey, and Pamela Dabe, of Tecumseh; Mrs. Herbert Farver, of Adrian; and Mrs. Robert Tooman, of Clinton.

Mrs. Cal Damon assisted the models in preparing for the show.

MRS. JULIAN GRESHAM

Mrs. Gresham Is Ne w Director

The Board of Directors of the Family Counseling Service of Lenawee County have hired Mrs. Julian Gresham of Tecumseh as the new executive director of the agency.

She began her duties the first of March and has been with the agency as a caseworker since September 1963.

Mrs. Gresham attended college at Maryville, Tennessee, and obtained her masters in social work at the University of Michigan. She has lived in this area with her husband and three children for almost ten years.

Family Counseling Service was established almost seven years ago, services all of Lenawee County and is supported by the Lenawee County United Fund, the Tecumseh, Clinton, and Britton-Macon Community Funds, and by fees.

It offers services to people who are having problems in their marriage, as well as to parents and children who are having difficulties together, and also to individuals who are having personal problems.

Over 1,000 families have been served through nearly 9,500 interviews during its years of operation.

YOU TOLD US

by Dorothy Grigg

What is the signature of spring? No one seemed to know,
Until someone spied a crocus Peeping through the snow.
—Adelaide Blanton.

Miss Blanton must have been writing about the spring of 1968 when she penned her poem, "Signature of Spring." The pretty yellow, purple or white flowers are most welcome any spring but most especially so when Dame Nature keeps pushing the snow button instead of the sunshine one.

Jane McConnell left Thursday morning for Fort Pierce, Fla., where she will spend three weeks with Mr. and Mrs. Elmer Burleson.

Hospitalman Jerry Crunk is home on leave from San Diego, Calif., with his family. He expects to be sent to Connecticut in June and take Mrs. Crunk and family with him.

Staff Sgt. William Starkey and his wife, the former Joan Whelan, with their 11-months-old daughter, Fayette, arrived home from Anchorage, Alaska, Tuesday night. They drove down the Alaska Highway, starting March 14, and spent a week in Montana before coming on home to her parents, Mr. and Mrs. Lyle Whelan's residence. It has been five years since the Starkeys have been home. He is on an en route leave, headed for Vietnam. He will report to San Francisco, Calif., April 27. He is a radar operator with 14 years in the Air Force. He is the son of Mrs. John Starkey.

Mr. and Mrs. William Kempf entertained Sunday at a surprise birthday dinner in honor of their daughter, Evelyn Uhr. Guests included Mr. and Mrs. John Uhr and daughters, Jonna and Vanna, of Carleton; Michale Kanya, of Trenton; Mr. and Mrs. Gerald Bahnmiller, of Saline; Mr. and Mrs. Michael Swistake, of Dearborn; Mrs. Itha McDonald, of Wolf Lake and Omar Ward, of Jackson.

One more year and Mrs. Jay Morse will reach the century mark. She will observe her 99th birthday anniversary April 3 at her home.

Mr. and Mrs. Kenneth Beevers and Nancy have returned from a visit to Florida's lower west coast. They were guests at the Sarasota Jungle Gardens, too.

Mrs. Joseph Rohweder has returned from a vacation in Fort Lauderdale, Fla.

Mrs. Barbara Pfalz has left for New York after a 10-day stay with her mother, Mrs. Earl Lindsley. While here they visited Mr. and Mrs. Z. R. Elston, of Angola, Ind.

Ken Kopke is recovering from a bad fall this winter when he broke both arms. He is able to be out in the yard.

Mr. and Mrs. John Hamilton and family spent the weekend here with her parents, Mr. and Mrs. Wilfred Waldron, after completing some business in Lansing. The Hamiltons are living in Worthington, O., near Columbus, now.

THS 1968-69 Cheerleaders

By PAM DABE

Congratulations are extended to the 1968-69 THS Varsity and Junior Varsity cheerleaders that were recently chosen.

Having been a cheerleader myself I know that it takes a lot of time, work and practicing to become a cheerleader. Many people don't realize that these girls practice hard and devote many hours to building up school spirit.

There is much more than perfecting their skills and smoothing out their cheers and routines.

They make clever signs to display during the game, paper buttons for all THS fans to wear, goal posts to decorate, pep meetings to plan, locker rooms to decorate, new cheers to devise, bulletin boards and halls to drape with orange and black crepe paper and plan a special item each week to give to the players, like apples or gum.

These girls deserve all the appreciation and compliments for a job well done and I am sure we all wish them good luck for the coming season.

The 1968 varsity cheerleading squad consists of Jan Snyder and Dulce Robinson, seniors; Lorrie Beevers and Donna Osburn, juniors; and Pat Weigle and Cindy Steadley, sophomores. Junior, Marsha Perrin was selected as the alternate.

The junior varsity squad includes Janice Appel, Debbie Carpenter, Gail Kennedy and Joan Lundahl, all freshmen and Debbie Simon and Irene Dauber, sophomores. Freshman, Mary Beth Deaner was chosen as the substitute.

Public Supper

TIPTON — The Franklin Township Republican Club is sponsoring a public turkey supper Friday night, March 29, at 5:30 p.m., at the Tipton Grange Hall.

The engagement of Kathy Lynn Barrett to Larry Dean Mitchell is being announced by her parents, Mr. and Mrs. Ronald Barrett, 11 Cairns St. Mr. Mitchell's parents are Mr. and Mrs. Robert Mitchell, 6874 Green Hwy. Miss Barrett is a junior at Tecumseh High School. Her fiance attended THS and is presently serving aboard the carrier USS Criskany in San Francisco, Calif. They plan to be married in 1969.

$2,280,000 Proposal on April 15th Ballot

By MAXINE CALHOUN

CLINTON — Voters in the Clinton Community School District will be asked to approve a $2,280,000 school bond proposal at an election, Monday, April 15.

The district is regulated by law to not exceed 15% of its state equalized valuation, which is estimated for 1968 at slightly above $17,700,000. This increase from the 1967 valuation of $15,221,080, is largely due to industrial building within the district.

The district already has a 2-mill building and site sinking fund, and the new building proposal will require an additional 6 to 6½ mills, a total of 8 to 8½ mills.

The bonds will run for 29 years with the option to pay off earlier if the money is available.

The proposed sum of $2,280,000 will include an amount of $150,000 for the remodeling of the present high school for elementary purposes; $130,000 approximately, for cost of site; $200,000 for equipment in the new building; and the rest would be used for the construction of the new high school.

All school salaries, including teacher, administrative, custodial, secretarial, etc., are paid out of operational millage. The board has estimated these additional costs could be met with one mill or less of operational monies.

Site selection has taken a good bit of the board's time, and much thought and study has gone into the decision, according to Superintendent Richard Wegner.

The State Departmnt of Education recommends that a secondary building be placed on a site of 35 acres or more. Federal guidelines stipulate 45 acres. However, there is no law which requires this much acreage.

An applicaction for a Federal Land Grant has been made, which, if approved, would help to pay the cost of land over and above the 45-acre minimum federal requirement. Such grants have been held up for some time because of the nation's more pressing problems.

Walter Frazier submitted a comprehensive comparison of site development costs at a recent meeting of the school board, and subsequently the option was renewed on the Halladay site for one year.

The comparisons follow:

Halladay Site—95 Acres.

This study covers sanitary sewerage to existing drain to property line. This scheme would involve obtaining rights of-way across two pieces of property about 500 feet.

A. Sanitary Sewer	$ 2,100.00
B. Easement across remaining Halladay acreage and Middlebrook property to Burton St. sewer	?
C. Storm sewer to Mill Pond	2,500.00
D. Water service from Jackson St. to property line	500.00
Total cost to prepare site for construction	$ 5,100.00

(There may be an additional cost for obtaining rights-of-ways.)

Cost of 95 acres	125,000.00
Cost of railroad land	3,000.00
Total cost of Halladay site estimated	$133,100.00

If the Halladay site is chosen, the 17 acres within the Village, plus all acreage north to the creek and wooded area, which includes somewhere between 30 and 35 acres, will be used immediately for high school purposes. The acreage north of the creek will probably be used for agricultural and test purposes by the FFA and agriculture department.

Horvath Site—100 acres, east of village limits on US-12.

A. Sanitary sewer to US-12 at State Police Station	$ 12,000.00
B. Pumping Station necessary to raise sewerage from low point at highway	20,000.00
C. Water supply to US-12	9,000.00
D. Grading, earth moving	20,000.00
E. Demolition of farm buildings	2,500.00
F. Storm sewers, not available at this site. Storm water will spill on site.	?
Total to prepare site for construction	$ 63,500.00
Cost of 100 acres	80,000.00
Total cost of Horvath site	$143,000.00

Underwood Site—30 acres surrounding present school.

A. Sanitary sewer from Church St. and water supply from Church St. not available. Must be brought from Franklin St. No estimate available.	$?
B. Grading, earth moving	30,000.00
C. Storm sewer	?
E. Extension of Franklin St. to Sunset St.	20,000.00
Total to prepare site for construction (exclusive of sewer and water costs)	$ 50,000.00
Cost of 30 acres	62,000.00
Partial cost of Underwood site that can be estimated	$112,000.00

Anyone in the district who has questions about the building proposal may attend either of two public meetings, next Monday and Tuesday evenings, at 8 p.m., in the elementary all-purpose room.

Several area group meetings have been held in the past few weeks and the school board hopes that all those who have not yet attended one of these meetings, will do so next week, to acquaint themselves with the facts.

A gift to you from
KEN-RAY
TECUMSEH DRUGS

PARENTS: We've arranged to have a nationally recognized professional photographer at our store on the dates shown below.

You can have each member of the family photographed in several poses, and pick any one of them for your free portrait. We only ask that all children be accompanied by a parent.

DON'T MISS THIS OPPORTUNITY to get a living color portrait you will treasure always. Several poses are taken and low cost additional portraits are available for those who wish them.

It's our way of saying "Thank You" to our many regular customers, and "Welcome" to everyone else. Incidentally, we believe these photographs are really something special. They're beautifully posed portraits — not snapshots. And don't forget they'll be in living color, so dress the children in bright colors.

What's Going on at BOYSVILLE

By GREG KOVACS

The Boysville of Michigan Drum and Bugle Corps traveled to Detroit Sunday, March 17, to participate in the annual St. Patrick's Day Parade. The Corps marched the Knights of Columbus of the Fr. Patrick Kelly Council of West Dearborn down the Woodward Ave. parade for a total of two miles.

The Drum and Bugle Corps were given a chicken dinner at the Kelly Council Hall before they left for the parade. After the parade was over the boys were invited back to enjoy the traditional Irish meal of corned beef and cabbage.

The boys placed seventh among the other 19 bands that participated in the parade. Brother James Bergmen, C.S.C., Music Director of Thomas More High School, commented that the Corps had played well for the first big parade of the year and hopes that they continue to play as well for the upcoming parades.

The Drum and Bugle Corps had to cancel a parade that they had scheduled for March 24 because of weather conditions. The parade was to march the Knights of Columbus of the Fr. Cotter Council in Detroit to their Annual Communion Sunday at St. Rita's Church in Detroit.

★

The students of Thomas More High School went on "Retreat" Tuesday and Wednesday of last week. The visiting priest who acted as Retreat Master was Fr. Omer Kelly, a Capuchin, from the Monastery in Detroit.

Father Kelly discussed such topics as man's weakness in sin and an interpretation of different parts of the Mass. During the Mass he offered, boys were invited up to the Altar by Father Kelly to have a closer participation in the sacrifice. At Communion the boys were given the Body and Blood in both species. At the closing of the Retreat, Fr. Kelly gave the students the Papal Blessing.

★

The Dramatics class of Thomas More High School are busily preparing for their first presentation of the year which is planned for April 4. The Drama class hopes to present two plays, "Of Mice and Men" and "Submerged" on the same evening.

Brother Donald Kuchenmister will be directing the plays as he teaches the students the technique of staging productions. So the boys have been coming along well with their lines and stage business and it is expected that they will do a good job in presenting the plays.

★

A new schedule for Sunday has come into effect for the students on the campus of Boysville of Michigan. Instead of the usual rising at 8 a.m., the students are now able to sleep in until 9 a.m. with Mass following and then the breakfast meal.

Since the students rise later they will only have two meals with the main meal being at supper. In the past the students had an hour of free time before Mass after breakfast and then they had another hour of free time up to dinner, which wasted the time of doing anything constructive for the students.

The schedule is going to be on a trial basis to see if it will work. If it works with no complications, the students in the following years will follow this schedule every Sunday.

★

The pool tables of Dettman recreation hall have been under renovation by the maintenance department. The pool tables, which have just been refelted in January, were in bad need of repair because of the constant use that they undergo.

★

The Art students from Thomas More High School visited the Art Department of Eastern Michigan University on Tuesday and Wednesday of last week. The boys were shown the different types of art at the university by Mrs. Constance Owen, who is the Art Instructor at Thomas More and a graduate of Eastern Michigan.

After the students finished the tour of the Art Department, they were then allowed to browse on the campus of the college to see anything else of the university that may have interested them.

Maundy Thursday Is Basis For Talk

CLINTON — Mrs. Louis Vogel, state president of Women's Fellowships of the United Church of Christ, addressed a meeting at the Clinton church, attended by 100 women Thursday evening.

Guests were present from associated churches of the area, St. James, and St. Paul's Churches of Saline, Emmanuel, and Bethel Churches of Manchester, West Adrian, and the Tipton Community Church.

Mrs. Vogel's talk was a Lenten message developed from the traditions of Maundy Thursday.

Noting three gifts Jesus left to the world — the sacrament of the Lord's supper, symbolized by the breaking of bread, the Holy Cross, and the Lord's Prayer, Mrs. Vogel enlarged upon their meaning in the context of a growing social concern for the needs of the world's people.

The program opened with the singing of three hymns by Charles Wilder, accompanied by Marcee Meyers at the piano.

The president, Mrs. Robert Vogel, welcomed the guests.

Mrs. Robert King presented the devotions, "The Gift of the Holy Spirit."

Mrs. Linn Weaver, chairman of the social concern committee arranged the program, and introduced the speaker.

Mrs. Martin Hoelzer reported for the nominating committee.

Mrs. Robert Vogel was re-elected president.

Other officers elected to serve for the 1968-69 term are:

Vice-president — Mrs. John Fox.

Secretary — Mrs. Hoelzer.

Treasurer—Mrs. Mervyn Witherell.

Corresponding secretary—Mrs. Howard Hintz.

Parish chairman — Mrs. William Shelley.

Nominating committee — Mrs. Lewis Blaisdell.

The following committee chairmen were named:

Christian World Mission—Mrs. Harold Calhoun.

Christian Education — Mrs. George Baldwin.

Social Concern — Mrs. Albert Geiger.

Evangelism and Spiritual Life — Mrs. King.

Mrs. Edgar Randall announced that the World Mission committee now has 151 little girls' dresses cut out, and ready to sew. Anyone wishing to have dresses to sew may contact Mrs. Randall, Mrs. Arthur Hill or Mrs. Vogel and they will be delivered.

The mother-daughter banquet date was set for Saturday, May 11.

The program will be arranged by the Mary-Martha Class: food by Priscillas; and decorations by the Philathens.

A sum of $735 was voted to the general fund.

The next meeting will be May 23 when the new officers will be installed.

Salad and coffee were served by the Fellowship officers at a table centered with a spring bouquet of daffodils and pussywillows.

Lenten Service

CLINTON — A panel of youth and adults explored the "Generation Gap," before an audience of 45 persons attending the third community Lenten program in the United Church of Christ, Sunday evening.

Dr. Noel Miller, consulting psychologist for the Huron Child Guidance Clinic, was the moderator of the panel, which included Mrs. Roy Richards, Robert Vogel, Elizabeth Vogel and Robert Tallman.

The discussion made apparent the need for keeping the lines of communication open between parents and their children, to create an atmosphere of understanding, allowing both age groups to maintain their identities.

The Rev. David Liscomb, of the Methodist Church, hosted the meeting. Refreshments were served by the women of the Methodist WSCS, Mrs. Roy Williams, Mrs. Wilbur Reiser, Vivian Powell, and Doris Negus.

Next Sunday, the Lenten program will be concerned with "Fair and Open Housing," presented by Representative Robert C. Stites.

SNOW STORM SPRUNG ON SPRING — This scene on Murphy Hwy., taken Monday morning was the example of what happened to the area during the storm Friday and Saturday. Among all of the disillusioned robins, those of us affected with spring fever, jonquils, and other Spring symptoms, were the county road crews as they broke the blade on their snowplow in the area of this picture. Shakespeare said something about, "no fury like that of a woman scorned," and, too, there is no fury like a Michigan winter resting itself in History.

Third Annual Elementary Talent Show

CLINTON — The third annual Elementary talent show will be presented Friday and Monday.

Student council officers who are arranging the event are: president, James Lancaster; vice-president, Barry McKeen; secretary Steve Liscomb, and treasurer, Kim Hartung.

About 50 children in grades 1 through 6 will take part.

Largely individual efforts, the program includes singers, piano and accordion numbers, comedy acts, and the sixth grade rock and roll band. Mrs. Wesley Proctor will provide the piano accompaniment.

Because of the limited space available in the all-purpose room, the program is divided into three performances, to permit a portion of the classes, and their parents to see it, at each time.

Friday morning grades 1 through 4 will present their program from 8:30 to 9:30 a.m. with kindergarten through 4th grade students, and their parents, who cannot attend an evening performance.

Friday afternoon, at 1 p.m., grades 5 and 6 will present their portion of the program, and their parents may attend.

Monday at 7 p.m., grades 4 5 and 6, will present their program for parents who are unable to attend daytimes.

A&P

NOW A&P IS REALLY IN THE SOUP

(SOUP BUSINESS, THAT IS)

For years, our Ann Page Division has made great soups...
but there were only 3: Tomato, Tomato Rice and Cream of Mushroom.

For some time, we've been working on new varieties.
But you know fussy A&P.
If they are going to be called Ann Page,
there can't be better soups... and you can't rush perfection.
It's taken time but it was worth it.
When you taste our 4 new varieties, you'll agree.

And when you see the prices... you'll want to buy them all.
You should, because they just might be the best values in the store.

One more thing, all 7 have shiny new green, red and gold labels.

Now that A&P is *really* in the soup business,
shouldn't A&P be your store?

Conservation Scholarship Fund

By MRS. GORDON COMFORT

Scholarship money for a teacher, interested in conservation, is being offered by the Little Garden Club of Tecumseh.

The money, to be used toward the annual one-week Higgins Lake Conservation School of the Michigan Department of Conservation, will help defray costs, which will total $46.80 for room and board and $20 additional for those who wish to attend the session for one semester hour's graduate of undergraduate credit.

The five sessions run from July 14-20, July 21-27, July 28-August 3, August 11-17, and August 18-24. Only the first, third and fifth weeks will offer the graduate or undergraduate credit. Only teachers desiring credit will be admitted during these weeks.

Mrs. Earl Baldwin, conservation chairman for the garden club, explained to members at their March meeting last Tuesday that the conservation school is not meant just for "nature study." Conservation Department, university and college personnel who work with the teachers attempt to demonstrate "wise use and management of our natural resources and their relationships to man and his needs, his society and standards of living."

Concepts and principles of conservation of natural resources are taught in both indoor and outdoor classes. Teachers are given ideas for taking this training back to their students.

Teachers wishing further information, may contact Mrs. Baldwin.

In other activities, the club members were given a demonstration of vertical flower arrangements. Because they require only a few blooms, these arrangements are particularly good during the winter months, when flowers are scarce and expensive.

In the demonstration Mrs. Richard Hammel used three spuria iris blooms and a few sprigs of greenery.

In committee reports, it was announced that Mrs. Howard Furry, Mrs. Jerry Eggleston and Mrs. Stanley Cook prepared a program for the Herrick Nursing Home patients, showing a slide program on the International Flower Show in New York. Mrs. Furry also presented to the home a flower arrangement in the St. Patrick's Day spirit.

The monthly program for the garden club's meeting was presented by Miss Anne Carson. Quoting and showing illustrations from "All the Plants of the Bible," a book available at the Tecumseh Public Library, Miss Carson told of the problems involved in tracing biblical plants. Many are known now by different names. For instance, of the many "lilies" mentioned, the "lilies of the field" which toil not, yet are clothed as brightly as Solomon, actually are what modern gardeners call anemones, flowers of brilliant color shaped more like a wild rose than like modern lilies.

Food plants known in Old Testment days include sugar cane, barley, beans, wheat, watermelon, brambles (blackberry) and "bitter herbs" which we call dandelions.

Hostess for the meeting was Mrs. William Holmes, assisted by Mrs. Don Moffatt and Mrs. Jerry Eggleston.

The April 16 meeting will present Marda Gene Duncan, who will speak on "Enjoying Our Feathered Friends." Mrs. J. J. Walper will be hostess, assisted by Mrs. Charles Gross and Mrs. Judson Miles.

FFA Attends Convention

BRITTON — Fourteen members of the Britton FFA Chapter attended the 40th annual FFA convention at East Lansing March 20-22, where they met with nearly 1,000 other Michigan FFA members for the two-day session on the Michigan State University campus.

Doug Steinman and Dick Schroeder were chapter delegates who helped conduct the business of the 9,872 member association.

A highlight of the convention was the conferring of State Farmer degrees on 197 boys, including five from the local chapter, and the naming of Donald C. Rueger of Bay City Central High School as Star State Farmer, which is the highest honor to be given any FFA member.

Jim Bush was selected to represent Michigan as a member of the National FFA band.

Final contest winners in four leadership areas were named at the state convention. Eight finalists in each area had earlier survived statewide competitions at district and regional levels.

Britton's Parliamentary Procedure team earned a fourth place and silver award, placing behind Fowlerville, Petoskey and Caledonia.

Jerry Rodgers of Onaway won the Public Speaking event and will represent Michigan at the National FFA convention in Kansas City in October. The Caledonia chapter was named winner of the Demonstration contest, and the Farm Forum winner was Onsted.

Through My Window

THE CASE OF THE MISSING NEST

I know two very confused and puzzled sparrows. Soon I hope they will be two very confused, very puzzled and very frustrated sparrows — frustrated to the point of giving up. What all winter was rather mild fun, watching sparrows seek protection from wintry blasts, has suddenly become serious.

We are now involved in a war of wills and I sincerely hope in the near future to be able to report that the three Duncans have defeated two sparrows.

The whole contest centers around the cute little bluebird house which last summer the bluebirds completely ignored, but which the wrens found most attractive and nice. In fact, the wren activity was so great that we hardly had time to bemoan the lack of bluebirds.

The house itself is situated about halfway between my west-facing window and the top of the creek bank, thus affording us a marvelous close-up view of all that goes on. We enjoy every minute of our Peeping Tom role.

It was interesting to watch the courtships, the movings out, the movings in and the feeding of the youngsters. It was also fun to see the sparrows thwarted in their attempts to invade the wren's house.

Really, all summer they tried to dislodge the wrens but did not get to first base.

While I am sure the wrens were fully capable of defending their home-sweet-home, their cause was certainly "aided and abetted" by the fact that the fat little sparrows could not squeeze themselves through the tiny round doorway.

Their heads could poke in but further than that they could not go. Often we congratulated ourselves on having a house with precisely the right entrance dimensions.

★

AFTER THE wrens and all the other warm weather birds had taken off for their winter vacations in the sunny southlands and indeed, after our warm weather itself had taken off for somewhere and Old Man Winter had moved in, we noticed a change in the activity around the bluebird-wren house.

And what a change — sparrows were popping in and out of the little round doorway just as if it had been tailor-made for them. Whereas they could not wedge themselves through a few months before, they suddenly had no problems at all.

What had happened? Once we had a little wooden bird house that attracted a downy woodpecker. She remodeled the doorway, by much drilling and chipping away she greatly enlarged it. Nothing like this happened to the present house though, of that we were sure. Possibly the sparrows themselves had slimmed down — perhaps they had been exercising along with Ed Allen or something.

We never did figure out the how, we just chuckled at the little sparrow who, during the worst winter weather, sat in the doorway of the bluebird-wren house.

However, the sparrow situation is suddenly not funny anymore because, at this time of year, who wants front row seats for a sparrow family-raising session. We certainly don't and this is why the war is on.

★

FOR THE PAST several weeks, the sparrows have been moving in — a hard-working pair have been moving in an unbelievable amount of dead grass and weed stems, tiny twigs, bits of kleenex and even feathers. Both birds were busy but, of course, we felt that she did the greater portion of the work.

Neither were as clever as the wrens, they could not even begin to maneuver "big pieces" through the doorway with the ease of the rightful tenants. One day, though, Gertie T. and I were royally entertained — the nest building was apparently at the stage where long weed stems were needed.

The male sparrow, his bill bulging with the long strands, would fly to the roof of the house. He went to the roof, that is, after trying in vain to push his bundle through the doorway.

When Mrs. Sparrow finally came around, they conferred for a few moments and she then hopped into the house. He "tiptoed" to the edge of the roof, dangled the stem in front of the doorway and she cooperatively reached out, grabbed hold of a stem with her bill and pulled. It was quite a tug of war, and, although most of the nesting material fell and had to be retrieved, it eventually got inside.

Such goings on were good for a laugh or two, but we still did not want sparrows in the wren house. Sunday Dad served the eviction papers, he even moved the sparrows out. Monday morning, of course, they were right back and oh, what a performance.

They just could not figure out what had happened — the house which they had worked so hard to fill was now completely empty. They hopped from roof to door to inside house and back out again. They stood on the roof and leaned way over to peek inside; they perched in the doorway and cocked their heads in puzzlement.

It was so apparent that they didn't know quite what to do. By afternoon they had ceased worrying and had started working again. Another nest was being built which means that in a few days there will be another nest for Dad to remove. I wonder how long this will go on?

So it is that the story of the Duncan-Sparrow War of Wills, the first chapter will most definitely be called "The Case of the Missing Nest".

Tag Day

In spite of a cold wintery, blustery day the people of Tecumseh, Britton and Clinton once again helped the Herrick Memorial Hospital Auxiliary to say, "A job well done by all." The loyalty of the communities and auxiliary has helped workers net $1,264.70 for the heart fund.

Thus the "Tag Day" success once again enabled the Auxiliary to further reduce their pledge towards the Intensive Coronary Care Unit.

Mrs. Neville Hart, chairman, and her committee would like to express their sincere appreciation and thanks to all who in any way helped in making this "Tag Day" a day to remember.

Thanks especially to the city for permitting them to run "Tag Day," to the Tecumseh Herald for their publicity coverage and help in printing the tags, to the Senior Citizens for punching and stringing the tags, to Paul's Trailer Sales Inc., for the use of the trailer, to all the merchants and bankers, to the industries, to all the auxiliary callers and the workers and to all the generous people of the communities, without whose assistance another rewarding "Tag Day" could not have been realized.

Men Appreciate Being Under Bagby's Command

Cpl. Kenneth Bagby, USMC, is a communications chief at Khe Sanh, Vietnam, where he has been located since Dec. 4. His parents, Mr. and Mrs. Herbert Bagby, 1201 Murray Dr., recently received the following communication from three of the men under his command:

"Dear Mr. and Mrs. Bagby:

"I'm writing this letter on behalf of myself and the two other guys who live in the same hutch with Ken. We'd like to thank you for the little bit of cheer, of which you sent to Ken. He shared it with us and we appreciated it and were most grateful.

"You'd be proud of Ken. He's doing an excellent job here and is setting a good example for the men under his command, of which I am one. We all respect him and consider it an honor to serve under him. Again let us offer our appreciation.

"As ever,
"Cpl. Jimmy L. Jones, USMC
"John U. Harbaugh HN3, USN
"L/Cpl. Michael L. Taylor, USMC."

WSCS To Hold 15th Annual White Breakfast

"A Thought to Inspire" is the title of the program to be presented by students from the Adrian College Speech Department at the 15th Annual White Breakfast at 9:30 a.m., April 12.

The Breakfast is given each year by the Women's Society of Christian Service of the Tecumseh Methodist Church. It will be held in the Fellowship Hall of the church.

Four students from Adrian College will participate in the program. Martha Bryan will present a poetry and prose inspirational. Debbie Keefer, the only blind student on the Adrian campus, will give her impressions of color.

Phil Emerson and Chuck Fowler, first and second place elocution winners, respectively, and both pre-ministerial students, plan to do a scene from "Inherit the Wind," the play by Jerome Lawrence concerning the evolution trial in Tennessee in 1925.

Mrs. Carlton Cushing will give devotions. Special music will be provided by Mrs. Earl Mason, accompanied by Mrs. Fred Oberlin.

There will be a nursery for pre-school children. Tickets for the breakfast are 75c and are available at Flanders Music Company or from Mrs. Erwin Buss at 423-4515.

Congregation To Renew Vows During Service

An individual renewal of the vows of membership will be taken by the entire congregation this Sunday morning during the worship service of the Tecumseh Methodist Church.

This will climax a five-week attendance crusade, "Fill A Pew," which is being conducted under the direction of the Membership and Evangelism Commission with Mrs. Robert Bonner, chairman.

The crusade has been successful and has enabled the commission to contact each member to encourage their presence and to become more aware of the individual concerns of the membership.

In keeping with this renewal, Rev. Donald Porteous will speak on "Steps To A New Life."

Seaman Snyder Completes Nine Weeks' Training

Seaman Apprentice Robert D. Snyder, USN, 18, son of Mrs. Marvin C. Bacon, 3180 Whelan Rd., Tipton, has been graduated from nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Lenten Service

MACON — The fifth special Lenten Worship Service will be held Sunday, March 31, at 7:30 p.m., in the Macon Methodist Church.

The Rev. John Lover of the Grace Methodist Church in Ridgeway will be the guest speaker.

Bart Hayes, physiotherapist, serving Bixby and Herrick Memorial Hospitals, presented the program on physical therapy to 20 members of the Lenawee District Nurses Association, Thursday evening in Bixby Hospital.

He described three common conditions nurses would encounter in which physical therapy would benefit the patient. Using case histories and slides, Mr. Hayes discussed the exercises used with patients who have just had a stroke or Cerebral Vascular Accident (C.V.A.) — the importance here is to begin therapy, whenever possible, within 24 hours after the stroke.

The second condition is that of low back injury. The proper method of pelvic traction as well as the program of Williams exercises was presented.

The third patient suffered from adhesive capsulitis — "frozen shoulder" — and Mr. Hayes stressed the range of motion exercises which would most benefit this patient.

Applying ingenuity and imagination with a concern for the financial pressures on people, Mr. Hayes has developed kits for use by patients requiring exercises or traction arrangements at home. These kits are available upon request and referral from a doctor, and present a savings to the patient needing them at home.

Following a question and answer session, a tour was conducted through the physical therapy department and also the new occupational and recreational therapy departments at Bixby.

During the business meeting, it was announced that Michigan Nurse Week will be from April 1st through the 7th. These days are set aside each year to honor the nurses serving in Michigan communities and to make the public more aware of the work done by the nurses.

Elections for the offices of president, corresponding secretary, and treasurer for two years and the office of vice president for one year will be held at the April 18th meeting. Nominations are still open; contact Mrs. Journey Stoner, Tecumseh.

Tickets are available from Lenawee nurses for the card party which will be held Wednesday, April 24th at 7:30 p.m. in the Blue Flame Room, Adrian. Admission or tickets are $1.00 per person.

Dr. D. A. Haught has returned from Fort Worth, Tex., where he participated in the 176th Seminar and Congress on Research conducted by the Parker Chiropractic Research Foundation.

Youngsters Get First Sweet Taste of Spring

CLINTON — "Sugaring off" at the farm home of Mrs. Charles Foreman, Wisner Hwy., provided an exciting morning for 23 youngsters of the Kindergarten class at Clinton Elementary School, Wednesday.

The teacher, Mrs. George Heimerdinger, was ill, so the group was accompanied by their substitute teacher, Mrs. George Saucier, of Saline.

Assisting were Tracine Zick and mothers, Mrs. Leroy Douglas and Mrs. Jack Crittenden, with Mrs. Melvin Purple driving the bus.

The Foremans have six maple trees — one in the front yard, where the children could watch the tapping of a tree and the dripping of the syrup into the pail.

Then they trooped into the big farm kitchen, where Mrs. Foreman showed them how the syrup is cleaned. By boiling eggs and milk together with the syrup until it curdles and raises to the top, it can be strained.

They were munching on cookies as they climbed back on the bus, each one clutching his own small jar of maple syrup — to be used at a pancake breakfast in their room this week.

Council Race Attracts Only 703 Voters

Clear skies and sunny weather greeted Tecumseh voters Monday as they went to the polls to elect four members of council.

All four of the incumbents who sought re-election were returned to seats on the city's governing body.

Leading vote-getter among the four was Carlton Cook, M. D., who polled 485 votes out of the 703 cast. Mayor Harold Easton followed with 429, Don Sunderland with 411 and George McCombs with 363.

The nearest challenger to the incumbents was Robert MacLean, who drew 265 supporters to his column. It was MacLean's first venture onto the local political scene.

The non-partisan ballot also saw David Schoonover, Ivan Maynard, Norm Feller and Jim Palmer drawing votes in the election.

The vote was higher than last year when only 557 of the city's 2874 registered voters went to the polls.

A total of 295 voted at Precinct 2; 233 at 3, and 175 at precinct 1.

Mayor Easton has served on the council for 10 years while Dr. Cook has served since 1966.

Sunderland and McCombs have been members of Council since 1964.

The only issue at stake in the election was the council seats.

Farm Grass Fire Burns Acreage

A fire which started from a trash burner spread to a considerable amount of acreage on Saturday afternoon at the Paul Sheldon farm on Milwaukee Rd.

Firemen worked on the grass fire in excess of two hours to extinguish the flames. It had a start when the firemen were called.

The fire spread from the Milwaukee Road farm across to the Clinton-Macon Rd. before it was completely out.

No damage was reported to the firemen.

Trash Burners Start Rash Of Grass Fires

Last week's warm weather brought a rash of grass fires for the Tecumseh Fire Department.

At 1:45 Thursday they were called to the Avery Pool residence at 110 E. Kilbuck, where a trash burner had caused leaves and grass to ignite.

Friday an incinerator on the rear lot of St. Elizabeths Church sparked dry grass and weeds that spread to the lot owned by the New York Central Railroad. The fire spread over a wide area before the firemen were able to extinguish it.

Saturday they were again called to property of the railroad. The call came from a resident at 309 Miami Court. More dry grass and weeds were burning near the tracks just off N. Union.

There was no damage reported from any of the fires.

Policemen Ask for More Pay

City policemen are looking for pay raises.

Chief Murell Clark met Monday in preliminary negotiations with City Manager Cal Zorn and Detroit attorney Earl Boonstra, who is representing the municipality.

Salary requests were not made public.

Valuations in City Up $884,575

Property valuations in Tecumseh are up $884,575.

This will mean approximately $11,000 more for city coffers, estimates City Manager Cal Zorn, with collection of 1968 taxes at the same 13-mill level of last year.

Comparing the past two years valuations:

1967 — $27,550,925

1968 — $28,435,500

Broken down, in the two major categories:

PERSONAL PROPERTY

	1967	1968	Up
Commercial	$ 1,210,000	$ 1,275,300	$ 65,000
Industrial	8,047,450	8,396,800	350,000

REAL PROPERTY

Commercial	2,611,150	2,785,000	175,000
Industrial	2,333,575	2,410,150	77,000
Residential	12,353,200	12,559,650	206,000

Zorn, who anticipates no increase in millage, is wrestling valiantly with this year's budget. Ordinarily he likes to have it ready for Council's organizational meeting, but it's not possible.

State law requires a city budget be ready for approval no later than April 15 — and that's the date he is shooting for, when city fathers gather in regular session.

Council Officers To Be Elected Next Monday

Annual organizational meeting of Council will be held next Monday night when the mayor and president pro tem will be elected.

City fathers also can expect to receive copies of the new budget.

Trip Cancelled

Would-be Huck Finns Are Beached

Two would - be Huckleberry Finns were pulled ashore at the Globe Mill Pond Monday evening by city police and firemen.

Police received a report from a nearby resident that two boys were on the pond with rafts and looked as though they could use some help. Police responded and reported that they could see two boys on individual rafts.

One boy was standing on his raft and not moving. The other boy was pushing his along with a large pole, in the direction of the other raft.

Police told the boy poling his home-made craft to head for shore and then summoned the fire department to come with their boat and bring in the boy left on the pond. Firemen answered the call and both boys were brought ashore unharmed.

The boys were then taken to police headquarters where they were reprimanded for venturing out onto the pond. They were told of the dangerous condition of the water.

Mothers were then summoned to pick up the boys, told of their actions and then according to the police report, "Turned over to their mothers for disciplinary actions."

It is quite likely that the two would-be adventurers will be white-washing a lot more fences in the near future than taking brief trips on the Globe Mill Pond.

Showing School Plans

A meeting will be held Thursday evening for parents and interested citizens concerning the new Sutton area elementary school.

The meeting will be held at the Tecumseh Acres School at 7:30 p.m. The architects plans for the school will be shown and any questions that might arise will be answered.

The new school will have seven regular classrooms, a multi-purpose room, library, two special education rooms, a music room and art room.

Speakers at the meeting will be Mrs. Marge Garlick, Wayne Kaiser, James McDowell, a Sutton school teacher and Aden Mead, president of the Board of Education.

Construction on the building will probably start in the fall. Negotiations are under way with the building trades.

The next meeting of the board will be April 22 instead of the 15th, due to the Easter vacation.

City To Upgrade Street Lighting

Another phase in the city's upgrading of street lighting begins this summer.

City Manager Cal Zorn and officials of Consumers Power Co. huddled Tuesday to map an installation schedule.

Incandescent lights are to be replaced by mercury vapor units along four key arteries:

► N. Union St. — from Chicago Blvd to Brown St.

► Brown St. — from Union to Evans St.

► Herrick Park Dr. — from Evans to Maumee St.

► Maumee St. — from Herrick Park to Chicago.

The new units will offer about three times as much illumination as the present ones.

Included in the conversion are 34 lights, with four new ones to be added on Brown St., said the city manager.

★

THE WORK will probably be completed within four months.

When it's done, rates for the 37 lights will cost the city $2,200 annually, as compared to the $1,000 presently spent.

In past years, S. Maumee, Ottawa St. and Evans St. were equipped with mercury vapor units. In addition last summer several new poles and lights were added to the lineup on both Burt St. and Macon Rd.

"We try to pick up a little each year," the city manager noted.

NFO Optimistic Over Hog Prices

More than 80 farmers attended the National Farmers Organization meeting Tuesday evening in Adrian when it was reported that good progress is being made in signing meat packers to a guaranteed price for one year — 23c for hogs and 32c for cattle.

The contracts for corn will be $1.50 a bushel, $2 for wheat and $3 soy beans.

Both the Lenawee and Milan chapters are supporting the slaughter of hogs to be given to the poor in Cleveland, O.

Wayne Firm Seeks County Subsidy

By BILL SANFORD

In an attempt to find a solution to the problem of emergency service to Lenawee County, a meeting was held March 28 with the Superior Ambulance Co. of Wayne, and the sheriff's committee of the Board of Supervisors.

The meeting was held to give the local lawmaking body a chance to lay a foundation for a decision they must make prior to July 1.

In recent months the county has been serviced by an ambulance maintained by the Sheriffs office in Adrian. However, recent announcements that funeral homes in Tecumseh, Clinton and Onsted would cease ambulance service on the July date, has forced the county into taking a more definite approach to emergency vehicle service.

Under a set-up such as that in use at the present, according to county sources, it would be unfeasible to operate with any due efficiency.

The present ambulance service covers areas which do not have a funeral home or other vehicles and personnel available. In general it does not travel more than 10 miles from its base.

Under study by the sheriffs committee is an offer by the Wayne firm to provide the necessary emergency services to the people of the county.

It is felt by many county officials that such an agreement is against an opinion handed down by Attorney General Frank Kelley.

An agreement of the type offered the county is presently being practiced in Washtenaw County. The basis of the Washtenaw contract is that Superior supplies the county with five ambulances and are, in turn, guaranteed a set number of runs each month. The guarantee is higher than the normal runs the cars made each month prior to the contract.

The tentative plan which the firm explained to the committee would be two ambulances in the county, one in Tecumseh and one in the southern section of Adrian, using US-223 as a dividing line.

Figures on the coverage of the county by the firm were incomplete, but a spokesman for Superior said that they were talking in the area of finances of $125,000 to $150,000 per year, less the number of runs the ambulances made.

A complete study of the area has not been made by the firm. This will be done within the next two weeks and will be submitted to the board during their annual budget session, the second week in April.

In order to operate profitably, the firm stated, it would cost $59,000 per car plus 8% per year.

A total of roughly 1,700 runs were made by county-based vehicles last year, according to the sheriff's office.

On a question of legality of the contract from E. J. Skala, committee chairman, the representatives said that a bill had passed the state House or Representatives last week and was sent to the Senate for consideration.

Also included in the coverage by the Superior Ambulance Co. would be helicopter service. The gas turbine craft is presently housed in western Wayne County.

Superior also stated that the company had been meeting with the Department of Transportation, seeking to secure funds to operate and maintain the helicopter. They did not disclose the amount of funds they could obtain for the purpose of the medical aid aircraft.

In response to a question by Supervisor James Mitchell of Raisin Township, as to what made the people believe that the county had the responsibility to offer the service, he was told that under the public welfare acts, counties are responsible for personal welfare that is not provided by privately-based firms.

Federal funds are available on a matching basis to those counties which provide conclusive evidence that they have improved their local service.

There was no immediate indication by the supervisors as to whether or not they favored the proposal. Several members have expressed opinions which differ from the one offered on March 28.

The sheriff's department is planning on using a station wagon as a combination patrol car-emergency vehicle with fold-away stretchers, in the interim period, the board is taking to reach its decision.

City Manager Calvin Zorn expressed skepticism at the plan, yet felt that the other areas under consideration would be inadequate. Zorn felt that the charge for the ambulance should be set at what the actual cost is, instead of placing a subsidy on it.

It was also suggested that during the contract period with Superior, the sheriff's office and the city of Adrian, which also has an emergency unit, should maintain them in the case of an extremely bad storm or other tragedy.

Injured Motorist Starts Fire

Richard D. Miller, 39, 5106 W. Monroe Rd., Tipton, took desperate measures to attract attention to his plight when he was injured in an accident, at 4 a.m., Saturday, on Monroe Rd., west of Beebe Rd.

Miller fell asleep, while driving west, crossed the centerline, and traveled approximately one-tenth mile before hitting a tree.

The injured driver, thrown from the car, remained in the ditch for approximately an hour, then started a grass fire to attract attention.

The fire was put out by a passer-by.

Miller was taken to St. Joseph Hospital, Ann Arbor, for treatment of a possible broken left leg, and severe lacerations to the left knee.

Tornado Alert

Fire Chief Wallace MacGeorge has announced that there will be a practice tornado alert on April 11, at 6 p.m. It will be a two-minute steady blast on the siren. In the event of an actual tornado watch, the practice would be called off. The Fire Department does not want people to call the police or the fire departments in the cases of alerts, they are advised to go to their basements or other shelter and turn on their radios for the all-clear.

There's a new light in **The Herald's** dark room — **Almina Hunt** has been attending weekly sessions at **Eastern Michigan University** to learn the basics of photography. She's been dabbling in the developer lately, too, and promises to relieve the bottle-neck in our photo department soon.

Is your **teen-ager** giving you an argument on letting his hair grow? Tell him to read I Corinthians Chap. 11, verse 14. "Doth not even nature itself teach you, that, if a man have **long hair,** it is a **shame** unto him?"

Small world, isn't it!!!

They learn young! A candidate for THS student council president lost by just 17 votes in the primary election and promptly became the campaign manager for the leading rival for the office. Anyone who is hep to the **Foggy Bottom** way of politics won't be too surprised to learn that the new president, **Tom Rohrer,** has named his helpful henchman, **Bill Whiting,** to the office of treasurer, if elected.

Sitting ducks were the words for it. **Mrs. John Burchfield,** 211 S. Democrat St., reported seeing a pair of **Mallard** ducks in a tree near her home Saturday.

Today is a memorable date in history, as the **Herald** is being published on the 264th anniversary of the first regularly published newspaper in America. The **Boston New Letter** was first published on April 4, 1704 by **John Campbell.** It was not the first newspaper to be published, however, that distinction went to **Publick Occurrences** in 1690. It was suppressed after one issue due to the lack of a sense of humor in our **British** overseers.

Yes, **Pat's** tulips are producing blooms already. **Joy,** his pretty wife, said that there are four bright red ones beautifying the **Holdridge** premises at 503 Stacy St. They came out over the weekend.

Dixon Studios may take 1000 steps forward in this game of "May I." **Mr. Dixon** provided an extra set of pictures of the graduating seniors this year, assuring the appearance of the **Class of 1968** in a future issue of **The Herald.** Our thanks, **Mr. Dixon.**

The **Methodist Church's** loss was our gain. It seems someone forgot to pick up the sack of blueberry muffins baked by **Mrs. William Schooley** and left at **The Herald** office, destined for the White Breakfast at the church, Tuesday. When the breakfast was over, **Bill** passed out the muffins. Yummy!

Check our math. The election cost for Monday's election of councilmen was approximately **$600** or **85c** per voter. Only **703** of the eligible **2874** persons took advantage of their opportunity and obligation.

READERS WRITE

TO THE EDITOR:

A word of praise is extended to the Junior Class members who presented an excellent production of Arthur Millers "Death of a Salesman" last Thursday, Friday and Saturday.

As an English instructor, I don't believe I have ever seen a more adept high school group. In the lead role as Willy Loman, Bill Whiting was unbelievably "professional" in his interpretation of this challenging role. All of the actors were amazingly **not** amateurish. Director Wallace A. Mollema tackled a difficult play, but came out with a superb production.

After viewing the play Friday evening, only a few items marred my delight:

1) the shabby lack of facilities (such as lighting and flats) available for student productions such as this;

2) the poor "stage" used because of lack of a proper stage;

3) the too-many empty seats at each evening's performance.

Again, my compliments to the cast, director and entire stage crew.

OFF the TOP

Spring fever has hit Rusty.

He has discovered what life is all about.

Rusty is our orange kitten who blossomed a few months ago into a full-grown, mature tommy cat.

He has turned forever from the carefree frolicsome kitten, to the careworn and duty-bound cat, much to the bewilderment of our 10-year-old daughter.

"Rusty won't play anymore," she complains sadly to me.

"I know, dear; Rusty is growing up now."

Our pet used to be content to sleep all night shut up in the utility room, where he would disdainfully ignore the purchased kitty-bed in favor of sleeping on the ironing board or in the dirty clothes basket atop the soiled towels and socks; but now he cries to go out as soon as twilight descends on our village.

He spends the night we know not where, but we have heard numerous reports of a big orange cat prowling around from all corners of the town, and even in the surrounding countryside, so apparently he really gets around.

Around breakfast time, he returns to the safety of his home weary and battle-scarred, eats a little cat food and milk, and then meanders to the living room, where he can barely manage to hop into his favorite chair to contentedly spend the daylight hours sound asleep.

"Poor Rusty," cries our daughter, and tries to pick him up to cuddle him, but he only wants to lie quietly, and struggles to get out of her clutching arms.

He used to be her playful companion, and she could dress him up in doll clothes and put him to bed in the doll bed. Rusty has been rocked in the rocking chair and pulled around the yard in the wagon; he has been fed forbidden tidbits at the table and sometimes sneaked upstairs to sleep on the foot of her bed all night.

In other words, he is a typical spoiled family pet. That is, spoiled by some of us. Our daughter, our second son, and I have a great affinity for cats; however, Rusty is treated with complete indifference by our eldest son, and is only barely tolerated by Dad in order to keep peace in the family.

For instance, I try to keep Rusty in after dark, to protect him from the harsh encounters of the night and the dangers of the roadway, but Dad will open the door at Rusty's insistent cry, and even help him out a bit with the toe of his shoe, saying "Let the dumb cat go out — maybe he'll get lost or forget to come home!"

When our mother cat produced her spring family last year, Dad put up with the box full of kittens until they were about six weeks old and we were tripping over them as they ran around the house.

One day, after nearly breaking a leg when he fell over one romping kitten, and the air was blue with harsh words, he shouted, "We absolutely are **not** going to keep five cats — I don't care how cute they are — they've got to go!"

This caused cries of anguish from the children and me, and Dad finally relented enough to say we could keep one kitten, if it were a male, so as to stop this endless production of felines. We hastily agreed, and selected the most precocious of the litter, the charming little orange tommy which we promptly named Rusty.

"And furthermore, if he ever misbehaves around the house, out he goes," roared Dad, and apparently Rusty heard him, because his house habits have been above reproach.

So for a year, he was a faithful, albeit sometimes reluctant, companion for our daughter; clean and well-behaved, and he grew into a truly beautiful cat.

But now, all this is changed. He is no longer sleek and immaculate — his white underbelly is grayed, and his fur is often scattered with burrs. Many mornings he arrives on the doorstep limping, or with ominous gaping wounds in paw or neck, or with torn and ragged ears. Personally, I can't see that it's worth it; but he seems obsessed by one all-consuming desire.

One time, a couple of weeks ago, he didn't show up for three days, and we were sure he had been clawed to death, or run over, or stolen.

"No such luck," muttered Dad, "Don't worry, he'll be back."

And only yesterday, the little neighbor boys came running over to announce happily that their mommy cat had just had five kittens.

"And two of them look just like Rusty!" they cried excitedly.

Ah, Spring!

Not Everything Said Is Wrong

"Not everything they say is wrong," remarked Mrs. Gaza Kish Tuesday as she called to tell The Herald her experience with the credibility gap.

The Kishs' son, Sp/5 Tom Kish, had written from Vietnam (in March 7 Herald) that B-52s had uncovered a two-lane highway from Cambodia to Kon Tum about 10 miles from Dak To where he is located.

Later he wrote of the heavy travel, tanks, etc., on the road. Twelve days after that, Mrs. Kish was watching Channel 4 TV when she saw a Major Parker and pictures of the same road filled with bomb craters and the Viet Cong building up the road around the craters. The road has been named Parker's Turnpike.

Mrs. Kish concluded that this was one that wasn't "white-washed".

YOU TOLD US

By DOROTHY GRIGG
Herald Women's Editor

Thoughts for Today — From Yesterday

You cannot strengthen the weak by weakening the strong.
You cannot help small men by tearing down big men.
You cannot help the poor by destroying the rich.
You cannot lift the wage earner by pulling down the wage payer.
You cannot keep out of trouble by spending more than your income.
You cannot further the brotherhood of man by inciting class hatreds.
You cannot establish security on borrowed money.
You cannot build character and courage by taking away a man's initiative and independence.
You cannot help men permanently by doing for them what they could and should do for themselves.

— Abraham Lincoln

What food for thought Mr. Lincoln penned for us so many years ago and how aptly his thinking fits into today's world.

Would that we had some Lincolns (seems like it would take more than one) to straighten out this country.

The above was printed in The Blissfield Advance a few weeks ago and it seems well to also use it in The Herald.

Mr. and Mrs. Dow Bilby returned March 24 at 2 a.m., from Florida after a harrowing trip home through the snow storm. They counted 90 cars in the ditch from Cincinnati, O., where 12 inches of the white stuff covered the ground. With the car filled with fruit, they decided not to stop over night lest it freeze and so kept carefully making their way home. All went well until they turned off from the freeway at Perrysburg, O., on a ramp filled with snow. Two hours and $20 later they again headed for Michigan. The couple really enjoyed their trip in Florida out on the Keys and at Cape Kennedy and especially the Grand Ole Opry at Nashville, Tenn., where they saw Irene Ryan, who stars as Granny in "The Hillbillies." They also visited Mr. and Mrs. Carl Auten in Halstead, Fla.

Collision Causes Minor Damage

It was a light week in accident investigation by the Tecumseh Police Department, as only one accident was reported.

Sunday afternoon a car being driven by John E. Jenkins of Clinton struck the rear of a car owned by Wendell G. Cornell of Clayton as the Cornell auto was stopped for a red light.

Only minor injuries were sustained in the collision. Mrs. Wendell Cornell sought treatment at Herrick Memorial Hospital.

Jenkins was summoned for failure to stop in the assured clear distance ahead.

Damage to the automobile was light and both were driven from the scene.

STEVE DERBY, JIM GIBBONS, DON BAIRD, JOHN BENNINGTON AND ROTARY DISTRICT GOVERNOR RUSSELL AMERMAN.

Gal Reporter Dines With Athletes

By PAM DABE

Tuesday night Rotarians from Tecumseh, Clinton, Adrian and Blissfield met for their all-county dinner meeting at the Tecumseh Country Club.

The District Governor, Russell H. Amerman, spoke and praised the spirit and fellowship of these four clubs.

One of the highlights of the evening was the introduction of four Michigan State University athletes from the surrounding area.

Having gone through grade school and high school with two of the fellows, it is difficult to accept them as the star athletes of a Big Ten School. I still see them as the good friends and classmates that they will always be.

Steve Derby, Tecumseh's best hurdler to graduate from THS, is a junior at MSU. Steve has received his letter in track and, along with being an excellent athlete, he is a superb student. He has a 3.7 overall grade point and has been named to the Dean's List each term.

Don Baird, offensive guard on MSU's football team, is also an excellent student and athlete. Don has played on the second team and saw a lot of action near the end of the 1967 season. With Don's size and ability he should have an excellent season this fall.

Jim Gibbons, a sophomore from Blissfield, is a starter on the Big Ten basketball team. He began the year on the bench, but with his ability and determination, he worked his way up to the starting position. He was just recently awarded a second team berth on the 1968 Big Ten All-Academic baseball team.

Steve Rymal, a senior from Adrian, could not make the dinner because of a baseball commitment. Steve was recently named to the first team 1968 Big Ten All-Academic basketball team.

The speaker for the evening was John Bennington, MSU basketball coach. He has been head coach at MSU since 1965 and his team won the Big Ten title in the 1966-67 season.

He spoke of the trials and tribulations of being a Big Ten coach.

He feels that the most important way to help these athletes is for adults to give them their full support. Tecumseh and the surrounding area is one of his favorite places to visit and feels that the support that we have given these boys has been tremendous in helping them succeed.

Tecumseh, Adrian and Blissfield should be proud of the fine athletes that have come from their cities. These young men have worked hard to succeed and deserve much appreciation.

'Courageous Decision' Made

By MAXINE CALHOUN

CLINTON — School Boardmen made what was described as a "courageous decision" by Superintendent Richard Wegner, Tuesday night, when they decided not to take up the option on a second school site, the Schmidt-Kehoe properties.

They were convinced that the Halladay site of 95 acres was the best choice, both educationally and financially, as the result of recommendations of Dr. Russell Wilson, Bureau of School Services, and Jahr Anderson Associates, architects, who went over the sites, painstakingly, with the board.

★

Costs for the Schmidt-Kehoe site would have totaled $117,000, compared to an estimated $133,000 for the Halladay site. Per acre comparisons are $1,700 for the Halladay site, and $2,600 for the Schmidt-Kehoe site of 45 acres.

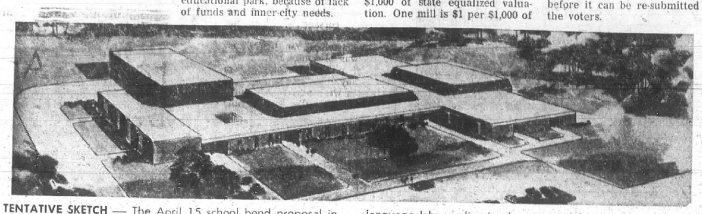
A major item of expense in the Schmidt-Kehoe site would be the relocation of the high power lines, recently installed, which might cost $15,000 to move.

The Board was also advised that the Federal Housing and Urban Development Commission has denied the application for a land grant to be applied to an educational park, because of lack of funds and inner-city needs.

Consequently, no public park will be developed or dedicated on the Halladay site.

The April 15 bond proposal would require approximately 6½ mills of additional taxes per $1,000 of state equalized valuation. One mill is $1 per $1,000 of state equalized valuation. Taxpayers may compute their own estimated cost of the proposal.

If the proposal is rejected at the April election, there must be a statutory wait of six months before it can be re-submitted to the voters.



TENTATIVE SKETCH — The April 15 school bond proposal in Clinton Community School District will determine if these plans for a new high school building take concrete form. Plans call for 27 teaching stations surrounding a key materials center of 5,400 square feet, with easy access to library, electronic and language labs, audio-visual center and faculty rooms. A cafetorium would comprise a lecture hall and cafeteria, with stage and band area. The $2,280,000 bond proposal includes funds for extensive remodeling of the present high school for elementary use.

Father And Son Banquet Held

BRITTON — "Go West, Young Man," was the theme for the Father and Son Banquet held Saturday night at Grace Methodist Church.

One hundred and thirty men and boys were served a dinner of "rustled beef" by members of the Woman's Society of Christian Service. The novel programs were prepared by Mrs. Kathryn Judkins and her committee.

The Rev. John Lover acted as toastmaster for the occasion, and Thomas Smith led the group singing.

Paul Frazier gave the toast to the sons, and Richard Frazier responded with the toast to the fathers.

There were a number of recognitions, as several families had three sons present, and several families had three generations present.

Awards were given to Ronald Croll and Gary Peterson for their bravery in bringing the youngest sons (actually, the gift was for the son).

Dewey Sturtevant received the award for the oldest man present. Others over 70 who received awards were LaVern Thomas, George Forsyth and Pirl Ash.

Carol Zeller, accompanied by Jill Story, both from the music department of Adrian College, inspired the group with selections of vocal music.

Howard Haas, Jr., then introduced Arlo Cramer, who entertained the group with pictures of a trip to the Western states and Disneyland.

Oriental Tour Shown To Club

Mrs. Perry Hayden entertained members of the Wit and Wisdom Club at her home in observance of President's Night Monday.

President of the Club, Mrs. Hayden, opened the program by reading several spring selections from Ideals magazine.

She presented Mrs. Truman Rentschler who showed pictures and spoke of her trip to the Orient.

She said that her trip was to satisfy a desire to learn more about the people across the Pacific. There, as in other parts of the world, Mrs. Rentschler said the trend is to follow the western culture in architecture, clothing, entertainment, etc.

In Alaska, she told of seeing the damage wrought by the recent earthquake there and the rebuilding.

In Japan, Mrs. Rentschler saw the reconstruction work done with stone, trees and water and said that the people are artists with these elements, producing very beautiful results.

Recalling the opening of the Olympics in Japan as she saw it on television, Mrs. Rentschler was thrilled to visit the permanent improvements left, excellent paved streets and highways and plumbing.

Her "home" in Tokyo was the Imperial Hotel designed by Frank Lloyd Wright to withstand earthquakes which it did but it is already scheduled for replacement.

Her tour included the snow belt, rice paddies, water buffalo and tea pickers.

In Taiwan, living is much slower and shows less of the western influence, few cars and more pedaled vehicles. The Shrine of Confucius is a definite must for anyone visiting there.

In Taipei, the least advanced place on the tour, Mrs. Rentschler saw women washing clothing in streams and men picking stones out of another nearby stream.

Bangkok was the place the speaker enjoyed most of all, but questions about the film, "The King and I" only brought out the fact that it had been banned there since the government was never approached on authorizing the production.

A water shortage was prevalent in Hongkong and there was also an 8 p.m. curfew. Houses of refugees were mere shacks and packed closely together.

Pictures of beautifully-kept U. S. military cemeteries were shown by the speaker.

She visited Hawaii and Manila before returning home.

Mrs. John Lott and Mrs. Clarence Damon assisted Mrs. Hayden in serving an Easter cake with layers and topping of sherbet.

Thinclads Shine In Relays

The Tecumseh High School track team will be out to win its sixth Huron League track championship the past seven years. In 1966 they finished second to Milan.

Last Friday saw them off to a good start toward their goal.

The Tecumseh High School track team met in the Huron Relays and finished with 11 points, the highest the team has recorded in the event.

Much of the credit went to the shuttle hurdle relay team, which placed third in the finals. Members of the team were Gus Bishop, whose time was 7.8; Steve Dalton, with 7.7; Randy Robinson in 7.5 and Gary Fairbanks with a time of 7.3.

The third-place finish was good for 8 of the 11 points accumulated by the team. The distance medley team finished 8th for one point. John Bolden ran the 880 in 2:11.1, Lee Cheever ran the 440 in 58.3, Lamar Rufner, 1320 in 3.34 and John Kennedy ran the mile in five minutes flat in the event.

Also finishing in points for the Tecumseh team was Terry Bolden's long jump of 19' 6¼" and a seventh place finish.

The Huron Relays are made up of 32 teams from Michigan, Ohio and Canada. It is an indoor meet.

Coach Tom Fagan has high hopes for the team this year. He commented that the strength lies in the hurdles where they have three boys capable of running the event.

They are an adequate team in the field, though not overpowering. They should rate in the conference.

At present their weakness seems to lie in their sprints, but the coach added that he felt with seasoning, times would go down on those running the 100 and 220 yard dashes.

Their first outdoor meet is to be held Wednesday if the weather permits. The good weather of late has given the athletes more opportunity to use their track rather than indoor conditioning.

Has High Hopes THS Golf Coach

Coach Val Spangler of the Tecumseh High School golf team expressed "high hopes" for his young inexperienced team. The team is made up of three juniors, three sophomores, three freshmen and one senior.

Three are lettermen from last year's team, Roy Schlegel, Bill Holmes and John Bryan. Two lettermen from the past year did not go out for the team because of other interests.

Coach Spangler indicated that he believed that the young team would progress as the season grew. He held praise for freshman Frank Geisenhaver whom he feels will be as good as any of the players by the end of the season.

The Tecumseh coach also felt that the strength and confidence of the team would grow with the season and make the local team a contender in the regionals and hopefully the state.

The team has been out on the course for the past week tuning up for its first meet on April 8. The match will be a triangular match with Saline and Milan at the Country Club course.

Scout Association

The Tecumseh Scout Cabin Association will meet Tuesday, April 9, at 8 p.m., at the Scout Cabin. Election of officers will be held.

League Baseball

The Tecumseh Cub Baseball League will hold registration for new players at the Jaycee Clubroom April 20 from 9 a.m. to 12 p.m., April 22 from 7 to 9 p.m., April 24 from 7 to 9 p.m., and April 27 from 9 a.m. to 12 p.m.

Players registered last year will not need to do so again.

Men interested in managing a team will also be welcomed at these times.

Darrell Staup, chairman of the Board of Commissioners for the Tecumseh Cub League, suggests that both boys and men sign up soon.

MALONE COLLEGE CHOIR — The 30-voice choir from Malone College, in Malone, O., will be performing at the Tecumseh Friends Church Monday, April 8, at 7:30 p.m.

Choir Sings

The 30-voice and seven-piece brass choir of Malone College will appear in concert at Tecumseh Friends Church at 7:30 p.m., Monday, April 8.

Directed by Donald R. Murray, assistant professor of music, the chorale will present a variety of numbers including sacred classics, spirituals, and favorite hymns of the church.

The chorale and brass choir itinerary through April includes an extended tour in Ohio and Michigan, coinciding with the college Easter recess.

Included in the academic program of the college, the chorale is selected from among the 1100 students currently enrolled at the institution.

The college is accredited by the North Central Association of Colleges and Secondary Schools, and has full membership in the Ohio College Association.

Although affiliated with Ohio early Meeting of The Friends Church, Malone has students from more than 40 denominations.

Easter Cards Postage

Postage for all Easter greeting cards one ounce or lighter, is six cents, Postmaster Jack Metcalf reminds mailers today.

The first-class postage rate will provide jet flight services for Easter greeting cards destined to servicemen in Vietnam and other overseas locations as well as airlift treatment for most domestic addresses more than 250 miles from the mailing point.

Legislation which went into effect Jan. 7, 1968, eliminated the 4-cent rate for greeting cards.

Fisher Body Speakers and Tours

Speakers from the Fisher Body-Tecumseh plant are available to service clubs and other community organizations to talk on current automotive subjects, it was announced by Frans W. vanWestrenen, plant manager.

VanWestrenen said that the plant's speakers bureau was offering three different presentations to interested groups and that scheduling and arrangements could be made by contacting the personnel director at the Fisher Body plant.

"Traffic Safety Today", a slide-illustrated talk, takes a broad view of traffic accident causes and discusses GM research and testing procedures and automotive design changes that have contributed toward passenger safety.

The second talk, "Air Pollution" is also slide-illustrated and deals with the automotive exhaust emission problems and what GM is doing about them.

A third speech, "The Automobile and the Future", discussing many facets of public and private transportation now under development is also available.

Tours of GM's facility, a producer of car interior soft trim, are available every Wednesday at 1 p.m.; special tours for groups can be scheduled by writing or calling the plant personnel director.

Mrs. Rose Service and her sister, Mrs. Marjorie Rickards, of Jasper, returned home by jet from Tampa, Fla., after a five-weeks visit with her son and family.

Through My Window

THE WORD IS HANDSOME

I just can't resist quoting from the National Geographic's marvelous book, "Song and Garden Birds of North America." On page 13 they start their discussion of the robin, turdus migratorious, by saying: "Resplendent in his brick-red vest and charcoal-gray coat, black head thrown back, the herald of springtime carols cheerily, cheerily, cheerily.

"The beloved robin is back in the north and winter's spell is shattered."

And then came March 23 and 24! It was our annual late March snowstorm but, as usual, we were caught completely by surprise. It had been so warm and spring-like and then, wham!

For two days the wind howled and the fierce snowstorm raged. For several hours Friday morning, when the small granule flakes melted almost as fast as they fell, we hoped that maybe the weatherman's predictions of scattered snow flurries would be right.

No such luck—as the day wore on, the snow kept coming a little harder and melting quite a bit slower. Our first glance outside Saturday morning was a shivering look right smack in the teeth of a full-fledged blizzard!

As with past March storms, I rather enjoyed having a front row seat — being inside, all snug and warm, makes storm-watching sort of fun. Cars went slipping and sliding down Logan and Democrat Streets; the few brave neighborhood youngsters, who ventured out during several lulls in the storm, found the snowball-making excellent; the unrelenting wind drove the snow into interesting and picturesque drifts; oh, the looking was just very, very good.

★

THE POOR ROBINS, though, — the other birds, the cardinals, bluejays, the tufted titmice and the nuthatches, seemed to take the storm in their stride.

Even the squirrels accepted this last (we hope) ranting and raving tantrum of Old Man Winter. But the poor robins, they had been in seventh heaven with their new and fresh springlike yards and suddenly, everything had gone white.

They were confused, puzzled, bewildered and, I should imagine, just plain disgusted.

For several weeks before, in fact all through the soft and warm weather, the robin population had been building.

They came in waves, every three or four days there was a noticeable increase. These early returnees were, of course, the mates — they always precede the fair robins.

They were big and fat and so handsome. To see them patroling the lawns or perching in the trees was indeed encouraging — they looked like spring and we were just more than ready to believe. But, as we said before, along came the next to the last weekend in March.

Do birds really shiver? As the robins waded through some of the smaller snowbanks or sat huddled on snow-covered tree limbs, they looked so uncomfortable.

★

BY SUNDAY, the storm had worn itself out and, as so often happens, we had a perfectly beautiful day.

The sun shone brightly, the temperature soared and the snow pulled a disappearing act. As unbelievable as it seemed, bare spots started showing in the yards.

The non-snow loving robins found them immediately — almost before the last trickle of melted snow soaked in, every open place had a robin or two.

And it was fun to see that the birds did not stay in the middle of the patch but instead, busied themselves at the edges. They scurried along where the snow was leaving — it almost looked as if they were trying to push it back.

So it is that — but, Marda, you have rambled on and never reached the point of explaining your title. The "why" of "The Word Is Handsome" must wait until next week.

Republican Convention

The Republican County Convention was held in Adrian on March 27 with over 200 party workers attending. The convention was held at the Eagles Hall.

State Senator Gilbert Bursley, of Ann Arbor, introduced the keynote speaker for the event, Rep. Marvin Esch, of the Second Congressional district.

Esch addressed the group on the needs of the Republican Party in leadership during the present times.

The resolution committee, headed by James Beardsley, of Tecumseh, praised the efforts of state, local and national figures in their pursuits of the Republican ideals and leadership to find solutions to present-day problems.

The primary reason for the spring convention call is to elect delegates to the state convention to be held in Detroit on April 26-27.

Elected to represent the city of Tecumseh were: Hugh Walter and Fay Whelen, alternates Mrs. Melvin Wagner and Mrs. Harold Easton.

Tecumseh, Macon and Ridgeway townships selected Stella Hubbard and alternate Floyd Barrett. Franklin and Clinton townships picked as delegate and alternate respectively, Mrs. Raymond Platt and Paul McKenna.

Pool Vandalism Exceeding $100

Vandals struck the Tecumseh swimming pool last week, breaking one window, ripping a shower fixture off a wall, and removing other fixtures.

Don Moffatt, city recreation director, estimates damages to run over $100.

"Doing Time" in the Oven?

Before you do another "stretch" in the oven, see your electric appliance dealer and meet the range with the self-cleaning oven. We'll wager the next time your oven needs cleaning, you'll be "pardoned"—electrically! No more getting on your knees to scrub and scrape. Just close the oven door, set a couple of controls and turn the oven "on."

That abolishes the dirtiest job in the kitchen. Now consider such features as a rotisserie, flexible heat controls, automatic meat thermometer . . . all good reasons for "doing time" at your electric appliance dealer's for a new electric range!

SGT. BILLY J. CHANDLER

Bill Chandler Awarded Medal For Heroism

Sgt. Billy J. Chandler was awarded the army commendation medal for heroism in connection with military operations against a hostile force. He was also given the purple heart for wounds received.

He distinguished himself while serving with Co. B, 2d Battalion, 12th Infantry in Vietnam.

The battalion came under an extremely heavy enemy mortar, rocket, rifle, grenade and recoilless rifle attack. Following the bombardment, the enemy assaulted in the first of three human wave attacks. Private Chandler with complete disregard for his own safety, repeatedly exposed himself to the flying shrapnel so that he could better engage the assaulting enemy troops. He remained calm and reported all situation changes to his team leader. His outstanding display of courage contributed immeasurably to the defeat of the enemy force.

Colonel Jasper J. Wilson stated that Chandler's personal bravery and devotion to duty are in keeping with the highest traditions of the service and reflect great credit on himself, his unit and the United States Army.

Daryl McKinney Wounded Mar. 17 In Vietnam

Daryl McKinney, 19, was wounded in Vietnam March 17, receiving shrapnel in the stomach and chest area. He was taken off the critical list March 29 and expects to be moved from the field hospital to Great Lakes, Ill., Naval Hospital.

McKinney was born in Tecumseh and lived until he was 12 years old on Raisin Center Hwy., when his family moved to California.

Daryl's brothers, Earl and Bruce, once were employed in the A & P Store here. His mother, Mrs. LeRoy Williamson, lives in Jackson.

His little sister, Kathy, now living with her brother, Gilbert, in Adrian, received a letter written by a nurse the day after he was wounded.

Palm Sunday Services Are Scheduled

Palm Sunday services at St. Peters Episcopal Church will be held at 8 a.m. and 10 a.m. with the blessing and distribution of palms at both services.

Special music for the day will be provided by the choir under the direction of organist Ennis Fruhauf and by Jack McKimmy, trumpet player.

Mr. McKimmy has played trumpet in symphony orchestras and toured Europe with the University of Michigan symphonic band.

The solemn ceremonies of Holy Week begin with the ancient liturgies of Palm Sunday, featuring the blessing of the palm branches in commemoration of the joyous reception accorded Jesus by the crowds as he entered Jerusalem.

After the branches are blessed members of the congregation join in a procession in the church to the singing of the traditional hymn "All Glory, Laud, and Honor.

Palm Sunday marks the first reading of the "Passion' for Holy Week, the Gospel account of the arrest, scourging, and crucifixion of Jesus.

Bancroft CLEANERS

DAYS OF CAESAR — CHS seniors will present Shaw's "Androcles and the Lion" Thursday and Saturday nights at 8 p.m., in Clinton High School. Front left, Philip Reiser, editor; Floyd Maki, Ferrovuis; Bob Ehnis, back, Caesar; Tom Hathaway, Metelus.

Senior Class Play

CLINTON — Imperial Rome and the persecution of the early Christians is the setting for the senior play, "Androcles and the Lion," by George Bernard Shaw.

Staging of the drama began Wednesday and will be repeated Thursday and Saturday evenings, at 8 p.m., in the Clinton High School.

Androcles, a Christian, befriends a lion by helping it to remove a thorn from his paw. Later, Androcles must face this same lion in the coliseum.

Shaw used this play to prove the true meaning of Christianity, martyrdom, and other religious tenets. In spite of the deeper meaning, the story makes great stage comedy.

Larry Lewis portrays the Lion, and Bruce Gibbard plays Androcles.

Reginald Smith, the director, is being assisted by Mrs. Rick Sparks.

The officers who were re-elected are:

President — Mrs. Sharpe.

Vice-president — Gary Miller.

Secretary — Mr. McKenna.

Ron Bontsema, the field representative from the Michigan United Fund, was present and extended an invitation to board members to meetings of the budget committees in Lansing, May 7-8.

Outstanding Senior Receives Plague

CLINTON — Terry Kershner was chosen to receive the DeKalb plaque for the outstanding senior member of the Clinton Chapter Future Farmers of America, at the banquet Thursday evening, in the high school cafeteria. Terry is the son of Mr. and Mrs. James Kershner, Tecumseh-Clinton Rd.

Attending the cooperative dinner were 65 members and their families.

Music was provided by the Sunflower Teddybears — the community's newest rock combo. Members are Warren Merritt and Joe Shouse, guitars; Dave Herndon, organ; Rick Werner, drums, and Barry Campbell, soloist.

President Jim Welch presided at the demonstration business meeting.

Other officers participating included: Bruce Grossman, vice-president; Tom Moore, sentinal; Dion Balliet, reporter; Jim Woodward, treasurer and Larry Sebring, secretary.

Toastmaster Bruce Grossman presented the list of greenhands who are candidates for chapter farmer degrees; Douglas Van Sickle, Jim Woodward, Mark Wegner, Tom Driscoll, Larry Sebring, Tom Bivens, George Wise, Jim Welcah, David Bivens, David Bristle, Larry Blaisdell, Tom Moore and Jim Draper.

Charles Finkbeiner was named Star Greenhand.

Tom Moore was named Star Chapter Farmer.

John Jansen, chapter advisor, presented honorary chapter farmer plaques to Allen Wise and Loren Scott, who were helpful to the chapter in many ways.

Bruce Grossman reported on the Michigan FFA convention at MSU, which he and Charles Finkbeiner attended recently.

Named as Greenhands were Tom Baer, Terry Calhoun, Richard Million, John Ebbert, Charles Finkbeiner, Jerry Heimerdinger, Dave Herndon, Warren Merritt, Dave Poucher, Terry Richards, Charles Sturm and Mark Williams.

An unique feature of the program was the presentation of slides of the colorfully costumed, historical flag tableau, "Old Glory," which was a part of the 1966 National FFA convention in Kansas City, attended by Clinton Chapter members.

Mr. Jansen had prepared a taped sound track of appropriate background music and several members narrated the historical commentary with each slide. This provided a stirring tribute to America's flags from colonial times to the latest 50-star banner.

'Fair and Open Housing'

CLINTON — "Fair and Open Housing" bills pending in the Michigan legislature were discussed by Representative Robert C. Stites at the final Community Lenten program, Sunday evening.

The program in the United Church of Christ was attended by 25 persons.

Both of the open housing bills which are being considered by the House and Senate would give "undue authority" to the Civil Rights Commission for prosecution of persons accused of racial discrimination in the sale or rental of their property, according to Rep. Stites.

Amendments, which would leave the matter of such prosecution to the local courts system, were unable to gain enough legislative support for passage when they were considered at the special session in November.

The bills must come up for action by the April 10 deadline.

Rep. Stites said he felt the "sweat equity" bill which is being considered, to permit poverty area residents to work out the equivalent of a down payment for a low-cost house, in order to purchase it, would go farther to relieve the housing problem faced by many ghetto residents, than the open housing bills advocated.

Many questions were discussed from the audience.

Mrs. Richard Sharpe, Mrs. Fred Schultz and Mrs. William Kroger of St. Dominic's Altar Society, served cookies and coffee.

The Rev. Charles Sturm announced two services being arranged by the Protestant churches of the community.

The Maundy Thursday Communion Service, April 11, will be held in the Clinton Methodist Church at 7:30 p.m.

The Community Good Friday Service will be at 1 p.m. in the Clinton Baptist Church, with the Rev. David Liscomb giving the sermon.

Trash burning in the open caused a fire which destroyed a barn owned by James Merillat at 9201 Macon Rd. late Thursday afternoon.

The trash was burning at the Manuel Torres residence and spread quickly to the Merillat land.

Firemen pulled a tractor from the barn, one rear tire was burned by flames. Also a pony was freed from the building before the fire destroyed it.

Also saved from burning were small tools and aircraft parts. Some small tools were lost in the building. No estimate of the damage was reported.

The fire spread through some dead trees and made it necessary for the Tecumseh firemen to stay at the scene for over two hours.

VOICE of THE HERALD

Disgraceful Conduct

It is a shame the way that many of our junior and senior high students act downtown during their lunch period. There seems to be no end to what they can do in such a short period.

No group would be more welcomed if they would just behave. It is as simple as that.

Instead, some congregate in groups, litter the walks with wrappers and debris, agitate other groups and then a fight breaks out.

Some youngsters like a little horseplay, bouncing each other off large plate glass windows. More than one merchant has seen his windows broken because of nonsense.

Then there are other groups which wind their way in and out of shops, fingering this item and that item — and often take what they want without paying.

Some downtown businesses lock their rear doors, forcing the students to enter only through the front door. It wasn't too long ago that one merchant simply locked up during the students' free hour because he couldn't afford the losses.

It's doubtful that many parents know what their youngsters do for their pleasure at noon. If they did, we probably would not have this problem.

When these youngsters are with their parents, they act like young ladies and gentlemen. Why can't they do it when their parents are not around?

Hawaiian Holiday

(Editor's Note: Mrs. Melvin Wegner, 710 W. Chicago Blvd., is an employee of the Ford Motor Co. at the Saline plant besides being wife and mother. On top of these consuming activities, she also is currently writing a column for The Saline Reporter. Last week her subject was a native Hawaiian now living in Tecumseh, Louis Paige, 401 Cairns St.)

By JO WEGNER

At this time of year when the weather is soggy, the skies leaden, the season says spring but the forecast is still snow, wouldn't you like to chuck it all, and go to Hawaii?

What fun to be smelling the fragrant flowers, watching the surfers and swimmers, or just enjoying the sun.

Not so, says one of the Ford people. "It's a fun place for a visit, but I prefer this country." Louis Paige, transplanted Honolulu-ite speaking Louis, a set-up man in the decorating area of the Plastics part of the plant, has been a Ford employee for almost two years. And he means it about staying here.

Born of a Polish father and native Hawaiian mother of Portuguese descent, he came to San Francisco and lived here about a year before enlisting in the Air Force. While in the service, he traveled around the world at least three times, and was stationed in various countries.

While on one tour of duty in France, he met and married a Swiss girl who returned to the States with him to a base in Virginia. He remained connected with the Air Force for a couple more years, and eventually he returned to Hawaii. In the middle of 1965, he came back to the states.

Now, how in the world can a person prefer the states to beautiful Hawaii?

"Easy," says Louis. "I love to travel, and you will have to admit you can't go far in any direction on the Islands. And I enjoy the change of seasons. Believe it or not, you can soon get tired of the sameness in the weather. There are things I do miss, however, such as surfing and swimming. In my opinion there is really not very good surfing here — after you have been used to the surfer's paradise that is Hawaii."

On the other hand, he does miss some of the colorful flowers and fruits that go with the tropical climate. "We don't have apples, pears and peaches and such over there, but we do have almost all other kinds of fruit. Hawaii is the world's largest grower of pineapple and sugar cane. And we have gorgeous flowers, hibiscus, rare and exotic orchids, and many you have never seen in this country. The state-side carnation, for instance, is nothing compared to the fragrant beauty that is grown there."

"What about Christmas," we want to know. "Do you have the Christmas tree as we know it in the States, or some other kind?"

"We have the same trees you have — shipped from the northwestern United States, usually, and probably cut at the same time the commercial cutters prepare for the market here. But, they go all out for Christmas in the Islands. Some of the most beautiful displays I have ever seen anywhere are used in abundance. One particularly memorable store display for the season is a yearly ritual at Sears in downtown Honolulu. It is of a giant Santa, 40 to 50 feet tall, which stands in the parking lot there, facing the ocean. This is the season, too, when everyone who intends to paint or fix up their home gets it done before the rainy season starts. So the house is all freshened for the Holidays."

Louis tells us that the hula dancers, which one automatically connects with the thought of Hawaii, are almost exclusively a tourist attraction. The girls start learning to dance at about the age of three, and dance until about the time they get married. They are then considered too old. "Hawaiian girls tend to put on weight as they mature, and they therefore lose some of their attraction," he says.

"If a marriage of a dancer is blessed with a baby daughter, the mother sees to it that the little girl follows in her footsteps and sends her to classes to learn to dance, also. But — the idea that the hula is a religious ceremony, or a pagan ritual is the bunk. It's strictly for the tourist dollar!"

Louis has to return to work.

We should, too, but we can't. Hibiscus, pineapple, surfboards, volcanoes, hula dancers — wonder how much it would cost to fly to Hawaii?

Mr. Gresham Is Preaching Good Friday

Community-wide Good Friday services will be held at the Tecumseh Methodist Church from 1:30 until 2:45 p.m.

During this period of reflection and meditation the Rev. Julian Gresham, pastor of the Presbyterian Church, will speak on "The Sin of Man' followed by the Rev. Seal Janeway, pastor of the Missionary Baptist Church, speaking on "The Love of God."

Also, participating in the service will be the Rev. B. O. Bashore, pastor of the Tecumseh Baptist Church; the Rev. Alfred Sheley, pastor of the Church of God; and the Rev. Donald Porteous, pastor of the host church.

Board, TEA Negotiate for Salaries

Negotiating teams representing the School Board and the Tecumseh Education Association met Monday night with salaries for the 1968-69 term as the main topic.

School officials refuse to release any information regarding the meeting, but say another session is planned after spring vacation.

Teachers, same as others throughout the state and country, are seeking increases. The amount of increases granted will affect the number of mills the Board will have to seek at the June election.

Negotiating for the teachers are Dermont Poley, chairman, Larry Crittenden, Frank Graham, Gerald Nelson and Mrs. Frank Lasky.

Aden Meads, president of the Board, and Dr. Harold Ocamb, along with Supt. James McDowell and Robert Duhan, assistant superintendent, are representing the School Board.

If increases are authorized, negotiations will have to be completed before mid-May, deadline for putting millage on the ballot.

Save House From Flames

Firemen from Tecumseh, Britton and Milan answered a call at the Charles Spreeman residence on M-50, near Ridge Rd., Monday afternoon.

A stove pipe in the wash room overheated and was the probable cause of the flames.

Due to the high winds the damage could have been far greater than it was, the damage was estimated at $500 to the structure and $300 to the contents.

Most of the furniture had been removed from the house and the damage was primarily confined to water and flames in the kitchen and wash room areas of the dwelling.

Firemen stayed on the scene for nearly two hours as a precautionary measure against a break out of more flames.

Minor Fires At Products

Firemen were called to the Tecumseh Products twice in the past week.

Early Saturday morning firemen were called to assist with a fire in an air vent in the white room.

Fire extinguishers had been used by employees to put the fire out and firemen did not have to use their equipment.

At 5 p.m. Tuesday the department was again called to Tecumseh Products when a fire started in a large trash container.

There was no damage in either case.

HERALD PHOTO BY BILL WHITING

AN ERA IS GONE — These youngsters will always have fond memories of the Walt Disney movies and other popular films which were shown for years at the Strand Theatre. Lowell Selders, of Selders Excavating, says the old movie house will be completely torn down this week and plans to start excavating for a basement next week. The theatre is giving way for a huge expansion to the local Gamble store. Two businesses—Sunderland Insurance and Thompson Loan Co.— in the Strand building moved to other sites nearly two weeks ago. The new Gamble store will have a shadow-box type front, extending across the present Woolworth and Gamble stores. It will be similar to shadow-box store fronts which have been very favorably accepted, especially in metropolitan shopping centers.

City Budget Increasing, Millage Staying Same

A tentative budget, approximately $85,000 higher than a year ago, will be presented to Council Monday night by Cal Zorn, city manager.

Despite the increase, no increase in millage is contemplated.

Mr. Zorn's budget shows an expected income of $935,000 and expenditures of $915,000. The surplus is in the sewer and water funds, which will be required for improvements.

The city manager has also planned salary increases for city employees, amounting to between 5% and 7%. This Thursday afternoon, he will meet with the police department and its union official in hopes of settling the department's salary contract.

According to sources, the police and city are not far apart and settlement is expected soon, possibly this afternoon.

Mr. Zorn says the city should be able to meet the higher salaries and other costs through increases in income.

Approximately $18,000 more is expected through the state income tax; $11,000, local taxes; and $15,000, weight and gas taxes. Other sources may also provide the city with more available funds.

Last year, the budget totaled $847,000 and the city increased millage to 13 mills, a hike of 1.4 mills. Council can raise millage to 15 mills without seeking approval at the polls.

Councilmen will probably receive copies of the tentative budget this week and will review it at next Monday's session. Approval is not expected until the April 22 or May 6 meetings.

The choir is directed by Mr. McNeil and accompanied by Mrs. Norman Barnard. Solo parts are sung by Sandy McNeil, Mrs. Robert Hunt, Howard Bishop and Paul Bishop.

Pastor McNeil extends a cordial invitation to the public to come and re-live through music, that period almost 2000 years ago when Christ was crucified.

Tipton Church Sunrise Service

TIPTON — Sunrise services will be held at 7 a.m., Easter Sunday at the Tipton Community Church with an Easter breakfast at 8 a.m. Mr. and Mrs. Lee Griffin, Mr. and Mrs. Dean Cook and Mr. and Mrs. Wallace Wilkin are on the breakfast committee.

Only 7.2 Acres Sought in Condemnation Suit

At a Council meeting Wednesday of last week, the city adjusted its plans in condemning property north of town for a new well field.

Although McNamee, Porter and Seeley, consulting engineers of Ann Arbor, had pictured a vast water field last year, on a site owned by George Underwood, local resident and Clinton auto dealer, recent tests have proven it is not so vast.

Of four test wells drilled last year and four more about a month ago, only two have proved satisfactory for supplying the city with water.

John C. Seeley, consultant, advised Council via letter to drop the southern portion of the Underwood property and acquire only 7.2 acres at the north section, and an easement, amounting to 1.5 acres. In the city's original condemnation suit and plans, approximately 25 acres were being sought.

Mr. Underwood is opposing the condemnation on grounds that he does not wish to sell. The condemnation suit is scheduled for trial on May 7.

Mr. Seely, in his report, said that additional water might be located even further north, and it would be necessary to acquire even more property.

He estimated the two good wells would produce between three and four million gallons of water per day. During the winter months, Tecumseh pumps about 1,200,000 gallons, and has hit a peak of 3,800,000 gallons daily.

However, since the Tecumseh Products has completed changes for re-using some of its water, the city does not expect to approach the four million gallons per day peak for some time.

Harold Easton starts his ninth year as Tecumseh's mayor. He has served 10 years on Council.

Two Are Injured in Accidents Here

One person was hospitalized and one child examined for injuries in two of six accidents investigated by the Tecumseh police during the past week.

Colleen Cole, five - year - old daughter of Mr. and Mrs. Jerry Cole, 1201 Sunset Dr., was taken to Herrick Hospital for examination after she was hit by an unattended car.

Mrs. Patty Jordan, 1107 Sunset Dr., reported that her car apparently rolled out of her drive and struck the young Cole girl who was playing.

Howard L. Hunt, 67, Jerome, suffered a broken knee cap after an accident with Marilyn Lickfelt, 23, 4651 Macon Rd. Mrs. Lickfelt was cited for an improper right turn.

A resume of other mishaps is:

April 4 — Lyle E. Riddell, 62, 12400 Macon Hwy., was charged with failure to yield the right of way after an accident with Walter Murphy, 64, Hogan Rd. Mishap occurred at N. Evans and Logan.

April 4 — A sign post fell on the front left fender of an auto owned by Marvin Raupp, Brooklyn, in the Kroger parking lot.

April 6 — Donald R. Liddell, 57, 9103 N. Union St., was cited for failure to yield the right of way after turning in front of Linda K. Blatchford, 19, Britton, on W. Chicago Blvd., at Pearl St.

April 8 — Tom Hamilton, 74, 501 N. Maumee, ran into a parked car on N. Maumee St. He drove around a fallen tree and then lost control of his car when some limbs became entangled beneath his car. Parked auto belonged to Melvin L. Getz.

Annual Alert Is Tonight

With the tornado season here, Tecumseh Fire Department has planned what has become an annual alert practice.

This Thursday evening at six o'clock, the siren will sound and hold steady for two minutes, which is longer than the normal time for a fire alarm.

Folks are reminded that basements provide the best protection at home and are urged to instruct their youngsters of what to do in case of an actual tornado.

When tornadoes do hit here in this area, residents are instructed via radio when the damaging funnels pass and it's all clear.

Appoints New District Manager

Richard E. Anderson, 30, General Telephone district manager at Richmond, has been appointed manager of the company's Tecumseh district. He will succeed Ken L. Conway, who has resigned.

A seven-year veteran with the company, he began in 1960 as a forecast engineer at Muskegon and became executive assistant to the operating vice-president in 1966.

Active in public life, he is a member of the Richmond Chamber of Commerce and the Lions Club. He is a graduate of Western Michigan University and a U. S. Army veteran.

Eagles, JC's To Sponsor Egg Hunt

The Eagles Lodge No. 1563 and the Jaycees are co-sponsoring an Easter Egg Hunt Saturday at 1 p.m. at the Patterson School.

Children from 2 to 10 years old are invited to participate with prizes to be awarded in each age group.

The eggs will be furnished by the Cresent Egg Company, Clinton. Jaycee Chairman John Wakeford and Jim Graham of the Eagles will have charge of boiling, coloring and hiding the 4,400 eggs.

Cars Are Targets Of Vandalism

Vandals, apparently driving around Tecumseh late Saturday night or early Sunday morning, damaged five parked automobiles, according to the police report.

Rocks and beer bottles were tossed through windshields and other windows of the parked vehicles.

Owners of the cars are Frank Marsh, Ernest Gove, John Brooks, Bob Koffron and Walter Mueller.

Mayor Easton In New Term

City Council held its annual organizational meeting Monday night and for the eighth straight time elected Harold Easton as mayor.

The Veteran city official has served 10 years on the Council, and succeeded H. H. Hanna as mayor in 1960. His election this week was unanimous.

In the other office selected by councilmen, George McCombs was returned as president pro tem. William Holmes received one vote.

Council will hold its regular meeting next Monday night, at which time a new budget will be presented by City Manager Cal Zorn.

"In five years, I've learned a lot," said **Mrs. Paul Roekle** in observance of the Fifth Anniversary Monday of the **Tecumseh Office Supply.** The first customer to enter the establishment then was **Ashley Chase.** However, **Mike Hite,** upon learning of the opening of the Office Supply, placed an order with the Roekles on the spot. **Congratulations Paul** and **Virginia.**

It sure is strange. **Pfc. Paul Covell,** son of **Mr. and Mrs. Paul Covell** of Britton wrote recently that he discovered a Dec. 3, 1961 **Tecumseh Herald** packed around a piston received at Ft. Eustis, Va. What was so unusual about this was that the rest of the pistons in the box were packed in a soft packing material.

In Tecumseh's recent **dog census,** it was learned that the city has over **900** canines.

Opera enthusiasts will be interested in the announcement from the **Toledo Opera Association** that an extra performance will be given at the **Peristyle** April 25 as well as the previously scheduled April 27 one of **"Turandot."** Tickets may be purchased at the Toledo Opera office, the Lucas County State Bank in Westgate or by calling 531-4101.

MRS. VINCENT MILLER

Lois Scriver Weds Vincent J. Miller

Lois Ruth Scriver of Van Wert, Ohio became the bride of Vincent J. Miller April 6 in a ceremony performed at the Gloria Dei Lutheran Church by Dr. Laszlo Gero.

Dr. Gero was assisted by Chaplain Donald Eack of Huntington, Ind. Nancy Ehlert presided at the organ and accompanied the soloist, Daniel Sheffer.

White gladioli and chrysanthemums were used on the altar and white rose trees outlined the kneeling bench. Seven branch candelabra fronted with roses flanked the chancel entrance.

The bride entered the sanctuary on the arm of her stepfather, Jack Brown. She wore a bouffant gown of white silk organza and Rachelle lace with fitted bodice and scalloped neckline of lace touched with seed pearls and sequins.

Her waist length veil of imported French illusion was caught to a crown of seed pearls and crystals and she carried chrysanthemums centered with glamellias.

She wore a pearl necklace and earrings, the gift of the groom.

Linda Wilson of Van Wert, Ohio, was the maid of honor and the bridesmaids were Mrs. James Shiels, Britton, Mrs. Donald Eack, Huntington, Ind., Mrs. Carl Cross and Mrs. Paul Cross of Britton.

They were attired in identical gowns styled with high rise bodice marked with white Venice lace and A-line skirts detailed with a back panel.

Miss Wilson wore romance blue and the other attendants wore light blue. They carried cascade arrangements of yellow carnations and glamellias.

Susan Kovacs of Tipton, the flower girl, was dressed like the other attendants and carried a white basket of yellow blossoms.

John Brown, brother of the bride, was the ring bearer. Robert Billau was the best man and the guests were seated by Carl and Paul Cross, John Miller and Russell Lutton.

The reception for 300 guests was held at the Tecumseh Grange Hall with Penny Hicks serving coffee and Valerie Barrett, punch.

Silver candelabra decorated with white gladioli and yellow carnations flanked the bride's cake on a table covered with blue taffeta and white nylon overskirt, garlanded with wedding lace.

The bride, a 1966 graduate of Tecumseh High School, attended Patricia Stevens Finishing School in Toledo, Ohio.

Her husband was graduated from Britton High School in 1963, and Andrew Barber College in Toledo. He is presently employed at Southland Barber Shop in Toledo.

The rehearsal dinner was given by the groom's mother, Mrs. William Miller, 5247 Palmer Rd., Britton. It was held at Don's Beef Buffet.

The newly married couple will live at 31 South McCord Rd., Apt. 10-B, Holland, Ohio, after a wedding trip through the Southern states.

The greatest and most indispensible ingredient in all the universe is love. The greatest single fact in all human history is Calvary, where God's "no greater love" for mankind was profoundly and eloquently expressed in the vicarious death of His Son.

These are the words of John Peterson, composer - conductor, who directed the dramatic presentation of his cantata, "No Greater Love" at the Ford Auditorium April 4 by the Grand Rapids School of the Bible and Music and a 200-voice choir from four Detroit area churches.

Among those attending the stirring performance were Mrs. Margaret Van Vorst, Mrs. Kenneth Martin and Mrs. Robert Hunt, all guests of Mrs. Stella Gamboe.

The title of the sermon, based on Luke 23:34, is "Father, Forgive Them, For They Know Not What They Do!"

On Easter the congregation will worship in two services, a sunrise service at 7 a.m. and a late service at 10:30 a.m.

The speaker for the sunrise service will be the Rev. Curt A. Bormann, pastor of St. Peter's Lutheran Church of Petersburg.

Britton Posts League Win

The Britton Tory baseball team opened its 1968 campaign on a winning note Tuesday afternoon, downing Whiteford, 5-4.

It took them eight innings to score the winning tally. Trailing Whiteford going into the top of the sixth inning, 2-0, the Tories came back to chase four runs across the plate.

Whiteford did not give up as it came back to score twice in the bottom of the sixth frame and knot the score at 4-4.

In the top of the eighth Britton scored one run and pitcher Rick Brown held on to post the win.

Brown also led his team in hits with a single and a double; Rick Maska and Don Reeck helped supply the power and drove in 2 runs each.

Supervisors Disagree With Ambulance Co.

The study of a contractual agreement between Lenawee County and the Superior Ambulance Co. was to have been one of the prime areas of debate at this week's meeting of the Board of Supervisors.

Superior held a meeting with the sheriff's committee of the board two weeks ago. The company indicated that within the next two weeks they would make a thorough study of Lenawee in order to arrive at a contract offer.

They were to have studied the various accident areas, county roads and other associated factors in determining ambulance needs.

It was learned Tuesday, however, that the firm had made no further contact with the sheriff's deartment or with the committee from the board that has been authorized to undertake a serious look into the problem facing the county.

It is felt by many that any sort of contract would be fiscally improbable. Some supervisors have expressed their desires to find a solution that would not jeopardize other areas of county concern within the present budget.

TWO HUGE PLEXIGLAS DOMES AND TWO GREENHOUSES CONNECTED BY A PUBLIC LOBBY ADDED AT HIDDEN LAKE GARDENS.

Glass Domes Are On The Horizon At Hidden Lake

By DOROTHY GRIGG

New facilities at Hidden Lake Gardens include two huge plexiglas dome structures and two conventional greenhouses connected by a public lobby.

Located in the area frequently used for Easter Sunrise Services, the new buildings total 8,000 sq. ft. under glass.

The tropical dome, 50 feet high, 60 feet across and covering 2,800 square feet, will be used for mixed economic and ornamental plants while the smaller arid dome, about 30 feet high and 40 feet across and covering 1,300 square feet, will house the very dry plants.

Temperatures in the gigantic domes are controlled automatically. Windows which open like magic to cut down heat and a turbulator in the top of the dome work together to mix the air and eliminate any too-cool or too-warm pockets.

Underground irrigation of both domes and the center portion of the temperate house with lake water will make for easy care of the raised beds which are edged with sandstone.

Sloping walks add to the pleasant atmosphere as the visitor roams beside the huge palms and the pond where water plants will soon be growing. Much work remains to be done inside as well as the landscaping outside of the new glass buildings.

Adjustable vine supports await the clinging tendrils of vegetation from other parts of the world.

Dr. Freeman said that exchange of shrubs, plants, etc., with other botanical gardens cuts down on the cost of maintenance but many have to be purchased outright.

Three large palms came from Belle Isle and were recently transferred from the temperate house to the tropical dome.

Glen Lumis, a Ph. D candidate, is the first of many students who will use the facilities to further their education. Breeding for azalea hardiness, propagation of unusual plant forms, propagation of maples, magnolia and flowering crab crosses are some of the projects planned.

Hidden Lake Gardens, a 407-acre arboretum, located on M-50 near Tipton, was donated to Michigan State University by the late Harry Fee of Adrian in 1945.

A reception-orientation center given by the Ray Herricks, was opened in May of 1966. The new facilities were also given by the Herrick Foundation.

Dr. Fred Freeman, curator, spoke enthusiastically of the experimental work and breeding to be done in the new domes. Jack Wolf is assistant curator.

They have 110 different varieties of petunias to be on display this summer.

Dr. Freeman was recently elected to the Board of Directors of the American Association of Botanical Gardens and Arborvitae at a meeting in Canada. The association covers both North and South American continents.

Dr. Freeman said that he hopes to be able to add a naturalist to the staff at Hidden Lake Gardens and has already made a suggestion that non-credit courses could be offered to interested persons if this were done.

The second in a series of seminars, credit courses in earth science, began April 6. Seven members of the Michigan State University faculty will conduct sessions in insect biology for the next several Saturdays.

Laurie Hohenstein Is Trophy Winner

At the Swimming Banquet for the YMCA swimming teams in Adrian Tuesday, Laurie Hohenstein, the daughter of Mr. and Mrs. Paul Hohenstein of 913 Red Mill Rd., was awarded a trophy for being the high point swimmer of the season.

Miss Hohenstein participated March 30 in the state Swimming and Diving Championships at Kalamazoo. The junior high school student competed in the 100-yd. free style, 50-yd. breaststroke and on the 200 yd. free-style relay team.

In the first year of competition for the YMCA swimmers the girls finished in third out of the 19 competing teams. Only nine points separated them from first.

Mary Ann Becker finished third in the 200 yard freestyle, fifth in the butterfly among the prep division swimmers.

Peggy Messerly finished third in the 100 yd. backstroke in the intermediate groupings.

The 200 yard Medley and Free-style relay teams finished fourth, the team was composed of Kathy Clark, Barb Clark, Peggy Messerly and Sue McCartney.

On April 6 the Boys YMCA State Swimming and Diving Championships were held in Lansing.

Scott Becker finished 2/10th of a second faster than first place but the judges ruled the other boy first.

Doug Eggleston, son of Mr. and Mrs. Richard Eggleston of 610 Outer Drive, also swam in the 25 yd. breaststroke.

The boys finished ninth out of 23 teams. Swimming coach for the YMCA, Bruce Carper, was satisfied with the way his swimmers competed in their first year.

He also expressed hope for a continued program and is seeking to interest more young people in the county to participate in the swimming and diving which is being offered at the Lenawee County YMCA in Adrian.

Supervisors Meet

The Lenawee County Board of Supervisors met Tuesday for their annual organization session at the Court House in Adrian.

Chairman pro-tem for the past year, Harry Dusseau of Palmyra Township was elected chairman for the coming year. After acceptance of last year's rules to regulate the coming year, the board adjourned until Wednesday morning at 10:00 at which time Chairman Dusseau announced committee appointments.

Supervisors from the city were appointed to various committees, City Manager Cal Zorn was appointed to Justice and coroners committee, salaries and county planning. Mayor Harold Easton was selected to serve on zoning and county health.

Councilman Don Sunderland was placed on assessment roll and apportionment of taxes, civil defense, extension committee, and airort. Rev. B. O. Bashore, the city's fourth member of the county body, was chosen for penal fines, education, and treasurer's accounts.

Franklin Township Supervisor, Ray Jackson, was given appointment to salaries, extension, zoning and health. Gus Tiede representing Ridgeway Township, has clerk's accounts assessment roll and apportionment of taxes and stock claims.

Tecumseh Township will be represented on the miscellaneous claims committee by Art Eaton.

A budget for the coming year will be a prime matter of business for the township and city lawmakers.

In questioning Mr. Dusseau concerning a recent decision by the Supreme Court maintaining that county boards must abide by the one-man one-vote theory, he replied that the decision was directed at Texas and that the state of Michigan would be doubtful concerning any immediate action directed at reapportionment of the county boards of supervisors.

Farmers Face Season Losses

Southeastern Michigan farmers can still get a good crop of hay from alfalfa fields severly injured by last winters low temperatures, contends Norman H. Bless, Lenawee County agricultural Agent.

Field checks made early this week in Lenawee and Monroe counties show that some alfalfa fields seeded in August of last year were badly injured on level soil where winter drainage was a problem.

Mr. Bless says new alfalfa should be seeded without a companion crop, using a herbicide to control annual weeds and to get a good yield this year. Seeding should be before April 20.

Seeding rates should be increased to 10-12 pounds per acre to insure a good stand, says Mr. Bless.

Fields should be disked, harrowed and seeded, preferably by band seeding.

Three pounds of eptam (active ingredient) should be applied prior to seeding and should be worked into the soil immediately after application. The eptam will control annual broadleaf weeds and annual grasses and permit a harvest of 2½ to 3 tons of hay from cuttings made in early July and September.

400 to 500 pounds of a high analysis fertilizer such as -20-20 should be applied. This rate could be cut down to 100 to 200 pounds per acre if the seeding made last August was well fertilized.

Recommended varieties are Saranac or other Flamande or Flemish alfalfa varieties. These will give top yields when two cuttings are made during the seeding year.

Farmers who seed in oats this spring are advised to use the regularly established procedures of seeding. Such seedings will be ready for hay harvest in 1969. Again, ample fertility and the Flamande varieties are advised for highest yields.

Lenawee Organizes Co-op Education

A county-wide vocational education program has been established in Lenawee County. Prior to the 1967-68 school year only one school in the county had adopted a co-op program.

William J. Ross, county vocational education director, has announced that a total of 170 students have thus far participated in the county-wide co-op. Plans are in the process for another offering during the 1968-69 school year.

The program is open to all school districts. Under state law, co-op students must be 16 years of age, which makes the program available to most juniors and seniors. In joining the program firms in the business, industrial and agricultural fields are providing training stations where a student can be part-time employed and obtain a variety of practical experiences in his or her occupational field.

The student is paid for the time he works on the job, which has to be at least 3 hours a day. Exact time varies depending on the job.

The role of the school in the Co-op program is twofold. First, special courses geared to the theoretical aspects of the student's job are mandatory in the curriculum of the Co-op boys and girls. Second, county coordinators employed by the schools work as liaison personnel between the schools, the students and the employer, supervise the training and evaluate the student's performance in close consultation with the employer.

Co-op is included as an essential feature in the proposed new Lenawee Area Vocational-Technical Education Center. This was strongly recommended by employers, parents and students in the 1966 Vocational Education Survey. It was established that jobs closely tied to Co-op training are on the increase, and that 22% of the employers answering to the Survey jobs questionnaire would support a Co-op program as one among the means of upgrading vocational education in Lenawee.

At present the Co-op program is geared to three major occupational areas: Office occupations; distributive education, that is, instruction in marketing and distribution of goods and services; and trade and industry, meeting the training needs of students who contemplate employment in a mechanical trade or in industries producing, processing, maintaining, etc. goods and materials.

There are 10 Tecumseh Co-op students. Most of them attend Tecumseh High School and work at Tecumseh training stations. Two of them go to school in Tecumseh and work in Adrian, and David Bush is from the Britton school and works for the Tecumseh Herald.

Following is a complete list of area students who are participating in the county cooperative program. Listed are their names, school, employer and occupation:

Cris Finnigan, Tecumseh, Ed's Standard Service, bookkeeper.

Jim Mitchell, Tecumseh, Wright Pharmacy, pharmacist's assistant.

Mike Allen, Tecumseh, Green's Clothing, man's wear sales.

Debbie Blanchard, Tecumseh, Evel-Dean Exclusives, secretary.

Trackmen Win Meet

In cloudy and rainy weather last Wednesday the Tecumseh High School track team defeated a Chelsea team, 72-46. It was the first individual meet this season for the thinclads.

Junior Terry Boldon picked up a first in the broad jump with 19'5", Gary Fairbanks picked up third. Jim Parros was second in the shot put.

In the high jump, 5'8" by Steve Dalton was good enough for first and Boldon was second.

Dick Graf, Lamar Rufner, Dave Lord finished one, two, three respectively in the two-mile run. Due to the conditions the time of 11:01.1 was slow.

Tecumseh took the 880 relay in 1:39.8. Sophomore Jack Edwards picked up the mile in 4:55.7, again the weather kept the trackmen's time down over their initial meet a week ago in the Huron Relays. Johnston and Kennedy finished second and third behind Edwards.

Randy Robinson captured both firsts in the hurdles, taking the 120-yard highs in 16 seconds flat and the 180 low hurdles in 22.2. Jim Collins went 10'6" in the pole vault, which tied him with Chelsea's Larry Blackwell.

Boldon picked up the 880 run for Tecumseh in 2:07, Bob Dixon the 440 in 56.8. Gary Fairbanks and Gerald Girbach finished one and two seconds respectively behind Mike Schnaidt of Chelsea, in the 100-yard dash. Gary Fairbanks also finished second in the 220, two seconds off Schnaidt's 24.7.

Chelsea copped the mile relay in a good 3:54.1.

Friday the track team traveled to East Lansing to meet in the Spartan Relays. It was the shuttle hurdle relay team that gave Tecumseh's its points. The hurdlers finished in a tie for fifth out of the 42 teams which participated in the event. Bishop, Robinson, Fairbanks and Dalton make up that team for the Tribe.

Gary Fairbanks finished in sixth in the low hurdles at East Lansing.

Freedom Shrine Month

The Exchange Club of Tecumseh will observe Freedom Shrine Month, April, in ceremonies rededicating a Shrine at Tecumseh Public Library Monday, April 22, at 8 p.m.

Club President Ray Dollison stated, "During April, Exchange Clubs throughout the United States and Puerto Rico will be directing special attention to Freedom Shrines by dedicating and rededicating them in their communities. The Shrines, beautiful, permanent exhibits of 28 of America's most precious historical documents are presented by Exchange Clubs as part of our organization's American Citizenship Program. The goal is a Freedom Shrine in every community in the nation.'

The Club's Freedom Shrine Committee chairman, Dwight Hodges, will be in charge of plans for the rededication program which will feature State Senator Gilbert Bursley as principal speaker.

Chairman Hodges, said of the Freedom Shrine project, "Since it was adopted in 1949 by The National Exchange Club, more than 3,000 Freedom Shrines have been placed in schools, libraries, universities, federal, state and municipal buildings, airports and other prominent locations."

"The documents displayed in the Shrine illustrate 325 years of the struggle to win and preserve freedom in America. They date from the Mayflower Compact in 1620 to the World War II Instrument of Surrender in the Pacific signed in 1945 aboard the U. S. S. Missouri in Tokyo Bay."

He described the documents as "handsomely framed, exact photographic reproductions of the priceless originals; visual reminders of our hard-won heritage of freedom and of the democratic principles structuring our republic."

Chairman Hodges announces that the public is invited to this rededication ceremony.

Sylvia Luegge and Jim Miller Speak Vows

BRITTON — The Emmanuel Lutheran Church was the setting for the double ring ceremony uniting Sylvia Luegge and James Miller in holy matrimony Friday, March 28.

The bride is the daughter of Mr. and Mrs. Carl Luegge of Britton. The bridegroom is the son of Mr. and Mrs. Frederick Miller of 9481 Britton Hwy., Tecumseh.

The Rev. Edwin Mueckler performed the ceremony at 7:30 p.m., before a candle-lighted arrangement of white flowers beside the altar.

Blue and white satin bows enhanced pews along the white carpeted center aisle.

Mrs. Wesley Gilmore was the organist and accompanied the soloist, Kenneth Johns of Milan.

The bride's floor-length gown of silk candlelight ivory taffeta had an overlay of silk organza, appliqued with Alencon lace. An attached chapel train flowed from the shoulders.

Her elbow-length veil of French illusion was caught up in a pillbox crown topped with a satin rose, fashioned by her aunt, Mrs. Daniel Baker of Ft. Lauderdale, Fla.

A tiny pair of cultured pearl earrings, worn by her maternal grandmother, Mrs. George Rodgers, was the bride's only jewelry. She carried a cascade arrangement of white roses and miniature ivy centered with orchids.

Mrs. Thomas Smetka, a school friend of the bride, served as matron of honor, wearing a floor-length, cage-styled gown of romance blue silk with attached train. She wore a headpiece of handmade rosebuds with blue net matching her dress. She carried a single long stem white rose.

Mrs. Cliff Haas of Lambertville, sister of the bridegroom, Mrs. Richard Miller of Petersburg and Marlene Coe of Farmington, were the bride's attendants. All were attired the same as the matron of honor.

Julie Leonard, cousin of the bridegroom, was the flower girl, wearing a miniature bridal gown.

Adam Haas, nephew of the groom, was the ring bearer.

The bridegroom chose his cousin, Ronald Miller of Wayne, for his best man.

The guests were seated by Walter Koricen, Gordon Gibson and Roger Luegge, all of Britton.

Mr. and Mrs. Lewis Vershum and Mr and Mrs. Robert Gibson were hosts at the church and reception at the United Products Union Hall. A buffet dinner was served to 500 guests.

Guests were registered by Lolly Luegge, sister of the bride.

Janis Linger and Mrs. William Blough served the cake and Rita and Michele Vershum served the punch.

The bride, a 1966 graduate of Britton-Macon High School, was a secretary for the Child Development Project at the University of Michigan. The bridegroom is a graduate of Britton-Macon High School, and he recently returned from a year's tour of duty in Vietnam. He is a Sentry Dog Military Policeman in the Army.

The couple left Monday for Van Nuys, Calif., where he will be a guard at the Hercules Missile Base, and they will make their home.

Mr. and Mrs. Frederick Miller were hosts for a rehearsal dinner Thursday in the church reception rooms.

Anyone May Help Sew 150 Dresses For Needy Girls

CLINTON—There are 150 little girls' dresses in sizes 3 months to 14, all cut out and waiting for someone to sew them, and the dresses are urgently needed by Adrian's Salvation Army.

The materials have been donated from scraps of new materials, and tops and skirts have been imaginatively color-matched by Mrs. Edgar Randall and members of the material aid committee of the United Church of Christ.

Anyone who can lend a hand with this project is asked to call Mrs. Randall, 456-4059, and they will be delivered.

Vietnam Operation

Army Pvt. 1/C Jack E. Covell, 20, son of Mr. and Mrs. G. E. Covell, 1100 Murray Drive, is participating in "Operation Truong Cong Dinh" in Vietnam with other members of the 9th Infantry Division.

Located in the Mekong Delta region south of Saigon, the allied counteroffensive also includes the 11th Regiment of the Republic of Vietnam's 7th Army, as well as American Naval and Air Cavalry units.

One of the many hats of Consumers Power CONSTANT PLANNING

Before you build a new home, you'd be wise to consult a Consumers Power "Dollar Stretcher." Or have your builder consult him. He's the man who can advise you, free of charge, about saving money by proper planning of utilities services in your home. He can show you how, by planning ahead, you can economize on home heating, water heating, air conditioning.

Consumers Power consultants are out working every day, helping homeowners, architects, engineers and contractors to plan for the best economies in building homes and institutional, commercial and industrial buildings. It's part of our business as energy experts.

We do another kind of planning that affects your pocketbook, too. Planning to keep our rates down. In the face of continuing inflation, that's not easy, because all of our costs are rising, too. Add to that our increasing taxes — local, state and federal — and you'll see that we have to plan constantly to find new ways to keep rates low.

(Speaking of taxes, did you know that in 1967 alone, Consumers Power paid more than $80-million in taxes? That's enough to build 12 modern public schools.)

Constant planning. It's a way of life at Consumers Power.

American Cancer Society

The American Cancer Society launched its 1968 educational and fund-raising crusade April 1, with emphasis centered on cancers seven warning signals.

According to Joe Fortunato, crusade chairman, the crusade will focus attention on the fact that too many people are not familiar with just which early signs could indicate cancer. That is why the Cancer Society is stressing the value of knowing these signals.

"The basic, yet simple, warning signals that could mean the presence of cancer serve as an alert to aid in early diagnosis when cancer is in its earliest and most curable stage," Mr. Fortunato said.

Plans for the all-out April crusade, Mr. Fortunato explained, included nationwide distribution of 40,000,000 leaflets listing the seven warning signals of cancer. Every family in Lenawee County will receive this leaflet, most of them to be distributed in person by Cancer Society volunteer workers during April.

The 1968 April Crusade will bear the slogan, "It Makes Sense to Know the Seven Warning Signals of Cancer. And it Makes Sense to Give to the American Cancer Society."

Through My Window

THE WORD IS HANDSOME

Last week we became so carried away with early robins and the late snowstorm that we never did talk about how pretty the birds are. And, they really are. In the spring, a newly-returned robin hopping through the yards is a sight for sore eyes. He makes the mind play tricks, too — a winter-dead lawn suddenly starts looking as though it might turn green and a temperature reading of 50 degrees is balmy, whereas on a pre-robin day it would have been raw and sharp.

Late in the summer, after the wear and tear of family raising, these birds are not too exciting. They look rather faded and worn out. Now, however, they are just back from a carefree winter in the sunny southland, they look fit and rested, and gorgeous.

The males come back early so as to establish territories. Their brick-red breasts, soft charcoal backs and wings, black heads, white eye rings and bright yellow bills are in sharp contrast to the end-of-winter-drab world to which they return.

By the time the ladies arrive, and they do not allow the men folks too much bachelor living, but by the time they do arrive, our world is more colorful so their slightly duller reds, blacks and grays blend rather than stand in sharp contrast.

★

SOONER OR LATER, a robin stalking through the yard, stopping abruptly, cocking his head, rearing back to gain leverage for a quick downward thrust which will capture a worm, prompts the question — how does the bird know the earthworm is there?

Do they see, hear, feel, smell or what? Frank Heppner, writing in the September-October '67 issue of "Audubon" magazine, chronicles his search for the answer.

He was a graduate student at a west coast college and, although his research was serious, he had the good sense to write about it with warm humor. And in this often-times sterile and highly scientific world, isn't it a joy that there are people who do not take themselves too seriously?

At the end of a year and a half of exacting and well-controlled experiments, Mr. Heppner came to the conclusion that robins see worms.

It seems that earthworms do not live underground exclusively, they pop to the top of the ground and the "wormholes" are clearly visible.

Quoting directly from the wrap-up of his article, "The clincher came when I asked myself, 'Well, if the robin finds worms by looking for them, why can't I do the same thing?'"

So, one wet morning I ventured forth on the campus lawn with my eyes as close to the ground as focusing would permit. Sure enough, it was possible to see the worms in their burrows.

"You might try this yourself. But when the policeman asks, tell him you lost your contact lenses."

★

CONTINUING MY robin reading, the next book to cross my reading table was a charming little volume on English birds. The early settlers, who gave the largest of this country's thrushes the name robin, must truly have been homesick.

It would take quite an imagination to make our robin look like an English robin. Ours is about 10 inches long, theirs five and a half; our "Mr. and Mrs." robins are colored differently, theirs are the same; our robins' eggs are a pretty and unmarked blue, theirs are white speckled with light red.

On both sides of the Atlantic, however, the robin red-breast is, "perhaps the best-known and best-loved of all our birds."

So it is that as for our robins — their first appearance is exciting, always their actions are interesting and, as for their looks well, the word is handsome.

TO THE EDITOR:

Im writing in regard to an article which I read a few weeks ago.

I remembered a poem that I picked up while we were off the coast in our ship. I thought you might be able to use it.

The person who wrote it I dont know and after I copied it you will probably find a few mistakes.

But the thought is still there.

There are a few more floating around the ship and I'll send them on if you wish.

"A Joke? Not A War"

War is built on self-destruction,
Filth, and shame, and gun construction.
Murder, death, and next to nothing,
People of all kinds.

War is started by men unknown,
Evil men that somehow grow:
Men who love to see blood flow.

Men with a sick mind.
War is ended by men of might,
Men that are brave; Men who will fight.

Freedom, democracy and
All that's right
Then war sees its end.

But, somehow starts another again,
It always starts like It did before
But, somehow we will win.

And now there is war in a foreign land,
Started like all wars began.
It rages on in Vietnam.

This war that no one understands.
I'll take my place with able men,
To fight a war that's labeled "cold".

And everyone must confess,
This war is much too old,
But the end is never near.

It plays on innocent peoples' fears.
They always think of vester year,
Now battle rage is all they hear.

The people are sick and some will die.
All through the night you hear them sigh.
They run, they steal, they beg, they cry.

And worst of all they don't know why.
They need God's help
This joke of a war will end some day.

Then people will laugh and say,
"It proved nothing anyway."
This joke that is called a war.

And soldiers just like me and you,
Will never see that day come true.

It's so stupid that just we few,
Must fight this joke until it is through,
But God will help us, just like before.

Actress Julie Parrish Visits Old Hometown

By BILL SANFORD

There are compensations for being a bachelor at times, such as last Friday afternoon when I had the opportunity to interview Julie Parrish, feminine star of the weekly television series, "Good Morning, World." The former Tecumsehite was looking vivacious as ever as she talked candidly of her life thus far.

She has been on a hiatus since the January 9 finish of the filming of the situation comedy series. She hasn't, however, been loafing around as one might think of the tinsled darlings, perhaps because Julie Parrish is not a tinsled darling.

She has moved into a Spanish apartment in Beverly Hills and has been busy making drapes, finishing cabinets, painting and decorating to suit her tastes.

Also on her agenda at present are sessions at a professional Comedy Workshop run by Harvey Lembeck, who was at one time a member of Phil Silvers "Sgt. Bilko," series in the late fifties.

She credits Lembeck with the success she has made on the series GMW. It was his training and understanding in criticizing her work that gave her the confidence she needed to do such a series.

On her schedule for sometime in the latter part of the month Julie will be traveling to Israel to begin filming a new movie, the title of which has not been set. Tentatively signed to appear in the movie are Gene Barry, the former Bat Masterson and Burke's Law, et al. Sam Jaffe, Dr. Zorbs, Ben Casey's former practicing conscience, not the hair-raising Greek, and Gila Golan, a European import.

The legitimate theatre remains her first love in acting as it does with most, but due to the lack of financial backing, a part in a good play is hard to find.

She has worked on the boards in California with Hans Conried in "Absence of A Cello," At the Actors' Theatre in Beverly Hills she has appeared in two Arthur Miller offerings, "The Crucible," and "After the Fall." In the latter she performed the role of Maggie, the Marilyn Monroe prototype. The critics praised her work in the role.

Marriage seems a far-off prospect in the life of the young actress. "I'm too young for marriage, although people say different. I'm just not ready."

"I enjoy what I do and I want to do what I do, well. I want to be happy — when I've found myself, I might get married. I couldn't get married now, I'm just not ready."

Asked about the hardships or pitfalls of becoming an actress, she replied, "I've been lucky, very lucky. I've never had to starve like so many young actors. I've always had something that would come up and take care of me, I've been very lucky."

About that time she had to hop off to rehearsal, a wedding rehearsal, no, not hers, but her brother's, which is why she was in town over the weekend.

I asked her one last question—about doing another series. "Only if I can get out of the kitchen, so help me, when I left the set of 'Good Morning, World,' I thought they should give me the kitchen, it was a part of me for so long."

Ah, yes, it does pay to be a bachelor at times.

VISIT WITH AN ACTRESS — Julie Parrish, for mer Tecumseh resident, was in town over the weekend for the wedding of her brother. While in town she met with Herald staffer, Bill Sanford, at Don's Beef Buffet for a cup of coffee Friday, where she discussed her career and future.

St. Peter's Services

The Easter celebrations of the Holy Communion at 8 a.m. and 10 a.m. on Sunday will be preceded by the serious events of Holy Week at St. Peter's Church. Beginning with the Liturgy of the Lord's Supper at 8 p.m. Maundy Thursday and continuing with the service "At the Foot of the Cross" on Good Friday afternoon beginning at 12:15 p.m.

Good Friday evening will see the devotion "The Way of the Cross" at 8 p.m. during which the congregation will walk around the Church, stopping at the "stations" marking the events of Jesus' walk to Calvary where He was crucified.

The first celebration of Easter will begin with baptism of infants and children at 4 p.m., Saturday, at which both the Rev. Frank Hawthorne, rector and the Rev. Russell Cooper, deacon, will officiate.

The traditional Easter Vigil will be held at 9 p.m. in which the congregation procedes into the darkened church lighted only by the newly-blessed Easter candle. Following the reading of lessons, the blessing of the Font in the Baptistry, and the renewal of baptismal vows, the first Eucharist of Easter will be celebrated.

During the service the Church is transformed from the somberness of Lent and Passiontide, to the joy and glory of Easter.

★

Special music will mark the Easter services at St. Peter's Episcopal Church at the 10 a.m. Festival Eucharist.

Three Church Sonatas by Wolfgang Amadeus Mozart will be presented by violinists Darwyn Apple and Angela Davis, both students at the School of Music of the University of Michigan.

Miss Davis is a student of Charles Avsharian and Mr. Apple is studying with Gilbert Ross, both of Ann Arbor.

St. Peter's Church Choir, under the direction of organist-choir director Ennis Fruhauf, will sing "Jesus, Refuge of the Weary" by Johann Sebastian Bach.

Easter hymns will be sung at the 8 a.m. celebration of the Holy Communion.

Junior Gun Class

A new gun class for juniors will start at the Community Center as soon as enrollment reaches 14, George Racey, instructor, announced this week.

In 1963 a Junior Division of the Tecumseh Rifle and Pistol Club, member of the National Rifle Association, was formed.

Mr. Racey, who has been leader since then is assisted by Don Geringer, Dave Geringer and Lynn George.

The club now has 55 members. Any boy or girl, 11-19 can join.

After joining, the members take 16 hours of instruction on safety and proper handling of a rifle — the rifles are fired after the first two hours of instruction.

These classes are on Thursday nights from 7 p.m. to 9 p.m. at the Community Center. After the instructional course is finished, the members practice every Saturday from 3 p.m. to 5 p.m.

Registrations are being taken at the Community Center Saturdays or one may call Mr. Racey, 456-4040.

There are medals and shoulder patches awarded to designate the progressive degree of proficiency that the member has obtained.

The Club has its own matches for which rotating trophies are awarded. These trophies were given by the Tecumseh Rifle and Pistol Club, American Legion Post No. 34, Harold Easton and Anthony Marchese. The club also attends the National Matches and the school at Camp Perry in Ohio each year.

The Kiwanis Club is assisting the Junior Rifle Club as part of their boys and girls work.

Jim Utley is chairman of the Boys and Girls Committee, assisted by Frank Becker, police chief of Britton, and Harold Lewis.

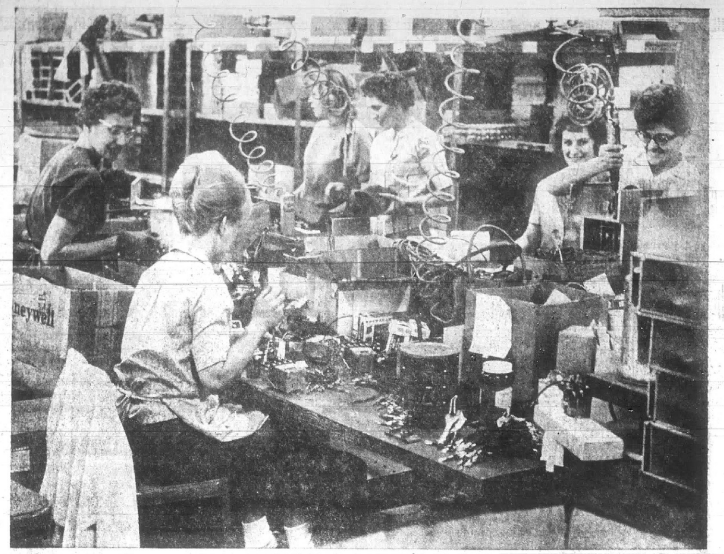
Tuttle's Continues Tremendous Growth



CONTROL ASSEMBLERS — Sub-assemblers on controls incorporated in dust heaters, for forced air systems—basically air conditioners and heat pumps—produce from 250 to 300 daily. Ladies working here are, left to right, Dorothy Demey, Blissfield; Helen Handy and Sylvia Green, Adrian; Birdie Oliver, Lee Villa Trailer Court; Sharon Arnold, Adrian; and Bettl Holland, Sutton Rd.

HERALD PHOTO BY BILL WHITING

There's a good chance that H. W. Tuttle & Company is playing an important part in your way of living. If you have an electric clothes dryer or a heating unit, there's an excellent chance that the elements were produced at the Tecumseh firm on S. Evans St.

Its slogan of "Manufacturing for Today, Designing for Tomorrow," is certainly symbolic of the company's growth and future plans.

In nine years, Tuttle's has grown with six expansions and an employment hike from 65 to 250, of which about 80% are women.

In Tecumseh it ranks second only to Tecumseh Products with a payroll topping $1.5 million.

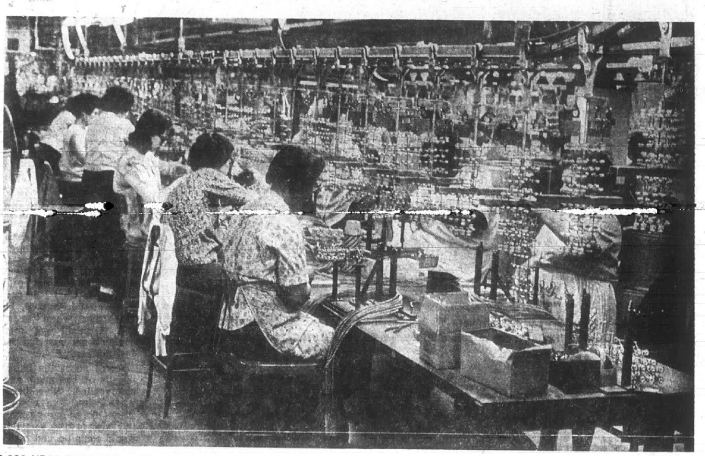
Starting here in the Old Admiral building in 1959, Tuttle's floor space has more than tripled. The company recently moved into a 10,000-square-foot addition, which raises the plant's size to over 70,000 square feet.

Responsible for the company's growth is Madeline Tuttle, former president and now chairman of the board, and her son Harold W. Tuttle, president.

Recognition of the company's success was achieved just last year when Mrs. Tuttle was honored by the Small Business Administration as "Michigan's Outstanding Businessman of 1967." Her competition for the title also included the state's outstanding businessmen.

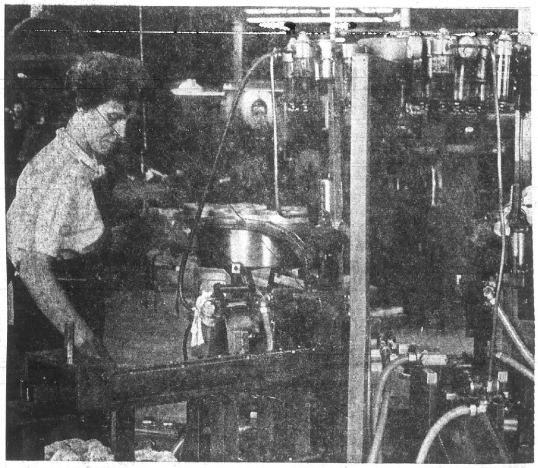
One who toured plant facilities when it moved from Adrian in 1959 to its present location would hardly recognize the same operation. Tuttle's has not only expanded its heating element lines, but is now fabricating all sheet metal for duct work. A future expansion could well include a plating operation, now jobbed elsewhere.

Its customers include some of the most famous appliance corporations — Whirlpool, Fedders, Carrier, American Standard, Worthington, Speed Queen, York, G.E., Westinghouse, Singer and others.



3,000 HEAT ELEMENTS — This 120-foot long assembly line at Tuttle's is one of two and employs 33 ladies. It is capable of turning out about 3,000 elements per day. These gals are stringing coiled wire through ceramic insulators for electric clothes dryers. A third line is anticipated in 1968.

HERALD PHOTO BY BILL WHITING



CLIPS INSULATORS — Faye Elliott of Adrian operates this automatic clip machine, capable of inserting round ceramic discs inside a metal clip, which in turn, is automatically spot welded to a metal shaft, forming a nearly completed heat element. Her machine assembles about 20,000 discs per day. Four machines work continually, 16 hours a day, for an output of 160,000 pieces per day.

Chelsea Home Hosts Meeting

MACON — The Faith Circle held their April meeting at the Chelsea Methodist Home, Thursday, April 4. Mrs. Russell Van Valkenburg opened the meeting with a reading, "A Garden to Plant."

Mr. Clare Camburn presented the slate of officers for the coming year.

Chairman — Mrs. Van Valkenburg

Secretary — Mrs. Charles Gorton, Sr.

Vice-Chairman — Mrs. Garland Osburn

Treasurer — Mrs. Clarence Hall

Sunshine — Mrs. Melvin Travis

Roll call was answered by reciting a favorite Bible verse. In May members are to bring flowers for a May Basket to be given to shut-ins.

Mrs. Gorton presented an inspiring program on "The Last Week and the Crucifixion." She illustrated with beautiful pictures. Mrs. Gorton ended her program with everyone singing, "The Old Rugged Cross."

The six adopted sisters from the Home and Mrs. Adeline Lerick, formerly of Onsted, were afternoon guests of the circle.

The birthdays of Mrs. Minnie Sarvey and Mrs. Blanche Wolfinger were observed with a decorated cake. Fancy sandwiches, Jello and coffee was also served. Mrs. Truman Jordan baked the two lovely cakes.

Those who made the trip to Chelsea were Mrs. Charles Howell, Mrs. Osburn, Mrs. Travis, Mrs. Camburn, Mrs. Gorton Sr., Mrs. Van Valkenburg, Mrs. Eugene Hill and Mrs. Ronald Pilbeam.

Also attending were Mrs. Lilburn Burlson, Mrs. Clayton Bigelow, Mrs. Thomas Badley, Mrs. Zearl Horton and Mrs. Hamilton F. Moore.

One-Eyed Blindness Protection

Vision and hearing screenings are being made available again this year to pre-school children. This program, sponsored by the Lenawee County Medical Society, the Lenawee County Health Department, and the Michigan Department of Public Health, is available to all children from three and one-half to kindergarten age.

The screening will help to uncover eye and ear disorders which, after correction, will result in the children entering school better equipped to handle their learning tasks.

A major aim of the program is to prevent one-eyed blindness. This condition, commonly referred to as "the lazy eye" can often be corrected at the age of three or four years, but becomes a permanent blind eye at age of seven or eight years. It is estimated that over 5,000 children each year are destined to be blind in one eye in Michigan. Some will be found right here in Lenawee County.

Just as a child may not see well without being blind, he may not hear well without being deaf. One cannot detect a slight hearing loss by talking to a child. Only a special instrument (audiometer) can pick up the hearing loss when it is beginning, the time treatment is most helpful.

The screening, free of charge to parents, will be started in late April and be continued through June. Clinics will be set up in local areas throughout Lenawee County. Mrs. Kathryn Condon, vision technician, and Mrs. Vivian Turnwald, hearing technician, will do the screening. Mrs. Esther Casterline is co-ordinating the program.

Application forms will be distributed through schools and at pre-school round-ups. These forms may also be obtained at the local Health Department. The application forms are to be completed and returned to your local school or mailed to the Lenawee County Health Department as soon as possible.

Watch your local paper for dates of clinics held in your area.

Sister Joachim Stresses Educated Woman's Role

Sister Ann Joachim, O.P., challenged 50 members of the Delta Kappa Gamma Society April 6 when she spoke in the Benincasa Hall of Siena Heights College.

She emphasized her topic, "Today's Role of the Educated Woman" saying, "For centuries women have kept peace in the family, now they must keep it in the world. For as a family goes so goes our civilization."

"The greatest needs today are sympathy, understanding and love. It is a woman's duty to develop all her potentialities, tap her resources and channel them into peace," the educator concluded.

Mrs. Gordon Garlick, Mrs. J. H. Jones and Mrs. Russell Schultz were among those attending who also toured the college following adjournment of the dinner meeting.

ON THE HILL

By CINDY CALHOUN

It was on the beautiful meadows of a faraway country where I first experienced the tender kiss of the early dawn, the warmth of the sunshine, the refreshing gentle showers of spring and the harmonious melody of the birds which nested in the trees around me.

How lovely the hills and forest around me were! To a seedling, such as I was at the time, the world seemed high and oh, so big . . ! Day and night I encountered mother nature's beauty with deep complacency and I often dreamed of the day when I would become a giant of the forest, king among trees, with my thick branches pointing majestically towards all points of the earth.

Time went by and I grew strong and sturdy. I shared my joys with other trees and I proudly provided the weary traveler, the tired peasant, and the royal journeyers with the comfort of my shade. In fact, I must tell you, that the prettiest birds of the land honored me with their presence.

Then one day something very strange happened. A group of soldiers came, and for no reason, they hit me, tore me apart, and stripped my beautiful leaves off me. "What are you doing to me?" I pleaded, but only more painful blows fell upon me for an answer. "Where are you taking me? I love these hills, I am tall and strong. What is the meaning of the strange shape that you are giving me?" More blows came upon me and now no longer did I look like a tree. They dragged me through the forest, my beloved hills being the silent witnesses of my pain and sorrow and there . . . at the end of a road, stood a man. He was different. He seemed to bear some deep pain, almost as big as mine and on his head was a crown of thorns.

He carried me and for some reason he got the same treatment that I did. Three times he fell under the heavy burden of my weight, but he got up again and I kept on wondering. This man was not like the others. A warmth from him far greater than that of the sunshine filled my entire strange shape. How could this poor man carry me all by himself under the scorn and constant blows of those soldiers? With desperate efforts I tried to become lighter but my trials were crowned by failure.

The painful road took us to a hill, a high hill where this man and I became one as heavy nails united us. And there we stood, in the darkness, pointing at all directions of the earth, the man and I . . .

There was nothing majestic about me but there was something special about him. I heard him talking to his father, but I could see no one. I heard him asking for forgiveness for the sins of the world, but how could this be possible?

The skies grew darker and the wind blew harder. My pain suddenly lessened when I felt the presence of something stronger than the North wind, gentler than the summer rain, softer than the touch of dew, something far sweeter than the song of the bird.

A new feeling of life took over my odd shape. No longer did I feel sorry for myself or the man. Who was I to complain when he had suffered in silence? Did his father forgive the world and I also? Had I been martyred as I had previously thought, or had his father wanted me to die with him?

He became weaker and weaker . . . and so did I but my pain was gone.

Suddenly I realized the answer to my wondering. This man was a King! The King of Suffering, The King of Kings!

Yes . . . I knew it then . . . My wish had been granted. I had become King among trees because His Father had chosen me to hold on that lonely hill, His Son. THE HOPE OF THE WORLD . . .

Minor Injured from Explosion

Gary Hannibal learned about gunpowder and fuses the hard way, last Tuesday, but luckily escaped serious injury.

Gary, 16, son of Mr. and Mrs. B. B. Hannibal, of N. River Ct., discovered an old, empty grenade near his home. He packed some gun powder into the grenade and put a fuse in it, then buried the grenade in the ground, lighting the fuse.

The explosion of dirt and debris caught Gary before he could walk away.

His arms, face and eyeballs were penetrated with the dirt. However, at Herrick Memorial Hospital, where he was taken for emergency treatment, his injuries were found to be minor and his eyes cleared up naturally by the next day.

Friday, Gary entered Herrick Hospital for surgery, unrelated to his accident, and he expects to be home by Friday.

MEN COLOR EGGS — Jaycees and Eagle Lodge members worked together to color 3800 eggs for the Easter hunt Saturday. Around the table from the left they are, John Stewart, John Wakeford, William Fetty, Rick Creswell, George Milosh with the cigar and Larry Girard. Hundreds of Tecumseh and area youngsters romped for the eggs at the Patterson School Saturday afternoon. Some lads and lassies picked up prizes by gathering up specially marked eggs.

Agreement Is Drawn For Water

Although Tecumseh has yet to acquire property north of town for a new well field, agreement papers between the city and Tecumseh Township have been drawn for the city to obtain a right-of-way for water mains through township property.

Neither the township nor Council have approved the agreement.

In order for Tecumseh to develop the well field and extend its water mains north to it, the city will grant numerous concessions, if the agreement is approved:

► Fire hydrants installed at intervals not to exceed 600 feet.

► Extend and provide city water to township residents if private wells fail to produce, due to lowering of the water table in the area, at city expense.

► Charge such township residents same rates as assessed to city residents.

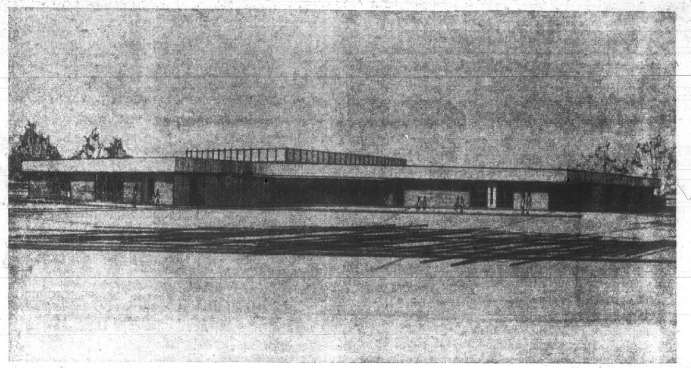
► Allow any land owner in affected area to connect to city water lines for the usual connection fee and pay no more than double water rates charged city residents.

► Replace and repair soil and road surfaces to the satisfaction of the township after installation of the mains and for any future maintenance work.

Art Eaton, township supervisor, said the township would not approve the agreement until after May 7, scheduled trial date for the city's condemnation suit to acquire 7.2 acres, owned by George Underwood, Tecumseh resident and Clinton auto dealer.

The city originally sought 25 acres, but recent drilling tests failed to produce ample water needed in the city. An Ann Arbor engineering firm changed its recommendation from 25 acres to 7.2 acres, plus a 1.5 acre easement.

Mr. Underwood is opposing the condemnation, saying he does not want to sell. He's a large land owner in the area between Clinton and Tecumseh.



FUTURE SUTTON AREA SCHOOL — The new 31,450-sq.-ft. Sutton School costs have been estimated by the Tecumseh School Board. The new structure will have an estimated cost of $21 per sq. ft., or $660,450. Other estimated costs are site development, $35,000; septic tank, well and underground electricity, $30,000; equipment and furnishings, $40,000. Other contingencies have run the estimate to a total of $832,500 for the completed building.

Sutton School Cost To Run $660,450

Growth of elementary pupils since 1957, when the last of the new elementary schools was opened, has forced the Board to place children in substandard classrooms in the old West Branch and old Sutton School.

Housed now at West Branch are two rooms of Type A pupils and one kindergarten with two sections of pupils.

At Sutton, there are two rooms of pupils in the old building and two rooms in the temporary classrooms, provided through the assistance of the intermediate school district.

Board of Education is completing plans for a new elementary school on ten acres of school-owned land, immediately west of the Lenawee School Services on Sutton Road.

All of these facilities will be abandoned when the new school is completed.

Sutton area children have, by necessity, been bussed to most of out elementary schools, some to Tipton, Macon, Ridgeway, Herrick Park and Patterson as well as to the Sutton Schools.

The new school will eliminate this bus problem and enable the parents of these children to concentrate their PTA efforts in one area.

Since the Tecumseh School District is the only district of its class entirely debt free through the final payment on the 1957 Bond Issue it is now possible for the Board to remedy a situation of substandard facilities by the erection of a new building.

The classroom section of the new school will be hexagonal in shape and will house the first six grades. This section is new to Tecumseh in concept, as it provides for large group instruction or what is sometimes called team teaching.

The first and second grade rooms will be separated by a folding door and each has a conference room for small group instruction. The same is true of the third and fourth and fifth and sixth grade room.

Also, the third, fourth, fifth and sixth grade rooms will be separated from the halls on the inside by low walls so that the halls may also be used as an extension of the classrooms.

The center area, as shown on the floor plan, is raised six inches from the classroom level and the center section of that is raised another six inches more so that when the folding doors are opened to each classroom, the whole area becomes one large instructional area. The center section will be ramped so that crippled children can also use this area.

The central area may be used for television, audio-visual, large and small group instruction, plays, science programs and other purposes.

The halls and classrooms in this area will be carpeted. Carpet is less expensive to maintain and less noisy when pupils are using these areas for instruction.

The kindergarten room has been set aside by itself so that younger pupils will not be disturbed by the older ones and vice versa. This plan has worked well in all our other schools.

The multi-use room is the same size as at the other schools, but the kitchen is larger as a one hot dish program may be made available to pupils for lunch.

Making Like Santa Ends in Squeeze

T'was the morning of Easter and all through Tecumseh not a creature was stirring except two passers-by and the Tecumseh Police Department, they were looking for someone calling for help in the vicinity of Kilbuck and Ottawa Sts.

A passer-by called the police department at 3:30 a.m., to inform them that someone was yelling for help and that they had searched for 10 minutes without finding the location of the cries.

Officers of the department went to Kilbuck and Pottawatamie Sts. The passers-by started going west on Kilbuck, officers started going west on Pottawatamie.

Finally the sounds were singled out as coming from the area of the Boy Scout cabin on Kilbuck. After a few minutes of searching, the voice was pinpointed as coming from the chimney.

Two men managed to get onto the roof and called to the policemen that a rope would be needed to extract the frightened chimney dweller.

Officers went to the fire barn to secure a rope for the operation, however, in the meantime the men on the roof had used their belts to dislodge and help the man from his cramped position.

Paul E. Underwood, 26, of Sutton Rd., was black from the soot in the chimney and it was impossible to recognize him immediately.

When asked why he was in the chimney, he remarked that he didn't know how he got on the roof, let alone in the chimney. Nor did he know how long his ill-timed Christmas Eve vigil had been.

He was taken to police headquarters, questioned and then released.

After their confusing manhunt, the police department returned to typical Easter quiet, and Mary Poppins, the Easter Bunny and Santa Claus were returned to their respectful places.

Bursley Here for Exchange

State Senator Gilbert Bursley will be the principal speaker at the re-dedication of the Tecumseh Exchange Club Freedom Shrine ceremony at the Tecumseh Public Library.

The program will begin at 8 p.m. Monday evening, April 22.

The public is cordially invited.

Chairman of the Freedom Shrine program, Dwight Hodges, urges all citizens to become more familiar with the documents displayed in the Shrine.

"They illustrate 325 years of the struggle to win and preserve freedom in America," he said. The Shrine is located near the main desk in the Library.

The Fr. Robert Handley of St. Elizabeth Catholic Church will offer the invocation and the Rev. Seal Janeway of the Missionary Baptist Church will render the benediction.

City, Police Department Continue Negotiations

Tecumseh police, through its union negotiator, are still negotiating with city officials for higher salaries.

A meeting was held last Thursday and another session is scheduled for next Wednesday at city hall.

At the present, a cadet patrolman starts out at $5,150 a year. He can remain a cadet for an undetermined period of time, advancing to the status of patrolman only after he's judged capable for the post.

Maximum pay for a patrolman is $6,695, while a sergeant's top annual pay is $7,070.

Members of the department work 44 hours a week with no extra pay for overtime, unless they work longer than the 44 hours.

Although details of the negotiations are not known, the police are asking for a greater increase than the 5% to 7% range being offered.

City Manager Cal Zorn believes the police and city are close on a salary agreement, but the city is opposing some other concessions being asked.

Two Accidents Are Investigated By Local Police

Tecumseh police investigated only two accidents here during the past week, and neither was serious nor involved personal injury.

Two drivers, however, were cited for driving infractions.

Tuesday of last week, Mrs. Evelyn R. Beaubien, 54, of 1101 Russell Rd., was charged with improper backing after backing from a drive into a car driven by Roger Cox, 16, of 1015 River Acres Dr. Mishap occurred on S. Evans St.

Last Thursday David H. Allshouse, 19, 4885 Shepherd Rd., was arrested for failure to stop within an assured clear distance. He ran into the rear of an auto operated by Carl D. Brighton, 37, 1980 Taylor Rd., on W. Chicago Blvd., at Van Buren.

Buys Tractor

Council authorized a purchase of tractor and lawn mower from Tecumseh Equipment Co. Monday night.

Total cost was $1,675.

Assessments To Be Hiked

Although figures have not yet been released, it has been learned that several neighboring townships will have increased evaluations and assessments.

Earlier this year, representatives of the State Tax Commission spot-checked several nearby townships. Some of the evaluations were just about half of what they were supposed to be, which is 50% or half of actual cash value.

Figures for the townships are presently in the hands of county tax officials and will probably be released next week.

Schools Acquire Williams' Land

The Board of Education met in a special session last week for the purpose of discussion on the purchase of the Williams property at 317 E. Shawnee.

The purchase price of $18,500 was accepted. The price includes the removal of the house by the owner.

The acquisition of the land was prompted by city regulations against the loading and unloading of school buses on the city's streets.

The purchased land will be used as a drive that will circle the high school and be used for loading and unloading of students from the junior and senior high schools.

Raisin Twp. Prospective Airport Site

The first alternative site offered in the recommendations for airport facilities for the county by a Grand Rapids engineering firm to the Board of Supervisors last week, is located on Ives Rd., in Raisin Twp.

The ultimate development of the Raisin site would require the acquisition of a total of 855 acres.

First estimated development costs submitted to the Board and drawn up by the planners for this site was $2.17 million. However, a revised cost estimate was delivered later, setting the cost at $2.68 million.

In an April 10 letter to Werner Sommer, chairman of the Lenawee County Airport Committee, Willis and Works explained that they had received information concerning the values of land for three out of the four sites considered.

In the six months prior to the final recommendations, land values at the Raisin Twp. and at the present site nearly doubled.

Figures show that the Raisin Township land was set at $670,500 last fall, in the April 10 re-evaluation by the firm it escalated to $1,120,000.

The same held true for lands that would be needed for expansion at the existing site in Adrian. Estimates of that land stood at $499,500 prior to April, but has since been boosted to $835,000.

There was also an increase of $76,000 for the land in Adrian Township.

While the present airport was considered the most suitable, with less development cost, it was also pointed out that if site "A" was selected, approximately 180 acres at the present site could be disposed of by the county.

The money from this land would be adequate to offset the difference in the local share of the ultimate development costs of the Raisin Township site.

Local Pastor Is Chairman

The Rev. Julian Gresham is chairing the Speakers Bureau established by the Committee for the Lenawee Vocational-Technical Education program.

Tecumseh and Clinton is represented on the speakers' list by the Rev. Mr. Gresham, Dwight Helms and Richard Tarske.

Alton Brooks will represent Onsted, Douglas Palmer, Britton and Mrs. Arnold Reister, Mrs. Everett Baker and Mrs. Edward Walts, the southern part of the county. Eligible voters will vote on a proposed tax millage for the establishment of such a program June 10.

Bill Ross and Jim Brown from the Vocational Education Office are available to clubs and organizations as resource persons.

The service is free for the asking, the Rev. Mr. Gresham noted, by calling the office 263-9678 or 163-4980 and asking for the Bureau, a reservation may be made.

Board Approves $13,850 Budget

Tecumseh Township Board approved a budget at a recent meeting, of $13,850 for the next fiscal year, an increase of over $2,000 from the previous year.

center, or library, is larger than at our other locations so that when the building is enlarged, due to the growth of the community and through the addition of a hexagonal section on the opposite side it will be ample.

Twelve years ago when the present elementary libraries were planned, the Board had no idea of the extent to which this field would develop. Therefore these libraries are now too small.

The Federal government and the PTAs have also done a wonderul job in augmenting our library program by the addition of a wide variety of books.

Two Type A classrooms are also provided as well as rooms for music and art instruction. Since the curriculum now includes instruction in art and vocal music from kindergarten through the sixth grade, physical education in grades four through six, and instrumental music in grades 4-5-6, there has been much confilct in our present buildings for space to serve the pupils.

The intermediate school provides the services of speech correctionists, teacher counselors, diagnosticians, etc., who also need small areas in which they can serve our pupils.

The Board of Education is proud to present these plans through their architects, Warren Holmes and Company of Lansing. Should you desire to discuss these plans call any Board of Education member or the Superintendent of Schools.

Golfers Win First Three

Tecumseh High School golf team began the new season last week with victories over Milan, Adrian, and Saline.

At the Country Club last Wednesday, the Indians defeated Milan, 175-179, in a nine-hole match and also triumphed over Adrian, 348-353, in an 18-hole contest.

Roy Schlegel captured medalist honors by shooting an excellent 79. Ralph Miller had 89 as Bill Holmes and Frank Geisenhaver shot 90's to complete the scoring.

Playing at Macon Thursday, Tecumseh routed Saline 165-194. Bill Gibson led the team with a 40 as Roy Schlegel and Ralph Miller had 41's and Bill Holmes added a 43.

The team begins league competition next Monday with a home match against Flat Rock.

Petty Hurls No-Hitter

Wendell Petty pitched a masterful no-hitter on April 10 to give the Tecumseh High School Indians their first diamond win of the year.

The hard-throwing left hander shut out Dundee, 3-0. Three Tecumseh errors marred the performance.

The Tribe supplied the winning margin in the first inning when an error, a walk and some bad play scored two runs. Tecumseh added another insurance tally in the sixth inning on a passed ball.

Jim Mobley, Carlo Mobley, and Petty, aiding his own cause, each had singles for the winners. Denny Lewis supplied the only extra base hit of the contest as he hit a double for the home team.

Medi-Care Building Bids Open May 7

The County Board of Supervisors has announced that May 7 is the date when bids will be taken on the construction of a medical care facility for the county. On the same date $1.5 million in bonds will be sold to cover the cost of construction.

Total construction costs for the medical care center will be $2.2 million, however, 700,000 of the cost will be defrayed through the Hill-Burton Act, which helps to finance such ventures on a county level.

The new structure will replace Maple Lane Manor. According to John Keller, finance committee chairman, several thousand dollars were lost to the county yearly because Maple Lane Manor was not qualified for Medicaid payments from the government.

He went on to say that there were too many inadequacies in the former structure and in the bed care to qualify for government reimbursement.

The new structure will be built with the qualifications of the government taken into consideration. The new building will have space for 136 patients.

The medical care facility will be open to anyone for care. If the ability to pay is a factor, they will be charged, if not the county will accept the cost. Medicare will provide funds for those under its coverage.

Construction bids will be taken at 2 p.m. in the Supervisors' room of the court house. Selling of the bonds will be held in the Welfare office in the court house annex, at 7:30 p.m.

Mrs. Perry Hayden Hosts Church Class

The Friendly Class of the Friends Church met with Mrs. Perry Hayden Tuesday, April 2, for a Hard Times Party. The guests came wearing old faded dresses and old shoes. There were 12 present.

Mrs. Naomi Sailows, president, opened the meeting with Mrs. Roland Mohr reading John 17 and a short article, "The Cross."

The meeting was followed by prayer and everyone repeating the Lord's Prayer.

The secretary's report was read and approved. In absence of the treasurer, Mrs. Sallows read that report.

A year's subscription to The Tecumseh Herald was sent to Mrs. Gladys Woodcox in California.

The club also bought a plant for the church for Palm Sunday and Easter.

After the collection was taken games were played and pictures were shown.

Hostess, Mrs. Hayden and cohostess, Mrs. Sallows, served refreshments from tables covered with newspapers for a cloth. Paper towels were used as napkins and kerosene lamps as decorations. Old fashioned potato soup, crackers, cookies, Jello, coffee and tea were served.

Mr. and Mrs. Orville Bishop and Mary Kay and Mrs. Bishop's mother, Mrs. A. B. Daniel, left Monday for the latter's home in Starkville, Miss.

You Told Us

By DOROTHY GRIGG

Herald Society Editor

Easter is always a big weekend at the James Barton residence. Saturday afternoon, the eight grandchildren were joined by the Phillip Wickeys' three children for the annual egg hunt. Mrs. Charles Laskey came up to watch the fun.

"Mom" Barton was thrilled Saturday to receive a box of exotic flowers air mailed from Hawaii, a gift from son, Glenn, a crewman aboard the U.S.S. Valley Forge near DaNang.

Following the Easter breakfast and church service, Sunday dinner was enjoyed by the families of Jerry Barton, Russ Hyatt and Adam Sturk and from Stockbridge came the family of David Glenn and Curtis White and Linda Prentice along with Grandpa C. W. Glenn, recently returned from Florida.

Of the 30 present, 13 were age 13 and younger, six little boys between three and seven years apart.

Some of the little girls made a newspaper in which they said, "This has been a happy Easter, a little bit noisy and a lot of running and fighting, but still it was happy and relaxing."

Could any words have pleased their grandmama more? We doubt it.

Police Earn Raise

Next month Council will approve a budget to govern city expenditures for the next fiscal year. Due to additional income an increase in millage is not expected.

Prior to the adoption of the budget, the city will probably come to terms regarding salaries for officers in our police department.

With the cost of living increasing and the governments wanting more tax money, we can't blame the police department for demanding salary increases.

A beginning patrolman, for example, starts out at $5,150 per year, working 44 hours a week. This breaks down to about $2.25 per hour, or less than $100 a week.

Unless he has another job — and several officers do — or there's another income in the family, it's barely a livable wage.

Even an experienced patrolman, higher up on the schedule, has little more to live on. A patrolman at the maximum does not make even $130 a week.

While most of us work 40 hours a week, we ask our police officers to work 44. We ask them to work around the clock, and during holidays when most of us are home with our families. We ask for protection, and though the department often comes under severe criticism, the Tecumseh Police Department has never been better and most criticism is not justified.

It seems we ask for an awful lot but give little in return. No wonder we lose officers each year, and no wonder the department is presently short one patrolman.

Unless the city can come up with a fair wage and salary schedule, it will continue to lose officers. Tecumseh police deserve better.

Dancers Entertain Club

By KATHRYN M. SOMMERS

Beautiful costumes, graceful movements, talented dancers — this was the fare for the April meeting of the Tecumseh Music Club.

Three young ladies from Eleanore's School of Dance entertained members and guests April 9, at the home of Mrs. Elwood Bush, Britton.

Mrs. Bruce Brown, who teaches 70 students at her studios in Onsted and Tecumseh, introduced Janis Spatafore, Onsted. Janis demonstrated modern jazz dancing. This type, inspired by Broadway, is frequently seen on TV.

Next, Rita Pace, danced in the classical style to the music "Gavotte".

Barbara Morse, Onsted, performed the ballet. In addition, she demonstrated ballet techniques while Mrs. Brown explained their significance.

Mrs. Brown displayed her own talents by presenting a Spanish dance.

During the business session officers for the coming year were elected. They are:

President — Mrs. Earl Mason.

Vice-president — HenlenBendes.

Secretary — Mrs. Ray Sommers.

Treasurer — Mrs. Clarence Brock.

Corresponding secretary—Mrs. Fred Oberlin.

Mrs. Owen Merrill, the out-going president, announced that May 5-12 is National Music Week and the Tecumseh Music Club will observe it locally.

The next meeting will be a dinner meeting May 14.

DANCE AMONG THE ARTS — Ballet as an art form is included in the programming of the Tecumseh Music Club. Students of Mrs. Bruce Brown, top right, performed for members and guests of the Club last Tuesday. Barbara Morse, top left, Rita Pace and Janis Spatafore demonstrated. Mrs. Brown and Mrs. Elwood Bush gave the history.

Speedway Construction On Schedule

Although the first race is still nearly six months away at the new Michigan International Speedway in the Irish Hills, another race is presently being staged by Holloway Construction Co. to remove the nearly 1,600,000 cubic yards of earth necessary in the construction.

Men are presently manning over 60 pieces of heavy road building equipment which move earth at the rate of over 30,000 cubic yards per day.

According to Speedway officials, construction of the new track is running on schedule. A semblance of the two-mile oval track can be seen at the site.

The next step in the operation will be the raising of the first steel girders which will be a part of the main grandstand. This operation will soon be underway. The facility will have a seating capacity of over 10,000.

Due to the time of year it is felt by the officials that the inaugural race on October 6 may help to determine the champion of the series.

WE WON! — These four youngsters were all smiles when they won stuffed animals at last Saturday's Easter Egg Hunt. Each of them scrambled for the most eggs in their age group. They are, left to right, Debbie Hamilton, Phillip Wanzeck, Carla Litteral; and Greg Wonderly.

School Bond Is Rejected 411 to 273

CLINTON — Voters in the Clinton Community School district defeated, by a vote of 411 to 273, a bond proposal which would have raised $2,280,000 for construction of a new high school and extensive remodeling in present buildings for elementary use. The voter turnout of 684 was considered large for the district.

The School Board met in special session following the vote tally Monday night, and decided to prepare another building proposal for presentation to the voters as soon as the law will permit, probably in the fall.

In other action, the board relinquished the option on the Halladay site, which removes it from consideration as a possible school building site.

Superintendent Richard Wegner commented, "This is certainly the democratic process in action — the people have spoken."

Mr. Wegner suggested that the proposal had been rejected, apparently "for a multitude of reasons."

However, he concluded, the board "is not giving up their hope."

Do You Want Little League Bowling In Tecumseh?
Your Reply Is Necessary

Little League Bowling has proven much fun for youngsters —and many ladies, too — at the lanes near the armory in Adrian. It gives the youngsters an opportunity to learn the sport with scaled down bowling balls, lanes and pins — all replicas of the standard bowling equipment. The youngsters enjoy the supervised sport, giving them "something" to do in the afternoons and early evenings. If the response from Tecumseh is sufficient, Little League Bowling will come to our city. Please make known your wishes!

Council Approves Plans

CLINTON — Village Council members voted approval for plans for a new service station, which will be erected by the Boron Oil Company on the property known as the Lancaster hotel corner at the intersection of Tecumseh Rd. and US-12.

Representatives of the Boron Oil Company presented their completed plans at a recent council meeting, and stated that the company has a contract to purchase the property from the Shell Oil Company, the most recent owner of the town landmark and adjacent gas station and house.

George Carmichael appeared before the council to request permission to develop a "Do-It-Yourself" Car Wash on the site of the former Sinclair service station, at E. Michigan and Currier Sts. He plans to purchase and remodel the building. He was advised to submit completed plans for the proposed building for further consideration by the council.

Village householders are to be advised that if they have had trees removed from in front of their property between curb and sidewalk, they may be replaced with silver maples, by the village, if they register in the Village Office before May 1.

Arthur Rudel, Village Assessor, reported the following assessment for the year 1968:

Real property, 4,988,200.

Personal property, 5,568,600.

The property committee was authorized to study a remodeling plan for the Village Office to include the use of the portion of the building formerly occupied by the Post Office.

The Council voted to sell the 1937 fire truck for $150.

President John Truesdale announced that the Village of Watervliet will exchange mayors with Clinton on May 20, of Michigan Week.

Bids were opened for the proposed sanitary intercepting sewer on Bartlett St., and Railroad St. to the Treatment Plant, as follows:

Selders Excavating Co., Inc., Tecumseh, $46,072.50.

Bales Trucking & Supply, Adrian, $42,343.00.

Cliff Lowe, Horton, $58,475.60.

F. J. Siller & Co., Ann Arbor, $60,141.00.

North Line Construction Co., Inc., Belleville, $50,629.60.

The bids were turned over to Walter E. Frazier & Associates, consulting engineers, for tabulation and recommendations.

Volunteers Sew To Help Needy

CLINTON — Clinton church women and many other volunteer seamstresses throughout Lenawee County helped to make it possible for many little boys and girls to have new shirts or dresses for Easter.

Hundreds of dresses and shirts were distributed to needy families by the Salvation Army at their Adrian center.

Assisting with the distribution project in Adrian, Friday, were representatives of the Women's Fellowship of the United Church of Christ, Mrs. Paul Dunham, Mrs. John Hoelzer and Mrs. Ed Anglemyre.

For several years the local church women have contributed more than 100 dresses yearly toward the Salvation Army's Christmas and Easter dress project.

This year, the Clinton women took along 67 fanciful dresses and boy's shirts, most of them completed within the last two weeks, in a whirlwind sewing effort.

All the dresses were cut out by Mrs. Edgar Randall from donated scraps of material left at the church during the year. Several women responded to the request for help with the sewing, and one, Mrs. Dunham, made 30 of the dresses.

"We really had a lot of fun, helping the little tots try on dresses and each child was allowed to make her own choice," Mrs. Hoelzer reported.

Undaunted, Mrs. Randall still has more than 80 dresses cut out and ready for folks to sew before next Christmas, when the Salvation Army will be ready to make some more children happy.

Delights Of Trailer Club Described

CLINTON — The delights to be realized by belonging to a travel trailer club were described by Mrs. Eve Mrock of Dearborn Heights for members and guests attending the annual spring luncheon of the Clinton Woman's Club last Wednesday.

Introduced by Mrs. Wayne Powell, the speaker illustrated her talk on "Adventures of the Land Rovers Trailer Club," with colorful slides. Members travel in caravans to such places as the Tulip Festival at Holland and other Michigan points of interest.

Other travel clubs are arranged for retirees who plan to travel for a year, and other clubs tour Europe by trailer.

Women of the Methodist Church served the luncheon at tables decorated with ribbons of colored crepe paper in spring colors, baskets of Easter eggs, and centered with bouquets of painted daisies and yellow candles.

Officers and special guests wore corsages fashioned of varigated pink and white carnations camelia leaves and tiny Easter hats.

The luncheon committee consisted of Mrs. Jerry Jaqua, Mrs. Robert Mohr, Mrs. Roy Porter, and Mrs. Edgar Randall.

Mrs. Hans Schmidt introduced the guests, Mrs. Dow R. Jaqua of Onsted, Mrs. Fred Radley, Mrs. Frank Ward, and Mrs. Andrew Woodward of Tecumseh, Mrs. Ina Bashaw, Mrs. Paul Dunham, Mrs. Barnam Fraley, Mrs. Lenn Gray, Mrs. Donald Houghton, and Mrs. Richard Sager.

The next meeting will be a cooperative luncheon on May 8, at which officers and committee chairmen will give annual reports.

Driver Education Registration

CLINTON — Registrations for Driver Education are now being taken at Clinton High School. These registration forms may be picked up at the high school office at any time during the regular school day.

Deadlines for filing registration forms will be May 1. No student will be admitted to the driver training course after May 1.

So that parents may better plan their summer vacation period, all students will be notified of their class assignment and car assignment by May 15.

The driver training program is available to all Clinton students who will reach the age of 16 by June 1, 1969.

Instructors for the program will be Michael Snyder, Merton Deuel, and Gary McNitt.

Registration forms must be submitted by May 1.

Through My Window

THE FIRST OF OUR APRIL SHOWERS

We have said it before but it seems to get truer all the time — living at the edge of Evans Creek is great. There is always something happening.

All winter the creek watching was good. The extreme fluctuations in the temperature did nothing for the ice skaters, many of those Christmas skates must look almost as new today as they did in December, but the freezing one day and thawing the next was ideal for us.

There were at least three good winter floods and, so far this spring, there has already been a Jim-dandy one. A hard all-night rain filled our Evans Creek full to almost overflowing so that Thursday morning, April 4, wow!

A quick rush-through of the early morning activities, a speedy twisting around of the bed and I was stationed in front of my west-facing window for what proved to be a good session.

The creek was high, boiling around the curve in back of Gertie S.'s and racing down the straightaway between her and us; it was a muddy tan in color with a fair amount of white foam.

The wind was strong and, as it sent clouds scudding across the sun, the shadows and sunlight played interesting hide-and-seek games on the creek.

The movement was, of course, always from west to east — a bright patch of sun would hit the water way up by Fuller's bridge and with fascination, we watched black shadows sneak in behind and push the sunshine down to Gertie's, around the bend, towards our window, past Dorothy's and out of our sight.

The water was moving fast but the sunshine and shadow games were even faster.

★

OUR CREEK, in flood stage, carries an interesting variety of things past the window. All sorts of timber-boards, fence posts, limbs and twigs of every size. On the sadder side are the cardboard cartons, the bottles, the cans and other trash which testfy to the carelessness of people.

The power of the creek is always surprising. Some of the logs it moves are very large and, in fact, in this flood we lost a big old log which a previous high water had brought down.

It was an interesting-looking log, one end curved upward and it was rather gnarled — it would have made a great Gwen Frostic-type bird feeder.

To hoist it from the water to the top of the creek bank would have been a job for a large crane but, in about two minutes Thursday morning, a sudden current freed one end and our log sailed away.

Even the birds caught the excitement of the wildly rushing water. The cardinals were the most affected—neither Papa nor Mama could stay put. They flitted from here to there, to and fro, back and forth.

And, as if intrigued by the noise and the motion, they kept criss-crossing the creek. They flew low, too, in a jerky scalloping flight pattern, they were no more than a foot and a half above the water — we expected their wings to dip in sometimes.

Across the creek, the flickers were busy. A pair of them clamored up and down the tree trunks and, whenever they circled to the south side, the sun caught the scarlet head crescents, making them blaze.

★

ON THIS particular morning, however, we had another "body of water" to watch. The all-night rain had turned our near-the-window bird feeding station into a bird bath.

The scratch feed had apparently plugged the several drainage holes in the floor of the feeder. It made quite a lake. When the wind was not blowing up waves, the surface was so smooth that it reflected perfectly the ear of corn which stands at the corner of the tray.

Being the not-particular-characters that they are, the grackles and sparrows waded in the feeder and even poked their bills under water to pick up their wet, soggy scratch feed breakfasts.

A Squirrel came up to sample the corn but was not happy. Crouching on top of the ear presented problems.

It was hard to reach down to pick off the kernels and his tail, draping into the water, got wet. Standing on the tray meant standing in the water. After a few minutes he gave up and, I suppose, decided to look for a free hand-out elsewhere.

So it is that there was fun galore and good looking aplenty as the result of the first of our April showers.

NEXT WEEK—
"The Duncan-Sparrow War of Wills."

Airport Sites Studied

The Lenawee County Board of Supervisors was presented last week with an airport determination and economic study. The study prepared by Williams and Works, a Grand Rapids engineering and planning firm, covered the existing facilities in Adrian.

For analysis and comparison, three other sites were studied in depth by the firm.

The study started last October, shortly after the board assumed the operation and maintainence of the former Adrian Municipal Airport.

The location of the three sites selected for detailed study were sites "A" and "B" in the area between Tecumseh and Adrian. Site "C" is located approximately six miles east of Adrian, north of Deerfield Rd.

In making final recommendations for the airport, the present site was listed as their first choice.

In the study for the layout of runways, present terminal and hangar facilities would have to be relocated at the Adrian Airport.

Listed as a main feature of the present location, was the fact that Lenawee County presently owns a considerable amount of property north of W. Cadmus Road, this played a predominate part in the engineers final recommendations.

Due to an alternative plan drawn up this land, some 250 acres north of the present airport and 50 acres south, would be available for sale by the county, thus bringing money into the county.

The 50% Federal funds are available for land acquisition, whereas nothing is granted for land owned by the county and used in airport development.

Site A was the second choice of the airport planners. The Palmyra location was rejected because of its remote location, high land costs, poor access road, and potential for a related industrial development around the airport.

Wind directions did not render site "B" in Adrian Township as a desirable one. The site would require a lengthy extension of public utilities and the residential character of the developing adjacent properties caused the engineers to reject the location.

Estimated development costs for the three prospective sites and the existing airport were: 2.33 million for the present site, 2.68 million for site A, Adrian Township costs were 2.14 million and the Palmyra figures were also 2.14 million.

In order to insure that the county's request for Federal matching funds will be considered in the 1970-71 fiscal budget, the county's application for matching funds has to be filed by next April. It was recommended all land should be acquired, optioned or condemnation started by September of next year.

With this schedule the earliest an improved facility would be usable by the summer of 1971.

Mail Protection Law

Mail patrons offended by pandering advertisements can now take steps to curb such mail, Postmaster Jack Metcalf stated when announcing plans for administering a new law which gives each family the right to decide that an ad is "erotically arousing or sexually provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail to him and to remove immediately the patron's name from all mailing lists he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet, "How You Can Curb Pandering Advertisements", which is now available at the Tecumseh Post Office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that when a patron receives an advertisement, which is, in his opinion, pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

While the patron's complaint will only be directed to the sender, Postmaster Metcalf believes that one or two complaints will provide substantial protection because "the great bulk of this advertising comes from fewer than 20 so-called 'smut dealers' who are frequently swapping mailing lists."

If a mailer does not strike a complainant's name from this mailing list, and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster, issuing the initial order by writing him and enclosing the second pandering ad with its envelope.

If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance.

Failure to observe the order may be punishable by a fine or imprisonment.

Announcing
Chevrolet's new Torque-Drive.

Nobody else offers anything like it at the price.

Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available, exclusively on all Camaro sixes and Chevy II Nova 4- and 6-cylinder models.

Look how simple it is: You accelerate in 1st, then shift to Hi for cruising. That's all. If you like, you can even start in Hi. And accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications: Park-R-N-Hi-1st. Only your Chevrolet dealer has it—clutchless driving at only $68.65.

The first no clutch one shift $68.65* transmission

Only Chevrolet has it.

Following the theme of "It's a Small World" the convention has the following purposes: to stress and interpret the FHA State and National projects, to elect state eofficers for the coming year, to provide leadership training, to promote social development and finally, to provide a greater understanding of FHA as an organization.

Co-op Vocational Education Will Meet April 29

BRITTON — A public meeting will be held April 29 at 7:30 p.m. in the Fellowship Center of the Congregational Christian Church, with the purpose of explaining the Lenawee County Cooperative Vocational Educational Program.

William Ross will be the speaker and answer questions. It is also hoped that two of the area young people who are currently participating in the program will be in attendance to tell of their experiences and the benefits they have received from this program.

The meeting is sponsored by several local Extension Clubs and the Britton Woman's Club, whose members feel that there is a need for more people to know and understand the workings of the Vocational Education Program and the plans for future expansion.

Future plans include the building and equipping of a Vocational-Technical Education Center for Lenawee County. Voters will be asked to approve a 1.5 mill levy June 10 to support this proposal.

Refreshments will be served following the meeting.

Kindergarten Pre-Registration Thursday, May 9

BRITTON — Kindergarten preregistration for the 1968-1969 school year will take place on Thursday, May 9, in the kindergarten room. Parents may register their children from 8:30 a.m. to 3:30 p.m.

Kindergarten children entering school in the fall must have reached five years of age before December 1, 1968. Parents of children whose birthdays are later than September 1 should give serious consideration as to whether their child is ready for school. It takes more time for some of the younger children to adjust to school.

Parents are invited to bring their child in with them when they register. It is important to bring the child's birth certificate with you.

Parents are urgently requested to register their child at this time to enable the school to organize their kindergarten program for the coming year, and also to allow time for immunization of the child. Immunization is required by law for all children before entering school in the fall.

Douglas Higgins, 19, son of Mr. and Mrs. David Higgins, 717 S. Union St., was injured April 5 in an auto accident on Occidental Rd., just north of Sutton Rd.

The three car crash involved a 17 year old marine, Pfc. Michael Rider, home on leave from Camp Pendleton, and two other Adrian youths in the Rider car.

Doug suffered a double compound fracture of the right ankle and leg, crushed ribs on the right side and a concussion. He was transferred from Bixby Hospital to the University Medical Center where he is in traction on the 8th floor, east.

His mother said that he "is coming along as well as can be expected and can receive visitors especially at mealtime. "He could use some help to eat."

Church Banquet To Recognize Local Teachers

BRITTON — The Commission on Education of Grace Methodist Church is sponsoring a Teacher-Recognition banquet to be held at the church Thursday evening at 6:30 p.m.

Each family is to bring a passing dish and their own table service.

The class with the most parents present will win an award.

Christine Fairbanks' OFF the TOP

The bright green lawns, sparked by the flash of the yellow forsythia bushes, which seemed to color overnight; the tulips nodding gently in the spring breezes; the welcome warmth of the April sun; the gardeners out surveying their plots of brown earth, all testify to the return of Spring to our land.

"I wonder if it's safe to take the snow tires off?" muses Dad, after he had put them back on twice during winter's final flings. "And is it time to take the storm windows off and put up the screens, or is it too early?"

The children are unconcerned with such problems; they are like captive animals suddenly released after the winter's confinement, and romp in the sudden sunshine eagerly pursuing their own interests. Little girls are busy playing jacks or jumping rope, and you can hear them outdoors, jumping to the same rhymes you once jumped to as a child. Little boys round up their buddies for a game of sandlot baseball, and cries of "It's a hit!" are heard down the street. The eagerly awaited school vacation is at hand and they want to enjoy every minute of the freedom.

Everywhere there is a renewed interest in cleaning up yards, and Moms and Dads and kids can be seen raking and picking up the winter's accumulation of debris.

Then Dad and the boys get out the golf clubs and check them over, and the barbecue grill is dragged forth and cleaned up in preparation for another outdoor season.

But for Mom, Spring means something more than just a return of the warm and casual days of outdoor living — it is time for that semi-annual upheaval known as spring cleaning.

Before she can enjoy the new freedom of the outdoors, she must tend to all the many chores which have been saved up all winter.

Each fall women say to themselves, as they labor over the fall housecleaning, "I'm not going to let things get so far behind this year, so I won't have to turn the house upside down in the spring."

But every year it's the same thing, and just about the time you are sweeping the last of the Christmas tree needles out of the corners, and with it, that horrid cellophane grass from the Easter baskets which clings to furniture, carpets, clothes, etc. That is one of my pet peeves, anyway — that fake grass which invariably winds up stuck on a jelly bean or a chocolate egg just as you pop it into your mouth. Ugh!

So, all in all, it is a good time to start that spring cleaning. Windows must be taken apart, and cleaned, closets emptied out and rearranged, winter clothing taken to be cleaned and then put away, and this is a good time to get Dad started on any painting or remodeling project you may have had on your mind all winter.

Sleds and snow shovels are put away; boots, heavy mittens and scarves packed carefully for another winter's use; and catch-all drawers cleaned out and all that useless stuff you've been saving thrown away. Dad says if we would just back a pickup up to the back door and throw out half the stuff I save, we wouldn't have such crowded closets; he's probably right, but you never know when you might need that one odd thing you discarded.

If you're lucky, and your children are old enough, you may be able to snag them in on the housecleaning chores; but don't count on it. They usually have other things to do when it's time for the drapes to come down or the carpet to be cleaned.

Might as well get started on those chores, so that when the time for picnics and other outings arrives, Mom will be ready to jump in the car with the others. But for now, where did I leave the mop?

By MRS. RICHARD JAMES

The Webelos presented the flags as Pack 32 held their "Keep America Beautiful" April Pack meeting, Tuesday, April 9, at the Lenawee County Conservation Clubhouse.

Cubmaster Chuck Skinner and Ed Schamberger as "Akela" inducted Karl Schamberger into the Webelo Scouts. Den Chief Gary Griewahn gave Karl his Scout handbook and promise of help. Leo Pfister received his Engineer Activity badge.

As Den 3 led the group singing the "Litter Bug Song", one of their members dressed as a bug, after strewing litter about, was grabbed by the boys and deposited into a gaily-decorated litter barrel!

Webelo Scouts read the important Outdoor Code from their Scout handbooks so that all might practice better habits in the use of the outdoors.

Den Chiefs Dennis James, Gary Griewahn and Steven James along with the Cubmaster led the group in an exciting "Bear Hunt".

Announcements were made of the Scout Show in May and by popular vote refreshments will only be served on special occasions.

Den 2 presented an amusing skit titled "Springtime at the Lenawee Conservation League".

Happy Birthday was sung to Chuck Wilson, Bobby Darm, Karl Schamberger, and Chuck Skinner.

The meeting was closed with the recitation of the Cub Scout Promise.

QUESTION:
"Is there any reason why we could not receive visitors in our residence, instead of the funeral home?"

ANSWER:
Many families do continue to receive guests in their residence. The modern funeral home creates a more relaxing and less demanding atmosphere around the family. The choice is yours to make.

Local Officials Favor Sheriff's Ambulances

By BILL SANFORD

Reactions were mixed among the Board of Supervisors last Thursday when two proposals concerning ambulance service on a county-wide basis were offered.

In the morning the body heard from Superior Ambulance Co. of Wyandotte. The afternoon session heard from Sheriff Richard Germond, concerning a take-over of the emergency service by his department.

Superior's plan was for two ambulances to be located in the county, one in the southern section of Adrian and one to be placed somewhere west of Tecumseh.

There would be a back-up service from ambulances in Washtenaw County, which had contracted their service. Also a helicopter was mentioned as being available when necessary.

Sheriff Germond's alternative to the private firm was for the Sheriff's Department to establish dual-purpose vehicles; station wagons which could be used as both patrol cars and as emergency vehicles when necessary, thus doubling police protection and insuring emergency service.

The proposal asked for three such vehicles to be on patrol during daylight, afternoon and evening hours, cutting the number to two after midnight. Also available during those hours would be the regular ambulance which is stationed in Adrian and has been in use since last July.

The proposal called for the purchasing of two more station wagons. One was put in use three weeks ago. They are equipped with first aid supplies, oxygen, resusitator and stretchers.

Under the proposed plan twelve additional men would be needed. Two men to operate the emergency service vehicles on all shifts and additional desk men to be available at the office.

Financial reports in both cases were also given to the board for consideration.

Cost analysis from the Wyandotte firm stood at $58,972, guaranteed for one ambulance. The cost for the two proposed would be $117,944. Based on the averages from Lenawee County such as $35 per run, 1,660 calls per year, the amount that the county would be responsible for paying stands at nearly $62,000. If the number of runs decreased, the figure would increase.

In the sheriff's proposal, his budget request was for $13,167 for the purchase of the two station wagons, this includes all equipment and maintenance for the rest of the year, including gas and oil.

The manpower request for the remainder of 1968 was for $50,736. Over a full year the budget request would stand at $76,656. Included are training cost, salaries, overtime and uniforms.

Also in the sheriff's proposal was to phase out in early 1969 all marked sedans, and replace them with station wagons, thus bringing to five the number of patrol-emergency vehicles that would be available to the county.

The initial cost of the sheriff's proposal was considerably higher than what it will be in the overall implementation of it.

At the presentations, several items of discussion stood out, such as was mentioned by John Nelson, Superior Ambulance spokesman, that certain insurance companies would not pay for ambulances unless they maintained certain qualifications, such as his company has.

In a check with local agents of the insurance company he mentioned, they replied, there were no truths in the statement made before the board. In a query to other insurance agents, all remarked that there were no specifications or limitations in their policies.

The spokesman also replied that the sheriff's office could not enforce payment of fees for service, "it would be like them charging me for making a police complaint."

Later in a meeting with the

Area Threatened By Tornadoes Here Tuesday

First real tornado threat of the season occurred here Tuesday afternoon when skies darkened and strong, gusty winds prevailed.

The area was alerted early in the afternoon, shortly after a tornado touched down in Hillsdale County. Although the area was whipped by strong winds, no tornadoes hit and residents were spared destruction to property.

About three o'clock, the local fire department posted two men about four miles west of town. They served as lookouts in case funnels developed, and would have sounded the alarm here if a tornado were spotted.

Two funnels, high in the sky, however, were reported between Tipton and Tecumseh to the local fire department.

Some rain and a little hail fell, turning what had been enjoyable spring weather to near-winter conditions. The temperature dropped to 40 Tuesday night and Wednesday morning with some snow flurries occurring Wednesday afternoon.

PRINCIPALS IN "ANY WEDNESDAY — Members of the cast of the latest Tecumseh Players production "Any Wednesday" are, left to right, Barbara Shremp, Guil Rothfuss, and Charlotte Parker. The play will be at the Community Center on May 9, 10 and 11.

Players in 'Wednesday'

The Tecumseh Players production of "Any Wednesday", originally scheduled for the latter part of April, will be presented May 9, 10 and 11, at the Tecumseh Community Center Glass Room.

The "Eagle of Industry" who becomes somewhat of a turtle dove "any Wednesday" — or "every Wednesday" — is portrayed by Guil Rothfuss, a veteran of player productions. He is remembered for his portrayal of Harry Lambert, the male lead of "Never Too Late", plus delightful performances in "Born Yesterday", The "Hasty Heart", "State of the Union", and of course, the judge in "Ten Little Indians". Mr. Rothfuss, a resident of Wamplers Lake, is employed in administrative work in the automotive assembly division of the Ford Motor Company in Dearborn.

His charming wife in the current production is Mrs. Charles Parker. Mrs. Parker is a teacher in the Clinton High School and lives in Clinton. Charlotte has broken away from her past "type casting" of a maid or housekeeper with her "Any Wednesday" role. Perhaps one of her finest performances was as the housekeeper in the Players' production of "Gaslight". Her current "woman behind the man" role is a revealing new aspect of her "Hazel-type" theatre past.

A newcomer to the Players is Barbara Shemp, a senior majoring in drama at Siena Heights College. Barbara is a native of Cleveland, O., and has appeared in "Amhal and the Night Visitors", presented by the college. Her debut with the Players as the beguiling tenant — and bewitching temptress — of the tycoon is a role she performs with promising ability. Her portrayal is a charming compliment to her "sugar daddy" who visits "Any Wednesday".

The capable talent of J. Craig Collicutt is evident as the "other" man in this comedy. Mr. Collicutt is truly a diverse actor, having proven his versatility most recently in the title role of the beloved Irishman of "Finian's Rainbow", presented by the Tecumseh Players this winter. His current role is not a new one to him as he has performed it in this riotous play previously with the Clark Lake Players.

Although only 27 years old, Craig is a 10-year veteran of little

RE-DEDICATION OF EXCHANGE CLUB FREEDOM SHRINE — Monday night a re-dedication of the Freedom Shrine was held at the Tecumseh Public Library. State Sen. Gil Busley was the principal speaker. He also read a resolution from the State Senate commending the club on the Freedom Shrine and the re-dedication. From the left, Ray Dollison, president of the local Exchange Club, the Rev. Seal Janeway, Sen. Bursley, the Rev. Fr. Robert Handley and Gordon Bogart of Jackson, district director of Michigan Exchange Clubs.

Condemnation Postponed Again

Another postponement was made Monday in Tecumseh's condemnation suit to acquire 7.2 acres for a future well field.

At a hearing before Judge Rex Martin in court, Tecumseh asked that the original suit for 25 acres be changed to 7.2 acres.

The smaller piece of property came about recently when well drilling at the site showed some of the land not favorable for the large volume of water to be needed by the city.

New trial date is now June 11. Originally, the case was scheduled in January, then postponed to let an Ann Arbor engineering firm investigate the site further with additional test wells.

This postponement re-scheduled the trial to May 7.

At Monday's hearing in Adrian, John Seeley, representative of McNamee, Porter and Seeley of Ann Arbor, was the lone witness.

Others attending were James Beardsley, city attorney, and Cal Zorn, city manager. Robert Baker, Adrian lawyer for defendant George Underwood, owner of the property, also was present.

Another obstacle in Tecumseh's plans is the refusal of Tecumseh Township to sign an agreement prior to the trial.

Art Eaton, township supervisor, said two weeks ago that township officials would not sign until after the trial, although the agreement appears to be satisfactory with both Council and the township.

Mr. Beardsley has stated that the township could be named a co-defendant along with Mr. Underwood, if the township officials refuse the agreement.

Under the proposed agreement, Tecumseh has granted several concessions, including possibility of providing city water to township residents, in hopes of obtaining a right-of-way for water mains through township property to the well field site.

The site is located just west of the Kaiser and Loveless Rd. area, north of Tecumseh along River Raisin.

Residents living there have expressed fears that city wells would lower the water table and ruin private wells.

Mr. Underwood, a Tecumseh resident and Clinton auto dealer, has declined to part with the land on the basis that he does not want to sell.

When the Ann Arbor firm first started testing for water north of Tecumseh, it obtained easements to drill observation wells. At that time, the present site was owned by another individual.

Mr. Underwood is a large property owner now between Clinton and Tecumseh and does not wish to split it — generally recognized as an excellent industrial site.

Evaluation Up $2 Million for Schools

Evaluation of the Tecumseh school district will jump over $2 million, according to figures released here to Robert Duhan, assistant superintendent.

The new state equalized evaluation total will be in excess of $47,973,060, compared to last year's figure of $45,961,399.

Clinton Township's increased evaluation for this year has not been reported and is not figured in yet for this year. In 1967 it was $259,301.

The city and all townships, except Tecumseh Township, have reported increases. Reason for Tecumseh Township to drop in evaluation is due to the county's equalization committee removing a multiplying factor, used last year to supposedly bring the township property up to 50% of cash value.

It was then discovered the township was up to 50% — after a couple of appeals in Lansing, one by Consumers Power. All townships, including the city, were supposed to be to state equalized or 50% last year, but figures just released indicate some districts were not.

City of Tecumseh went to state equalization two years ago, increasing evaluations here from about $20 million to $26 million.

Increases reported by Mr. Duhan are:

- ► Tecumseh, $27,550,925 to $28,435,500.
- ► Adrian Township, $60,767 to $64,400.
- ► Franklin Township, $1,958,580 to $2,031,440.
- ► Macon Township, $1,487,300 to $1,481,100.
- ► Raisin Township, $10,675,200 to $12,039,600.
- ► Ridgeway Township, $710,026 to $711,600.
- ► Tecumseh Township, $3,259,300 to $3,109,420.

Largest increase is in Raisin where a hike of $1,364,400 was reported. This area has probably enjoyed a bigger growth in new housing than all other townships and the city combined.

When Clinton Township figures are available, it is conceivable that the total district's value could hit $48,250,000.

Since the School Board intends to bond the district for construction of the new Sutton school and for improvements at the high school, the Board will now be able to raise $965,000 without going to the polls.

Two Youths Find Trouble

Two youths found an easy way to get into deeper trouble with the Tecumseh police Monday evening.

Michael E. Sackett, 19, Holloway Rd., was charged with drunk and disorderly and pleaded not guilty before Justice Ernest Oliver. He was released on $100 bond.

David L. Cain, 18, 313½ W. Logan St., was arrested for being disorderly and pleaded guilty before the justice Tuesday morning. He was fined $50.

According to reports, Sackett is believed to have rammed the Tecumseh Products truck route sign at the corner of E. Chicago Blvd. and N. Maumee, and then left the scene.

He is said to have gone to Cain's home, getting him to take him back to the police station to report the accident. While at the station, giving his report, he was charged with being disorderly and drunk.

After putting Sackett in a cell, Cain reportedly gave the officers a difficult time, and he was charged with being disorderly. Cain posted a $50 bond and was released.

After an officer attempted to take Sackett to the county jail, the sheriff's department was called, and he was then transferred to Adrian.

The accident is still under investigation.

Saddles Stolen

Thomas Neill, 9555 Newburg Rd., reported to Clinton State Police the theft of five saddles valued at $1,500 from his property, sometime Friday.

Two Seek Re-election

Dr. Harold Ocamb and Aden Mead, incumbents, have filed petitions for re-election to the Tecumseh School Board.

On June 10, voters will elect two candidates to four-year terms.

Petitions, requiring 20 signatures, are now available at the Board of Education office on W. Chicago Blvd. Deadline for filing is May 13.

The June election promises to be a big one for local and school district voters. Besides selecting two boardmen, voters will be asked to ballot on the county's 1.5 mill for a new vocational school.

Also, the Tecumseh schools have four mills for operation expiring, and unquestionably will ask the electorate to replace them.

There's also an excellent chance that the schools will seek aditional millage to offset rising costs, including higher salaries for custodians, secretaries, bus drivers, teachers and other school personnel.

Safety Check Committees Are Selected

Karen Mitchell Is Bride Of Dennis Schnell

The First Methodist Church in Adrian was the setting for the double ring ceremony uniting Karen Marie Mitchell and Sp/5 Dennis A. Schnell in holy matrimony April 20.

The bride is the daughter of Mr. and Mrs. Dale Mitchell of Adrian. The bridegroom is the son of Mr. and Mrs. Dennis N. Schnell of Richland, Washington.

The Rev. Robert Ward performed the ceremony before an arrangement of lighted green candles and yellow flowers at the altar.

Richard Wagner was the organist and accompanied the soloist, Mrs. Mary Ellen Ickler.

The bride's empire style floor-length gown of white angel skin peau de soie had Alencon lace bordering the hem line and her long circular train.

Her elbow-length veil, was caught up in a crown of tiered pearl and lace petals.

Her only jewelry was a pair of opal earrings, a gift of the groom. She carried a cascade arrangement of yellow daffodils and daisies centered by an orchid corsage.

Susan Mitchell, sister of the bride, served as matron of honor, wearing a floor-length gown of yellow chiffon over satin featuring an empire waist and long chiffon sleeves accented by daisy trim. She wore a headpiece of three clustered, netted yellow flowers and carried an arrangement of daisies and daffodils.

Cassie Williams, cousin of the bride, and Cynthia Mitchell, sister of the bride, were her attendants. Each was attired in a green gown styled like that of the maid of honor and they carried the same blossoms.

The bridegroom chose his bride's uncle, Thomas Buehrer, of Adrian, for his best man.

The guests were seated by Stewart Niblack, Ray Johnston, Dean and Mark Mitchell, brothers of the bride.

The reception was held at the Tecumseh Products Union Hall for 300 guests. The bride's table was decorated with a centerpiece of yellow and green flowers accented by silver candlesticks.

Mrs. Howard Hyder and Mrs. L. G. Fredericks served the punch.

The bride, a 1965 graduate of Blissfield High School, was employed at Herrick Memorial Hospital as a nurses' aide. The groom graduated from Columbia High School in Richland, Wash. He has spent the past eight years in the U. S. Army.

After a 3-week trip to the New England States the newlyweds will reside in San Pedro, Calif., where he is stationed.

Mr. and Mrs. Dennis N. Schnell were hosts for a rehearsal dinner Friday, at the Country Kitch-

Mary Kay Ries Marries Maurice Redman

Mary Kay Ries and Maurice Redman were married April 6 in the Catamaran Wedding Chapel, San Diego, Calif.

The double ring ceremony was performed by the Rev. Paul Robison.

The bride is the daughter of Mr. and Mrs. Robert Ries, 9246 Tonneberg Dr., and the groom's parents are Mr. and Mrs. B. D. Redman of San Diego.

Given in marriage by her parents, the bride approached the altar with her father in a lace over taffeta floor length gown. The princess style featured a low back neckline from which a lace floating panel was attached falling from beneath a self-material bow.

Her bridal veil of illusion fell from a seed pearl flower and she carried an arrangement of white orchids and green and white caladium leaves.

Diane Ries of East Lansing, sister of the bride, was the maid of honor. Her floor-length, shocking pink shantung dress was complemented by an arrangement of baby pink carnations and deep pink roses.

Michael Cathcart of Los Angeles was best man and the usher was Jerry Alfred of San Diego.

The reception followed the ceremony in the Mai Tai room of the Catamaran Hotel.

Following a honeymoon to San Filepe, Mexico, the couple are living at 4003 Morrell St., in San Diego.

Mrs. Redman is a graduate of Tecumseh High School and Michigan State University. She has been teaching in California the past four years, at the present in San Diego.

finance and sheriff committees of the board, Germond stated that he had discussed the matter with county prosecutor Harvey Koselka, and it was his opinion that the accounts could be sought by the county legally.

The two-ambulance service by Superior was also made with the idea that the farthest proximity from Adrian was twelve miles. It is nearly double that in many areas.

Certain aspects of the sheriff's proposal appeared more beneficial to many of the supervisors. While at present, only 50% of the fees for service are collected, it could be estimated that under a proper system, nearly 75% would be collected.

Taking this into consideration, some $47,000 would be returned to the general fund to support the operation. In the case of Superior no money would be returned to the county in taxes or repayment.

The question also rose as to whether the county would be left for payment of uncollectable bills by the private firm, Nelson stated that they would in certain cases.

The subject of medicare payments was also discussed. Charles Fink, Morenci supervisor and funeral home operator with ambulance service for that community, offered the suggestion that a bill be presented to the patient and that the patient then send in for payment to the medical care agency.

Reactions of some of the supervisors favored the Detroit firm over the sheriff's proposal, some were mixed. Two supervisors changed from opposing Superior in the morning to supporting them by afternoon.

Supervisor Harold Easton, Tecumseh mayor, termed the sheriff's proposal as "the most logical and best way." Supervisor Don Sunderland also favored the sheriff's proposal, the only drawback being the hiring of additional men, although he favored the added police protection for the county.

Franklin Twp. Supervisor Ray Jackson favored the Superior firm over the sheriff's proposal. A great majority of the local lawmakers indicated dismay over the county being forced into the situation of having to offer the service county-wide.

The proposals were turned over to the ambulance committee for further study. No action is expected either way until the May session of the Board.

Can we wave the flag too much? Along with Sydney L. DeLove, we don't think so. Mrs. Gaza Kish, in a letter to the editor this week, explains a good reason to display the flag on May 1. See her letter on page 8.

Mrs. Louis S. Schneider arrived home Thursday after wintering in Florida.

Donna Grieg and Patty Rutherford left Thursday night for Penns Grove, N. J., to visit the former's cousin, Ward Cornell.

Mr. and Mrs. R. C. Osburn, Mark and Kevin, arrived home Tuesday evening from Englewood, Fla., where they visited her father and his wife, Mr. and Mrs. L. E. Brown. Pud said they were in Cincinnati about 1 p.m. when the hail storm hit there. It was the size of marbles and they had to stop beside the road until it ceased enough to see.

Mr. and Mrs. David Faling and family returned Tuesday from Bradenton, Fla., where they spent the spring vacation.

Mr. and Mrs. Robert L. Wood of rural Adrian and Mr. and Mrs. William Schooley of Shady Lane, drove to Frankenmuth for dinner after church Sunday in commemoration of their wedding anniversaries, which occur a few days apart. They returned to the Woods' home for evening sustenance. (Ice cream, cake and coffee, that is.)

Harland Parker will return home Thursday from St. Joseph Hospital, Ann Arbor, where he underwent nose surgery Monday.

The Jack Ries family, 10520 Tecumseh-Macon Rd., has a big family to look after Dad's needs this week and he has 'em.

It seems the three youngsters of Mr. and Mrs. Dean Jones are staying with the Rieses while Josie is in the hospital with the new baby. Jack was recuperating at home from injuries suffered in a riding lawn mower accident April 15 until Monday when infection packed him off to the hospital, too.

Mr. Ries just didn't step back quite soon enough when his eight-year-old son, Timothy, was driving about the estate. Three toes were broken on his left foot and the big extremity cut to the bone and the nail severed.

The Jones baby boy was born Tuesday afternoon at St. Joseph Hospital. He weighed 8 lbs., 4 oz.

Mrs. Dow Bilby was feted at a family gathering Sunday honoring her birthday anniversary and also that of her granddaughter, Mandy Underwood, of Lansing. The dinner event was held at the home of Mr. and Mrs. Walt Wonderly and family. Others attending were Mr. Bilby, Mr. and Mrs. Earl Bilby, Mr. and Mrs. Clark Nichols and Mike Underwood of Lansing and Mr. and Mrs. Carl Wilt and Carla of Toledo, O.

Lee Randall is presently employed part time at the Tecumseh Office Supply.

Janice Sinkey was home this past week from New York City to spend a few days with her parents, Mr. and Mrs. Charles Sinkey, and sister, Linda, who was home for spring recess from Eastern Michigan University. Janice is employed in communications for American Air Lines.

Mrs. Robert Bufford and her son, Michael, left Friday for their home in Tempe, Ariz., after spending a few days with her mother, Mrs. Verdi Skinner, and other relatives. Mrs. Bufford, the former Iota Skinner, has two married daughters, both teachers; a boy in service in Louisiana and one planning to return to his studies at Arizona State College, plus four others making a total of eight for the little lady who was a 1939 graduate of Tecumseh High School along with some of the rest of us.

Mrs. Thomas Riordan was greeted enthusiastically Sunday night at Metropolitan Airport by her husband and daughter, Caryl, as Mrs. Riordan returned from a week's visit in San Juan, Puerto Rico, with her sister and husband, Commander and Mrs. Robert L. Clancey.

Mrs. Sally Pope and two sons and Mrs. Ed Heilman returned Wednesday from two weeks' vacation at Gatlinburg, Tenn. While they were away Mrs. Ben Mahrle and Tracie Brooks have been caring for the Gaston Jewelry Store.

Helen Jewell of Port Huron, spent last week with her mother, Mrs. Alfred Jewell. While here, the two went to Battle Creek to visit the Kellogg Center.

Mrs. E. C. Topps was surprised Sunday evening when a group of friends brought a potluck luncheon with cake to her home to honor her birthday anniversary, which was Thursday.

Those extending their greetings were Mrs. R. C. Pennington, Mr. and Mrs. Robert Gillespie, Mr. and Mrs. Garland Gove, Mrs. Howard Brooks, Mr. and Mrs. Roscoe Hewlett, Mrs. Emma Taylor, Mrs. Charles Driffill, Mrs. Guy Nixon and Mr. Topps.

Sgt. and Mrs. Van Flanders of Battle Creek spent the weekend with his parents, Mr. and Mrs. William Flanders.

Nurses Oppose Legislation

Immediate action was asked of the Lenawee Nurses at a meeting Thursday in Adrian. Letters should be sent to members of the Committee on Public Health, House of Representatives, Lansing, in opposition to passage of Senate Bill No. 1321, Section 12A. This bill, if passed, would amend the Nurse Practice Act and allow certain persons to be licensed as Practical Nurses even though they had completed no formal education in this field.

This bill would defeat much of what the Nurse Practice Act established: higher standards for people in the profession of nursing and therefore better practitioners of patient care. Letters may be addressed to Robert Stites, Manitou Beach, or to members of the House of Representatives, Committee on Public Health, State Capitol Building, Lansing.

Mrs. Helen Phelps, R.N., representing Bay City Dist. Nurses Association as well as the Private Duty Nurses Section of the Michigan Nurses Association, was the guest speaker for the evening. Her topic of "Crisis in Nursing" was timely and applicable to the situation in the Lenawee District. She emphasized that nurses, working through their district, state and national professional organizations, have the responsibility and ability to meet the existing need for improved and continuing education of nurses and the public today. An optimistic outlook, enthusiasm and progressive activity will begin to meet this need.

Reservations for dinner for the May 9 meeting at Holiday Inn, Adrian, must be given to any of the officers before April 24th. The May 9 meeting will be the last for this year; at that meeting the new officers will be installed.

April 24 is also the night for the Card Party and Food Demonstration at the Blue Flame Room, Adrian, sponsored by the Lenawee District Nurses. Donation at the door will be $1.

Blue Birds Visit Farms

By MRS. PAUL HOVER

The Easter vacation, which the children of the area have been enjoying, provided an excellent opportunity for the third grade Blue Birds of Ridgeway to visit four farms near Ridgeway and Macon, and to get acquainted with some of the newborn animals which spring always brings.

The first visit was to the Kitty Kurtis Farm on Ridge Rd., when Orville Cook, father of Blue Bird Vicki Cook, conducted a tour of the large, ventilated barns and told many interesting things about the care and feeding of Black Angus cattle.

Highlight of the visit was a newborn calf, barely 15 minutes old, being washed and nudged lovingly by its mother, as she urged it to stand.

The Blue Birds then went to the chicken farm of Leon Lewis on Sutton Rd. Their daughter, Katherine, is a classmate of the Blue Birds. She assisted her mother, Mrs. Lewis, in showing the hens, the laying houses and the young chickens. Katherine also showed how the eggs were washed, candled and automatically sorted.

Mrs. Lewis served "bunny-rabbit" cupcakes and Kool-Aid, and the girls hunted in the yard for colored eggs that had been personalized with their names.

The group then proceeded to the Lyle Riddell farm on Macon Rd. Mr. Riddell, Mr. Rodriquez and his daughter, Josephia, showed the hogs, their pens and dozens of baby pigs — some born just that day.

Josephia also shared a secret with the girls — three baby kittens, the size of mice, with their eyes still closed.

Their last stop was the farm of Clarence Hall on Hack Rd. Mr. Hall raises many sheep. The lambs, ranging in age from two to four weeks, were the favorite of the girls, because they could hear the lambs bleat, see them nurse, and most important, hold the lambs and feel their soft wool and fast-beating little hearts.

Accompanying the Blue Birds were: Mrs. Harry Comstock and daughter, Denise, Mrs. James Thomas and children Jayne and John, and Mrs. Paul Hover and daughters, Roxie and Vicki. Sherry Aebersold was the guest of Denise Mueller.

The sparkling eyes and happy smiles of the delighted girls were indeed a revelation to both their hosts and the mothers who accompanied them.

These girls certainly dispelled three mistaken beliefs: that everything can be learned from books or TV; that farms are dull and uninteresting; and that today's youth is much too sophisticated to appreciate the warmth, joy and beauty of baby animals.

Cancer Crusade Could Possibly Break Record

Joe Fortunato, co-chairman of the Lenawee County Cancer Crusade, stated recently that he was "very much encouraged" by the showing to date and emphasized that there will be no slowing down or relaxing in fund-raising and educational efforts.

"The 1968 Crusade, I feel certain, will be a record-breaker if each and everyone in Lenawee County will do his or her part to make it so," Fortunato concluded.

Volunteers have been knocking on doors during the month of April prepared to leave life-saving information and ask support for the society's work.

They are said to be symbols of America's miracle, "volunteerism."

African Bishop Is Guest at St. Peter's

The Right Rev. J. B. Arthur, the Bishop in Ghana, West Africa, is visiting in the United States and Canada and will be at St. Peter's Church May 5.

He will participate in the worship services followed by a coffee hour to allow parishioners to meet the Rev. Arthur.

County Vo-Ed To Be Explained

BRITTON — Interested people of the area, including men and women, high school students, teachers and others interested in the education of the local young people, are invited to attend a public meeting Monday evening, April 29 in the Fellowship Center of the Congregational Christian Church at 7:30 p.m., when the Lenawee County vocational-education program will be explained.

William J. Ross, county vocational-education director, will be the speaker and answer questions from the audience.

Also on hand will be three students who are participating in the co-op plan, they will relate how the plan works and how it benefits them.

Joanne Bryant of Tecumseh and Linda Coffelt of Clinton are attending the Lois School of Beauty in Adrian, in addition to their class work, and David Bush of Britton works part-time at the Tecumseh Herald as a printer and photographer.

The co-op program is open to all school districts in the county. Students must be at least 16 years of age. He or she goes to school half of the day, and works at least three hours daily in the training stations.

School administrators in the county agree that their classes, budgets, equipment and facilities are inadequate to provide the program needed for employment-bound youth, which incidentally make up about 60 per cent of every graduating class.

[illegible] recommended in 1966 that an area vocational-technical educational center be established which would serve all county schools.

Students selecting vocational courses would remain at their home high school for classes, sports, and other school activities except for specialized vocational courses. They would spend part of their time at the Center taking these special courses not offered locally. Credits toward graduation from their home high school would be earned here.

Lenawee County voters will be asked to approve a 1.5 mill tax levy at the annual school election June 10.

The 1.5 mills represents the total local county share of constructing, equipping and operating the proposed Vocational-Technical Educational Center. No one local school district could afford this program.

The total construction and equipment cost will be $2,275,000 and the annual operation costs will be $385,000.

Of these amounts, the Federal government will provide, for construction and equipment, $1,125,000; and for operation, $61,000 annually.

The federal share is on top of the county share. It will be provided only if the local 1.5 mills are approved by the voters.

If you would like more information as to the purposes and costs of such a program for Lenawee County, you are urged to attend this informative meeting.

The meeting is being arranged as a public service by several area extension clubs, the Britton Woman's Club and the Macon Woman's Club.

Refreshments will be served following the conclusion of the meeting.

The Chiropractic Adjustment

The chiropractor is a student of the body's vast nervous system. Medical science knows that bodily functions are controlled by nerve energy impulses from the brain through the spinal cord to all parts of the body. The spinal cord runs down thru the spinal column. The spine is composed of 24 movable segments called vertebrae. Between the vertebrae are soft cushions called discs which act as ball bearings and shock absorbers.

When any one or more of the vertebrae of the spine are displaced, nerve pressure results. Nerve fibres are impinged and vital organs are affected.

The chiropractor uses scientific methods to locate the displaced vertebrae. Once located, he gently manipulates the vertebrae — using only his competent hands — to return the vertebrae to its proper position in relation to the remainder of the spine. Once the vertebrae is back in position, pressure is relieved, and the impinged nerve is free to perform its normal function.

The "adjustment" is simple, gentle and painless. Actually, most persons who have undergone chiropractic adjustments have found that already-present pain is greatly relieved, if not completely eliminated, by the first adjustment.

It is simple and quick; and it performs wonders in restoring that healthy, happy feeling. Another Health and Life Article from the Office of:

VFW POSTER WINNERS — "America, Your Land and Mine", was the theme of the recent poster contest conducted by the Hall-Slater VFW Auxiliary. Top winners of $10 each were Paula MacBeth, left, Paula Holmes and Allan Stites. Their posters will be sent to the state contest in Muskegon in June with winners there to be sent in for national competition.

Motorcyclist Is Injured

A Britton youth, Larry L. Graham, 19, was hospitalized in one of four accidents investigated during the past week by the Tecumseh police.

Graham, riding a motorcycle, attempted to pass an auto on the right when the car made a right turn. Auto driver, Melbourne Partridge, 25, 510 E. Chicago Blvd., had his signals working to indicate a right turn.

The Britton youth struck the right front fender of the vehicle, causing the bike to flip and throwing him on the ground. He was charged with improper overtaking and passing, and for no proof of motor vehicle insurance.

A resume of the other three accidents is:

April 17 — Jack Barrett, 41, 10650 Ridge Rd., and Ethel H. Wellnitz, 56, Palmyra, bumped at the intersection of E. Chicago Blvd. and Wyandotte St.

Barrett, headed east, was passing another car when the Palmyra auto made a left turn off Wyandotte Blvd.

April 20 — Clifford E. Rusling, 72, 213 W. Logan St., was cited for failure to have his car under control after running into the rear of an auto driven by Karen L. Sherman, 21, 10230 Billmyer Hwy. Mishap occurred on N. Evans at Macon Rd.

April 20 — Mary Wittman, 63, Petersburg, was arrested for failure to yield the right of way after she struck a passing auto on W. Chicago Blvd. at Pearl St. Other motorist was Howard A. Everhart, 66, 306 E. Kilbuck.

'Wait 'Til Next Year'

It will be another year before the Tecumseh High School track team will have a chance to grab the elusive win over the Adrian High School team. Last Thursday the local thinclads were nudged out of a victory in the final event of the meet, the mile relay team. The final tallies for the teams were 60-58.

Last season the only defeat to mar the record of Tecumseh came at the hands of the Maples. The team was hoping to make up for that this year.

Parros led off the field events with a second in the shot put of 44' 2¾". Terry Boldon and Gary Fairbanks finished second and third in the broad jump.

Boldon came back to take the high jump at 5' 8", Steve Dalton tied for second with McNicols of Adrian. Dalton and Jim Collins took second and third points in the pole vault. Richard Graf and Lamar Rufner picked up more points for Tecumseh in the two-mile gun.

The Tribe took the 880 relay in 1:38.8. The mile run saw Adrian grab first and second.

Randy Robinson, the fine senior hurdler from Tecumseh, again won both the 120 high hurdles and the 180 low. Gus Bishop grabbed second place points in both hurdle events.

Gary Fairbanks won the 440 dash for Tecumseh. Girbach ran the mile in 11 seconds flat good for four points and a win. In the 220-yard sprint, Girbach finished second .2 of a second off the winning pace of 24.4.

Adrian's time of 3:43 in the mile relay was too fast for Tecumseh, and enough to give Adrian the victory, and the Indian thinclads their lone defeat in dual meets thus far this season.

On April 16 the team met Monroe Catholic Central and pulled a league win in outpointing them, 63-55.

Terry Boldon won the broad jump with 19' 2⅝", Dalton was third. Dalton came back with a win in the high jump.

Lamar Rufner, Dave Lord, Dave Laidlaw ran one, two, three, respectively, in the two-mile run. The winning time was 10:54.7. Randy Robinson picked off both hurdle events for Tecumseh.

John Boldon won the 880 in 2:07.5. Laidlaw and Tony Lisenbee followed with second and third.

Monroe Catholic captured both of the relay events.

Track Team Wins Meet

The Tecumseh High School track team chalked up another overall win in a meet with Flat Rock Tuesday afternoon amidst the threat of storms, hail and a wet track. The final points were 65-53.

In the field events, Jim Parros took second in the shot put to lead the meet off. In the broad jump Tecumseh scored a clean sweep as Terry Boldon captured first with a jump of 19' 3", Steve Dalton took second, Terrell Ives was third.

Dalton came back in the high jump to go 5' 6", it was Boldon's turn to finish second behind Dalton.

Scott Dalton tied for second in the pole vault. Dick Graf won the two-mile run with a time of 10:50.4, Jack Edwards finished third.

Tecumseh, which has had trouble all season winning the 880 and mile relays, again dropped both team events to Fla Rock.

Lamar Rufner and John Kennedy finished second and third respectively in a mile won at 4:54.5.

The high hurdles again was claimed by Randy Robinson in 15.9. The hurdle events, which have been the Indians' strongest point so far, saw Gus Bishop finish second, Steve Dalton third in the highs.

John Boldon ran the 880 in 2:09.9 for a win and Dave Laidlaw followed his teammate across the finish line in second.

Gary Fairbanks and Bob Dixon took second and third in the 440 for four points. Gerald Girbach was third in a mile won at a time of 10.5.

Robinson continued his winning ways in taking the low hurdles in 21.5, Bishop again finished second to Robinson.

Girbach came in second in the 220-dash to round out the Tecumseh scoring. The final score stood at 65.53.

It was a satisfying win for the Indians as the Flat Rock team was considered to be one of the better in the league.

The thinclads' next meet will be the Hasting relays on April 27. Their next league encounter will be April 30 at the high school athletic field.

Home Run Mars 2-Hit Performance

Wally Quinn and Wendell Petty combined to pitch a 7-2 win over Gibraltar Carlson Monday afternoon. Quinn, a slender right-hander, held the bats of Gibraltar in check until the fourth inning when he hit a batter and served up a home run pitch that accounted for Carlson tallies.

Jim Hunt started things off right for the Indians as he drove a single through the infield, Pieh followed with a line drive single. Quinn laid down a good sacrifice bunt but the visiting pitcher couldn't find the handle and Tecumseh had loaded the bases with none down. A walk forced in one run.

With one away Jim Mobley lined a double into the left field corner that drove in two runs. With two on and one away, Coleman, the starting pitcher for Gibraltar, uncorked a bad pitch and both runners scored.

In a free for all at the plate between the pitcher and Foley, the catcher, Foley was injured and removed from the game. Coleman was replaced on the mound by Moore, who retired the side, but not until five runs had crossed the plate for Tecumseh.

Tecumseh picked up single runs in the third and fourth innings to put the frosting on their third win of the season and even the records so far.

Hunt and Mobley each had 2 hits for the tribe. Both had a double and a single. Wally Quinn and Ken Pieh also picked up singles for the home team. Carlo Mobley singled for the seventh Indian hit.

Quinn went five innings, giving up both hits, including the home run, and walked two, for a good performance. Petty pitched the last two innings walking two while not giving up any hits.

DOWNTOWN TECUMSEH

Monroe Downs THS In Baseball

Monroe Catholic Central downed the Tecumseh baseball team Friday afternoon, 7-6. Coach Robert Kiebler sent left-hander Wendell Petty to the mound against Monroe.

Control problems caused the junior pitcher to be in trouble throughout the game. Eleven walks were issued by two Tecumseh hurlers. Catholic Central managed only 5 hits off of Petty and Jim Hunt who pitched the sixth inning.

The ability to hit didn't plague the Indians as they ripped off 10 hits in the one-run loss. Buddy Work, Petty and Dennis Lewis had two hits each, Petty doubled in trying to aid his own cause.

Ken Pieh also had a double, Jim Hunt tripled to provide the power.

Jim Mobley went one for two to keep his average at .548 to lead the Tribe in that department. Petty's two hits raised his average to .312.

Control problems with the pitchers and mistakes have been costly for the team this year. However, the nucleus of the diamond squad is made up of sophomores and juniors.

If the team's hitting continues and Hunt and Petty continue to show good efforts from the mound, Tecumseh should have a good chance at the Huron League title this year.

Our Readers Write

The Congress and President of the United States by legislation and proclamation designated May 1 as a special occasion for re-affirmation of loyalty to country and pledging our defense of its freedom.

Loyalty Day was inaugurated as a direct vigorous weapon against communism aimed especially at party followers who were following the party line and using May Day for their demonstrations against America.

They paraded in several eastern cities and displayed banners belittling patriotism.

Official recognition came when the 85th Congress passed PL 592 designating May 1 of every year as Loyalty Day.

Governor Romney has also issued a proclamation proclaiming May 1 as Loyalty Day in Michigan and urges that everyone reaffirm his uncompromised allegiance and loyalty to this great country.

I wonder how many of us have, in these troubled times for our country, and us as citizens of this country, thought of the word, loyalty. Its meaning, taken from Webster's dictionary, is "loyal feeling, behavior, faithfulness, fidelity, allegiance." The words speak for themselves.

If we practice daily these actions and feelings toward our family living, our neighbors and friends and above all, our community and country, our country will be a better place to work and live in.

Of course, we have the right to dissent but it's a right we are misusing.

Our public dissention is only giving aid and comfort to the enemy. United we stand, divided we fall. Let's mend the cracks in our society and remain loyal to ourselves, our country and our God.

Won't you display your flag on May 1, Loyalty Day?

Clinton Bond Issue

CLINTON — The signatures of 1,160 voters in the Clinton Community School district, are being sought by the School Board.

The petitions, which request that the school bond proposal be submitted to the voters again at the June 10 School Election, must be filed by May 1, it was learned.

The board has been advised that this is the only alternative to a six-month wait required by Michigan law for re-submission of a school bond proposal which has been defeated at an election.

The number — 1,100, represents 51% of the school district's registered voters, who do not have to be property owners to sign the petitions.

Since the defeat of the bonding proposal, last week, the board has cancelled its option on the Halladay site.

Consideration is now being given to the Schmidt-Kehoe properties, east of the village, and an option is being prepared for this site.

There are 28 acres in the Schmidt property, which is priced at 65,000, including house and other out-buildings; and 17 acres of Kehoe's vacant land, priced at 17,000. The site is located between US-12 and Kehoe Rd., with access to both.

The board requests all interested citizens to aid in circulating petitions and by signing them. Blank petitions may be obtained at the high school office.

Vo-Ed Center Vote June 10

On June 10 registered voters throughout Lenawee County will be asked to approve 1.5 mills for a new county vocational school.

Two issues on the ballot will include the millage for 1,574,000 and permission for issuance of bonds. Cost of bonding is included in the 1.5 mills.

The new vocational center would serve as the vocational department for all county schools, including parochial schools. Students, selecting vocational courses, would attend their home high school for a half day, and then spend a half day at the vocational center.

Proposed curriculum, between 25 and 30 courses are planned, includes:

- Automotive: auto mechanics, auto body repair, small engine repair.
- Agr.-business: farm equipment maintenance and repair, diesel mechanics, horticulture, floriculture, landscaping.
- Business office: secretarial, clerical, data processing, business machines, bookkeeping.
- Graphic arts: mechanical and architectural drafting, blueprint reading, commercial art, photography, machine operation.
- Business distributive: retailing, sales, wholesaling, marketing, display.
- Home economics: restaurant and institutional aides, nursery school and teacher aides, clothing construction, styling and repair, interior decorating.
- Industrial: metal machining, fluidics, plastics, electrical and appliance repair, electronics, TV repair, industrial physics and chemistry, metal welding and fabricating, building trades.
- Para - medical: medical and dental office assistants, lab aides, care of the aged, nursing.
- Service: air conditioning, heating, plumbing, refrigeration.

Approximately 1,100 daytime students, about 30% of the total 11th and 12th grade enrollment in the county, would attend a vocational center. Enrollment would not be limited to these grades, however, the center would be open evenings, Saturdays and summers for both students and adults.

The proposed millage would not meet the total costs; the Federal government would supply the balance, about 50% of the construction and equipment costs, if the millage is approved.

Total costs are estimated at 2,275,000, with an annual operation cost of $385,000. Federal participation would amount to $1,086,000, and the county tax levy, approximately $1,574,000.

Children's Play 'Deserves Credit'

"They deserve a lot of credit," Mrs. Irene Merx, head nurse at the Herrick Nursing Home, remarked as she told of the enthusiastic youngsters in Mrs. Edgar Buttolph's fourth grade.

The children presented an Easter play, "The Easter Rabbit", in full costume for the patients April 11 with Brysea Merrill as the bunny.

Cheryl Carothers was the robin, Jeff Hale, the turtle, Cathy Retan, the snowdrop and Carlene Stoner, the fairy.

The rest of the 30 children made their own bunny costumes and carried an Easter egg tree, a beehive, another tree and bonnets and top hats for the parade, to the home.

The youngsters had made greeting cards and baskets which they filled as art projects. These they also took to the patients.

Members of the Hospital Auxiliary assisted the class and their teacher in transportation.

"Youngsters learned that the prop man can be as important as the one with the starring role when the record player came up missing," Mrs. Buttolph remarked.

State Troopers Are Transferred To New Posts

Transfer of 150 Michigan State Police troopers to other posts effective May 12 is announced by Col. Fredrick E. Davids, department director.

This transfer for the most part involves assignment of new troopers to a second post after they have had about two years of experience at their first stations.

Some transfers are made at the request of officers while others are to balance or strengthen personnel at various posts. The spring transfer allows affected officers time to relocate their families prior to the start of school in the fall.

Transfers to and from the Clinton State Police Post are as follows:

William C. Bradway, East Lansing to Clinton.

James R. Griffiths, Brighton to Clinton.

Westley W. Haney, Clinton to Detroit.

Larry W. Krieger, Clinton to Niles.

Buckner M. Shanan, Bay City to Clinton.

Lauren A. Winsor, Clinton to Warren.

Mr. and Mrs. Pat Holdridge and two daughters were Sunday dinner guests of her brother and wife, Mr. and Mrs. James Bennington, and family.

Marda Gene Duncan's

Through My Window

HODGE-PODGE

Every so often I find it hard to concentrate on one specific topic for a whole article and, when this happens, my ramblings and jumping from one thing to another usually find their way into print under the title, "Hodge-Podge". Occasionally I hear Betty Flanders, on her 10 o'clock WLEN radio program, Tecumseh Spotlight, snitch my hodge-podge. Well, a wanderlust of thought has struck again and so, Betty, if I may please borrow my title back—

Actually, Marda has nothing more serious than a severe case of spring fever. Everything seems to be happening at once and I could cheerfully just sit and look at the creek, the sky, the sunshine, the birds and squirrels, the trees, the yards, the flowers—in other words, Spring!

Easter Sunday was quite damp, wasn't it? The strong winds and heavy rains were a bit "above and beyond" what could be called April showers. They certainly did nothing for fancy Easter bonnets, but oh, my, the growing things certainly benefited.

Monday morning all of the lawns were unbelievably green — I apparently forget from one year to the next how almost painfully bright and fresh a newly-greened-up lawn is.

And how about the forsythia bushes — five clumps are within my window watching range. This is apparently a good forsythia year. These bright yellow flowered bushes are great favorites of ours, especially in the early morning sunlight when they look like great mounds of shiny gold.

★

EVERTHING is early this year, thanks to the nice warm weather. The magnolia trees popped into full bloom way ahead of themselves. One thing did run true to form though — why is it that every year, just when the magnolias are on the verge of being at their prettiest, we can count on a bad storm. The same thing happens with peonies, doesn't it?

Among the busiest of our birds these days are the robins. The females are back and so the primary order of business is picking out a mate and deciding just exactly which very special spot will be THE place in which to raise the family. Let's hope the birds have a way how because it will soon be nothing but work, work, work. Perhaps one of the worst misnomers is that cliche about a person eating like a bird. Birds do not have tiny appetites for goodness sakes, they are real trenchermen. A baby robin, for example, on the last day he is in the nest will eat 14 feet of earthworms and the average family of young robins, in their two weeks of nest living, will eat over three pounds of food.

★

WERE WE GOING in for scientific reporting, the next amazing detail should be an accurate estimate of how many worms it would take to keep the robin kid happy and well-fed on his last day at home. The formula to work it out would be most simple — if the average earthworm measured so many inches, then it would take how many to make 14 feet?

The problem, of course, is that I am not up on the latest worm measurements. I don't really know how long one is and, to be perfectly truthful, I don't think I even care. (Gertie T. is heaving great sighs of relief. I think she was having bad thoughts about shovels, yard sticks and perhaps even scales.)

She agrees with me that we should just feel sorry for the poor overworked robin parents, who, in a single day, must pull up 14 feet of wiggles for each of their offspring. That will be a lot of worms.

So it is that I thank Betty for the loan of the title — I hope I am through with it for a while so anytime she wants, she can help herself to hodge-podge.

NEXT WEEK:

"The Duncan-Sparrow War of Wills."

TO THE EDITOR:

I am writing regarding the article entitled 'Methodist Church Soon to Dissolve" which appeared in The Herald April 18, 1968. I wish you could have been more positive in headlining this news item, such as "Methodist Church Soon to Unite." The purpose of the event is to show positive action; not negative action as the headline gives the impression. Certainly, if one were to read the article, he would discover that the church is uniting, but I wish the heading would have conveyed that idea more.

Perhaps you know people's reading habits better than I, and that actually more people will read the article because of the heading than would have otherwise. I hope this is the case.

We appreciate very much the fine coverage that you give the churches in the community. This not only gives us a chance to make known what we are doing, but to get into many homes thru the paper. Thank you for your concern and this privilege that you grant the churches.

Sincerely,
John D. Lover.

College Presents Musical Fable

On the first two weekends in May, the Adrian College Players will present their production of "The Fantasticks", a fresh musical of an age-old tale.

Director of Theatre for Adrian College, Glenn L. Harbaugh, will direct the college production.

Members of the cast are Sherrie Smith of Adrian, Ivan Hodgson, Joe Balsanek, John Elliot, Alan Rust, Dennis Jensen, Jeff Hollander, and Bruce Bett.

The musical ran for seven and one-half years in New York. It is a fantasy with a touch of satire and wit. It is a story of love, parents and discovery of the world.

The songs are memorable and nostalgic, such as the popular, "Try to Remember". Also in the list of songs are "Soon It's Gonna Rain, and "They Were You", and many more.

The play will be staged in two different theatres for the weekend performances. The first weekend, May 2-4, it will be in the 108-year-old Downs Hall on the Arena stage. The second weekend, May 9-11, cast, crew and sets will move to the newer Dawson Auditorium.

Curtain times in both theatres is 8 p.m.

QUESTION

"Must we accept the suggestions of our friends regarding the type funeral services for our loved ones?"

ANSWER:

Too frequently friends recommend utter simplicity or a disposal arrangement as the modern way. Later, these same friends insist on a full traditional service for a member of his or her family.

NEW SETTING — "Fantasticks" cast members, from left, Debbie Gibbard, Larry Sebring and Charles Wilder will perform in an unique setting on the gym floor, surrounded by the audience, at Clinton High School, Friday. The Drama Class will present the musical love parable for one performance only, at 8 p.m.

Drama Class Play

CLINTON — "This musical is different," says Mrs. Donald Geiger, director of "The Fantasticks" to be presented by the Drama Class at Clinton High School, Friday night.

There is no scenery to speak of. The stage setting will be an open place on the gym floor, surrounded, on three sides, by the audience.

Lights, costumes and props will be used, but more emphasis is placed on the actors.

Mrs. Geiger described the music as the "best that a show can offer" and said there are many beautiful and touching moments as well as humor in the musical parable about love, by Tom Jones and Harvey Schmidt.

As with "Music Man", Helen Bendes will add much sparkle to the show as she accompanies the vocalists on the piano.

Debbie Gibbard and Larry Sebring head the cast, playing the parts of Louisa and Matt. Both actors have played other major roles on Clinton's stage.

Charles Wilder, also a veteran actor, will play the part of El Gallo, narrator and bandit.

The fathers of the two teenagers are ably handled by James Welch and Mitchell Geiger.

The actors will be played by Larry Santure and George Wise.

All of these people were appreciated by audiences of "Music Man" last fall.

Newcomer to the stage is Marvel Stout, who will do the part of the mute. Marvel has no lines but is extremely important to the play.

Other members of the Drama Class will be working on the technical aspects of the play.

Return From Trip Abroad

Mr. and Mrs. Robert W. Bonner returned home recently from a trip to Mexico and northern South America. Their first stop was Mexico City, where they enjoyed the Ballet Folklorico De Mexico.

Everyone who goes to Mexico has to see a bull fight, probably the Mexican's best-loved form of recreation.

They visited the pyramids, while not as large as the Egyptian ones, still awe inspiring. The ride through the country-side, in many areas, showed extremely primitive farming.

They enjoyed a bus ride from Mexico City to Acapulco, with a stop at Taxco, probably the silver capital of the North American continent.

"If one is looking for sun, sandy beaches, and good swimming, Acapulco is the place to enjoy all three," Mrs. Bonner said.

A night flight took the Bonners to Lima Peru, where they saw many of the ruins of the Incas Indians. A flight through the rugged Andes Mountains to Cuzos where the Incas civilization is much in evidence, was a memorable trip.

The Panama Canal was the highlight of their trip. They were fortunate to see two ships pass through the Canal. An average of 40 ships a day go through it.

Caracas, Venezuela, was the last stop. It is a bustling city, located in the Andes and compares favorably with North American cities. The Bonners spent Easter in Valencia as the guests of Mr. and Mrs. Gerald French, formerly of Clinton. After a four-hour flight from Caracas, they landed at Kennedy Airport in New York.

The Kieblers' nearly eight-year-old silver poodle, Jade Hope Gray Haze last week received recognition as the Highest Scoring Poodle in Trials in the United States for the year 1967. He had also received the same honor for the year 1966, as compiled by the magazine, "Chips."

On May 12, both Haze and Gaye Haze will be entered in the Western Lakes Training Club trial at Buffalo, N.Y. Haze has already won two years in competition for the 3-year challenge trophy there, and a win by either of the Kiebler entries will enable them to keep the handsome trophy.

Board Takes Action

BRITTON — The Board of Education took action on several matters when they met April 11. All members were present.

The purchase of a new school bus was approved. Discussion on the disposition of the old bus was held, but the decision was tabled until another meeting.

It was decided to purchase a tornado warn alert monitor receiver to be located in the school. Direct contact with the sheriff's office at Adrian in the event of tornado warnings or sightings in the county is provided in this way.

The board also decided to purchase a Modular Tool Center for the Industrial Arts classes. This can be included in N.D.E.A. grants and will supplant the badly worn tools now being used.

Voters are reminded that the annual school election will be held June 10 in the study hall. The four-year terms of Elizabeth Cheever and Albert Wielfaert expire and they do not seek re-election.

The unexpired term of Naomi Spohr two years) will also be filled by election at the same time.

Due to a new state ruling concerning personal property taxes, her name does not now appear on the local assessment roll, and this is a must requirement of all members of the Board of Education.

Anyone desiring to run for election to the Board, may secure nominating petitions at the superintendent's office. The deadline for filing the petitions is May 13.

Also on the June 10 ballot will be the proposition of whether a 1.5 mill tax will be approved to establish and operate an area vocational-technical school for the county.

In other action, the board discussed and approved a tentative budget for the coming year as presented by Supt. Wm. Saxton.

It was agreed to appoint Martin Ivan to the board of canvassers to replace Albert Bailey, who has moved from the district.

Teacher negotiations have begun. Members of the negotiating team for the teachers are Edgar Ericsson, Anna Creger and Rosemary Niblack. Members for the Board of Education negotiating team are William Bearinger, Leslie Downing and Supt. Saxton. Further meetings are scheduled.

A Bird in Hand

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The hands are gentle and deft . . . the bird-banding process painless and quick. Soon the bird will fly off, safe and unharmed, unaware that it has become another link in the chain of research concerning the migratory habits of birds.

Our feathered friend has no interest in the fact that his experience ultimately will help chart the flight lines of all migrant birds. With heart beating wildly in its soft, downy throat, it longs only to be free.

Sometimes people are like that bird. Caught in circumstances beyond our control, we flail and thrash about. Fear and doubt overwhelm us and we fail to realize and acknowledge the loving arm of God that is present and sustaining in every situation.

Place your faith and trust in God and His Church. In times of need, strength and help are yours for the asking.

Township Assessments Raised by Committee

By BILL SANFORD

Thomas Jefferson once wrote that "the art of taxation is like plucking a live goose, you do it in such a way as to evoke the less hissing."

"Hissing was the main topic of discussion at the Tuesday morning meeting of the Board of Supervisors in Adrian. The report of the tax equalization committee was brought to the floor for a vote.

Many townships were found to be somewhat below the 50% cash value in their assessments. This added to a survey of the county by the state tax commission and caused certain governmental units to be assigned multiple factors.

When a factor is assigned to a township the overall township is assessed the added amount.

While the state commission's study of the area was aimed primarily at agricultural land, it was discovered that in many areas prime residential properties were far below the requirements of the state.

The study was made with an agreement between the committee and county equalization director, John Brattin, that in certain cases, rather than to assign a full factor that was indicated warnings would instead be issued to the assessing officers concerned and made a permanent part of the files of the director.

According to Brattin, at no time were sales used as an accurate determination of value. In addition, the director reduced the appraisals of the State Tax Commission by diluting the values assigned to the agricultural outbuildings; although the Commission's findings were in the eyes of the committee, conservative, it appeared to them that a higher value was placed on barns and other non-residential structures.

The city of Tecumseh and Tecumseh Township were not assigned a multiple factor by the committee. Clinton Township was assigned a factor of 1.07. Macon Township 1.24, Raisin Township, 1.09; and Ridgeway Township, 1.05.

Franklin Township, according to committee findings, was found to be $2.5 million off in assessments. The multiple factor for the township was set at 1.50.

The dollar difference in Lenawee County assessed evaluations and the equalized amount in the committee report stood at $10,-878,506.

In a roll call taken, 22 were for acceptance of the committee report and 11 opposed.

Supervisors Bigelow of Macon; Hackett, Hudson City; Halley, Clinton Twp.; Jackson, Franklin; Keller, Fairfield; Mitchell, Raisin; Potts, Dover; Ruesink, Adrian Twp.; Tiede, Ridgeway; Wood, of Rollin, cast the dissident votes.

The next step for anyone who does not agree with the committee study or believe the tax is unfair, may contest the findings before the state tax commission, according to Mr. Brattin. In order to do so, however, he continued, they must have lodged a protest to local Boards of Review in March when those committees met.

Martin Halley of Clinton Township, voiced objection to the factor, calling it unfair to those industries in his township which have been cooperative and supplied information which established that their assessments were at the state requirements of 50% cash value. With the factors, these industries would be forced to pay more than legally required.

Many firms, as a matter of procedure, contact the Boards of Review in the event that a factor might later be attached to the tax rolls of their local governmental unit.

By the time the vote was taken in the afternoon, most of the Jeffersonian hissing had subsided to a resignation of facing the home representative units with factors. It will not be the end of taxation talks for another year, however, as Chairman Kenneth Nickley, of the equalization committee, announced that each month his committee will meet and go to the various townships with the supervisor or assessing officer to go over assessments in an attempt to equalize the county as a whole.

7-10% Salary Raise Proposed for Police, City Employees

Tecumseh police and the city settled its contract negotiations last week with the officers receiving a 10% increase in pay, effective July 1.

The new contract also calls for another 10% hike at the beginning of the 1969-70 fiscal year. Council approved the settlement Monday night when officials discussed the proposed budget for 1968-69.

Officials also authorized city-wide salary increases for other personnel with the raises ranging from seven to 10 percent.

In the new police contract, the officers received three additional paid holidays, raising the total from six to nine for each year, and were awarded an improved insurance package.

An "agency shop" also was adopted for the department. This will not make it mandatory for each officer to join the union, but it will require him to pay dues, member or not.

City Manager Cal orn says all salary increases will be paid out of additional income to be received by the city, and no increase in millage will be required from Council.

Safety Check Parade Plans Are Prepared

Preparations have already started for Tecumseh's annual Safety Check Parade, scheduled here for Wednesday, May 22, during Michigan Week.

Several bands will march plus some 30 marching units, cars and trucks, including candidates for the Safety King and Queen contests.

The Jaycees will honor their king and queen selections, the local, safest driver of the year will be picked and other awards announced.

Persons and groups who plan on joining the parade should make arrangements with Vern Manwaring, Rotary Club parade chairman.

Immediately after the parade, the safety check lane will be opened on S. Pearl St. Extensive efforts are underway for industries, business, schools and other groups and individuals to have their vehicles pass through the safety lane.

Tecumseh's Rotary Club has won the national award for two consecutive years and are hoping to make it three straight. Both state and national traffic organizations are assisting in promoting the event, the purpose of which is to make drivers safety-minded.

Rotary expects Col. Frederick Davids, Michigan State Police Commissioner; Stan Johnson, national representative for Inter-Industry Foundation, and possibly other state dignitaries here for the parade and the ribbon-cutting ceremony for the safety check lane.

ANY WEDNESDAY, ANY TIME — Barbara Shremp plays the woman in the middle of a certain tycoon's mixup in the comedy "Any Wednesday" which the Tecumseh Players will produce May 9, 10 and 11, on the Glass Room stage at the Community Center. The tycoon is played by Guil Rothfuss, his wife by Charlotte Parker, pictured in the lower right hand corner. In the upper left corner of the picture is Craig Collicott, who is a "friend" of all.

Kiwanians Plan Rummage Sale For Local Youth

A used merchandise or rummage sale will be held May 15 at the former Ford garage on W. Chicago Blvd., by the local Kiwanis Club.

Proceeds of the sale will be donated to projects for Tecumseh youth and for various park projects.

Residents, wishing to donate items, may phone 423-2868 or call Mrs. William Adams, 423-4825, for pickup.

Items needed include clothing, furniture, yard equipment and appliances.

Play Starts May 9

By DOROTHY WETTER

"Any Wednesday", the riotous comedy being presented by the Tecumseh Players on May 9, 10, and 11, at 8 p.m. in the Tecumseh Community Center Glass Room, promises to furnish a tremendously entertaining evening for theater goers.

Guil Rothfuss, Charlotte Parker, Barbara Shremp, and Craig Collicott, star in this funny play about a philandering tycoon with a "flair for a fling".

The direction of "Any Wednesday" is in the always sensitive hands of Mrs. Thelma Hollenbeck of Adrian, where she is employed as a legal secretary. Mrs. Hollenbeck is particularly memorable as the director of the hilarious presentation of "Everybody Loves Opal" in 1966. With Thelma "in charge", the prospect of real fun is guaranteed.

Assisting Mrs. Hollenbeck behind the scenes is a crew of talent. With her unfailing dependability, Judy Sherwood once more does an outstanding job of "props". John Raymond, popular radio personality of WLEN in Adrian, has produced a particularly fine "New York Garden Apartment" set,. assisted by Joe Cherry who is handling the lights.

John and Joe have been active with the Players, having appeared in "The Hasty Heart" and "Finian's Rainbow". John was a lead in "The Tender Trap" and also appeared in "Everybody Loves Opal", Joe Cherry's previous experience has included touring with a USO group.

Tickets are available at Flanders Music Store in Tecumseh, or by calling 423-2981. Tickets are on a "reservation only" basis, so don't delay.

Drivers OK 20¢ Hourly Pay Increase

Tecumseh School Board has apparently settled negotiations with bus drivers and expect little difficulty in contract agreements with secretaries and custodians.

Last week, the Board's negotiating team approved a 20c per hour hike in pay for the bus drivers. It amounts to just under a nine percent increase.

Bus drivers' salaries will continue to have a base of $2.10 per hour, but after the first step, drivers will receive $2.30 per hour and raises annually thereafter.

Maximum now for the drivers is $2.75.

Proposed new salaries are expected to be ratified by the School Board at its regular May meeting.

A meeting with representatives of the teachers was scheduled Wednesday evening, but officials declined to discuss issues involved.

If teachers' salaries are to be raised — as they have been in other districts — a decision will be necessary within the next couple of weeks if additional millage is involved and it becomes necessary to place millage on the June 10 ballot.

Although teachers in other districts have generally been seeking a base of $7,000 per year, most have settled for considerably less. Tecumseh's base is currently $5,700 per year for a teacher with a degree.

Three Hurt In Accident

Three persons were hospitalized resulting from a collision of two cars at the intersection of M-50 and M-52, at 2:15 p.m. Tuesday.

Michael Allen Howard, 20, son of Mr. and Mrs. Dennis Howard, of 111 S. Main St., Onsted, was driving east on M-50, when his car was struck in the right side by a northbound car, driven by Sister John Elizabeth of Harper Woods, and Mary Grove College.

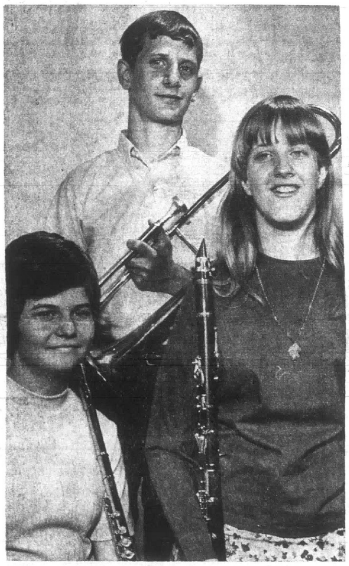
Sister Elizabeth told Clinton State Police she didn't know if she came to a complete stop at the intersection. She was given a summons for failure to yield the right-of-way.

All were taken to Herrick Memorial Hospital. Sister Elizabeth and her passenger, Sister Venard of Detroit, were later transferred to Mt. Carmel Hospital, Detroit.

Trash Pickup

Cal Zorn, city manager, announced that trucks are on the streets picking up trash for the annual spring clean-up.

They will continue to do so through May 10.



DAVID DAY WINNERS — The David Day scholarship winners are Robert Merz, ninth grade; Pamela Creger, eighth; and Bonnie Flanders, eighth; at the right. All have applied for summer music camp at Interlochen for two weeks. Alternates selected are Lisa Pence, tenth; Rosella Dotson, eighth and Helen Williams, seventh. All donations to the Band Boosters Tag Day, May 2, 3 and 4, will help support the scholarships.

Sheriff To Run County Service

In somewhat of a surprise move, Chairman Walter Bohn of the ambulance committee of the board of supervisors, brought to a floor vote the question of ambulance service for the county.

Two proposals were presented to the board earlier in April for consideration, one by a private firm, Superior Ambulance Co., and an alternative plan for the Sheriff's office to accept the full responsibility.

The committee requested the alternative of the sheriff and recommended passage of sheriff's proposal by the board. It was accepted in a roll call vote of 29-4.

Debate lasted for 40 minutes and the same issues arose which had caused apprehension in the meeting two weeks ago. Collection of fees by a government agency, additional manpower requests, overall costs of operation were still the predominantly argued points in question.

Prosecutor Harvey Koselka was again called upon to voice his opinion in the matter of fee collection. He confirmed statements made in earlier discussions where he said the county could collect fees legally.

The point of whether or not a deputy sheriff could be both a good deputy and a good ambulance driver or attendant was raised.

Sheriff Richard Germond responded with the fact that even if the private firm were to establish in the county, his officers would be used as back-up men to that firm.

He replied that he would not maintain an ambulance and have his men on stand-by for aiding a private firm.

Reactions at the original presentations were mixed and the same held true at Tuesday's meeting.

The four who voted against the proposal were Supervisors Martin Halley, John Keller, Kenneth Nickley and Stacy Zilke.

Supervisor Ray Jackson of Franklin Twp., who at first favored Superior, found that after studying the sheriff's proposal, he considered it the better approach to the situation.

Supervisors Harold Easton, Cal Zorn, Rev. B. O. Bashore and Donald Sunderland all voiced opinions favoring the sheriff's plan.

At the conclusion of the session, Arthur Twiss, Adrian city assessor and member of the board who is retiring, spoke of the terms he had served on the board.

Rev. Bashore of Tecumseh and County Clerk Patricia Johnson had prepared a cake for Mr. Twiss' final appearance as a supervisor.

For his final remark to the board he said, "I'm a doughnut dunker, but how in the world do you dunk a cake?"

With that, the April session of the Lenawee County Board of Supervisors came to an end.

Products Sales Earnings Soar For First Quarter

Consolidated net sales of the Tecumseh Products for the first quarter of 1968 hit $99,246,158, an increase of approximately $7.5 million over the first three months of last year.

For the same period, consolidated net earnings topped $3 million, a $700,000 increase over the first quarter of 1967.

Net income per share for the first quarter was $2.76, compared to $2.36 last year.

Driscoll Garage Robbed Tuesday

CLINTON — State Police are investigating a breaking and entering at the Driscoll Bros. Garage, on W. Michigan Ave., in Clinton.

Sometime Tuesday night, the back door was broken open and items removed from the premises including a tool box containing some 500 worth of tools, an almost new electric typewriter, and a cash register, containing $30.34.

Murray Top Writer Again

National recognition was given Jim Murray recently when the syndicated sports columnist was selected for the second straight year as the country's "Sports Writer of the Year."

The Los Angeles Times sports writer was honored at Salsbury, N.C., just before the Masters Golf Tournament.

Murray, syndicated in approximately 100 newspapers, is the husband of the former Jerry Brown of Tecumseh. It's the third time he has gained the national honor.

Locally, his column appears in the Toledo Times and the Detroit Free Press, when folks there decide to print the strike-bound paper again.

The Murrays, who visit annually in Tecumseh, have four youngsters: Ted, serving in the Army in Germany; Tony, a sophomore at Southern California and a pitcher on the varsity baseball team; Pamela, who will graduate from Santa Monica High School next month, and Ricky, a high school freshman there.

Meeting Changed

Instead of meeting May 4, the Music Makers Club will give the spring presentation for parents, relatives and friends Sunday, May 19, in the Friends Church.

Extension Club Emphasizes the Study of State

Mrs. Ellsworth Robison spoke on "Know Michigan Today" at the Anril meeting of the Northwest Tecumseh Extension Club meeting held at the home of Mrs. George Dinius.

She said "We are emphasizing our own state of Michigan in an effort to learn more about the state, taken for granted by most of us. We will then be more able to discuss it intelligently with our international neighbors everywhere."

Mrs. Robison told about the five large bridges:

1. Houghton Hancock across the Portage Lake waterway.
2. International across St. Mary's River at the Soo Locks.
3. Mackinac linking the upper and lower peninsulas.
4. Blue Water at Port Huron.
5. Ambassador across the Detroit River.

Michigan's name is taken from Michigama, land of many lakes. The state has 11,037 lakes and 83 counties.

The state flower is the apple blossom, the bird is the robin, the tree, the white pine and the fish is the trout.

Preceding the meeting, the 11 members learned about antiquing at the Baldwin Hardware.

They will go there again this month to learn about regular and fine wood finishing and then meet at the home of Mrs. Marvin Johnson for the meeting.

Mrs. Donald Bush was the organist and accompanied the soloist, Mary Iott.

Approaching the altar on the arm of Mr. McConnell, the bride wore a floor length gown of white Rhoda, an original design by Mrs. Franklin Schroeder.

Jeweled re-embroidered Alencon lace accented the diagonal front panel of the A-line skirt, belled sleeves and raised waistline. The semi-fitted bodice was styled with round neckline and elbow length sleeves.

The gown was further complimented by a detachable cathedral train sweeping from the high waistline in a soft draped effect.

The tiered cathedral length veil of English silk illusion flowed from a triple Swedish crown of pearls and rhinestones.

She carried yellow roses and stephanotis.

Susan Hoch was her sister's maid of honor and Jane McConnell, Donita Shafer and Louise Gust of Detroit were the bridesmaids.

All wore identical dresses of lime green saux styled with floor length skirts, sleeveless bodices and raised stand away collars.

The free flowing A-line dresses were accented with two vertical rows of white daisy embroidery on front and back and on the collars.

Large Dior bows accented with daisies, secured their circular veils. They carried arrangements of white daisies.

Dale Shafer, brother of the groom, served as best man and the guests were seated by Peter J. Hammes and Henry Hammes, uncles of the groom, and Michael Haracourt.

A reception was held at the Hall-Slater VFW Hall with Mrs. Gerald Munger and Mrs. Lyle Grigg pouring punch and coffee. Mrs. Charles Hammes, grandmother of the groom, was among the guests.

The bride, a 1965 graduate of Tecumseh High School and a recent graduate of Harper Hospital School of Nursing in Detroit, was employed at Herrick Memorial Hospital before the wedding.

Her husband, a graduate of Onsted High School, is studying in the U.S. Navy Nuclear Electronic School in Windsor, Conn. The couple left Monday for Springfield, Mass., where they will live.

The groom's parents hosted the rehearsal dinner Friday evening at their home.

The engagement of Lance Cpl. Jane E. Jenkins to Marine Sgt. H. Ray Sheid is announced by her parents, Mr. and Mrs. Arthur Jenkins, 4251 Sutton Rd. Miss Jenkins is a graduate of Tecumseh High School and enlisted in the Woman's Marine Corps in June, 1967. The couple is planning a May 4 wedding at the Raisin Center Friends Church.

Arm Fractured In Machine

Mrs. Gerald Erhart, 26, 118 S. Locust, Adrian, received compound fractures to the right arm and several cuts when she became caught in a machine at the Tecumseh Fisher Body plant, about 5 p.m. Saturday.

Mrs. Erhart, a machine operator, was standing nearby while the monorail conveyor, which moves door panel sections, was shut off for adjustment of a door. The machine suddenly started up drawing her arm into the mechanism.

Given x-rays at Bixby Hospital, she was transferred later to Toledo General Hospital where she is reported resting comfortably, and able to sit up, according to Mr. Erhart. She may be able to come home in five or six days, if the arm begins to heal properly, he said.

Mr. and Mrs. Jack Puffer and family and Jack Edwards returned recently from Sarasota, Fla., where they visited the Jungle Gardens while vacationing on Florida's lower west coast.

You are cordially invited to attend our Third Anniversary Party to be held at Flanders Music May fourteenth at seven-thirty in the evening. Come and hear Louis Prange at the all-new Lowrey Berkshire organ.

By DOROTHY GRIGG

Herald Society Editor

What a trip they had. Dorothy and Dooley Brock arrived home Sunday afternoon after a three-week, 1,500-mile tour of England and Scotland. They saw the queen Maundy Thursday giving out Maundy money in London at Westminster Abbey, accompanied by her son, Prince Charles, and the Duke of Edinburgh.

They went through the Abbey and saw the Poet's Corner where Shakespeare is buried. They also saw Shakespeare's home.

Mrs. Brock remarked about the green velvety grass all over Britain along the highways, the cleanliness and the stone fences and hedges that one can see for miles.

The couple toured Windsor Castle, the St. George Chapel, Markinch, where Dooley's mother was born in Scotland, Edinburgh, Glasgow, South Wales and Stratford on Avon along the Scottish coast and many other points of interest to them, especially since they came to this country from Canada.

The Royal crown is "really something" Mrs. B. remarked. They also saw the Parliament buildings, the tower of London, the Thames River and enjoyed watching people walk their poodles in St. James Park facing Buckingham Palace.

The ring grounds, the dual carriage ways and most of all, driving on the left side of the street kept Dooley occupied, but he negotiated it all in good shape and had a splendid time, even though they drive "like mad" in London, and the roads are terribly narrow and up and down hill.

BRONZE BELL OPENS — Bob and Liz Hart have taken over the operation of the new restaurant at the corner of Pentecost Hwy. and M-50, built last year by Merle and Betty Auten, next to their grocery-gas station. The eating place, specializing in fish this week, was named for a bronze bell to be placed at the front soon. Hart has been employed as mail carrier in Tecumseh for the past seven years.

The Bronze Bell Opens On May 1

Bob Hart, mail carrier in the city until last week, has taken over the management of the Bronze Bell Restaurant at the corner of M-50 and Pentecost Hwy.

He and his wife, Liz, with the help of her sister, Mrs. LaMar Rufner, Sr., 215 W. Pottawatamie, opened the restaurant May 1 with hours from 9 a.m. to 9 p.m.

The Harts recently sold their home at 719 Seneca St. and moved in February to 103 S. Democrat St. in preparation for the restaurant business.

"I love cooking," Hart said Monday enthusiastically as he told of his previous experience in this field. A 2/c pharmacist's mate in the navy medical corps, he served in both the Atlantic and Pacific areas during World War II, preparing special diets for hospitalized veterans. He had charge of a hospital in Trinidad, British West Indies, for 15 months.

For the past eight years he has been moonlighting summers at Bud's A & W and winters at three Adrian restaurants.

"In fact, I grew up in a restaurant," Hart remarked, "my parents owned a truck stop in Indiana when I was a child, but this is the first time I will have had the opportunity to manage my own."

"It's a family project, our 12-year-old Joe has been helping, too."

The Patterson sixth grader told his grandmother, Mrs. Zola Rufner, who lives with the family, "You know, I washed dishes for over 100 people."

He, and Sherrie, 14, a Junior High student, helped the adults completely clean the restaurant for the opening. Sherrie will have charge of ice cream after school is reeessed.

The Harts have another son, Robert, Jr., 21, in the navy aboard the USS Intrepid.

Memoriam

In loving memory of our mother and grandmother, Grace Shea, who passed away one year ago, April 28, 1967.

THS Thinclads Triumph

The track team from Tecumseh High School won two lopsided track meets during the past week. Friday they handed Ann Arbor Huron an 88-25 setback. Tuesday, Airport was the victim of the depth of the team in undisputed style, 99-19.

Airport was unable to collect a point in the meet through the first five events as Tecumseh took firsts, seconds and thirds in shot put, broad jump, high jump, pole vault and two-mile run.

Airport picked up five points by default in the 880 relay when Tecumseh was disqualified.

The mile run also saw the Indians take first, second and third. Randy Robinson continued his winning ways in the hurdles as he took both low and high hurdles.

In the 100 and 220-yard dashes, Airport picked up their only firsts in the events.

Winners in the meet were Jim Parros in the shot put, Terry Boldon in the broad jump and high jump. Richard Graf won the two-mile run and Lamar Fuhner won the mile. The 880 was won by John Kennedy and Gary Fairbanks copped the 440.

Freshman Scott Dalton, who has become of late a challenger in the pole vault, won his first event. The Tecumseh team also won the mile relay.

Against Ann Arbor Huron, both teams were disqualified in the 880 relay. Tecumseh also won the mile relay event against Ann Arbor, which is a bright note for Coach Tom Fagan, as in the earlier meets this season the inability to win these events caused both the loss and the tie which mar their record of 5-1-1 in dual meets.

Parros won the shot put, Boldon the broad jump, he also tied with Steve Dalton for the high jump. Jim Collins regained some of his form in the pole vault, going over the bar at 11' 3".

Graf won in the two-mile, Edward in the mile, Robinson won the high hurdles but Gary Fairbanks outdistanced his teammate by four seconds to win the low hurdle event. Gus Bishop won the 100-yard sprint and John Boldon the 440 in outpointing Ann Arbor Huron, 88-25.

THS Golfers Undefeated

By BILL HOLMES

Undefeated Tecumseh High School golf team upped its overall record to 7-0 last week with four victories.

Monday at the Country Club, the squad downed Flat Rock, 171-199. Ralph Miller and Frank Geisenhaver were low for the match with 41's as Roy Schlegel had 42 and John Bryan 47.

High winds, temperatures in the 30's, and occasional snow and hail prevailed Wednesday as the Indians defeated Airport, 168-185, in a home match. Schlegel led the team with a fine 39, as Bryan had 41 and Bill Holmes and Miller added 44's.

Weather conditions didn't improve at the Monroe Country Club Thursday, but Tecumseh managed a 184-195 win over Monroe Catholic Central. Schlegel was medalist with a 42. Miller shot 46, Holmes 47, and Bryan and Geisenhaver, 49's.

Warmer weather greeted the team Friday as they nipped Milan, 154-159, at the Milan course. Schlegel fired a 35 as Holmes had 39 and Miller and Bill Gibson shot 40's.

Tecumseh leads the Huron League with a perfect 30- record in league play.

Britton Crushes Deerfield, 20-3

Britton Tories baseball team defeated Deerfield Tuesday night by the football score of 20-3. The game was called at the end of four and a half innings of play due to the 10-run limit.

Jim Brown pitched the five innings for Britton to pick up the win. He was tagged for four hits and walked one.

Dick Schroeder, Jim Skelton and Dave Filter each collected two hits as the Tory batters touched Deerfield pitcher Duvall for 12 hits.

L. Casteel of Deerfield homered with the bases empty.

Britton scored three times in the first, four in the second, one in the third and 12 in the fourth.

The win gives Britton a 3-1 record in River Raisin League action.

Tecumseh Cub League Try-Outs

Tryouts will be held at Nelson Field No. 1 Saturday, May 4, for all nine and 10 year olds, and Saturday, May 11 for 11 and 12 year olds. Tryouts will begin at 9 a.m.

In case of rain the tryouts will be held the following Wednesday at 5 p.m.

Only players who are not on major league teams may try out.

Redskins Win, 15-3

The Clinton Redskins proved too much for Grass Lake Monday as the 'Skins pulled a lopsided 15-3 victory in a game shortened by the 10-run rule.

The first inning saw Grass Lake match Clinton with two runs apiece. The second inning saw both teams blanked. In the third and fourth frames of the contest Clinton scored three runs in each inning.

The fifth saw the roof fall in completely on the Grass Lake team as the Redskins chased seven runs across the plate on five hits.

It was the clutch relief pitching of Mike Jurasek who came on to give up only two hits and hold Grass Lake in check.

Jurasek also came through with punch at the plate as he doubled in the first inning to aid in the scoring, he also singled in going 2 for 3. Jake Schwab went 2 for 4, Butch doubled in three trips, and Bill Driscoll had a perfect day at the plate hitting two singles and walking twice in four trips at bat.

Sophomore Al Roberts doubled and singled and provided the drive-in punch as his hits sent five men across the plate for Clinton. Hoelzer also aided in the punch as he sent three men home for the 'Skins.

It was a rewarding day for Jurasek, but also a frustrating one. The reliefer struck out four men in the fourth inning. On his third strike-out of the inning the ball got past the catcher and the hitter reached first safely.

The Monday victory was the fourth for the Redskins this season.

PVT. DAN CANTRELL

Pvt. Dan Cantrell Completes Eight Weeks' Training

Marine Pvt. Danny K. Cantrell, son of Mr. and Mrs. Ottis Cantrell, 5422 Centennial Hwy., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego, Calif.

He will now undergo from two to four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Former School Superintendent To Retire In Aug.

He served here from 1935 to 1948, then four years at Sand Lake before going to Mt. Clemens.

Mr. Berkhof and his wife live at Belleview. Their children, William and Carole, are both married.

The veteran superintendent said that he would devote the first few months of his retirement to visiting friends and traveling. After that he expects to seek part-time employment to keep busy.

Mrs. Kenneth Nagorsen, nee Doris Bilby, of Mt. Clemens, who sent information concerning the former teacher to The Herald, has taught for 11 years in that system under his direction.

LIFE HEALTH

Stomach Disorders

Nothing can knock the smile from a face and take the joy out of living faster or more completely than stomach distress.

Poor digestion probably causes more human discomfort and actual suffering than any other single ailment. But, the stomach, like the rest of the human body depends on a proper flow of nerve energy from the brain to keep it functioning properly. When anything interferes with the pipeline from the brain to stomach, upset can result. If neglected too long, serious stomach disorders can develop.

The chiropractor, with his knowledge of the nervous system and the spinal column, which is the trunk-line for the flow of nervous energy throughout the body, locates and corrects misalignments of the spine and frees vital nerve energy to do its proper task.

When the spinal column is properly aligned and the nervous system is functioning properly through competent, gentle chiropractor adjustments, the vital nerve energy — nature's own healing force — maintains normal activity in the digestive system. Another Health and Life Article from the Office of:

United Methodist To Receive 16 New Members

Sixteen members of the youth confirmation class will be received into the membership of the Tecumseh United Methodist Church Sunday morning during the worship service.

Meeting weekly for 15 weeks with the minister, the Rev. Donald Porteous, the youth studied the history and doctrine of the Methodist Church. In recent weeks the class discussed some of the new implications resulting from the merger of the Methodist Church and the Evangelical United Brethren Church.

Parents of the youth will stand with their children during the receiving of the vows. Those joining the membership include Kathy Cubberly, Jamie Danforth, Michael Eggleston, Michele Filber, Terrie Fortunato, LouAnn Hewitt, Yvonne Johnson, Diane and Patricia Mannino, Jack Myers, Katherine Ocamb, Mary and Sally Records, Lana Stanifer, Brenda Van Gorder and Connie Vehmeier.

Two young boys received the sacrament of Christian baptism Sunday morning at the Tecumseh United Methodist Church. The Rev. Donald Porteous officiated in baptizing Patrick Conner Rollins, son of Mr. and Mrs. Robert Rollins, and Michael Thomas Simonds, son of Mr. and Mrs. Thomas Simonds.

Girls Model At Northwest 4-H Style Revue

ONSTED — The Northwest District 4-H Club Style Revue was held Saturday evening at the Onsted School.

A total of 85 4-H girls received comments from judges on their clothing and knitting projects.

The 4-H Clubs represented were: Addison Stichettes, Onsted Sweet Clovers, Rollin Do and Learn, Rome Blue Ribbon, Home Rolling Hills and West Adrian Livewires.

Selected for the Honor Group were the following girls: Cynthia Boman, Sandy Burke, Cynthia Shilling, Maria Rullffson and Linda Goodlock from the Addison Stitchettes; Cathy Roberts and Lynne Renner of the Onsted Sweet Clovers; Debbie Carnahan and Kathie Pickford of the Rome Blue Ribbon; Melinda Swander from the Rollin Do and Learn and Nancy Robinson of the West Adrian Livewires.

Each girl received a carnation and will model their garments again at the County Style Revue, May 4.

Using the theme, Covergirl, the girls modeled on a stage decorated with artificial flowers entwined through a white trellis and archway.

Mrs. George Routson was narrator for the event.

Judges for the event were 4-H leaders from around the county.

Memorial Organ Fund Established For Ed Spivey

A memorial fund for the purchase of the new organ at the Church of God has been established in the name of J. Edward Spivey, who lost his life tragically last winter near Britton.

According to the Rev. Alfred Sheley, pastor, Mr. Spivey had expressed a desire to buy the organ for the congregation prior to his death. Since this time numerous persons have worked for the establishment of the fund.

Mrs. Spivey and her family wish that those who want to contribute to this memorial contact the Rev. Sheley at 603 S. Pearl St.

Posthumous Award Given Hero's Wife

CLINTON — Mrs. Rick D. Sparks has received two Bronze Star Medals, the second one with a First Oak Leaf Cluster, which were awarded posthumously to her husband, Sgt. Rick Sparks, by the Army, for heroic action in Vietnam on two separate occasions.

The first incident occurred on Oct. 22, 1967, during Operation Shenandoah II, St. Sparks was serving as a member of a platoon-size ambush patrol, near Chanh Long.

The citation reads:

"At approximately 2400 hours, the patrol was subjected to intensive grenade launcher, small arms, and automatic weapons fire from a numerically-superior Viet Cong force. He unhesitatingly moved to the point of heaviest contact and directed devastating fire onto the insurgents.

"After a fierce firefight the Viet Cong withdrew.

"With complete disregard for his personal safety, Sgt. Sparks volunteered to search the area for bodies, weapons, and equipment. After securing several abandoned weapons and various pieces of equipment, he returned to his original position.

"At 0545, he noticed several Viet Cong attempting to flank his unit's position. He immediately engaged the insurgents and forced them to flee into the jungle.

"Again, he volunteered to move forward and search the area. His courageous actions were directly responsible for obtaining vital information concerning enemy activity in the vicinity."

The action which led to Sgt. Sparks' death occurred Nov. 18.

"Sgt. Sparks was serving as a member of a reconnaissance platoon at his unit's night defensive perimeter in Binh Duong Province.

In the late afternoon hours, an unknown-size Viet Cong force opened fire on a friendly observation post.

Sgt. Sparks immediately led his squad from the perimeter to the aid of the three men on the post. When he spotted the enemy positions, he and his men began placing heavy fire onto the insurgents.

"A brief fire-fight ensued and the Viet Cong then retreated into the jungle.

"Sgt. Sparks took the point position and led his men in pursuit of the fleeing enemy. Upon entering a clearing, he noticed a claymore mine emplaced to his immediate front.

"He had just shouted a warning to his comrades when the mine was command detonated, mortally wounding him.

"His courageous actions undoubtedly saved the lives of several fellow soldiers.

"Sgt. Sparks' outstanding display of aggressiveness, devotion to duty, and personal bravery is in keeping with the finest traditions of the military service and reflects great credit upon himself, the 1st Infantry Division, and the United States Army."

Sgt. Sparks, a graduate of Clinton High School, was the son of Mr. and Mrs. Sam Sparks of rural Manchester.

NOT WHO BUT HOW

Purple martins are the largest members of the swallow family. They are approximately eight inches long, the males are a beautiful shimmering blue-black while the females are duller with a grayish breast. Because of long wings they are powerful fliers and extremely graceful, their tails are short but slightly forked, their feet exceedingly weak and unfit for much walking on the ground.

But everyone knows what a martin is — the problem is how to get them. At least, that is our problem. For years our nice martin house has gone martinless. Several times they have looked at it but not once have we been able to celebrate a lease signing.

After a carefree winter in Brazil, the martins are back in Michigan for a summer of family raising and bug eating. Well, their apartment house is cleaned out and open, the "vacancy, rooms for rent" sign is out and we are waiting.

Actually these birds have a reputation for being fussy, choosy, finicky and unpredictable in their selection of home site. Some perfectly good houses, which are ideally located, just don't attract them and no one knows why. Once an apartment house has been favored, the chances for occupancy the following year are good — good, but not positive.

As for our martin house, I fear it is not house itself which does not inspire tenants, it is maybe the location. We have trees, big and grand trees, and although we love them dearly, the martins may feel "closed in".

The ideally-located multiple dwelling unit should be as far away from buildings and trees as possible.

BECAUSE MARTINS are gregarious birds who love company and close neighbors, they are apartment house dwellers. The aluminum house has proved a boon to both birds and people. The maintenance on a wooden house is quite demanding; the painting, cleaning and inspecting are difficult and time-consuming jobs.

The aluminum houses are lighter in weight, need no painting, and when used atop one of the new telescoping steel poles, even the necessary cleaning out of old nests presents no problems.

Heat is an important factor, too, occasionally as improperly ventilated house becomes a deadly oven, but the aluminum reflects and thus the martin kids keep their cool.

Theoretically starlings prefer dark and dreary interior decorating and so the light metal houses encourage martins but discourage starlings. Unfortunately, here where Logan Street meets Evans Creek, we have illiterate starlings who have never read the books and do therefore not know that they should not build in a bright house.

★

SPARROWS are a nuisance, too, taking up squatters' rights in many martin houses. A continual battle of daily removing the sparrow nests sometimes discourages the birds. It's a question of who wears out whom and, if you see fit to engage a sparrow, I wish you luck. We seldom win, their persistence beats ours almost every time.

For a serious martin host, who has a really bad sparrow problem, a sparrow trap may be the answer. The trap can be mounted on the pole, then when the sparrow's curiosity gets the best of him and he hops inside, it is an easy matter to transport him out of the neighborhood.

Not being "homers" or good travelers, sparrows, if they are released several miles from home, usually do not find their way back.

So it is that identifying is no problem but the attracting certainly is and thus, where the martins are concerned, our trouble is "not who but how".

Special-Ed. Director Speaks to Society

George Eidson, director of Special Education in the Lenawee Intermediate School District, was the featured speaker at the recent meeting of the St. Elizabeth Rosary Altar Society. He told of many special services offered to the physically and mentally handicapped children in the county.

For instance, Mr. Eidson explained that a staff of 56 persons serves the needs of special education in the areas of speech correctionists, homebound teachers, social workers, diagnosticians, occupational therapists and job placements as well as special education classroom teachers.

Bringing the story of special education's children to the ublic's attention is Mr. Eidson's goal. This he did with several poignant as well as humorous anecdotes with the aim of making people realize that the really great need of the handicapped child is for understanding and acceptance by their neighbors and associates.

Mrs. Lawrence Bilkie presided at the business meeting at which coming events were announced. St. Elizabeth's ladies will assist in serving a luncheon with the Methodist women on May 8. The Michigan Week Dinner will be served at the St. Elizabeth School Hall on May 22.

Refreshments were served by Mrs. Helen Burkert and her committee; Mrs. Charles Fitch, Mrs. D. L. Phelan, Mrs. James Tressler, Mrs. Burt Flk, Mrs. Floyd Partridge, Mrs. Elmer Spreeman, Mrs. Wayne Zettel and Mrs. William Ross.

Mr. and Mrs. Russell McConnell left Thursday to go to their home in Eliot, Me., after a couple of weeks here with relatives en route from Arizona.

Bishop Arthur Touring States

An African Bishop, the Rt. Rev. John Benjamin Arthur, a native of Ghana, will be a guest of the congregation of St. Peter's Episcopal Church Sunday, May 5. Bishop Arthur is on a tour of the United States visiting schools and churches throughout the country. Following the 10 a.m. Parish Eucharist there will be a reception in the parish hall at which time the congregation will meet Bishop Arthur.

Sunday afternoon the Bishop will go to the University of Michigan to meet students from Ghana and Monday morning will go to the Maumee Valley Country Day School at Maumee, O.

The Right Reverend John Benjamin Arthur was consecrated a bishop December 11, 1966 by the Archbishop of West Africa. He was ordained as a priest in 1942 in the Diocese of Accra. From 1960-62 Father Arthur was on a study leave from Accra and was at St. Augustine's College, Canterbury. It was there that he met several priest-students from the U.S.A. including the Rev. Frank W. Howthorne, Rector of St. Peter's Church.

During the time he was in charge of Christ Church, Cape Coast, Ghana (the oldest Anglican Church in the country which kept its centenary while he was there in 1963). There was a wonderful response to evangelism on the part of the fishermen and their families there. This led in due time to the Baptism and Confirmation of more than 500 adults and children who had previously rejected the Gospel.

Kumasi, where Bishop Arthur is located at present, is known as the garden city and is the second city of Ghana and is famous as being the regal city of the great Paramount Chief of Ashanti — the Asantchene. For many generations the Asantchene has been acknowledged as the greatest and most revered Chief in Ghana. The present Chief, Sir Osei Agyemang Prempeh II, has reigned for 37 years and he and Lady Prempeh have been devout members of the Church for many years.

In 1925 and for about ten years the (English) Anglican Order of St. Benedict, who have a sister monastery at Three Rivers, were responsible for training Ghanaian Ordinands. All the present senior clergy were trained by them at St. Augustine's College, situated in Kumasi. Such famous members of the order as Dem Martin Collett (later Abbot), Dem Bernard Clements, and Dem Gregory Dix were amongst those who manned the College and are still remembered and honored in Ghana.

The women's Order of the Holy Paraclete, Whitby, England, have had three Houses in Ghana for nearly 40 years. The Mother House in Ghana is at Ashanti-Nampeng (in Bishop Arthur's area). Here about 20 Sisters manage boarding Primary and Middle Schools, a Secondary School, a Teacher Training College, a Maternity Hospital and a Mid-Wifery School. In total more than 1,000 women and girls are resident in this magnificent Convent built in a vast clearing of the tropical forests of Ashanti.

"When the great day of division comes, when Bishop Arthur is appointed first Bishop of Kumasi, there will undoubtedly be great advance in this strongly independent and progressive area of Ghana," the Rev. Fr. Hawthorne said.

TONNEBERGER TREASURE — Mrs. Albert Tonneberger with a spinning wheel found in a log cabin built by her great-grandfather, James W elch, near McConnellsville, O. He came to this country in 1817 as a squatter and lived on the Muskingum River with an Indian for one year while building the log cabin still intact behind the home of a cousin, Bessie Barnes. Miss Barnes, 90 years young, remarked that the spinning wheel probably had been in the loft of the cabin for 100 years. It belonged to Mrs. Welch, who stayed in Pennsylvania until her husband completed the cabin and brought her back to it in 1818. James Tonneberger got the wheel, made of five different kinds of wood, down and it was returned to its original state and refinished by Lyman Cory of Onsted. Mrs. T. does n't plan to use the wheel to spin yarn but she is most pleased to have the relic of her ances tors in her home.

Poppies Are Memorial Flowers To Veterans

The poppy has been the memorial flower of those who gave their lives in this nation's wars since 1921 and 1922, when the American Legion and the Veterans of Foreign Wars first adopted the flower for this purpose.

Proceeds from sale of the little red flowers were pledged 100 percent for rehabilitation and child welfare of veterans and their families.

The poppy theme was taken from Col. John McRae's poem which began "In Flanders Fields the poppies blow, between the crosses row on row."

"Honor the Dead by Helping the Living" has been the slogan of the VFW for their sale since the first one in 1922.

Gaza Kish and Mrs. Norman Sisty are chairmen for the Hall-Slater Post, VFW and the Auxiliary for this year's sale, May 17 and 18.

The chairmen urge Tecumseh area citizens to "do your part—buy a poppy and wear it proudly."

The flowers are made by veterans in hospitals to raise money for needy and disabled veterans and their families. Every cent donated on poppy days is used for this purpose only.

Assigned to the North India Conference since 1949, Mrs. Martin has done educational, social service, and district evangelistic work in Jabulpur, Lodipur, Jullundur, and Bareilly. She, also, was hostess for language students at the Rakeby residence in Bareilly, her last post.

Born in Hollypond, Ala., Mrs. Martin studied at Anderson College, Anderson, Ind.; Scarritt College in Nashville, Tenn.; and the Kennedy School of Missions in Hartford, Conn.

Before joining missionary service, Mrs. Martin was a public school social science teacher in Arkansas, a Girl Scout unit leader and the director of a program for Spanish-speaking migrants in Colorado sponsored by the Council of Churches.

The afternoon speaker, Dr. David Kidd, has chosen, "Our Church of Tomorrow: Protest and Hope." As the Methodist minister assigned to serve the Wayne State University in Detroit, he will be speaking out of his experience with the youth on campus, whom he sees as the church of tomorrow.

Dr. Kidd, a graduate of the Michigan State University, served on the staff of the University of Maryland for four years, during which time he lived in and served a mission parish of the inner-city of Baltimore under the Woman's Division of the National Board of Missions.

Dr. Kidd also studied at the American University in Washington, D. C., and is a graduate of the Wesley Seminary.

Prior to his assignment to Wayne State, Mr. Kidd served two years as a campus minister in Flint.

During the business sessions conducted by Mrs. Hamilton F. Moore, president of the district, reports will be heard, officers will be elected and installed, and numerous questions concerning the merger of the Methodist Woman's Society with the Evangelical United Brethren Woman's Society will be answered.

Special music will be provided by the organist, Mrs. Donald Bush. The Rev. Donald Porteous, pastor, will participate in the afternoon program as will Mrs. Robert Bonner, conference secretary of campus ministry.

Mrs. William Steele, Jr., local president, will greet the guests and with the members of the local group, will host the luncheon to be served in the church and at St. Elizabeth's with the cooperation of the Altar Society of that church.

A nursery will be provided for pre-schoolers.

Reservations are being received by Mrs. Harry Farley, the cost being $1.50.

Gloria Dei Banquet

Friendship and harmony are the closest words to describe faithfully the atmosphere of the well-organized Father and Son Banquet held in the Gloria Dei Lutheran Church Fellowship Hall last Saturday. This was the first cornerstone among fathers and sons when everybody had a wonderful time, good spiritual and physical food and a program not to be forgotten for a long time. The LCW members prepared the banquet and decorated the hall which was small for this friendly occasion. A cage of "wild animals" and clown centerpieces on each table carried out a circus theme.

The pastor of the church gave the invocation and the benediction.

The toast to the sons was given by Richard Gentz and the return toast to the fathers by his son, Roger. Toastmaster Earl Mason presented prizes to the oldest father, W. E. Mason; the youngest son, Tom Colson; youngest father, Wilbert Sieler; father with the most sons, Irvin Sieler; and father with the most grandsons, Irvin Sieler.

A variety program was provided which included several musical numbers by the Four Dads, interpretive readings by Marshall Adams and Barbara Hess from the Speech Dept. of Adrian College and Trooper Edward Kayser of the Michigan State Police presented slides on the training of police dogs.

General Chairmen of the banquet were Mrs. Arthur Baaske and Mrs. Dean Sheldon. Assisting them were Mrs. Stanley Rentschler and Mrs. Royce Durkee, kitchen chairmen; Mrs. Marvin Rumpf, dining room chairman; Mrs. Ted Todd and Mrs. Charles Gross, decorating chairmen; Mr. and Mrs. James Colson, program chairmen; Mrs. William MacBeth, entertainment chairman; Mrs. Robert Warner and Mrs. Douglas Dunn, ticket chairmen.

This evening indeed illustrated a joyous demonstration of peace and understanding among fathers and sons of a Christian community where to live and to work ceryone of us can only be proud.

OFF the TOP

(EDITOR'S NOTE: Jim Fitzgerald is the editor of the Lapeer County Press and writes his own column printed locally in the Brooklyn Exponent.)

Now listen here, Jim Fitzgerald, and all you other men who like to pick on the female of the species — I'm getting pretty tired of your criticisms of women's trips to the hairdressers.

Like most men, you don't understand the feminine outlook on life, and also like most men, you don't even try to.

You seem to think it's silly and unnecessary for us to visit the beauty shops of the nation, but we do all this so we'll look attractive for you unappreciative men.

A woman's hair is her crowning glory, and she should be expected to be a little vain about it. Your skimpy locks may require no special attention; you just shampoo in the shower and forget it. Then when you get dressed, there are clean shorts and socks in the bureau drawer, your white shirt is hanging neatly in the closet, your suit is back from the dry-cleaners, and all of this thanks to your ever-lovin' wife. She may have even polished your shoes! And you didn't have to worry about a thing.

But women are forced to devote more time and attention to their heads. Next to wondering "What shall I wear?" a woman wonders "What about my hair?" when an important occasion looms.

* * *

And what you men don't realize about a woman's precious appointments at the hair dressers is that the benefits are two-fold; one obvious, and one not-so-obvious.

Even the most casual observer (which is what most men are) can see what an improvement comes in milady's appearance after her tour in her favorite beauty salon. This alone would be incentive enough to return week after week.

Nothing boosts her morale more than getting her hair done, just as nothing will turn her into a shrinking violet as much as those "just-before-my-appointment-blues." (This is when she tries to sneak down to the bank or the grocery store, with her hair hanging limp and straggly, and she hopes she won't be seen by anyone she knows; and then she runs into two friends, the boss' wife, and an old boyfriend.)

But when she has just emerged from the beauty shop, she will happily and serenely preside over a club meeting, entertain her in-laws, or go out on the town.

* * *

The second, and not outwardly noticeable benefit is the sense of relaxation that descends upon her, when, shut off from the outside world and its cares, a woman is the Queen Bee.

At home, she is the giver of attention, as children, husband, pets, friends, and community responsibilities all clamor for a part of her day. Daily duties surround her the moment she wakes up.

But in the beauty shop, for one brief moment, she is the receiver of attention. For once in her week, she can relax, completely out of touch with the outside world.

There can be no "Hey, Mom, can I go to the show?" or "Honey, where did you put my blue shirt?" or "You're wanted on the phone again."

Here, in the confines of the halls of beauty, someone caters to her. Here, time is hers to savor — the small talk with the other patrons, the pure luxury of someone washing and setting her hair, the lazy, detached time under the dryer, and then, the final ministrations of the stylist.

And when she steps out, with her hair now washed, dried, combed and sprayed, she radiates confidence and good will.

And for heaven's sake — you want her to be happy, don't you? So quit picking on the gals, and let us have our little pleasures.

There is a sign hanging on the wall in a local beauty shop which pictures a weary housewife, leaning dejectedly on her broom handle, and written underneath are the words "The only thing that keeps me going is my appointment at the hair dressers," which pretty well sums up how we feel.

BRITTON — One hundred and sixty five mothers and daughters attended the Mother-Daughter banquet held at Grace United Methodist Church last Saturday evening.

The Tecumseh area has a need for a troop organizer. This would involve contacting future Girl Scout leaders, girls and their parents.

Girl Scout leaders are also needed in all age groups. This is the time to organize troops and make preparation for the busy fall schedule.

Unit leaders for the day camp which will be held from June 24 to 28 are also needed. This day camp is for all ages including non-scouts and is for the Tecumseh-Clinton areas. Anyone interested in helping or desiring to lead a troop are asked to call Mrs. William Norris, 423-3509.

The Girl Scouts will be participating in the Memorial Day Parade. A float will be made to portray what they have done and can do in Girl Scouting. Mrs. Richard Egli is in charge of this float.

Last weekend 205 Girl Scouts participated in the Junior Weekend at the Camp O' The Hills. Girls were present from Adrian, Hudson, Madison, Addison and Tecumseh. Troops 123, 60, 167 and 147 attended from the Tecumseh area. Classes were held on arts, crafts, puppets and nature.

The Cadet girls recently held a primative camping at the Oesteries' farm near Jackson.

Free roller skating lessons are being offered to the Girl Scout leaders in appreciation for the group lessons which are now being held. These lessons will be May 11, 18 and 25 from 12:30 p.m. to 1:30 p.m. The basics of roller skating will be taught by the Skate Arena.

The Junior troops of Mrs. Judy Slagh and Mrs. Barbara Retan will plant flowers at the cemetery sometime close to Memorial Day.

Troop 123 are still taking roller skating lessons each Saturday. Drawing, painting and art dabbler badges are being worked upon. Russell Steinke has visited this group recently and has been very helpful with his pastel drawings.

Troop 94 has finished their study and book on birds.

Brownie Troop 186 visited the Brewer Hatchery in Dundee. The girls toured the hatchery and saw many 2-day-old chicks.

The annual delegate council dinner and meeting will be held at the Methodist Church in Albion May 9, beginning at 6:30 p.m. Any registered adult may attend.

How to Intice Birds

By MRS. GORDON COMFORT

Birds are lovely to look at, charming to hear and interesting to watch. But best of all, from the gardener's view, THEY EAT BUGS!

Attracting birds to the garden is a fairly simple project, Marda Gene Duncan told Little Garden Club members at their April meeting. Food, water and protection from enemies and weather are the three requirements.

Miss Duncan has become an expert on birds and their habits. Paralyzed from the shoulders down in an automobile accident a score of years ago, Miss Duncan turned her eyes to her window overlooking Evans Creek, and became fascinated by the birds and small wild creatures she saw. This fascination turned into a weekly column enjoyed by readers of The Tecumseh Herald and the Purple Martin News, published in Griggsville, Ill.

Her sense of humor heightened by the antics of her feathered and furry friends, she transmits this humor to her readers, along with information gleaned from her reading on the care and feeding of these creatures.

From her bed she can trip the shutter of a camera which has been set and focused on the bird feeder outside her window. She waits until her subjects have placed themselves in position, then snaps the picture of a new visitor, an awkward fledgling, a comic squirrel or whatever else amusing or touching she may see.

These pictures were projected as part of her talk to the Little Garden Club.

Miss Duncan presented to club members printed lists of plants which would help attract birds. Two of the trees are generally avoided by gardeners, the box elder and mulberry, but the list includes many prized trees. These include mountain ash, holly, birches, flowering crab, flowering dogwood, plus many evergreen trees.

Shrubs favored include arrowwood, sweetleaf, coralberry and multiflora rose. Vines which provide fall and winter food for birds are bittersweet and matrimony vine.

Many cultivated flowers produce seed heads attractive to seed-eating song birds such as finches, juncos, towhees and cardinals. This can be a problem, Miss Duncan advised, since in most cases gardeners should not permit their flowers to go to seed, for the good of the plant. But if the gardener has room to raise a few sunflower plants, their seeds will be most welcome.

In other activities during the meeting club members discussed a mock flower show to be held in June. Members will enter their arrangements and specimens of horticulture and act as show judges as well. To prepare for this June show, the May meeting will be a workshop on flower arranging.

Members also discussed the annual district Federated Garden Club meeting in September, which will be hosted jointly by the Little Garden Club and Tecumseh Garden Club.

During the meeting Mrs. Orrie Gilbert presented a demonstration of the use of tulips in arrangements. She noted that although the flowers should be placed in deep water for an hour immediately after being cut, they should be arranged in shallow water to keep the stems firm. A piece of floral tape wrapped around the bloom will keep the petals from opening too soon, and newspaper wrapped around the stem will keep it from bending.

Mrs. J. J. Walper was hostess, assisted by Mrs. Charles Gross and Mrs. Judson Miles. Mrs. Howard Furry will be hostess for the May workshop, aided by Mrs. Richard Hammel and Mrs. Carson House.

Mr. and Mrs. Rick Holdridge and two children were guests of his parents, Mr. and Mrs. Lawrence Holdridge, over the week end. They came from Botkins, O.

What's Going on at BOYSVILLE

By GREG KOVACS

The Thomas More High School presented its Spring Concert Sunday, April 28.

The program consisted of two parts. The first consisted of popular music with the Glee Club singing with instrumental and vocal solos. During the intermission two of the rock and roll and jazz bands from Boysville entertained the audience.

The second part of the performance was Thomas More High School's version of Leonard Bernstein's "West Side Story." Mike Connors, tenor soloist at Thomas More High, and LuAnn Rhoades, a recent graduate of Clinton High School starred in the Musical Production.

About 500 persons attended the performance. After the concert ended with the presentation of a corsage to Miss Rhoades for her making the program possible by the Glee Club, the guests and students were honored at a banquet in the dining hall.

The Spring Concert was dedicated to the graduating seniors of Thomas More High School. The Thomas More Alma Mater that was composed by Thomas More's Music Director, Brother James Bergman, was revealed to all of the students.

Brother James hopes to make the concerts an annual festivity.

★

Thomas More High School's Varsity Baseball team traveled to play the Sand Creek Aggies Thursday, April 25, only to meet defeat.

The game with Sand Creek was a close and well played game, as Thomas More's pitcher, Frank Klos, only allowed the opposers four hits. Frank struck out nine of his batters as Greg Vogt and Tim Malenfant picked up the only hits for the Fighting Knights. The Fighting Knights had plenty of opportunities to score, but they left 12 men on base.

Sand Creek's runs were scored on a passed ball and a balk. Sand Creek sent two pitchers to the mound while Frank Klos went all the way for the Fighting Knights.

After a hard fought battle, the Fighting Knights dropped their opener to Sand Creek by a score of 2-1.

Young Worker Badly Burned

CLINTON — Two men narrowly escaped death in an explosion of hot metal Monday at the Ford Motor Company plant at Rawsonville.

A remelt furnace exploded at 3 a.m., throwing hot aluminum over fellow workers, Raymond Johnston, 18, of Clinton and Dennis Sterm of Saline.

Both received second and third degree burns from the top of their heads and down their backs and legs.

Their clothes burst into flames and the heat seared their faces, partially protected under face hoods, causing less severe burns than elsewhere on their bodies.

Both are receiving treatment at St. Joseph Hospital, Ann Arbor, Room 662.

Raymond is the son of Mr. and Mrs. Lincoln Johnston, 5950 Kehoe Rd. He is a 1967 graduate of Clinton High School.

The 22-ton vat spilled approximately seven tons of hot liquid metal over the area where the young men were working. After the explosion, the metal was found to be six inches deep on the scaffold where they stood to stoke the chute to the furnace.

Raymond's mother reports that he is in good spirits and his condition is improving.

Board, TEA Negotiating Salary Pact

Two meetings during the past week between negotiating teams for the School Board and Tecumseh Education Association have failed to result in a salary agreement for the local teachers.

Wednesday evening a school-wide meeting was scheduled at the high school for the teachers. At that time, teachers were to be informed of the negotiations, and possibly discuss a proposal offered by the Board.

If the TEA fails to accept the offer and agreement is not reached by May 15, officials will be unable to put any necessary millage for salaries on the June 10 ballot.

Failure to agree also could result in the negotiations going before the Labor Mediation Board.

Members of both negotiating team refuse to discuss the issues and the differences, although both are hoping for a settlement soon.

Any increase in salary will necessitate new millage but may not result in any, or only a slight increase in taxes. The schools have both operational and bond millage expiring.

Jaycees, City Buying Lot To Park Site

Tecumseh's Junior Chamber of Commerce worked out a deal with Council Monday for acquiring a lot just south of the entrance to Tecumseh Park, off Adrian St.

Arnold Sayler, of the Jaycees, told officials that the lot would be purchased at the $4,000 asking price, and then turned over to the city for the price of $1,000.

Jaycees would pay off the $3,000 difference.

Mr. Sayler said the lot would be acquired if the city would grade the lot down so the Park would be visible from the street, that the city would provide a boulevard-type entry and exit, and the city provide other lesser improvements.

Council unanimously approved the project and thanked Mr. Sayler and other Jaycees present, David Schoonover and John Day.

The city previously sought the lot to widen the entrance to the park, but did not feel the $4,000 price was within its budget. An attempt to buy just a portion of the lot failed.

City Seeking New Sweeper

City Manager Cal Zorn was asked to obtain bids on a new city street sweeper by Council Monday night.

A new sweeper is estimated to cost between $12,000 and $14,000.

Several complaints were voiced about the dust raised by the present sweeper.

2 Policemen Accused with Abusing Youths

Two Tecumseh police officers were charged with verbal and physical abuse Monday night when about 12 local and area persons protested to Council.

They accused patrolmen Roy Hella and William Meni of rough tactics and degrading language in making arrests.

For about three-quarters of an hour, Council heard accusations from most of those present who were there to comment about and criticize the officers. They included Delbert King, John Powell, Michael Sackett, David Cain, Gary Naugle, Charles Spooner and Weldon Williams.

With a couple exceptions, all are youth in their late teens and have been arrested in the past. Some of their cases have been completed with admission of guilty pleas.

The youth complained they were called "punks" and were sworn at by the officers. They also accused the patrolmen of roughing them up, and forbidding privileges they deemed their right, once in custody.

Neither of the two officers were present to answer the charges, but their known reports of the arrests and related incidents differ sharply from accounts given to Council.

Thursday afternoon, Spooner appeared before James Beardsley, and testified in writing, against Patrolman Hella. He was arrested recently by the officer and charged with being disorderly. His trial is still pending.

Murell Clark, police chief, told Council that his only record of events were in special reports, requested by him, after verbal complaints were made. As of Monday night, no formal complaints had been made, and he advised the complainers present that it was necessary to do so with the city attorney.

Council and the police chief told the youths that conduct unbecoming to an officer would not be tolerated, and accusations would be investigated.

If sworn statements are made and complaints registered with the attorney, the patrolmen may have to appear before Justice Ernie Oliver.

City Manager Cal Zorn said Tuesday that a medical bill of $40 was paid by the city for injuries suffered by Patrolman Meni in a scuffle involving the arrest of young Sackett and Cain.

Sackett, who was charged with being drunk and disorderly, related his story to Council, as did Cain. Both objected to the article which appeared in The Herald.

Cain was charged with being disorderly and pleaded guilty before Justice Oliver. Sackett pleaded not guilty and is waiting trial before the local justice.

Council Requests Signed Agreement

Unless the Tecumseh Township Board approves an agreement with the city over a right-of-way to a proposed well field, it will be named a co-defendant in Tecumseh's pending condemnation suit.

Art Eaton, township supervisor invited to Council's meeting Monday night, was asked why the township had not signed the agreement. He told city officials that attorney John Ziegler had advised them not to.

City attorney James Beardsley told Mr. Eaton that it was necessary to know soon whether the township intended to sign; otherwise, it would be included in the suit against George Underwood, Clinton auto dealer.

Supervisor Eaton said that he would bring it before the township board at its regular meeting, next Tuesday night. There was no indication whether the township would sign the agreement.

City Council is in favor of the agreement, and it is believed the township board is, too. However, with the trial coming up June 11, it's believed township officials would rather wait until after the trial is over.

Tecumseh has brought suit against Mr. Underwood for acquisition of 7.2 acres. The original suit, scheduled for trial in January and then again in May, sought 25 acres.

When recent test wells failed to produce a large quantity of water, the city narrowed its demand to 7.2 acres.

Band Tag Day Collects $500

Tecumseh High School Band Boosters Tag Day proved successful Friday and Saturday when volunteers collected over $500 for the David Day Scholarship Fund.

Mrs. Joseph V. Weigle was chairman for the event, and her committee consisted of Mrs. Albert W. Merz, Mrs. Norma Pence and Mrs. Mahlon Sebring.

The chairman says Tag Day would not have been successful without the cooperation of several businesses and hundreds of donors.

Third Candidate Would Create Race For Board

John Wanzeck, 603 W. Chicago Blvd., may become the third candidate in what could be a race for two seats on the school board.

Incumbents Aden Mead and Dr. Harold Ocamb have already filed their petitions and will be on the June 10 ballot.

Robert Duhan, assistant superintendent, says Mr. Wanzeck has a petition out but has not returned it. Deadline for filing is next Monday, May 13.

Other issues on nnext month's ballot will include 1.5 mills for a county vocational school and millage for the local schools. Tecumseh has four mills for operation expiring, but more than a renewal of four mills will be needed for the 1968-69 term.

Local schools also have bond millage off the tax rolls.

Lowest Bids Are Accepted

The City of Tecumseh has accepted the lowest bids in many years with the awarding contracts for work within the city.

The contract for bituminous surfacing of the parking lot on S. Pearl St. went to Ayling-Cunningham at the total cost of $33,860.12. Work is scheduled to start this week on the grading and paving.

Ackerman Construction bid on a contract to install 18,200 feet of curb and gutter for $37,740. Also included removing and replacing an additional 1,000 feet of gutter and curb.

Low bidder for the installation of storm sewers was Brady Construction at a cost of $4,595. Engineering work is presently being done at the sites.

A second contract was awarded Ayling-Cunningham for the grading and paving of the parking lot off Pearl St., behind Lamb's Rexall Drugs and Quick Lunch. The cost of this contract was $4,462.

Track Meet Attracts 14

The tenth annual Jaycee Relays will be held this Saturday at the high school athletic field.

Fourteen class B and C schools will participate in the relays which were originally started by Don Brazee, assistant principal at the high school.

The chairman for this year's event is Dr. Sid Adams.

Schools taking part in the track and field events are Blissfield, Grosse Ile, Milan, Pinckney, Riverview, Willow Run, Tecumseh, Addison, Ann Arbor St. Thomas, Ann Arbor University High, Clinton, Madison, Morenci, Napoleon, Onsted, Ypsilanti Roosevelt.

Timing equipment is supplied by the Bulova Watch Co. through Eggleston's Jewelry Store.

Medals will be awarded for team winners, trophies for teams, individuals and an overall championship trophy.

Field events begin at 3:30, with track preliminaries beginning at 4 p.m. The distance medley relay will begin at 4:30 p.m. The finals in the track meet will be at 7 p.m., under the lights.

The Junior Chamber of Commerce sponsors the event yearly to support local youth sports programs.

Few Signatures Are Still Needed

CLINTON — "We're confident we will have enough signatures to place the school millage proposal on the June 10 ballot," Superintendent Richard Wegner said early Wednesday.

A late check of petitions revealed that there were some 75 illegal signatures, for reasons such as residing in Tecumseh School District, and signing Mrs. John Doe, instead of Mary A. Doe, as required, and others.

Anyone wishing to sign a petition may still do so, Mr. Wegner said.

Six Apartments Started Monday

Ground was broken Monday for six new apartments at S. Evans St. and Kilbuck.

William M. Powell, local real estate broker, says each apartment will consist of two bedrooms, electric heat and other features. He anticipates completion by fall.

Exterior will be brick and have an early American architectural theme.

Two Supervisors Appeal Township Assessments

It has been 12 years since the State Tax Commission has made as thorough a study of Lenawee County as was made this year.

The law provides that each county be studied every five years, yet the staff of the commission and facilities do not make that feasible.

The 12-year period and the hiring of an equalization director for the county prompted the state's action, giving it higher priority over other counties.

While the state commission's study was aimed primarily at agricultural property, the equalization committee of the Board of Supervisors also made a survey on their own, with the aid of Equalization Director John Brattin, in an attempt to establish equalized property values in the county.

When the committee report was submitted to the Board on April 30, several townships found that their assessments were below the state required 50% of cash value and were assigned multiple factors that would be assessed to all on the township tax rolls.

These units may then, according to law, make appeals to the state tax commission asking a review of the committee findings. Of the 11 townships that were assigned factors, only two took this action.

Supervisor Ray Jackson, of Franklin Township, on May 3 filed with the board a protest that he felt his unit was already assessed at 50% cash value.

He also stated discrimination by the committee at denying factors to areas that were recommended by the director. Franklin Township was assigned a factor of 1.50.

Raisin Supervisor James Mitchell has also appealed a 1.09 factor which the committee recommended and was accepted by the board.

Mitchell's statements were much the same as Jackson's with the exception of wording. He pointed out that while members of the equalization committee were assigned factors in their home townships, the committee denied them and issued warnings to the supervisors concerning assessing techniques.

According to the report drawn up by Brattin for the committee and submitted to the board, Sup. Earles of Madison Township had been recommended a factor of 1.05. The committee denied the factor on the grounds that the recommendation was too closely bound to sales. Earles is a member of the equalization committee.

Woodstock Township was also assigned a factor of 1.03 which was denied by committee. Supervisor Kenneth Nickloy of Woodstock is chairman of the equalization committee. All other committee members were not assigned factors.

There were three units of government which were recommended factors by the equalization director but were denied by the committee, the home townships of Nickloy and Earles and the City of Tecumseh.

One parcel of land in Raisin Township was reported by the committee as being at less than 2% of true cash value. The parcel was located just southwest of Tecumseh in a sub-division.

No action is expected within the next few weeks. The number of protests by county units was less than expected as most supervisors accepted the added factors.

Accident Rate Jumps Here

Accident rate jumped sharply here during the past week when police investigated nine mishaps, in which four persons were injured.

Sunday, Dorothy I. Osborne, 58, 4060 Aebersold Rd., and owner of Osborne's Department Store, suffered facial injuries after colliding headon with Keith L. Schmidt, 19, 208 W. Cummins on W. Chicago Blvd. at Cairns.

She was taken to Herrick Hospital for treatment and then released.

According to the accident report, she was headed east and slowed for a vehicle stopping ahead of her. Apparently, her brakes stuck, causing her to drift into the other lane. She was cited for driving left of center.

Last Friday on W. Chicago at Pearl, Charles O. Squires, Jr., 23, 109 S. Union, and his passenger, Gary L. Peterson, 21, were taken to the hospital after a mishap with Thomas W. Marine, 17, Ridge Rd.

Marine is charged with pulling out in front of the Squires' car and for failure to yield the right of way.

Donald E. McCarthy, 29, Allen Park, complained of slight injuries after his car was rammed from behind by Edward Medvecz, 41, Clinton, on Brown St. at Bishop Reed Rd.

The Clinton driver was cited for violation of the basic speed law.

A resume of the other accidents is:

May 1 — Fred W. Judson, 31, 713 Seneca, was charged with improper backing after hitting a parked car owned by Charles S. Robinson, 709 N. Union St. Mishap occurred on Seneca St.

May 3 — Olive M. Mack, 53, of 5340 E. Monroe Rd., was involved in an accident in the parking lot at The Diner, behind Gambles.

She had just dropped off some passengers when her foot slipped and hit the accelerator. Her car pushed another owned by G&J Wood Products, into a truck owned by James Z. Perrin, 408 E. Pottawatamie St.

May 3 — Norman J. Thomas, 27, Owosso, was arrested for failure to control his car after running into an auto driven by Amalia M. Sanchez, 19, 105 Muscody St. Accident occurred when Thomas turned off W. Chicago into N. Pearl and struck the Sanchez car.

May 3 — Ronald D. Gaydosh, 34, Adrian, headed east on Macon Rd., struck and killed a buck deer. His vehicle sustained damages to the left front fender and side.

May 4 — Gregory M. Sebring, 16, of 708 Inner Dr., was cited for failure to stop within an assured clear distance after running into Ada Cottrell, 40, of Occidental Rd., on W. Chicago Blvd. She was cited for violation of the financial responsibility law.

Parents of the couple are Mr. and Mrs. Arthur Jenkins, 4521 Sutton Rd., and Mr. and Mrs. Kenneth Sheid of Wickliffe, O.

The ceremony was performed by the Rev. Daniel Frost. Mrs. Frost accompanied the soloist, Mrs. Lowell Shreve, at the organ.

On the arm of her father, the bride approached the altar in a knee length gown of lace over taffeta styled with round neckline and long sleeves ending in points at the wrists.

A large bow accented the back of the dress at the waist and her elbow length veil was edged with lace.

She carried Red Happiness roses and blue forget-me-nots on a white Bible.

Susan Jenkins was maid of honor for her sister and Helen Schooley and Doris Sheid, sister of the groom, were the bridesmaids.

They were attired in knee length two-piece blue and white outfits with single red roses securing their dainty face veils.

Each carried a single red rose.

Robert Sheid served as best man for his brother with Bob Esterline and William Osburn, Jr., as ushers. S/Sgt. Leonard L. Jenkins, uncle of the bride, home from Vietnam, and L/Cpl. Larry J. Jenkins from El Toro, Calif., were groomsmen.

A reception was held in the church basement, decorated with red, white and blue streamers and red and blue tapers.

Margretta and Flora Jenkins and Linda Buchanan served at the reception.

The bride is a 1966 graduate of Tecumseh High School and was employed before her enlistment, in the telephone office in Adrian and at Herrick Memorial Hospital.

The rehearsal dinner was given by the bride's mother in the Jenkins home. The couple will reside in Beaufort, S. C.

A Silver Spoon For First Baby

"A silver spoon will be awarded to the first baby born during Hospital Week, May 12-18, at Herrick Memorial Hospital," Mrs. Ralph Helzerman stated recently.

The spoon is the prize for the first baby, not a bond as was printed in last week's Herald.

Mrs. Harold Ocamb and committee are in charge of serving coffee and cookies in the lobby of the hospital to highlight the theme, "Your Hospital — People Caring For People."

Mrs. Neville Hart has been chairman of the poster contest among sixth grade students in Tecumseh's elementary schools.

The winning posters from Ridgeway, Herrick Park, Patterson, Tecumseh Acres, St. Elizabeth, and Tipton will be displayed in the window of Flanders Music Store after Friday.

They will be judged Thursday by faculty members in the individual schools.

First prizes of $4 and second prizes of $2 will be presented to poster winners in each school.

Mrs. William Flanders of Flanders Music Store will feature hospital interviews on her Tecumseh Spotlight program during the week. William Groover, hospital administrator, will speak May 14 and Mrs. Jacob Bauer May 16. Mrs. Bauer's husband was a recent patient in the Auxiliary-sponsored coronary intensive care unit.

Friday, Mrs. Flanders will announce the winners in the poster contest.

National Hospital Week, sponsored by the American Hospital Association, is celebrated annually to emphasize the vital community role played by the more than 7,000 hospitals throughout the nation. This year, the observance begins on the birthday of Florence Nightingale, whose efforts led to the establishment of the first hospital schools of nursing.

Pfc. Gerald A. Carpenter has completed a year's training at Fort Knox, Ky., and is home for a 30-day leave with his parents, Mr. and Mrs. Wayne Carpenter, 606 Orchard Lane. Pfc. Carpenter will report to Ft. Lewis, Wash., June 5, for service in Vietnam, where he will be a cook.

Mr. and Mrs. John McColl returned April 30 from Florida where they spend the winters.

Safety Check Parade Plans

If indications are correct, Tecumseh's annual Safety Check Parade on May 22 could well be the biggest ever held here.

As many as six bands could be marching, plus other marching units and the usual parade of cars and trucks.

The Safety Check Lane will open on S. Pearl St., after the parade, with the Safety King and Queen assisting in the ribbon-cutting. Rotary Club officials are anticipating Col. Frederick Davids of the Michigan State Police to be here for the parade and ribbon-cutting ceremony.

Every new car dealer in Tecumseh and Clinton will be equipped to safety-check your car free, according to the sponsoring Rotary Club, as will all local service stations and garages.

All factories will conduct their own check lanes, May 20-21-22. Schools, including teachers and students, will check their vehicles on May 15-16.

Tecumseh's downtown safety lane will open May 22, Wednesday evening, and then from 10 a.m. to 6 p.m., Thursday thru Saturday. It will be staffed by volunteers. Officials promise no embarrassment and no arrests.

Each driver passing through will receive a free litter bag.

The Safety King will be nominated by grade school pupils, writing essays about their candidates. Two with the best essay and driving record will split an award of $25.

Auto dealers will select their candidates for Safety Queen with celebrities and their wives picking the winner at the reviewing stand after the parade.

The queen is to receive $25 and the losers $10 each.

Mr. and Mrs. Albert Williams and Mr. and Mrs. Worthy Swift of Palmyra, spent the weekend visiting Mr. and Mrs. Glen Williams and family, Tim and Rita. While there, visitors at the Williams' home were Mr. and Mrs. Harold Hammel of Edgewood, Md., former Tecumseh residents. Also called on were Dr. and Mrs. Donald Wilson of Lancaster, Pa. Dr. Wilson was the former pastor of the Presbyterian Church in Tecumseh.

'Things' Discussed At Devotionals

BRITTON — "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God. Set your affection on things above, not on things on the earth." Col. 3: 1,2.

Using toys to denote material things, she said that most people think happiness is in an abundance of these things such as automobiles, furniture, etc.

Mrs. Walter Stutesman acted as secretary reading the minutes of the previous meeting and taking roll call.

Thursday was the day decided upon to clean the sanctuary. The women are to bring a sack lunch and their vacuum cleaner and crevice tool.

A love offering of $12.15 was received.

Sandwiches and cake were served to the 23 women present by Mrs. Lyle Hayford and Mrs. Ed Hites.

YOU TOLD US

By DOROTHY GRIGG
Herald Women's Editor

What more could a mother wish for? I stand beside my open door
And look out on the world so grand and yet so confused on every hand;
I wonder what the future holds for children, as the scene unfolds,
And in my heart there is just one prayer: "May God go with you ev'rywhere."

Happy news from the home of Mrs. Fred Sheldon this week. After a two-week illness, she is able to be up and watch her favorite TV programs. Jessie will be 94 years young Mother's Day and though she is unable to take her usual place among her children in her beloved First Baptist Church, she will be remembered with love. The annual attendance of the family with their mother has been traditional there.

Mrs. Don LaBounty said that Eastern Star members are planning a card shower for Mrs. Sheldon's natal anniversary and they invited other friends of hers to join them. Mrs. Gertrude Bacon, of Toledo, O., one of the Sheldon daughters, has been staying with her mother the past two weeks.

Doug Higgins arrived home Tuesday from the University of Michigan Medical Center, where he has been a patient since suffering injuries in an auto accident. Mr. and Mrs. David Higgins are his parents. Petite Fran is going to have fun caring for her son in a body cast.

Another Sunday birthday anniversary is that of Mrs. Edith Cotton Smith, former Tecumseh resident and teacher, now living at the Ball Nursing Home in Manchester.

Beth Satterthwaite, our informer, has been home from California since April 1. She expects her sister, Geneva, on Thursday.

Boatswain 2/c Mike Wilson and his wife are home on 21-day leave from Pensacola, Fla., where he is stationed aboard the USS Lexington in port there. They are also visiting her parents, Mr. and Mrs. Richard Kitson, in Adrian.

Mrs. Leonard Lendon, nee Beverly Miller, and two children left Monday for Quonset Point, R. I., to join her husband.

Mr. and Mrs. Robert Emerson and daughter, Lauri, of Saline were Sunday guests of her parents, Mr. and Mrs. John Westgate, and son, Jeff.

Mrs. Molly Anderson left Thursday from Metropolitan Airport for Honolulu, Hawaii, to join her husband, Sp/4 John F. Anderson, who will be spending a period of rest and relaxation there.

Mr. and Mrs. Dean Jones have been busy entertaining since their new baby, Marc Andrew, was born. The baby was christened Sunday by the Rev. Fr. Robert Handley at St. Elizabeth Church with Janet Sue Kominek of Erie, and Charles Kominek of LaSalle as godparents.

Other guests for dinner that day at the Jones' residence were Mr. and Mrs. Joseph Fojtik of Dundee, Mr. and Mrs. C. K. Kominek, Sr., and Kathleen Fojtik of Clinton, Ia.

An open house for Stewart's first communion with 40 guests attending was held at the Jones' Saturday. Special guests were Mr. and Mrs. Rudy Fojtik and children of Holland.

The Thursday before, Mrs. Jones entertained guests for the pleasure of daughter, Julie, on her sixth birthday anniversary. The Fojtiks of Dundee, the family of Mrs. Laine Holden and the Norman Groeschows of Adrian were guests. Whew! Monday Josie collapsed, but she chuckled as she told about it.

Mrs. Don Purkey was especially happy on her birthday anniversary April 30. She and her husband managed to get all of their four pretty daughters together for dinner in East Lansing where Debbi is a student at MSU. Donna, Pami and Betsy went from here with their parents to make Mom's Day just right.

Mrs. Lillian Hoagland was a guest of her daughter, Mrs. Robert Beebe, and family in Ypsilanti last week.

Washington Report

by Congressman

MARVIN L. ESCH

Congressman Marvin L. Esch today released the results of his Second Annual "Your Opinion, Please!" questionnaire in which he surveyed the opinions of Second Congressional District citizens on fifteen major issues facing the 90th Congress.

Over 22,000 persons responded to the questionnaire which was sent to every resident in Esch's district which includes Lenawee, Livingston, Monroe and Washtenaw Counties, plus the townships of Plymouth and Northville and the city of Plymouth from Wayne County.

"I was delighted at this overwhelming response," Esch said, adding that "I always welcome hearing the opinions of my constituents and was particularly pleased that about one-third of the respondents took me up on my suggestion to elaborate on their views." Esch is writing a personal reply to each of these persons.

"While I cannot assume that the survey is a 100 percent accurate reflection of thought in the district, the results do give me a direction of opinion trends, especially on those issues where a vast majority agrees."

Esch reported that his tally showed strong majorities on two-thirds of the questions. Among these are support for controlling mail order gun sales (70% for), stricter penalties for drug offenders (83% for), expansion of private industry involvement in job training (89% for), home ownership housing program (63% for), health services for children (62% for), and greater emphasis on supply and demand in farm controls (77% for).

Somewhat lesser majorities supported aid to local law enforcement agencies (53% for), and aid for needy college students (52% for).

Strong opposition continues to be registered on the Administration's proposal for an income tax increase. Seventy-five percent of the respondents opposed the increase and 20% favored it. The remaining 5% expressed no opinion. Last year's poll found 76% opposed, 13% in favor and 11% of no opinion. This year, 75% also said that the President and Congress have not done an adequate job of establishing spending priorities in a time of war.

Heavy opposition was found to the Administration's travel tax program. Sixty-three percent opposed it, 30% favored and 7% are undecided.

Seventy-eight percent do not think the government has done enough to avoid riots in our cities while 13% said otherwise with 9% undecided.

At the time the poll was taken, before the latest peace offensive, only 7% of the respondents favored the present Vietnam policy then in effect. Fifty-seven percent favored withdrawal either gradual or immediate. This last figure is up 6% from last year. The percentage favoring a stepped-up military effort remained the same, 31%.

Slightly less than half favor neutralization of Southeast Asia by major world powers while 28% opposed it and 23% expressed no opinion.

Esch also reported that a unique feature of his poll which allowed both husband and wife to answer by means of "his" and "hers" columns was again successful. Although there weren't any great divergence of opinion between the men and the women, Esch found the ladies 6% more dovish on the war, 4% more opposed to the tax increase, and 9% more inclined to control firearms.

"My only hope," said Esch, "is that citizens will not think that this vehicle is their only opportunity to express their views. I look forward to receiving opinion mail at any time and I hope constituents will write me frequently care of the House Office Building, Washington, D. C."

Esch also commended postal officials and carriers who delivered the questionnaires on regular mail routes. "While this is the most effective system of giving widespread circulation, occasionally it does not reach each and every citizen through no fault of the Post Office," he said, noting that additional copies will be mailed to anyone on request.

Dan Bruggeman Talks On War

Dan Bruggeman, Adrian Attorney, was the speaker Tuesday morning at the breakfast meeting of the Kiwanis Club.

Mr. Bruggeman served as legal officer in the U. S. Navy, one year in Saigon, Republic of Vietnam.

Rotating to various bases in South Vietnam on matters of military justice, legal aid and foreign claims, he met and talked with hundreds of American

DAN BRUGGEMAN

enlisted men, officers, USAID and and embassy personnel, missionary types and civilian workers.

As foreign claims officers, he met and worked with the Vietnamese from generals to river merchants and peasants.

Mr. Bruggeman spoke of his impressions and "on the scene conclusions" regarding the people there.

"The primary concern of the great majority of Vietnamese is their family and extended family, including their ancestors and their descendants. Their concern is not who wins the war but that someone, anyone, will end it. Meantime they maintain a passive stance, trying not to get involved in politics or hurt by the war. They plan to wait it out and not jeopardize themselves by actively siding either side," the young lawyer stated.

"It must be recognized that two small well-organized minority groups are vitally and actively interested in politics and the war. In the opinion of Vietnamese and Americans alike, these two groups are fighting for personal power, influence, and money, not any form of idealism or development or patriotism," he continued.

"As to why so many Vietnamese voted in the elections to select delegates to the Vietnamese Constituent Assembly and in the presidential election, one has to understand that South Vietnam is a military-police state whose citizens must maintain government identification cards. They go to the polls to get their cards stamped for personal and family reasons, rather than out of desire to vote," he said.

Bruggeman said of American men, "The effect of dissent at home has been misinterpreted. Nobody likes to see the senseless act of burning the flag. On the other hand our men are quick to point out that responsible protest, dissent and freedom of speech are, after all, what Americanism is all about. Dissent is accepted as an American thing and a necessary thing. The men also feel that at least those who dissent are showing some interest and concern in the situation of such vital concern to those on the scene."

The attitude which most concerns the men in Vietnam is not dissent at home, but disinterest at home. The attitude of "business as usual" at home is what really bothers our men, not the dissent and protest," concluded the speaker.

Soil Conservation Talk Heard

Woodrow Barclay, Soil Conservationist, who heads the Soil Conservation work in Lenawee County, spoke to the Tecumseh Rotary Club last Tuesday evening.

Barclay told about the land treatment measures installed on the farms and rural areas in assisting cooperators of the Lenawee Soil Conservation District.

He pointed out that the many dollars that are spent by land owners in putting the many conservation practices on the land. Barclay stated that 300,000 to $400,000 or more per year may be spent on the long-time enduring practices, like tile drainage, open ditches, erosion control structures, grassed waterways, strip cropping and contour farming.

Money spent on annual type practices for land treatment and management would be several fold higher. These include fertilizer, herbicides, cover and green manure crops, legume seedings, etc.

Since all of these expenditures mean a profitable return on investment, you can see the impact on the economy, said Barclay. Soil conservation and land management, as we know it today is big business, he said.

The Soil Conservationist also pointed out that there is still much more which needs to be done. Silt and sediment is still choking our streams, in many cases, more than ever before, since more land is into high paying row crops, instead of the grasses and legumes as there was when these were needed for hay and pasture to feed dairy animals.

Much of the flat land can be farmed intensely with row crops, while a rolling land needs more protection and treatment for erosion control. Much of the steep land should be put back to grass or even reforested according to the Conservationist.

A film was shown "Waterbill U. S. A." which showed how many watershed projects were successful in multibenefits in local and national interests.

Barclay told the Rotarians not to give up on the River Raisin Watershed interests, for people will eventually work out a solution. "If it can't be done one way, it will in another, by working together," he stated.

The speaker was introduced by the program chairman, Martin Urka, also a fellow soil conservationist and a Tecumseh Rotarian.

2 Record Aces At Country Club

Hole-in-ones are rare at the Tecumser Country Club, but two golfers performed the feat here last week.

Wendell Disbrow did it first last Wednesday on the club's 150-yard 15th hole.

Don Zumsteim of Adrian duplicated the ace on Thursday, scoring his at the 160-yard 6th hole.

It was the first hole-in-one for both players.

Thinclads Win Seventh

The Tecumseh High School track team recorded their seventh win in dual meets this season with a 74-44 win over Grosse Ile Tuesday. The Tribe is 7-1-1 in dual meets so far this season.

The 880 and mile relay teams again won for the Indians, providing Coach Tom Fagan encouragement for the rest of the season.

Randy Robinson captured first in 180 low hurdle event again. The senior hurdler has been a consistent winner in both hurdle events. Not to be overlooked is Robinson's running mate in the 120-yd. and 180-yd. events, Gus Bishop, who has followed him home in second or third place finishes all season. Bishop took first in the high hurdles Tuesday.

It has been the depth of the team which has downed the Huron League opponents in every meet thus far. Their lone loss this season, to Adrian, was due to the inability of the relay team to beat the Maples to the wire. The tie was also a result of the failure to pick up points in events such as these.

Coach Fagan has shuffled his runners in an attempt to strengthen the team for the upcoming Huron League Meet which will be held May 22 at the high school.

Point winners in Tuesday's contest were:

Shot put: Jim Parros, first, 42'3".

Pole vault: Lee Cheever, firs.; Jim Collins, second, 9'6".

Broad jump: Gary Fairbanks, third.

High jump: Terry Boldon, second.

880 relay: Tecumseh, 1:38.5.

Mile run: Jack Edwards, first; Lamar Rufner, second; 4:51.

120-yd. high hurdles: Gus Bishop, first; Randy Robinson, second, 15.9.

880-yd. dash: Terry Boldon, first: Dave Laidlaw, third, 2:06.9.

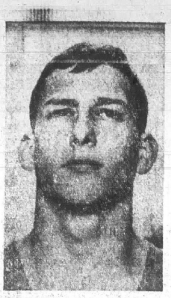
440-yd. dash: Gary Fairbanks, first, 53.7.

100-yd. dash: Gerald Girbach, first; Tim Stratton, third, 10.8.

180-yd. low hurdles: Robinson, first: Bishop, second, 21.4.

220-yd. dash: Girbach, first, Stratton, third.

Mile relay: Tecumseh, 3:46.9.



Randy Robinson, on the left, and Gus Bishop, on the right, are two of the fine examples of depth on the Tecumseh High School track team. Robinson and Bishop both participate in the hurdle events and consistently score points. Robinson has won on Tuesday and has often finished second and third to won both hurdle events in several meets this year, Bishop his teammate.

Tribes' Depth Too Much

The high school thinclads from Tecumseh pulled another one-sided victory on the field and cinders last Thursday in dumping Milan 85⅓ to 35⅔.

The depth of the Tribe again accounted for the high point accumulation. The weather was sunny, warm with only moderate winds.

Randy Robinson continued his winning ways in the hurdles capturing both the 120 yd. highs and the 180 lows. Terry Boldon and Steve Dalton kept the broad jump and high jump in Tecumseh's column.

A bright spot appeared in the mile relay team where Scott Dalton, Dave Laidlaw, Gary Fairbanks and Terrel Ives passed the baton for a win in a good time of 3:46.3.

Winners for Tecumseh were:

Shot put: Jim Parros, first; freshman Ken Humphries, second; winning distance, 42' 10¾".

Broad Jump: Terry Boldon, first; Gary Fairbanks, third; distance, 19' 2⅛".

High Jump: Steve Dalton, first; Terry Boldon, tied for third; height, 5' 10".

Pole Vaults Scott Dalton, second.

Two Mile Run: Lamar Rufner, first; Dave Lord, second; Dave Laidlaw, third; time 11.07.

880 Relay: Milan.

Mile Run: Dave Johnson, first; Jack Edwards, second; Paul Randall, third; time 4.55.9.

120 High Hurdles: Randy Robinson, first; Gus Bishop, second; time 15.5.

880 Run: John Kennedy, second.

440 Dash: Gary Fairbanks, first; Laidlaw, second; time 53.6.

100 Dash: Gerald Girbach, first; Stratton, third; time 10.7.

180 Low Hurdle: Randy Robinson, first; Gus Bishop, second; Steve Dalton, third; time 21.5.

220 Dash: Girbach, second.

Mile Relay: Tecumseh; time 3:46.8.

The Indians are now 6 wins, 1 loss and 1 tie.

Rally In Seventh Wins For 'Skins

The Clinton Redskins dropped Manchester in a baseball game last Wednesday, 5-4, at Clinton.

Manchester led off the scoring in the top of the first with two runs. The 'Skins came back in their half of the inning to knot the score at two all. The score remained the same until the top of the sixth when Manchester picked up a pair to take the lead going into the bottom half of the inning.

But the big bats of the Redskins came through again, flexing their muscles for another pair and a tied score again.

With the score tied going into the bottom of the seventh, sophomore Dave Elliot drilled a line drive triple down the third base line. On the next pitch another second year man, Jim Claus drove a high fly ball to left field, Manchester's left fielder couldn't hold onto the ball and Claus circled the bases, finding out that his run didn't count as Elliot's run was all that was needed to squeak out the narrow win, 5-4.

Butch Hoelzer picked up the win in relief, he also drove in a run with a sixth inning double. The 'Skins picked up a total of five extra base hits, Mike Jurasek, a triple, Mell Pardee two doubles, and Elliot's triple. Jim Claus and Al Roberts each doubled.

Monday night it was Whitmore Lake that threw a scare into the Redskins of Clinton. Clinton led off the scoring in the bottom of the first with three runs but Whitmore Lake came back with six to go ahead in the top of the second stanza.

Clinton picked up a single run in the bottom of the frame to trail, 6-4, going into the top of the fourth. Whitmore Lake's unset-minded team surprised the 'Skins with three more to lead, 9-4, going into the bottom of the fourth.

However, the Redskins' power prevailed and they picked up two runs in the fourth, one in the fifth, two more in the sixth to knot the score 9-all at the end of six.

Mike Jurasek, in relief of Butch Hoelzer and Jim Woodward on the mound, held the Lakers in check in the top half. But Bob Grimston, Whitmore Lake pitcher, had to face Hoelzer as the lead-off hitter in the bottom of the final stanza and the big right-hander promptly hit a home run to give the 'Skins the hard-won victory.

Along with the 15 hits collected by the big bats, the Clinton team played a good game in the field, not allowing an error in the seven innings.

Hoelzer collected three hits in the contest, Jake Schwab went four for four including a fourth inning round-tripper. Al Roberts also homered for the winners. Pardee blasted a double and a triple, Claus also doubled as did Paul Papsdorf.

Jurasek picked up the win and Bob Grimston who went the distance for Whitmore Lake, the loss. The Redskins are 6-0 in league play and 7-1 in overall games.

Golfers 5-0 In League

Tecumseh High School golf team strengthened its Huron League lead last week with wins over Blissfield and Grosse Ile.

The team also tasted their first defeat of the season last week, dropping a close decision to Ann Arbor Huron.

At the Tecumseh Country Club Monday, Huron knocked off the Indians, 328-331, despite creditable performances from Roy Schlegel, Bill Holmes and Bill Gibson. Schlegel led the team with a 76, Holmes shot 78 and Gibson had 83. Frank Geisenhaver added a 94 for Tecumseh.

The Indians had an easy time here with Blissfield Wednesday, as they ran over the Royals, 324-389. Balanced scoring was the key to the 324 total, one of the best 18-hole scores in the past few years for the school. John Bryan and Ralph Miller were low for the match with 80's as Gibson shot 81 and Schlegel 83.

Playing at the tough Grosse Ile Country Club Friday, the squad defeated Grosse Ile, 165-179. Holmes was medalist with a 40, as Gibson and Miller had 41's and Schlegel carded a 43.

Tecumseh has a 9-1 overall record and a 5-0 league count.

Papooses Scalp Red Devils, 1-0

While things didn't go well in the tepee of the big Tecumseh Indians in baseball Friday at Grosse Ile, across the way their papooses were showing off with a little war paint of their own.

Freshman Craig Smith hurled a fine two hitter at the Little Devils and scalped the Grosse Ile Red Devils JV's, 1-0.

Smith, who has been erratic in his control, was throwing hard in Friday's game and looked as though he had never walked a man.

The little right hander struck out 14 and didn't issue a free pass to the Devils. Both hits off of Smith were of the garden variety bloopers. He faced 24 batters in the seven-inning contest.

The Indian JV's weren't mustering a big attack of their own at the plate, picking up only two hits, scoring in the top of the seventh on a suicide squeeze.

Accompanied by her parents, Mrs. Easton was en route to Toledo to get her daughter, Linda.

Her parents, Mr. and Mrs. Robert Gillespie, took her to the hospital where she was kept in the intensive care unit.

She is resting quetly at home.

Clinton Redskins Go On Warpath

The Clinton Redskins were a little slow in going on the warpath Friday in a battle with Novi for the top of the totem pole in the Lakeland C League, but came away with their headdress intact and a 9-3 win.

For the first five innings it looked as though the Clinton team was going to wind up in second, up until that point the team had mustered only three hits off Novi pitcher, Joe Snow.

From then on the Novi catcher must have felt like Custer seeing nothing but Redskins trotting home. In the top of the sixth inning Paul Papsdorf led things off with a triple. Jake Schwab drove him home with a single for Clinton's first run. Mike Jurasek singled and then Mel Pardee blasted a tremendous home run to deep left field.

Singles by Bill Driscoll and Bob Ehnis and a triple by Jim Klaus drove in two more runs that ended a six-run outburst by the 'Skins.

Butch Hoelzer drilled a home run in the top of the seventh with Schwab and Pardee occupying the basepaths for the final three runs of the 9-3 romp over Novi.

It was a well-played game in the field. The Redskins committed one error and Novi suffered two fielding lapses. Clinton got 13 hits off Novi pitching and Novi managed five off Jurasek.

Jurasek picked up the win, with relief help from Hoelzer in the sixth and seventh. Snow suffered the setback for Novi.

Clinton stands 5-0 in league play, Novi is trailing, 4-1.

Tories Trim Whiteford For League Win

The Britton Tories baseball team met Whiteford in action Tuesday and defeated their River Raisin League rival, 8-3.

The teams scored three runs each in the first inning and both were held scoreless in the second. The Tories took the lead in the third with two runs. They added two more in the fifth and one in the seventh.

Herb Brown held on after a shaky start to hold Whiteford to four hits and scoreless through the last six frames. Vasay took the loss for Whiteford.

Jim Skelton paced the Britton Tories with three hits, including a double, with four runs batted in. Don Reeck collected two hits including a solo homer in the seventh.

The Whiteford win was the third in league play for Britton, they have lost four.

Aggies Dump Tories, 5-1

The Britton Tories baseball team suffered a 5-1 setback at the hands of the Sand Creek Aggies May 2.

The first two innings both teams were held scoreless as Jim Brown for the Tories and Harold Bailey of Sand Creek held their opponents in check.

Sand Creek started the scoring in the third collecting three runs on two hits and some Britton miscues. Sand Creek led 3-0 going into the sixth inning when the Tories picked up a single run and collected two hits off Bailey.

Brown held the Aggies scoreless and hittless through the fourth, fifth and sixth frames. However, the visitors picked up two more runs in the top of the seventh to lead by four, 5-1.

The Tories picked up a single in the bottom of the seventh, but couldn't do any more as Bailey held on to notch the win.

Dave Filter doubled, Ed Hamilton, Jim Skelton and Rick Maska singled for the four hits Bailey gave up to the hometown Tories.

Brown picked up the loss while holding the Aggies to a total of three hits in the River Raisin contest. Britton committed five miscues to two by the visitors.

Vo-Ed Director Is Main Speaker

Mr. William J. Ross, Lenawee County Vocational Education Director, will be the main speaker at the Herrick Memorial Hospital Auxiliary meeting at the Community Center, Tuesday, May 14 at 8 p.m. Mr. Ross will be accompanied and assisted by Mr. James R. Brown, Lenawee County Co-op Coordinator.

They will present the need for vocational education in Lenawee County, and the proposed vocational-technical education center to be voted on June 10.

The fact sheet furnished by Mr. Ross states that while 40% of Lenawee High School students are college bound, over 60% are headed directly for the labor market, and that in a recent survey 55% of the graduates stated that they would have taken vocational classes in high school had they been available.

Also that school administrators in Lenawee County have overwhelmingly agreed that their subject offerings, budget, equipment, and facilities are inadequate to provide the program needed for employment-bound youth.

The single largest category of occupations in Lenawee County is industrial and manufacturing, while less than 2% of the Lenawee graduates followed a vocational-industrial program in high school. 74% of Lenawee employers surveyed state that Lenawee occupational training needs improvement.

Following the presentation by Mr. Ross and Mr. Brown, the annual election and installation of officers of the Auxiliary will take place. Mrs. Charles Mensing is chairman of the nominating committee, assisted by Mrs. Ed Schwartz and Mrs. Howard Furry.

Hostesses for the evening are Mrs. Arthur Geisenhaver, Mrs. Luther Kemp and Mrs. Donald Phelan.

Grandmothers Sing For Buffet Supper

BRITTON — Tables centered with gay Maypoles from which cords led out to pink and green poodles at each place setting greeted the 201 guests at the Mother-Daughter Banquet of the Congregational Christian Church Saturday evening.

The buffet supper, which was prepared and served by the cafeteria staff, was held in the school cafeteria.

Mrs. Donald Mueller was toastmistress for the evening program. The tribute to mothers was given by Lucetta Costello, and Mrs. John Costello gave the tribute to daughters.

A group of teens and pre-teens sang under the direction of Mrs. William Raeburn.

"The Singing Grandmothers," under the direction of Mrs. Keith Swain, sang "Toyland." The Grandmothers were Mrs. Harold Rohrback, Mrs. Doug Palmer, Mrs. Percy Cadmus, Mrs. John Keran, Mrs. Bert Moore and Mrs. Elmer Eberhardt.

Debbie and Sheri Benedict gave the toast to grandmothers, and the reading "What is a Girl?" was given by Mrs. Lawrence Hoagland.

Ceramic poodles were awarded as prizes to the following:

Eldest grandmother, Mrs. John Underwood; youngest grandmother, Mrs. John Keran; youngest mother with the youngest daughter present, Mrs. Robert Napier and Kimberly. Mrs. Elwood Palmer won the door prize. There were three family groups of ten present.

Mrs. Gustav Hannevik gave the benediction.

Mrs. Leland Bush was chairman of the decorating committee, and Mrs. Gusty Hannevik was program chairman.

OFF the TOP

Sunday will be a day set apart in most American homes, people pause in their everyday routine to honor the mothers of the nation.

In many homes, Mother will be awakened at an early hour by the muffled clatter of dishes in the kitchen, as the youngsters prepare a surprise breakfast. Dad will have to arise and go to help them make the coffee and see that the toast isn't burned. Then little son or daughter will proudly carry the tray in to Mother, who will awkwardly eat her breakfast in bed, unaccustomed to all the attention.

When the family attends church, they will hear a sermon extolling the virtues of the Christian mother, and the most quoted verse will be the commandment to "Honor thy father and thy mother". Mom will sit self-consciously when the choir sings an anthem in her honor.

She will be happy with any flower or gift she might receive, but will treasure most of all the hand-made card with a sentimental verse and "I love you, Mother", scrawled upon it in a childish handwriting. She will remember also the cards she used to labor over for her mother, many years ago.

And when one of the youngsters presents her with a limp bouquet of dandelions, violets and lily of the valley from the yard, with maybe a tulip or two, Mother will see in her memory the little girl of long ago who used to pick similar wilted handfuls of wild flowers to give so proudly to her mother.

It is pleasant to be in the middle generation, and have your mother and your children still with you. There is a great sense of the continuity of the generations from this position in time. A mother can look both backwards and to the future, with many happy thoughts.

Mother's Day may mean a big family gathering, or taking Mom out to Sunday dinner, or a quiet day at home.

For myself, I'll settle for a quiet day, with or without breakfast in bed, just as long as I don't have to do any dishes!

And I wouldn't care to repeat Mother's Day of two years ago, when our daughter told me that she was going to have a "nice surprise", for me on Mother's Day. For several days I wondered what the kids might be cooking up at school this year.

But when she came downstairs that bright morning, she was moaning and holding her swollen jaw, crying, "Oh, Mom, it hurts", and guess what? She had a bang-up case of mumps!

Naturally, she didn't see any humor in my question, when I asked her if this was my Mother's Day surprise?

Anyway, Happy Mother's Day to all the Moms everywhere.

Vandals Smash Light Fixture

Thursday night or early Friday morning, vandals pushed a new light fixture off the top of a pole at Tecumseh Park and then let it smash in a 12-foot fall to the ground.

Don Moffatt, city recreation director, discovered the damage Friday morning. The light unit costs approximately $60.

When Council approved a new building at the park — formerly the 'Pit' — officials expressed fears that vandals would destroy property there.

We care

A&P how many ribs in a pork loin rib portion?

We think there should be seven.
Not five or six.
With A&P's seven-rib portion, you get more of the select meat.

How can you tell how many ribs you're getting?
It's easy.
With your fingers, you can feel and count
the rib bones in the package.

Next time you're buying a Pork Loin Rib Portion, check it.
If you can't count one, two, three, four, five,
six, seven ribs, you're missing select meat.
You're not getting the best value for your meat dollar.

Seven-Rib Pork Loin Portions are just one example
of the full value A&P meats offer.

We think that caring like this about fair portions
has helped make A&P America's largest meat retailer.

When you think about it, shouldn't A&P be your store?

VOICE of THE HERALD

Cooperation Necessary

What has been feared by Council and city officials has taken place: vandalism at Tecumseh Park with the city's new building there as the target.

What a pleasure it must be to destroy property, bombing houses and cars with eggs, tossing rocks and beer bottles through car windows, and anything else which comes to mind.

There's always been some vandalism, and probably always will be. The odd and indifferent ones must get their "jollies" some way.

Furthermore, they're protected. Let the vandals run, catch them, slap their wrists and then turn them loose for another spree. Our laws, and in many other cases, too, are seemingly outmoded.

Much of our trouble could be eliminated, we believe, if newspapers were permitted to print names of the vandals, along with the parents. A little embarrassment goes a long way, and some humiliation is often good medicine.

Quite often the police know the subjects, but their hands are tied. Quite often your paper knows them, too, but is forbidden to disclose their identity.

This leaves just one source of control — the parents!

If vandalism is to be curbed here, the parents must help. They must know where their children are and what they're doing. Until their youngsters become adults, it's their responsibility to have some control over them.

Too many are running around and apparently without any parental supervision. Let's put a stop to vandalism here. With cooperation between parents and our youth, it can be done.

It's Not Funny

Two Tecumseh police officers were raked with criticism Monday night — and unjustly, we think.

Although none of us are perfect, including the officers, the criticism aimed at the two appeared to be of revenging, "I'm going to get even" type.

Some of the stories brought some giggles from the youths and it may have appeared funny to them. We wonder if the officers and their families and friends think it funny? We're sure city officials do not.

After the accusations were finished, one couldn't help but feel that perhaps we need more such patrolmen here to curb what seemingly is a rise in disorderly, drinking youths.

If complaints are filed against the officers — and there is one as of Wednesday — we hope that a fair and just trial results. At the trial, it is a near certainty that the true facts will come out and the entire stories told.

Unless the recorded accounts of disorderly arrests are false, several statements made by some youths Monday night were misleading. We wonder if these statements will be backed up by a sworn complaint and put in writing.

It would appear that a $40 medical bill required by one of the officers would indicate that the youths were picking on our police, and not the other way around.

While the family was all home Sunday, the Rohrbacks called Major and Mrs. James Woods in Fort Bragg, N. C. He had just received his promotion to major last week.

OUR READERS WRITE

TO THE EDITOR:

I have just read your article covering the valedictorian and salutatorian of Clinton High School.

That was the straw that broke the camel's back — and my tolerance.

I am salutatorian of Tecumseh High School, one of a graduating class of 205 students. The coverage of THS top scholars consisted of four paragraphs (79) words). The CHS story is 15 paragraphs (360 words). Does there deserve to be such a drastic difference?

Nothing was mentioned about Barry's or my extra-curricular activities. If you need a reporter to obtain the information, I will gladly provide you with it.

Furthermore, I was not contacted about my senior picture being printed until 10:30 Tuesday morning. I was then asked to have the picture at The Herald office by the following hour, which began in 10 minutes. (since I was attending school). I assume you print that afternoon — isn't that cutting it close?

I grant you, the story was placed on the front page. But it did seem obvious there was no research done on this timely story.

As news editor of THS Smoke Signals, I do not consider this practice good journalism. As salutatorian of the class of '68, I consider it an insult.

THANKS!
Cathy A. Beevers.

TO THE EDITOR:

Sunday morning my sons and I made our annual Spring cleanup trip along our Green Highway frontage.

The final tabulation of returns for the 33 bushels of trash indicated a 27% increase in the accumulation of cans and bottles this year. Blatz and Drewry's tied for the lead with Pabst a third. This survey showed that although Pabst is the best selling beer locally it only ranked third in roadside trash collection. May we presume that Pabst drinkers are a more genteel group? Or are they throwing theirs in your yard? By the way, the throwaway (disposable!) bottles have really come into their own.

One significant fact, there was a slight decrease in the percent of whiskey bottles found. Also, three milk bottles appeared, always an encouraging sign.

Editor, I do wonder if this 27% increase this year may in any way be related to the serious social and moral crisis our country is experiencing?

Sincerely,
Robert J. Murray, D.D.S.

P. S. On our way into town this morning, I found a six-pack of Drewry's, which gave Drewry's the No. 1 spot this year in roadside trash accumulation.

The Franklin Hobby Club will meet May 16 at 1 p.m., at the home of Mrs. George Merritt.

Each member is to bring the vases they made of plastic bottles.

There will be a demonstration on making ribbon and organdy corsages.

Week Honors State

Officially, Michigan Week will begin on Saturday, May 18, which is Community Pride Day and will continue until Saturday, May 25, Youth Day.

Highlights of the week will begin Sunday, May 19, when all the Churches are asked to recognize the starting of Michigan week with Spiritual Foundations Day.

Monday, May 20, Mayor Harold Easton and the councilmen will travel to Riverview.

Student government day, tentatively set for Monday when "city officials," elected from the high school student population, will serve as administrators during the day, concluding with a mock city council meeting in the evening.

His Honor James L. Jones, mayor of Riverview, will be the honored guest Wednesday, May 22. Highlighting the day will be the Rotary Club's Safety Check parade and the mayor exchange banquet when outstanding youth of the city will be recognized.

Hospitality Day, Friday, will be in charge of the Welcome Wagon Club and the week will end with the children's pet parade Saturday, handled by Kiwanis.

In addition to these particular observances, downtown merchants will feature window design of special interest throughout the week. Heritage displays will be prepared by Senior Citizens.

Theme for the 1968 Michigan Week is "MICHIGAN — LAND OF HOSPITALITY."

NEW GIFT SHOP — Mrs. Ambrose Clay, one of the many Herrick Memorial Hospital Auxiliary volunteers, checks the inventory of gifts in the newly-constructed shop in the lobby at the hospital. The designing and work was done by Charles Gross with the able assistance of his wife, Sue, in fashioning the cherry and white striped awning. The Lenawee Glass Co. donated labor in cutting the glass and Bernard Schmitz, the electrical work. A variety of items is available for visitors to purchase to brighten the hours of the patients.

Church Merger Is Discussed

Mrs. Kenneth Collyer from the Blissfield Evangelical United Brethren Church was the speaker at the meeting of the Woman's Society of Christian Service of the Tecumseh Methodist Church May 1. She is the EUB state officer of Local Church Responsibility.

Mrs. Collyer spoke on the recent national merger of the EUB and Methodist Churches forming the United Methodist Church. This merger has been nine years in the making. The speaker likened it to a wedding in many ways, including a proposal, planning, the actual wedding, and change of name.

Mrs. Collyer described the similar backgrounds of the two churches. Both started with circuit riders in the 18th century. Both churches have several mergers already in their backgrounds. The EUB's and Methodists both support church schools and colleges as well as homes for children and the elderly and many missions. The women's organizations and literature of the two churches are similar.

Mrs. Collyer pointed out the advantages of the merger including the fact that it produces a larger, more effective organization and should also stabilize membership. Each church should gain from the other. The EUB's are more mission-minded whereas the Methodists are more strongly involved in social concerns.

Mrs. William M. Steele, president, conducted the business meeting. Notes of interest included the All-Circle Potluck on June 5. Richard Egli will be the speaker. His topic is "How Do We View Television?"

The Graduates' Breakfast will be June 9.

Greeters for the meeting were Mrs. Joseph Poley and Mrs. Herb Dillon. Mrs. Marion Ford was chairman of the hostess committee.

The purpose of this roundup is to acquaint parents of kindergarten children with their class work and to enroll the children.

Parents are requested not to bring their kindergartner but to bring his or her birth certificate.

Scouts View History

Thirty-one Boy Scouts and three leaders of Troops 73 and 4 hiked the "Anthony Wayne Trail" this past weekend.

They left the Scout Cabin by car Saturday at 7:15 a.m., for Providence Park, O.

The country through which the Fallen Timbers Segment, hiked by the Scouts, passes the scene of many stirring and interesting events of the Indian Wars, the march of Anthony Wayne's Army which won the victory over the Indians and the Miami and Erie Canal.

The boys camped over night at Farnsworth Park No. 3, located between highway US-24 and the Maumee River, approximately 1.5 miles southwest of Waterville, O.

Heavy rain and cold weather starting Saturday afternoon, soaked boys and leaders to the skin and will help them to remember this historical trail.

Anthony Wayne Trail medals and Segment pins were earned by Curt Beasley, Jerry Beaubien, Larry Bird, Scoutmaster Tom Cook, Jim Crandall, Dave DeGroot, Steve Ely, John Frownfelder, Frank Hawthorne, Geoffrey Henricks, Fred McKeever, Ken Meadows, Bob Meadows, Bob Merz, Richard Packard, Eric Samonek, Kevin Trickey, Jay Warren, Assistant Scoutmaster Harold Warren, Colby Welch, Ray Winzeler and Gary Wonderly for Troop 73.

Troop 4 winners were Buff Beardsley, Greg Burns, Joe Burns, David Henning, Mike Knisely, Doug Meringa, John Merz, Ron Randall, Ed Rapin and Frank Rapin.

Hiking the trail as leader for Troop 4 was Paul Henning.

Troop 73 advancements for the month of April were:

Tenderfoot Rank: Thomas Cook, II, and Scott Kampmueller.

Second Class Rank: Curt Beasley, Jerry Beaubien, Mark Collier, Steve Ely, Geoffrey Henricks, Eric Samonek and Ray Winzeler.

Star Scout Rank: Richard Packard.

Merit Badges: Scoutmaster Tom Cook, communications and animal industry; Frank Hawthorne, art; Richard Packard, citizenship in community.

If you don't want to pay the price of America's roomiest car try the second roomiest:

GM MARK OF EXCELLENCE

'68 Chevrolet Impala 4-Door Sedan

a new Chevrolet like this

If things like head, shoulder and leg room are important to you, take a close look at the new Chevrolet.

Automotive News did—and its 1968 Roominess Index shows Chevrolet is the second most spacious of all American sedans.

The roomiest? That distinction, we're not at all embarrassed to admit, goes to America's most popular luxury car.

Based on the Roominess Index, which totals seven key interior dimensions to the fraction of an inch, Chevrolet's 4-door sedan scored 290.7. A tenth of a point behind the 4-door luxury model.

A pretty good showing when you consider how much more the expensive model sells for. And some of the other cars Chevrolet topped carry just as impressive price tags.

But that's just a sample of the pluses you get at a Chevrolet price. You'll find a lot more of them in the fine things Chevrolet has designed around all that space.

Drop down to your dealer's and bring the family. This one's a real crowd-pleaser.

MOSQUITOES, CEDAR CHIPS AND EGG SHELLS

Could we continue our martin talk? And, by the way, a large martin colony has just lots and lots of talk. Robert S. Lemmon in "Our Amazing Birds" describes the gossiping in a martin colony by saying, "the air is filled with an amazing mixture of chirrups, squeaks, whistles, and trills, all uttered with engaging heartiness." But, Marda, you were continuing last week's discussion and had reached the point of how to attract these birds.

There is some controversy over placing a few cedar chips in each apartment. Some people use them with great success while others claim they have made little difference.

The one thing reasonably definite is that the cedar does not make the nesting sites unattractive. We are about reaching the stage of desperation, our martin house has been completely ignored by the martins for years.

Last fall Charlie and Cora gave us a bag of shavings — Dad scattered them generously on the floor of each room, we are letting the chips fall where they may and hoping for martins.

Another suggestion for enticing martins into a yard involves ground-up egg shells. Spread them on a smooth surface — some say a simple board placed on the ground near their house, a flat roof or even a terrace. You guessed it, the Duncans are currently smashing egg shells. It would be fun to have martins this year.

★

THESE BIRDS build nests of small twigs, sticks, stems, feathers and grasses, but they use mud as a cementing agent. A small mud-puddle near the yard is said to be a help and, incidentally, to watch the mud gathering would be fun.

However, with Evans Creek bubbling along just outside our window, I think the one martin attracting gimick we will not try is 'souping up' a mud-puddle. After all, if the robins can find their own mud, so can the martins.

And this brings us to the itchy question, are martins the best mosquito eaters in the world or not? J. L. Wade, who has written the widely-accepted "Purple Martin — America's Most Wanted Bird", claims they are. Would you believe, 2,000 mosquitoes per day — he does.

He has many supporters, too. The Griggsville paper, "The Purple Martin Capital News", is full of letters from people enthusing over the marvelous way their martins vacuum clean the air free of mosquitoes.

Several weeks ago, though, a short article clipped from the State Journal flew up to my reading table. In it, a I. R. Barnes of the Audubon Naturalist Society, claims that martins have never earned their reputations as the greatest mosquito eaters. In fact, he believes they dine upon an insignificant few.

His theory is based upon a study of stomach contents which showed that the martins ate wasps, ants, bees, flies, beetles, butterflies, etc., but practically no mosquitoes.

So maybe those birds simply did not find mosquitoes tasty, perhaps it was in a dry area where there were not large numbers of the pesky nibblers.

★

ADMITTEDLY I AM prejudiced — I like to believe that martins eat mosquitoes. The way they make a veritable banquet out of me, it is at least a little comforting to think that someone feasts on them, too.

People who have both purple martins and mosquitoes subscribe to the 2,000 per day theory and just maybe some of these summers Mr. Barnes will be a believer, too.

Near the end of his article he states that for three years he has tried "to entice martins to move into my martin house. I live in an ideal martin habitat, located between three sizable reservoirs and surrounded by open fields." Wouldn't it be nice if this year were the year that mosquito-eating martins came to both the Barnes and the Duncans"

So it is that to all late-arriving martins and those who are unhappy with their new homes, please know we, here where Evans Creek meets Logan Street, are offering, in addition to luxurious apartments, a superabundant supply of mosquitoes, cedar chips and egg shells.

Rotary Hosts Athletes

By BILL SANFORD

The Clinton Rotary Club sponsored its annual Sports Award Banquet at the Clinton High School April 24. The business and professional men removed the garb of their occupations to don the aprons in serving the meal to some 200 parents, athletes and cheerleaders.

The meal was prepared by the Rotary Club with the assistance of Louis Roumell, local restaurant owner. Serving of the meal was the responsibility of the Rotarians.

The annual dinner is held to honor third and fourth year players in the various sports ranging from wrestling, golf, cross country and track, to football, baseball and basketball.

The guest speaker for the event was Friday Macklin, equipment manager for the Detroit Lions of the National Football League.

Macklin gave a humorous insight into the Lions and some of the minor tribulations of the past years. He talked at length concerning the making of the movie "Paper Lion" which has cast in it many of the active team members of the Lions.

In conclusion he spoke to the young athletes on the importance of continuing their education, citing some of his experience with football players during the 33 years he has been in the NFL.

The most honored athlete at the banquet was Butch Hoelzer, 6'5" star athlete of baseball, basketball and football.

Hoelzer is one of the finest athletes to graduate from Clinton and one of the few to ever attain four-year letters in the three sports.

Among the honors bestowed upon him at the Sports dinner was All-State honors by the Associated Press for football as a running back, he also attained the honors as a basketball player.

Ray Williams, Rotary president, served as the master of ceremonies and kept the audience alive with side remarks, sprinkled with humor and wit.

Developers Begin Construction Soon

CLINTON — Developers of Pleasant Valley subdivision have let contracts to Selders Company to install the sewer and water lines, curb and pavement, to make many more lots available for new home construction.

Lyman Abbott, Adrian builder, will begin construction of two ranch-style models soon just north of the two existing houses on Kathy Dr.

Grading has begun on a 7-acre park, which extends east and southeast to US-12. The planting of shrubbery in the park and along US-12 will be done during the next few months.

Rena Fitzpatrick, realtor, has been named sole agent for the subdivision.

Progress is also being made on the mobile home site at the west village limits.

The State Health Department has given tentative approval for the project, subject to dredging of the River Raisin, and land balancing of the property.

"At considerable expense to the developer, it is planned that a tube will be installed to divert the water from the River Raisin, south of US-12, to the millrace that runs in front of the electric and sewer plants, thereby giving the village the necessary movement of water to satisfy its needs, and the requirements of the Department of Health.

"Upon completion of this, and obtaining from the Clinton Council, approval of the industrial rate for sewer and water connections, the project can begin moving toward development," according to the developer.

Meanwhile, construction equipment is already on the 24-acre site, which eventually may accommodate 150 mobile home units.

Permits Granted For Car Wash

CLINTON—Plans, which were submitted by Carmickle and Jurik of Northville, for a 4-bay carwash, were approved by the Village Council Wednesday. Permits were granted for the car wash to be installed in the former Sinclair station on E. Michigan Ave.

Approval was granted for the dredging of the River Raisin below the dam, northwest of the village to US-12, for the proposed mobile home development by River Raisin Clinton Corporation.

The Council also approved the architect's floor plans for the Smith-Kimball Community Center restoration. Actual specifications and bids will be let at the June 5 meeting.

The second floor of the center will contain two large rooms and rest room facilities. The main floor will be retained in essentially the same arrangements of smaller rooms as prior to the fire.

There will be one large room above the kitchen and the caretaker's apartment will be rebuilt as it was.

It is expected that most of the brick exterior and portico can be utilized with the rebricking of the upper portions of the building.

The cost of the restoration is estimated between $75,000 and $80,000. The village received $65,000 from fire insurance on the center building.

The club voted to give the Project Mothers Club $40 toward the purchase of a food blender or coffee maker.

Members plan to have a baseball team if possible. Ed Martin volunteered to coach.

Two new members, Sharon Fritz and Marc Cessna were welcomed into the club.

Soybean Variety Available

Soybean variety and strain tests have been conducted in Monroe County for a number of years.

The results of the last three years indicate a new variety called "Hark" has some significant advantages. This variety was developed from a cross of Harosoy and Hawkeye and is nearly as early as Chippewa.

Certified seed of the Hark variety was produced in many of the North Central state, including Michigan, in 1967 and is available to farmers this year. This variety is midway between Chippewa 64 and Harosoy 63 in maturity, has a superior yield record, and has good lodging resistance.

Seed is available in Lenawee County. With an average maturity of 125 days Hark soybeans can provide harvesting advantages over full season varieties at no sacrifice in yield. For comparisons of Hark soybeans to other varieties contact your Extension Office.

5 Accidents Investigated

Five minor accidents were checked during the past week by the Tecumseh police, including one which involved slight injuries to both drivers.

Saturday evening, Eugene D. Boyers, 19, 500 Orchard Lane, and James A. Collins, 17, Clinton, collided at the intersection of N. Evans and Herrick Park Dr.

Collins, headed south, started a left turn when he was hit by Boyers, driving north. Witnesses to the accident gave conflicting reports and no citations were issued.

Both Collins and Boyers told police that they would seek their own treatment for bumps and bruises.

A resume of the other accidents is:

April 24 — Joseph E. Keys, 206 S. Democrat, reported his car damaged while parked in front of his house.

April 26 — Daniel C. Hinkle, 16, Onsted, was cited for following too close after a mishap with Arvie C. Reitz, 65, 201 E. Kilbuck, on E. Chicago Blvd. in downtown Tecumseh.

April 27 — Truck driver Norman K. Roesch, 31, Adrian, was arrested for improper overtaking after an accident with Richard E. Remily, 31, Manchester. Mishap occurred on W. Chicago Blvd., just west of Occidental.

April 30 — Mrs. Harriet M. Winzler, 2410 Russell Rd., reported her auto damaged by an unknown motorist while parked on N. Union at W. Chicago Blvd.

Barns Torn Down On Allen Farm

George Allen, 10503 Wisner Hwy., is making news in his area this week. Two large barns were torn down Monday morning by Dick and Doug Roe with bulldozers and other heavy equipment.

The barns were burned and the debris covered preparatory for a new tool shed and calf pen.

The old barns were 30 x 40 feet and 40 x 50 feet and probably built 100 years ago, Mr. Allen said.

Nina Strong Is Feted At Shower

Nancy Hebb and Peggy Martinus were the hostesses for a miscellaneous bridal shower Sunday afternoon feting Nina Strong at the Martinus home.

Thirty-five guests, mostly aunts and cousins of the groom, came from Deerfield, Blissfield, Adrian, Brighton, Manchester, and Britton.

Mrs. Joseph Martinus, grandmother of the groom, was also a guest.

Gifts were displayed on and around a table centered with a floral arrangement and miniature bride.

Games were played with duplicate prizes awarded to the bride-elect and the winners.

Miss Strong will become the bride of Dennis Martinus May 25 at the Methodist Church in Manchester.

LIFE HEALTH

Headaches

The toll taken in time, comfort and money by the "simple headache is immeasurable.

It has been estimated that there are over two hundred different causes of headaches, and industry has found that about one-third of all employee absences is caused by headaches. It is easy to understand why the "simple headache" isn't so simple and why it is such a drain on humanity.

Explained simply, headaches are the result of pressures which continue to mount. The mounting pressures cause tension which builds up in the glands and muscles, finally resulting in the headache pains.

Chiropractic adjustment administered by the strong and competent hands of a skilled practitioner, releases the pressures caused by pinched nerves, eases the tensions and relieves pain fast.

The chiropractor, an expert in matters relating to the spinal column and the body's nervous system, locates the source of pressure and effectively removes it by scientific adjustment. Another Health and Life Article from the Office of:

Letter From Jerusalem

Dear Friends,

By leaving Jerusalem ahead of schedule, we missed the unusually heavy snow which hit the 30 miles of steep, sharp curves on the road to Tel Aviv.

Thus, not hindered by the winter weather, on January 15th we left Tel Aviv for Sinai.

At six it is dark outside on any winter morning but on that Monday the clouds covered the dawn and not until we were far beyond the Gaza Strip did the sky clear and the rays of sunlight begin to warm the cold desert air.

Outside of El Arish we picked up a truck escort, equipped with two mechanics and enough spare parts to build a bus, in case our vehicle should break down beyond any civilization.

It was after this that we entered a sandstorm, which was slight when we entered it, but all too soon was heavy and so dense that it looked like a smoke-screen, but unlike a vapor, the sand covered and permeated everything.

Several of us were armed with British rifles because we were going through occupied territory in which guerrilla sabotage had not ceased and Bedouin attacks could not be precluded.

I sat armed with both a camera and rolls of Ecktachrome as well as with the 30 cal. Enfield and 50 rounds of ammunition slung over my shoulders.

Interestingly, the day before, January 14, the monastery where we would stay commemorated St. Nilus and countless other monks who had been massacred by the Saracens.

We prayed that all of this was not an omen. The following day, along the southern coastal plain, we saw Bedouins in the distance, coming toward us. Soon the five of them, in their dirty robes, kaffiyah-wrapped heads, out of which peeked a pair of eyes, a nose and a smoking cigarette, were soon posing for pictures.

Anywhere along here one could easily imagine encountering Abraham or Moses, on the "crossroads" of a Wadi.

The pilgrimage to Saint Catherine's monastery and Mount Moses was long, steep and rough. Our camp was at Abu Rodeis, from where we rode in special land-rovers through the Wadi Fieran (which still preserves the Biblical name of the Wilderness of Paran).

Here in the Wadi on a seven km stretch live some 3,000 Bedouins. Large palm trees shade the desert sun and frame the mountains which rise from beneath one's feet.

Surrounded by Bedouin children, we ate lunch and took their pictures in exchange for pieces of candy or even a cigarette.

★

AGAIN WE were moving to Mount Moses as the Bedouins call it, or Mount Sinai, as we remember it from the Bible.

Arriving there by the middle of the afternoon we had a tour of the monastery, supper, a talk by an Israeli solder stationed there — about the life of the Bedouins, who work for the monastery.

The construction of the monastery took place under Emperor Justinian I and a Greek inscription state: "This holy monastery of Mount Sinai, on which God spoke to Moses, was erected by . . . Justinian . . . in the year 527 A.D."

The site of the monastery is not an unlikely spot for the incident of the burning bush, the encampment of the children of Israel and the giving of the Law.

Another dramatic event occurred here not long after the discovery by Tischendorf, of a 4th century manuscript of the New Testament which he described as "an incomparable treasure for Christian scholarship", and is known today as the Codex Sinaiticus.

Already at an altitude of some 5,000 feet, tomorrow we will climb 2,500 more. So it was early to bed, smothered under layers of blankets to keep warm in the cold mountain air and in our unheated third floor room for pilgrims.

Awake at 2 a.m., dressed and having coffee by 2:30, we were slowly and quietly climbing up the ancient path, marked by both memories and lives of countless pilgrims; and it was only three in the morning!

About half way up the ascent narrowed down to steps which had been cut into the rock or built up from broken stones. Descriptions vary of the number of steps from 14,000 to 3,500, both of which could be correct depending on what one counted and when he started counting. But this was no time to count.

A slow but steady pace brings you up to the top of Jebel Musa (Arabic for Mount Moses), more commonly known as Mt. Horeb or Sinai, in about an hour and 50 minutes leaving plenty of time for prayer and meditation, before sunrise.

We were lucky; only a few days before, the worst storm in 50 years, according to the Bedouins, blowing sand and leaving a layer of snow, had gone through, but now only a very slight breeze stirred on this Mountain of God, as it is also known.

Just a pinch of orange was creeping over the horizon from Saudi Arabia, and the light wind reminded one of Genesis and the Spirit of God which hovered over the waters.

It was right here that God had come down to Moses and the glory of the LORD was reflected in Moses' face, not unlike when God was born in the Person of Christ and the Shepherd's field, outside of Bethlehem, was filled with God's Light here, almost 3,500 years ago.

The mountain had shook, lightning flashed, smoke filled the air and God spoke with Moses even as His finger engraved the Commandments on stone.

Now the sunlight was beginning to glow bright; the morning star changed from red to orange to a glittering white, some 15 degrees ahead of the sun. The gray of the rock was turning a brilliant pink while the peaks of Mount Catherine and Mount Jethro became a vivid fluorescent rose color.

Now, too far in the distance, toward the northwest was the plain where the children of Israel had camped, waiting for Moses to come down from his meeting with God, and hidden by the height of Mt. Jethro, is the mount where the golden calf was erected.

After devotions and a few pictures, it was soon time to go down from this holy place and to climb down by another path of hand-hewn steps, done by a 6th century monk as penance.

The steep descent rapidly separated us from this once-in-a-lifetime experience of being where God once stood, but which had filled our hearts with the Presence of the Holy Spirit in a way that we could almost feel Him.

Back at Saint Catherine's, a quick breakfast at 9 a.m., a few last pictures, a peak at the daily feeding of the Bedouins with bread, freshly-made by the monks, and we were off with our loaded trucks, heading back through the Wadi and to Jerusalem, the Promised Land.

The rest of the journey was also interesting as we saw the tiny villages of Sinai, more Bedouins (who are nomads, legendary descendants of the Moabites, who lost 10,000 men to the Israelites, led by the left-handed commander, Ehud), many evidences of a heavy, but short war only six months ago, the 147 kilometers of the Suez Canal and its immobilized traffic.

Yet, never to be forgotten are the mental wanderings of what Moses must have thought as he climbed up to meet God, then the story of what transpired in God's Presence as it is recorded in Exodus and then the descent into reality and the very real sins of the people below, which all too vividly portrayed the need of JESUS Christ, God's Son, our Saviour.

O Sinai, glory of my verse and thought
O Sinai, after thee how I aspire!
O Thou unharmed by God's consuming flame
Protect me also from the eternal fire.

Greetings! Have enjoyed your letters. Hope you are all well. Sorry I haven't answered David's letter but I have just been swamped with travel and work (studies). Hope you can make out this mimeo'ed letter, poor typewriters and mimeos here. God bless you all.

Sincerely in Christ.
Tom Drobena.

Mothers have secrets that they keep for their children . . . like the present Rick plans to give Dad on his birthday.

But mothers also have secrets of their own . . . dreams of what they hope their children will become.

And woven into the fabric of every mother's dream are threads of character, morality, courage, faith. The threads are there, but unseen—simply part of the finished design; *a son or daughter to be proud of.*

But in such dreams we should study the threads and realize the loom on which they must be woven. The qualities that give strength and beauty to a life come from thorough religious training!

So a mother's dream should not remain a secret. It must be her husband's dream, too. For together, with the guidance and help of the Church, they can provide the Christian home so necessary to the fulfillment of their hopes.
